Thursday, June 18

8:30 a.m. Registration

9 a.m. to 2:30 p.m. Program

Media welcome starting at 8:30 or may arrive late. NO COST to members of the media covering the event.

Media can RSVP by replying to this email.

Morning coffee and lunch will be served

WHERE

Montvale Plaza
54 Montvale Ave.
Stoneham, MA 02180

WHO

- **David Selden:** Lahey Hospital & Medical Center
- **Marian Ryan:** Middlesex District Attorney
- **Shirley Singleton, CEO:** Edgewater Technology
- **Christian Connors, CEO:** Shooter Detection Systems
- **John Guilfoil:** Principal, John Guilfoil Public Relations LLC
- **Keith Jones, Director of Corporate Security:** Draper Labs

Sponsored in part by Lahey Health and Shooter Detection Systems

WHAT

The business community is invited to attend the event to discuss business safety **focused on recognizing, responding to, and minimizing incidents of concern and violence in the workplace.**

"We are excited to be able to gather such a group of speakers and presenters for our inaugural Business Safety Summit," said NEMLEC Foundation Director Sharon Crowley. "We hope to foster a dialog and help develop better working relationships between municipal police departments and their local businesses."

"During emergency situations the municipal police department is the first to respond," said NEMLEC Foundation Chairman Richard Raymond. "Strengthening the relationship between police and businesses will allow them to implement best practices and procedures to ensure safety for all."

The Business Safety Summit's program assembles a speaking program of **corporate security,**

public relations, mental health, law enforcement, executive management, and healthcare professionals who will speak on best practices and training methods for effective **prevention, response, and intervention** of potential crises, including mental health issues and violence in the workplace.

The speakers will also share case studies from their experiences to demonstrate how to avoid potential risks to companies, outline the roles and responsibilities for each discipline of the **Threat Management Team** and provide attendees with a checklist for self-evaluation at their own company.

The program will also include a presentation by Shirley Singleton, the CEO of Edgewater Technology, the site of the Dec. 26, 2000 mass shooting by an employee that left seven coworkers dead.

"An established intervention and crisis management plan is a vital component for all businesses to include in their operations procedures," said Keith Jones, Director of Corporate Security at Draper Labs. "This training will give both police and proprietors the steps to take to create a successful model for a safe working environment."

Police chiefs and police officers from the 60-plus communities that make up NEMLEC throughout Middlesex and Essex counties will be in attendance to learn from the speakers and to meet business leaders from their communities.

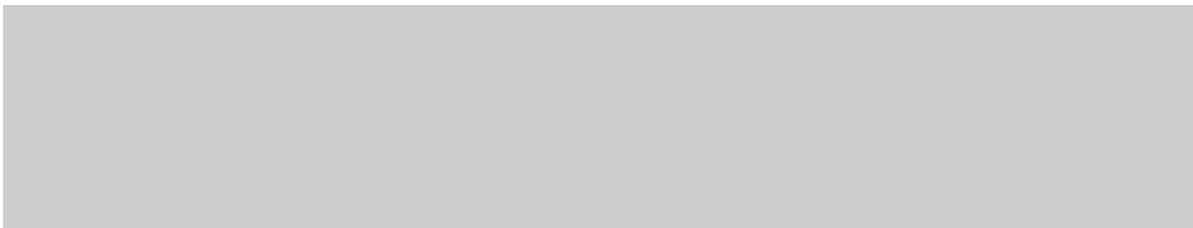

"All employees should feel and be safe at work," said District Attorney Marian Ryan. "That is why my office has developed the Middlesex District Attorney's Workplace Safety Initiative, a unique public-private partnership to provide businesses training in best practices for intervention, prevention and response to unacceptable workplace behaviors, particularly bullying and violence."

Media Advisory NEMLEC Foundation to Host Comedy Night Benefit

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce it will host a comedy night fundraiser next month to benefit the foundation and honor Middlesex District Attorney Marian Ryan and Essex District Attorney Jonathan Blodgett.

WHEN:

Friday, Oct. 27

Cocktail hour starts at 5:30 p.m.

Dinner at 7 p.m.

Comedy show at 9 p.m.

WHERE:

Four Oaks Country Club, 1 Clubhouse Lane, Dracut

WHO:

Comedian Tony V and friends

WHAT:

The annual NEMLEC Comedy Night will include a cocktail hour and full dinner buffet catered by the Four Oaks Country Club. Stand-up comedian Tony V will headline the show.

As part of the program, the Foundation will honor District Attorney Ryan and District Attorney Blodgett for their continued support of NEMLEC police departments and their distinguished leadership on the opioid crisis.

The NEMLEC Foundation is currently accepting sponsors, donations and raffle items for the benefit. The event is open to the public. Individual tickets are \$50 per person and tables that seat 10 are available to purchase for \$500.

For tickets or more information, contact Sharon Crowley at nemlecfoundation@yahoo.com or 978-852-3589.

2016 NEMLEC Police Foundation Golf Tournament Raises More Than \$50,000 for Police Training

NEMLEC President and Carlisle Police Chief John Fisher leads golfers in a moment of silence for fallen Auburn Police Officer Ronald Tarentino Jr. at the 2016 NEMLEC Police Foundation Golf Tournament on May 23. (Courtesy Photo)

DRACUT — The NEMLEC Police Foundation, Inc. is pleased to announce that after a final tabulation of donations and expenses, their annual golf tournament fundraiser brought in more than \$50,000 for police training, programs and services.

The 2016 NEMLEC Police Foundation Golf Tournament was held on Monday, May 23 at [Four Oaks Country Club](#) in Dracut. This year's fundraising effort was supported by a sellout field of 122 golfers, an extremely strong showing by tournament sponsors and a successful raffle and silent auction.

As a special recognition at this year's tournament, the NEMLEC Police Foundation honored retired MBTA Transit Police Sgt. Dic Donohue, who was shot and critically injured in Watertown during the active police pursuit of the two men responsible for the Boston Marathon Bombings in 2013.

"We were so thrilled to recognize Dic Donohue and are so fortunate to continue to put on successful golf tournament fundraisers every year to benefit our member communities and charitable organizations," said Foundation Director Sharon Crowley. "The support we have received from our sponsors, volunteers, golfers and member police departments is tremendous and we would not be as successful as we have been without them."

All proceeds from the tournament go directly to the NEMLEC Foundation, which provides

training and support for municipal police in Middlesex and Essex counties. Additionally, the Foundation will give a portion of the proceeds to Cops for Kids With Cancer.

“By holding a fundraiser as large as this each year, we are able to support vital training programs for our member law enforcement agencies,” said Richard Raymond, the Foundation’s Chairman. “Once again, we could not have asked for a better tournament and we look forward to continuing to help provide valuable resources to the NEMLEC communities.”

With funds raised at previous tournaments, the Foundation has been able to continuously offer and add new training opportunities for hundreds of police officers in Middlesex and Essex counties, as well as elite NEMLEC units, including:

- School Threat Assessment Response System (STARS) training
- Basic and advanced criminal investigation training for detectives
- Supervisor training through Roger Williams University
- Comprehensive motorcycle training for the NEMLEC Motor Unit
- Advanced tactical training (SWAT/RRT)
- K-9 Training
- School and workplace violence training
- Risk management training
- Active shooter training

In addition to providing these valuable trainings, the NEMLEC Foundation has donated more than \$50,000 to charitable organizations with funds raised from previous golf tournaments.

Date: Monday, May 13, 2013 9:41:52 AM

Julie,

The 365 incident command van has been dropped off for paint today. This should take between a week to ten days. What I need is an approved graphics layout for the graphics company. This is what I have so far, The sides will have the same lettering and stripe that we currently feature on all black and whites. The front will read Arlington Police on the hood. The top left and right sides will read incident command. The top rear will read incident command. The rear left door will read Arlington police. Placement of NEMLEC and Town seals are unknown to me at this time. I will drop off one of the original drawings on your desk for review.

I will be out of town on the 14th and 15th this week.

Subject: 80 Hour Harley Davidson/Northwestern University Center for Public Safety Police Motorcycle Operator School conducted by the Lowell Police Department

Sharyn,

I hope all is going well. We have re-scheduled The 80 Hour Harley Davidson/Northwestern University Center for Public Safety Police Motorcycle Operator School conducted by the Lowell Police Department for [June 1, 2020 - June 12, 2020](#) at the Cobham Lot, [1001 Pawtucket Boulevard, Lowell, MA](#). The cost is \$600/Officer. The cost for the class through Harley Davidson is \$1,595.00/Officer. Students must use their department motor for the course.

The original dates were to be May 18, 2020 - May 29, 2020. Can you please send this out to all NEMLEC Departments?

Officers who successfully complete the final practical exam with a score of 80% or higher and meet the other motor unit requirements are eligible to apply for membership in the motor unit. The practical exam score remains valid for one year from the date of certification for purpose of applying to the NEMLEC Motor Unit.

Each applicant must have:

- 1) Valid Driver's License with a Motorcycle Endorsement or a valid Massachusetts Motorcycle Learner's Permit.
- 2) DOT certified helmet
- 3) Eye protection (glasses/goggles)
- 4) Gloves
- 5) Footwear which covers above the ankle such as work boots
- 6) Police Department Motorcycle

We have room in the class for several students. Interested departments may reserve a space in the class by contacting Motor Unit Training Coordinator Off. Scott Sauve at Cell: [978-853-5658](tel:978-853-5658) or Email: ssauve@lowellma.gov .

Thank you,

Tom

Subject: (Archive Copy) ACLU Freedom Cities Initiative
Date: Wednesday, June 21, 2017 5:00:06 PM

All:

These are the 9 Points of the ACLU Freedom Cities Program. The Chairman I met with yesterday wanted my input on comment. The boldface below is what I'm starting to write. I'm open to any and all feedback/input on how this will impact us at APD.

Rick

Nine "Model" State and Local Law Enforcement Policies and Rules - Descriptions

The 9 "model" state and local law enforcement policies and rules are intended, in short, to prevent the discrimination, deportation, and surveillance of immigrant communities. Below are each of the policies written by ACLU staff along with a short description of each in laymen's terms.

#1) The Judicial Warrant Rule: [County/City/State] officials shall require a judicial warrant prior to detaining an individual or in any manner prolonging the detention of an individual at the request of U.S. Immigration and Customs Enforcement (ICE) or Customs and Border Protection (CBP). Rule #1 is meant to stop local police and sheriffs from volunteering to do immigration detention without a judge's approval. Immigration agents routinely ask police and sheriffs to hold people in jail before they have the legal authority to do so. Immigration agents have even asked local police to hold U.S. citizens for immigration purposes, a clear violation of their rights. The ACLU has represented many people who were illegally arrested this way, and it has cost local governments tens of thousands of dollars in court-ordered penalties. By requiring a warrant, we are protecting everyone's Constitutional rights.

Local police departments are not detaining/arresting anyone without probable cause, a warrant, an "involuntary mental health commitment/Section 12)", or for Protective Custody. Everyone detained by a local PD is entitled to Due Process.

#2) No Facilitation Rule: [County/City/State] officials shall not arrest, detain, or transport an individual solely on the basis of an immigration detainer or other administrative document issued by ICE or CBP, without a judicial warrant. Rule #2 is meant to help ensure that local police do not spend limited local dollars and staff time carrying out federal immigration work, beyond what is legally required. It also protects against violations of the Fourth Amendment and racial profiling.

#3) Defined Access/Interview Rule: Unless acting pursuant to a court order or a legitimate law enforcement purpose that is unrelated to the enforcement of a civil immigration law, no [County/City/State] official shall permit ICE or CBP agents access to [County/City/State] facilities or any person in [County/City/State] custody for investigative interviews or other investigative purposes. Rule #3 is meant to stop immigration agents from interfering in local public safety mission. When immigration agents can come to a local facility and do whatever they want, it blurs the line between local police and federal immigration agents, and local communities lose trust in the local police, which harms public safety.

#4) Clear Identification Rule: To the extent ICE or CBP has been granted access to [County/City/State] facilities, individuals with whom ICE or CBP engages will be notified that they are speaking with ICE or CBP, and ICE or CBP agents shall be required to wear duty jackets and make their badges visible at all times while in [County/City/State] facilities. Rule #4 is meant to ensure ICE officers clearly identify themselves. Sometimes people think they are talking to a public defender – instead, they find out they are talking to an immigration agent. Everyone has the right to remain silent or seek an attorney. Local law enforcement agencies should not assist immigration agents in deceiving immigrants and deprive them of their ability to effectively use their rights.

#5) Don't Ask Rule: [County/City/State] officials shall not inquire into the immigration or citizenship status of an individual, except where the inquiry relates to a legitimate law enforcement purpose that is unrelated to the enforcement of a civil immigration law, or where required by state or federal law to verify eligibility for a benefit, service, or license conditioned on verification of certain status.

Rule #5 is meant to promote good government, and smart policing. Many local police departments have commonsense policies to protect victims and witnesses that ensure they only ask about immigration status if it's relevant to a state or local crime. This rule keeps our whole community safe by drawing a clear line between local priorities and interference from immigration agencies.

#6) Privacy Protection Rule: No [County/City/State] official shall voluntarily release personally identifiable data or information to ICE or CBP regarding an inmate's custody status, release date or home address, or information that may be used to ascertain an individual's religion, ethnicity or race, unless for a law enforcement purpose unrelated to the enforcement of a civil immigration law. Rule #6 is meant

to safeguard privacy. ICE officers often call local police and request personal information about people (like home addresses). People deserve to have their private information protected to the maximum extent permitted by law. The rule also protects against targeting people in discriminatory ways - for example, because they are Muslim or Latino.

#7) Discriminatory Surveillance Prohibition Rule: No [County/City/State] agency or official shall authorize or engage in the human or technological surveillance of a person or group based solely or primarily upon a person or group's actual or perceived religion, ethnicity, race, or immigration status. Rule #7 is meant to prevent the discriminatory targeting of groups, including using false or weak justifications for doing so. For instance, it would prevent local involvement in the surveillance of a construction worksite for immigration reasons, solely because people of Latino background work there in large numbers. It would prevent the general surveillance of mosques.

#8) Redress Rule: Any person who alleges a violation of this policy may file a written complaint for investigation with [oversight entity].

Rule #8 is meant to ensure that every city, town or county has a complaint and redress process for people who have been harmed because of failures to comply with these protections. It would allow your city, county, town to make clear that rules are not just on paper, and something will be done if they are broken.

#9) Fair and Impartial Policing Rule: No [County/City/State] official shall interrogate, arrest, detain or take other law enforcement action against an individual based upon that individual's perceived race, national origin, religion, language, or immigration status, unless such personal characteristics have been included in timely, relevant, credible information from a reliable source, linking a specific individual to a particular criminal event/activity. Rule #9 is meant to promote fair policing, and covers areas including, but not limited to immigration. It is a standard increasingly adopted by law enforcement agencies committed to constitutional and equitable policing. It is a safeguard against biased policing, and it requires that there be specific, non-discriminatory reasons to take police action against a person.

Subject: (Archive Copy) APD Presence at Boston Events This Past Weekend
Date: Tuesday, September 3, 2019 4:07:13 PM

Members of the Board,

I wanted you to be aware of the following since a resident has inquired with Acting Chief Flaherty about it. The message pasted below is from the Chief:

"One Arlington Police Officer who is assigned to the NEMLEC Regional Response Team responded to Boston this past weekend. The role of the team was to assist with traffic related issues and to ensure the safety of all who were present. The officer advised me that the team had staged on Boston Common but was not activated. As a NEMLEC Community and matter of protocol we often share resources and personnel with other cities and towns for large events such as the Boston Marathon and parades or during emergencies such as the recent gas explosions in The Merrimack Valley."

If you have any questions, please let me know.

Best,
Adam W. Chapdelaine

Subject: (Archive Copy) Arlington Police At Boston Protest?
Date: Wednesday, June 3, 2020 2:57:18 PM

Mr. Chapdelaine,

I am writing because I have heard that Town of Arlington police were on site at the peaceful protests in Franklin Park in Boston. I was not there myself, and do not trust what I see on social media (where this information is from), so wanted to check with you to verify (I am a resident of Arlington). The content of the post is below (I highlighted the mention of Arlington). Again, I am not taking this social media as fact, simply trying to gather accurate information.

Thank you for your time and clarification on this.

Josh Katzman

CONTENT OF SOCIAL MEDIA POST:

1. Black Lives Matter Boston and Violence In Boston Inc. organized a massive, powerful protest. Huge numbers of people in motion, the type of march where you can't see the beginning or end from within the crowd.
2. Protesters did all of the things that the politicians on tv say we're allowed to do, as distinct from the "bad" protest activities. We listened to speakers, held signs, and chanted. No businesses were threatened--we were in a park, surrounded by trees.
3. At the end of a totally peaceful march, the cops swarmed the park en masse, driving their SUVs and vans with sirens and flashing lights directly into the crowd of protesters, one after another, flanked by cops on foot with long clubs.
4. There is one and absolutely only one group that I saw instigate violence tonight, and it's the cops who descended onto a peaceful crowd of people raising up voices against cop violence.
5. These are the towns and universities who sent police to roll with BPD tonight whose names were visible on the jackets that I saw: Northeastern U., UMass, **town of Arlington**, MA state police, and "NEMLEC," which apparently stands for the "North Eastern Massachusetts Law Enforcement Council, a private corporation formed by 58 police agencies in Middlesex and Essex County." If you are connected to one of those institutions, I invite you to ask them: why are they spending \$ during this time of pandemic austerity to send cops to plow into crowds of protesters? [Update from comments: Harvard, MIT, Boston College, and the town of Newton were there too!]

Juliann Flaherty
Chief of Police
Arlington, MA

June 5 2020

Dear Chief Flaherty:

I received this communication from a person I trust regarding events in Boston this past Sunday:

Documented & written by H., all of which I can verify because I was standing next to her!!:

The night is not over, but here's where we're at so far tonight in Boston:

1. Black Lives Matter Boston and Violence In Boston Inc. organized a massive, powerful protest. Huge numbers of people in motion, the type of march where you can't see the beginning or end from within the crowd.
2. Protesters did all of the things that the politicians on tv say we're allowed to do, as distinct from the "bad" protest activities. We listened to speakers, held signs, and chanted. No businesses were threatened--we were in a park, surrounded by trees.
3. At the end of a totally peaceful march, the cops swarmed the park en masse, driving their SUVs and vans with sirens and flashing lights directly into the crowd of protesters, one after another, flanked by cops on foot with long clubs.
4. There is one and absolutely only one group that I saw instigate violence tonight, and it's the cops who descended onto a peaceful crowd of people raising up voices against cop violence.
5. These are the towns and universities who sent police to roll with BPD tonight whose names were visible on the jackets that I saw: Northeastern U., UMass, town of Arlington, MA state police, and "NEMLEC," which apparently stands for the "North Eastern Massachusetts Law Enforcement Council, a private corporation formed by 58 police agencies in Middlesex and Essex County."

I am surprised and distressed to learn that Arlington police were part of this action! I am a longtime (35 years) resident of Arlington and want to believe that, as you say on your web site, "The men and women of the Arlington Police Department are committed to earning and enhancing the public's trust through professionalism and legitimacy." Your department has been showing that commitment in many ways, especially in recent years. While participating in the Mass Ave & Pleasant Street demonstrations this week I have been impressed with the professionalism and good judgement displayed by your officers.

I urge you to keep that community trust and to refrain from sending our police department to participate in overwhelming displays of police force.

Sincerely,

Jennifer Carmody

Arlington Police Investigate Bomb Threat at Arlington High School Second Threat Received In the Past Week

ARLINGTON -- Chief Frederick Ryan reports that the Arlington Police Department is investigating a bomb threat made against Arlington High School this morning.

[This is the second bomb threat the department has responded to in the last week.](#)

Arlington Police received a report of a bomb threat and responded to the school, located on Massachusetts Avenue, at approximately 8:55 a.m. There was a brief shelter in place followed by an evacuation of the school.

The Arlington, Cambridge, Boston, and NEMLEC K-9 units conducted a thorough search of the school. At noon, they determined that nothing harmful was inside the building and the school was safe to re-enter. No one was injured.

"Given recent threats to many regional schools, we chose to act with a great deal of caution in investigating the threat made to Arlington High School today," Chief Ryan said. "We are actively working with our law enforcement partners to thoroughly investigate this threat and would like to thank students, faculty, staff, and parents, who have been extremely patient and cooperative thus far."

The incident is under investigation by the Arlington Police Department's Criminal Investigation Bureau.

Email: john@jgpr.net

Arlington's Patrick Quinn Joins Board of NEMLEC Foundation

**Marine Veteran and Owner of Quinn Group
Insurance Agency Appointed Treasurer of
501(c)(3) Organization that Aids nearly 60
Massachusetts Police Departments**

The NEMLEC Police Foundation, Inc. is pleased to announce that insurance executive **Patrick Quinn** has joined the Foundation's board of directors and will serve as its treasurer.

"I am honored and humbled to be a part of an organization whose sole mission is helping the police departments that make our communities safe," Quinn said. "I hope to contribute meaningfully to the NEMLEC Foundation's mission of providing funding and support to NEMLEC and its dozens of municipal police departments."

Mr. Quinn, 42, of Arlington, was sworn into his voluntary position at the latest meeting of the NEMLEC Foundation, on April 17. He takes over for retired Burlington Police Chief Fran Hart, who previously held the position. He hopes to do more work with local and regional chambers of commerce and increase the Foundation's outreach to local businesses.

Mr. Quinn owns [Quinn Group Insurance Agency, Inc.](#), with member agencies in Arlington, Winchester, and Rockport.

"Pat brings almost two decades of sound financial knowledge to the table, and the NEMLEC Foundation is proud to have him on our team," said Sharon Crowley, the Foundation Coordinator. "We look forward to working with him as we gear up for our annual NEMLEC Police Foundation Golf Tournament, our biggest fundraiser of the year."

The Foundation's board of directors is comprised of police chiefs and local business leaders. The mix of police vision and local business knowledge is vital to the fundraising and program service goals of the NEMLEC Police Foundation. The Foundation is currently raising money for its annual Golf Tournament, the foundation's largest annual fundraiser, with proceeds going directly to law enforcement programs in the NEMLEC region, which includes most of Middlesex County and Essex County. Partnerships with business leaders are vital in raising the money needed to continue the work of NEMLEC and the NEMLEC Police Foundation.

The 2014 NEMLEC Police Foundation Golf Tournament will be held on Monday, May 19, 2014 at the Four Oaks Country Club in Dracut. For more information, or to become a sponsor, call 978-852-3589.

With funds raised in previous years, the Foundation has been able to offer prestigious trainings to hundreds of police officers in Middlesex and Essex counties, as well as elite training to NEMLEC units, including:

- School Threat Assessment Response System (STARS) Trainings

- Trained 150 detectives through our Two Week In-depth Criminal Investigation Training
- Supervisor Training through Roger Williams University
- Comprehensive motorcycle training for the NEMLEC Motor Unit
- Advanced Tactical Training (SWAT/RRT)
- K9 Training

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns. Follow the Foundation on Twitter [@NEMLECInc](#) or Facebook: <https://www.facebook.com/pages/NEMLEC-Police-Foundation-Inc>.

Importance: High

From the Banking Industry:

Please be aware that there are active groups in the area placing skimmers on ATM machines. Many of these groups originate in Eastern Europe, primarily Romania. Skimmers are typically left on an ATM for several hours while data is collected and then removed. Officers responding to such calls should attempt to locate a pinhole or similar camera that would be installed to capture PIN numbers, retain the skimmer for forensic analysis, and work with Bank Security and Secret Service to publish and identify the perpetrators.

The **New Hampshire Seacoast Area Detective's Meeting** will be held **Thursday, April 2, 2015, 9AM** at Somersworth PD. All Law Enforcement are invited to attend. Contact is Sgt. Wayne Young at Greenland NH PD

The **April NEMLEC Area Detective's Meeting** will be held at Bear Hill Country Club in Stoneham on **Wednesday 4-11-15 at 10AM**. All are invited to attend. Please bring up to 30 copies of recent significant arrests and crime information for a roundtable discussion. Contact is Det. Lt. John Roark in Chelmsford.

Subject: (Archive Copy) BAPERN for Red Sox activation
Date: Monday, October 28, 2013 4:34:42 PM

Chief Brooks and Chief Ryan,

I will be sending out a detailed plan for the next few days later tonight, but in the event Metro-LEC and NEMLEC are called into Boston for a Red Sox clincher, it's looking like we would need to put them on the South and Central Districts (assignment TBD). AW4 is already tied up for the potus visit/Salem Halloween (as is the North District), and the BPD will be using the West District. Just a heads up at this point.....more to follow later.

If anyone has any comments or suggestions, please let me know.

GBPC District Coordinators, Dispatch Personnel, and Other Interested Parties,

Please find below a schedule of BAPERN reserved channels for this weekend. CJIS GBCs have been issued by the Brookline PD for the AW4 events and they will conduct on-air notifications as well. As always, please advise your dispatch personnel of these reservations and refrain from directing agencies to use the reserved channel(s). Should an emergency issue arise, such as a local system failure, agencies can be directed to switch to their district channel for operations. The on-line BAPERN Calendar can be viewed at: <https://www.google.com/calendar/render#g%7Cmonth-3+22844+22881+22879>

Any questions or issues can be directed to the Brookline Police Dispatch at 617-730-2222 or me directly at 978-360-4481. Thank you for your attention and continued cooperation to these matters. I wish everyone a Fun and Happy Halloween - be safe!

Friday, October 31, 2014

Area Wide 4 – 1600-0200 – Salem PD - Halloween Tactical Operations. The OIC is Captain Stevens.
North District Digital Tactical – 1600-0200 – Salem Halloween NEMLEC Command. The COML is David Spinosa.

Saturday, November 1, 2014

Area Wide 4 – 0900-2100 – Burlington PD - Wegmans Operations and Coordination with Outside Agencies. The OIC is Sgt. McDonough.
North District – 0845-0915 – Amesbury PD – Multijurisdictional Mass Casualty Incident (MCI) Training Drill at High School. The OIC is Lt. Scholtz.
North District Digital Tactical – 1600-0200 – Salem Halloween NEMLEC Command. The COML is David Spinosa.

Sunday, November 2, 2014

Area Wide 4 – 0600-1400 – Norwell PD - Half Marathon. The OIC is Deputy Chief Carol Brzuszek.
Northwest District – 0900-2100 – Burlington PD - Wegmans Operations and Coordination with Outside Agencies. The OIC is Sgt. McDonough.

** Note: On Friday, 10/31 and Saturday 11/1, the North District will serve as the backup channel for Salem Halloween Tactical Operations. The North District will remain open for regular law enforcement notifications, but is approved for exclusive use by Salem should a system failure or other emergency occur.*

Bedford High School Evacuated on Wednesday Morning Due to Emailed Threat Threat Proved Not Credible, No Danger to Students Classes Resume Thursday

BEDFORD -- Town Manager Richard T. Reed, Superintendent of Schools Jon Sills, Police Chief Robert Bongiorno, and Fire Chief David Grunes are providing an update on this morning's investigation into a threatening email received by the school administration.

Bedford High School Principal Henry Turner received an email early this morning, which contained a bomb threat against the school. The school department activated its crisis protocol, notifying the Bedford Police Department School Resource Officer and Superintendent of Schools Jon Sills. A response was then coordinated with Bedford Police and Fire.

While the threat did not appear to be credible, officials, acting out of an abundance of caution, decided to evacuate the high school, especially after learning that Bedford, N.H. had received a similar threat.

With the help of our faculty and staff and the excellent behavior of our students, the high school had a quick and orderly evacuation and relocated everyone to John Glenn Middle School, nearby.

At the same time, Bedford Police activated the the Northeast Massachusetts Law Enforcement Council (NEMLEC) School Threat Assessment and Response System (STARS) protocol, which brought in specially-trained law enforcement officials and school administrators from several other communities to assist Bedford.

The State Police Bomb Squad, Department of Veterans Affairs Police, and the Hanscom Air Force Base K-9 Unit also responded.

Given the disruption in the school day, and considering that Wednesday was a previously-scheduled early dismissal day, the decision was made to begin sending students home at 10 a.m. The school department sent out an alert message to notify parents about the situation.

"I am very proud of the way our faculty, staff, and students handled the disruption of their school day," Superintendent Sills said. "This was an unfortunate situation, but we are thankful that no one was hurt, and the evacuation and dismissal proceeded in a very calm and orderly fashion."

After-school activities and sports were cancelled on Wednesday. Classes and activities will resume a normal schedule on Thursday.

The investigation yielded no explosives or other dangers. By early afternoon, Bedford Police gave the "all-clear."

"Our sincere thanks goes out to all of the first responders who came to Bedford today, as well as to our faculty, staff, students, and parents for their patience and cooperation," said Richard T. Reed, Town Manager.

The threat is under investigation by Bedford Police, working with State Police and Federal law enforcement authorities. Bedford Police do not believe that the threat originated from a local source.

"The availability of so many resources, from the NEMLEC STARS team to the State Police to our Air Force and Veterans Affairs neighbors, to respond to Bedford proved to be a tremendous force multiplier in making sure today's situation was handled in an orderly, safe manner," Chief Bongiorno said. "We are grateful to them and to all of our residents for their cooperation today. We will work with our partner agencies to aggressively investigate this case."

Chief's,

There has been impromptu protest scheduled for tonight in Belmont Center (6PM). I personally know the organizer but I have some concern because the event is not well organized. Like all of you, we will have NEMLEC assets in Boston tonight. We have added additional bodies and plainclothes officers to work the protest.

I just wanted to give you a heads up in the event that things turn bad and we have to make a mutual aid request.

Thank you,
Jamie

Subject: (Archive Copy) Bomb Threat Investigation
Date: Friday, January 15, 2016 6:20:36 PM

Adam - today at about 1:30pm the Principal of Arlington Catholic reported that his office had received a phone call from a male reporting that a bomb had been placed in the school and would detonate within the hour. The Principal made the decision to immediately evacuate the students to St. Agnes. Shortly thereafter St. Agnes School decided to dismiss their students for the day as a precaution.

As is being reported in the media several schools in the Commonwealth were targeted today and it remains to be seen what, if any, connection there is among the cases. The FBO Joint Terrorism Task Force has joined our investigation and APD Detective Brian Fennelley is our lead investigator.

Preliminarily the phone number used appears to be a "spoofed" number used in prior threats in the metropolitan Boston area. I will keep you posted on any developments and please let me know if you have any questions.

Subject: (Archive Copy) Boston Marathon BAPERN District Coordinator Conference Call Info - 4/16/14
Date: Tuesday, April 15, 2014 1:49:10 PM
Attachments: [2014_04_21_BAPERN_Assignments.pdf](#)

BAPERN District Coordinating Departments:

As of last night, the GBPC has finalized the BAPERN channels that are approved for usage on Patriot's Day/Marathon Monday, which is next Monday, 4/21. This has been a significant planning effort that required a careful assessment and balance of channel availability, coverage and infrastructure issues, against the communications requirements of the local, regional and state assets along the Marathon route and the balance of the GBPC membership. For the last two months and as recently as last evening, we have been receiving, assessing and processing these requests in collaboration with our federal, state and local member agency partners. The final result is a plan that includes six BAPERN channels that are reserved for usage on 4/21 (AW3, AW4, West District, North District, Northwest Digital Tactical, Central Digital Tactical).

Tomorrow morning (Wednesday, 4/16) at 11AM, I will be holding a conference call to explain this communications plan in further detail, discuss the advance communications needed with our members, and answer any questions you may have. The Dial-in information is below. To enable us to move forward and get information out quickly to our members tomorrow afternoon, I'm hoping that each District Coordinating Department will be represented on the call by the Chief and/or Lead Dispatch contact that has been sent this e-mail. If neither are available, please forward this e-mail to another member of your department/dispatch who will be able to share the information with other members of dispatch.

I am attaching a listing of the BAPERN Assignments for next Monday. Please keep this as an internal document until our discussion tomorrow, as there is addition information that needs to be explained along with the channel assignments. Following tomorrow's call, I will send out a general e-mail to the membership and radio points of contact that explains the overall BAPERN communications plan for the day, including the continued availability of AW3 for major law enforcement notifications (as this information may be of particular interest to Marathon command as well). We can talk more about that on tomorrow's call. Following the "general" e-mail that will be send out, District Coordinating Departments will be asked to reach out to their members via e-mail, CJIS and on-air to communicate and reinforce specific information regarding use of their District Channels. Again, we can talk more about that tomorrow.

Should you have any questions or issues that you want to make certain are addressed on the call, please let me know. Thank you for your continued work and assistance on behalf of the BAPERN system.

Subject: (Archive Copy) Boston PD Request
Date: Wednesday, April 17, 2013 12:32:25 PM

Adam – Boston PD has contacted area departments to request mutual aid for tomorrow's visit by President Barack Obama. We will be cancelling days off tomorrow for all off-duty Arlington Officers and we will report to designated staging areas in Boston for the day. We will obviously hold back necessary personnel to properly staff shifts here in Arlington.

The tragic events of this past week and the corresponding emotional roller coaster for all members of our community came full circle when we learned that one of the victims of this terrorist attack lived and worked right here in Arlington. I am proud of all the men and women of the APD for their professionalism following the attack and I am particularly proud of those officers who have been on 12 hour rotating shifts in Boston since Monday (i.e. the NEMLEC Officers Rob Pedrini, James Smith, Mike Foley, and Greg Foley).

I will keep you briefed as we plan our response. Please let me know if you have any questions.

10 Middlesex Chambers of Commerce Attend NEMLEC Police Foundation Informational Event

***“Multi-Chamber Networking Event” Held at
Doubletree Bedford Glen Hotel with Business
Leaders and Police Officials from 21***

Middlesex Communities

BEDFORD -- The NEMLEC Police Foundation, Inc. recently held an informational networking event between members of municipal law enforcement and local business leaders in Middlesex County.

The successful event, held Monday, April 7 at the Doubletree Bedford Glen Hotel, was meant to raise awareness about the work of the North Eastern Massachusetts Law Enforcement Council and non-profit NEMLEC Police Foundation Inc.. It featured food and conversation as well as addresses by several law enforcement leaders, including:

- **Wilmington Police Chief Michael Begonis**, the President of NEMLEC and head of the NEMLEC Regional Response team and SWAT Team.
- **Watertown Police Chief Edward P. Deveau**, who discussed the incredible municipal law enforcement response to the manhunt for the Boston Marathon bombing suspects that ended in Watertown last April
- **Middlesex Sheriff Peter J. Koutoujian**
- **Middlesex District Attorney Marian Ryan**

For local editors, the following **Chambers of Commerce** attended: Bedford, Lexington, Woburn, Waltham, Medford, Reading, North reading, Newton, Malden, and Arlington. **Police Chiefs and Officers from the following communities** were present: Arlington, Bedford, Belmont, Burlington, Chelmsford, Concord, Dracut, Groton, Lexington, Maynard, Medford, Melrose, Newton, North Reading, Pepperell, Reading, Tyngsborough, Wakefield, Waltham, Watertown, Wilmington, Winchester, and Woburn. About 150 people attended total.

"The NEMLEC Police Foundation exists to help police departments and communities, and that is only possible thanks to the generosity of our sponsors in the private sector," said Sharon Crowley, the Foundation Coordinator. "We are very grateful for the tremendous turnout at the Multi-Chamber event last Monday!"

The NEMLEC Police Foundation is currently raising money for its annual Golf Tournament, the foundation's largest annual fundraiser, with proceeds going directly to law enforcement programs the NEMLEC region, which includes most of Middlesex County and Essex County. Partnerships with business leaders are vital in raising the money needed to continue the work of NEMLEC and the NEMLEC Police Foundation.

The 2014 NEMLEC Police Foundation Golf Tournament will be held on Monday, May 19, 2014 at the Four Oaks Country Club in Dracut. For more information, or to become a sponsor, call 978-852-3589.

With funds raised in previous years, the Foundation has been able to offer prestigious trainings to hundreds of police officers in Middlesex and Essex counties, as well as elite training to NEMLEC units, including:

School Threat Assessment Response System (STARS) Trainings

- Trained 150 detectives through our Two Week In-depth Criminal Investigation Training
- Supervisor Training through Roger Williams University
- Comprehensive motorcycle training for the NEMLEC Motor Unit
- Advanced Tactical Training (SWAT/RRT)
- K9 Training

The attached photos are free to use for all media. Additional photos can be found at the Foundation's Facebook page: <https://www.facebook.com/pages/NEMLEC-Police-Foundation-Inc>

About the NEMLEC Police Foundation

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns. Follow the Foundation on Twitter @NEMLECInc or Facebook: <https://www.facebook.com/pages/NEMLEC-Police-Foundation-Inc>.

###

Left to right: Chelmsford Police Chief James Murphy, Wakefield Police Chief Rick Smith, Bedford Police Chief Robert Bongiorno, Foundation Coordinator Sharon Cowley, Foundation Secretary Patrick Cook, Belmont Police Chief Richard McLaughlin, Foundation Chairman Richard Raymond of Armstrong Ambulance, and Pepperell Police Chief David Scott.

Guests listened to several prominent law enforcement speakers, including Watertown Police Chief Edward P. Deveau, whose department was praised for its handling of the hunt for the Boston Marathon bombing suspects last year.

Chiefs: As you can see from the attachment today will be a busy day with callouts. Unless Boston has a flare up Chief Fisher does not anticipate that we will be back there in the coming days. SWAT/RRT has a full schedule of events Friday and into the weekend in numerous NEMLEC communities. Chief Lyle reports that he does not anticipate Motors going back to Boston after tonight. They have a full schedule of events in NEMLEC communities over the course of the weekend.

Subject: (Archive Copy) Combined "Virtual" NEMLEC Area and North Shore Detectives Meeting 4-15-10 at 10AM (Microsoft Teams)
Date: Tuesday, April 7, 2020 2:50:56 PM

-
NESPIN is hosting a Virtual Detective's Meeting on Wednesday April 15, 2020 at 10AM. This meeting will be done using the "Microsoft Teams" App. and will be managed by Mario Oliveira at NESPIN. This is a similar but more secure platform than the "Zoom" app. that many of you may be using.
-

All agencies/individuals north of Boston up to the Merrimack Valley and North Shore are invited to participate.

-
1. You will need to load the "Microsoft Teams" app. onto your computer. It is a free download.
 2. You will need to access your computer's **camera** app. and it is also beneficial to see if your computer's "**microphone**" is working. Many of us don't even know that it is there. There is a work-around where you can view the computer screen and use your phone for verbal communication.
 3. You are encouraged to provide a bulletin that can be sent in advance to moliveira@nespin.riss.net by Friday 4-10-20 for inclusion in the presentation.
 4. Please come prepared to participate in the discussion so that we can determine if this is a viable option for having additional meetings over the next couple of months.
-

Anyone wishing to join in for this meeting must email Mario Oliveira so he can send you a "meeting invitation". moliveira@nespin.riss.net Please try to do this by Friday.

-

Photos and Bulletins should also be sent to Mario for inclusion in the presentation by Friday. He will manage the scroll of the bulletin while participants can talk over it.

-

You can plan on logging into the meeting up to about ten minutes before 10AM to make sure everything is working. We hope to have the "work" portion of the meeting up and running shortly after 10:00AM. The "app." has an on-screen feature that allows you to "mute" your microphone if you are not communicating.

-

Contact Mario by email if you have any questions.

Thanks, Chris Neville, Det. Lt. John Roark, Det. Brendan Gahagan, Det. Adam Maccini

Concord Police Department Chief Joseph O'Connor

219 Walden Street
P.O. Box 519
Concord, MA 01742

FOR IMMEDIATE RELEASE

Friday, April 3, 2015

Contact: John Guilfoil
Phone: 617-993-0003
Email: john@jgpr.net

CONCORD -- Police Chief Joseph O'Connor reports that the Concord Police Department responded this morning to Emerson Hospital for a report of a man, who was leaving the hospital and was making threats to harm himself and others.

Police responded to the hospital at 8:25 a.m. and met with relatives of a **59-year-old Pepperell man**. The family members told police that the man had become distraught and was threatening to harm himself and others. The man ran from the hospital, to the helicopter landing pad on the hospital grounds.

When officers approached, the man pulled out a knife and threatened to kill himself and the officers.

Acting out of an abundance of caution, during the daytime at a busy public facility, the Concord Police Department requested the assistance of neighboring communities, as well as the North Eastern Massachusetts Law Enforcement Council (NEMLEC) SWAT Team, Massachusetts State Police and the State Police Air Wing.

After about an hour and a half of negotiations between police, including a NEMLEC negotiator and Concord Police Sergeant Christopher Troiano, and the man, he surrendered peacefully.

"This is an example of quick work by police, using specialized units and advanced training to save life today," Chief O'Connor said. "The arrival of the NEMLEC SWAT Team and a trained negotiator helped de-escalate this situation. I am proud of the partnerships that the Concord

Police Department has established with its partner agencies, and I am relieved report that no one was hurt during an incident that could have been much worse."

The man, whose name is not being released, is undergoing a psychiatric evaluation at Emerson Hospital.

Emerson Hospital's Emergency Room diverted patients away from the hospital during the incident.

Mutual aid was provided by the Maynard Police Department, NEMLEC, the State Police, and the Bedford Fire Department.

Concord Police Searching for Missing 17-Year-Old Girl

CONCORD -- Police Chief Joseph O'Connor reports that the Concord Police Department is

seeking the public's assistance in locating a missing 17-year-old girl who ran away from home yesterday.

The Concord Police Department is concerned for the safety of **Marissa L. Medeiros**, who left her Garrison Road home around 4 p.m. Wednesday and has not been seen since.

Medeiros is a white female, with long brown hair that may be worn in a ponytail. She was last seen wearing blue jeans and a gray hooded sweatshirt. She may be carrying a black backpack.

Multiple Concord Police units, Concord firefighters, and police units from other agencies including multiple K-9 units, Massachusetts State Police Air Wing, National Park Service Rangers, and officers attached to the North Eastern Massachusetts Law Enforcement Council have conducted a thorough search of the area. During the search, Concord Police Detectives obtained information that **Medeiros** may attempt to travel out of the state.

The Concord Police Department has notified the MBTA, State Police, and Transit Police.

Concord Police will also be working with other agencies, including the FBI to locate **Medeiros**.

If anyone has any information on the whereabouts of **Medeiros** or has seen her, they are asked to call the Concord Police Department at 978-318-3400.

Subject: Corcoran Invest

Juliana/Adam - Today at about 4:30pm APD was notified by the FBI Joint Terrorism Task Force that a Travis Corcoran of 39 Evergreen Lane Arlington had allegedly made "tweets" advocating the shooting of security cameras and security personnel. The thread involved discussions related to security around July 4th celebrations in Metropolitan Boston.

As you may recall, Travis Corcoran admittedly made on-line comments advocating the shooting of Congressmen following the tragic shooting of Congresswoman Giffords in 2011. Following those threats APD detectives seized 12 guns, including .223 high powered rifles and a 50 caliber tripod military weapon, and suspended Corcoran's license to carry firearms. Other military clothing and equipment were present when APD investigators seized the guns. Firearms licensing proceedings followed and ultimately we recently returned some, not all, of Corcoran's firearms.

Today's on-line threats stated the following:

Putting a party hat on a security camera: good . . .
Shooting a security camera: better . . .
Shooting statist who emplace cameras: best

The reference to "statists" is believed to be a misspelling and intended to read "staties".

Given Corcoran's access to firearms, his history with similar threats, and heightened

state of security in our nation these threat were taken very seriously. Corcoran's house was immediately put under lawful surveillance and we convened a meeting under my command at APD among Joint Terrorism Task Force personnel and APD personnel. A conference call with the Attorney General's Office and the Esplanade Command Post also occurred.

Following a "knock and talk" by Sgt. Gallagher of the APD and a telephone call with Mr. Corcoran's attorney, APD officers seized handguns and rifles (some stored unlawfully) and at this time the matter remains actively under investigation.

These cases are extremely complex from a constitutional and criminal law perspective. We wrestled with the balance of maintaining public safety while also ensuring that Mr. Corcoran's rights were preserved, however, we knew he had access to guns and he was advocating for the shooting of security cameras and security personnel.

Ultimately, Sgt. Gallagher and others communicated with Corcoran's attorney and consent to seize firearms was given to police. As of the writing of this message, two handguns and two rifles have been seized. Some of these weapons were not properly secured as required by law and criminal complaints may follow.

There was a substantial police presence on Summer St. at Evergreen all evening and you may get queried. While the information contained in this message is public, it is not intended to be a press statement by the agencies involved. Any press statements involving this case will be carefully coordinated between all of our law enforcement partners, including the DA's Office, FBI, AG's Office, and the U.S. Attorney's Office.

This investigation is ongoing as of the writing of this message and details are subject to change. Please contact me if you have any questions.

Subject: Re: Meeting Minutes

Sharyn,

I am reviewing the minutes and wanted to clarify a point from Chief Ferrullo and repeated by Chief Digi. The MPTC, through MPI, have made arrangements for those officers/departments that attend a MPTC facility for in service to complete this year's in service using the MPI portal. In the minutes it states MCOP and it implies it is for all officers/departments. Please let me know if you have any questions. thank you

To: slubas@nemlec.org
Subject: 80 Hour Police Motorcycle Operator School

Sharyn,

I mistakenly used the cost of the course from last year's notice. Can you please send out a corrected notice with the cost of the course updated to \$600/student and add that a valid Massachusetts Motorcycle Learner's Permit is acceptable? I have made the changes in the text below.

The 80 Hour Harley Davidson/Northwestern University Center for Public Safety Police Motorcycle Operator School conducted by the Lowell Police Department will be held [May 20, 2019 - May 31, 2019](#) at the Cobham Lot, [1001 Pawtucket Boulevard, Lowell, MA](#). The cost is \$600/Officer. The cost for the class through Harley Davidson is \$1,595.00/Officer. Students must use their department motor for the course.

Officers who successfully complete the final practical exam with a score of 80% or higher and meet the other motor unit requirements are eligible to apply for membership in the motor unit. The practical exam score remains valid for one year from the date of certification for purpose of applying to the NEMLEC Motor Unit.

Each applicant must have:

- 1) Valid Driver's License with a Motorcycle Endorsement or a valid Massachusetts Motorcycle Learner's Permit.
- 2) DOT certified helmet

3) Eye protection (glasses/goggles)

4) Gloves

5) Footwear which covers above the ankle such as work boots

6) Police Department Motorcycle

We have room in the class for several students. Interested departments may reserve a space in the class by contacting Motor Unit Training Coordinator Off. Scott Sauve at Cell: 978-853-5658 or Email: ssauve@lowellma.gov .

Thank you,
Tom

Ford Interceptors- engine knock, stalling, P303 code misfires, replace engine

Boxford Police have had extensive problems with spark knock at idle in 2015/16 Interceptors with 30-60K miles requiring replacement of engine short blocks and fuel injectors under warranty without the problem being corrected. Two units are currently out-of-service at the dealer with reported carbon buildup on pistons.

I would appreciate hearing from any department experiencing similar problems or if any agency has found a resolution to this issue. Thanks.

Date: Saturday, June 24, 2017 8:16:25 AM

Adam - Patrick Beagan, age 45, who had reported to APD as missing, was found deceased at about 4 a.m. by APD and Cambridge officers, with the assistance of NEMLEC k9's in a marshy area near Acorn Park Drive on the Cambridge side. Mr. Beagan had sent a time delayed email to family describing he general area where he could be found. After an initial search, it was determined that the area to be searched was quite large so we summoned the air wing and NEMLEC resources.

This does appear to be a suicide. The Office of the Chief Medical Examiner will make the final call. We are supporting family as proper notifications are made. Given the fact that we used our social media channels widely in asking for the public's help we will now have to figure out a sensitive way to message this.

Please let me know if you have any questions.

Subject: Seeking Assistance for Instagram Device UUID

Upon issuing a Search Warrant to Instagram (a while back), I received a bunch of return information that I had to sort through.. I learned that a "Device UUID" (I believe assigned by Instagram) is a common denominator in my case.. and would like any information about it. I have since submitted a subpoena to Instagram for the UUID and received a response indicating the information I am requesting is invalid.. yet, they supplied me with the information! Wondering if anyone has run into this or has any suggestions.

From: Glen Mills [mailto:gamills@bpd.org]

Subject: Burlington PD: Cell Phone Provider Look Up and Deconfliction - FREE TOOL

-

Interesting tool - they will be showing at IACA and IACP. There are other freebies for doing this but the de-confliction option is a good idea. -GM

-

Free cell phone provider and subscriber look-up, with de-confliction.

ZetX has launched a new tool for law enforcement to aid in cell phone investigations. Our free provider and subscriber look up tool is one of a kind. Simply login to the tool by entering a valid government email address. Once you are logged in, you can run unlimited inquiries, for free.

Our look up tool will identify the cellular provider for the target number and provide the law enforcement contact number for the provider. The database that supports our look up tool is updated in real-time, meaning the provider information is accurate, even if the number was just ported. With over 300 providers in our database, there is no more searching for information related to obscure provider names. Landlines are also supported.

When there is any **reliable** subscriber information available, it will also return the subscriber information.

Our de-confliction is one of the biggest breakthroughs in information sharing for law enforcement. Your email is captured with the numbers you run and securely stored. In the event another law enforcement inquiry is made on the same number, we will contact you and see if you would like to share the information with the other law enforcement personnel requesting information on the same number. In cases where the same phone number is associated with multiple crimes across jurisdictions, our de-confliction tool will identify and link the number to multiple cases.

This is a free service provided to law enforcement by ZetX. This tool was designed and built by officers for officers. We are trying to spread the word that the tool is available. Please forward this information on throughout your agencies and email lists. You can find our free phone look-up and de-confliction tool at <https://phonelookup.zetx.com/> (Note: Log In is required and you will have to acknowledge the admonishments.)

Thank you,

Sy Ray

President

The Irish American Police Officers Association (IAPOA) announces that it will hold its annual \$10,000 drawing in December. Tickets are on sale now! The drawing will occur on Friday, Dec. 8 at 7 p.m. at American Legion Post 440, 295 California St., Newton.

Raffle tickets are on sale now for \$100 each, and there are only 300 tickets available. Participants are invited to attend the drawing, which will feature dinner and a performance from the IAPOA Pipes and Drums. The drawing is a reverse raffle that will award a \$10,000 grand prize, as well as \$3,000 in additional cash and other prizes, including a \$1,000 prize for the raffle's runner-up.

The \$10,000 drawing is the IAPOA's primary fundraising source for its Annual Awards Dinner, which honors police officers from throughout the region for their outstanding work and acts of heroism. Officers are recognized for a variety of categories, including investigations, valor, life-saving actions, community service efforts and humanitarian acts. The IAPOA also awards its Medal of Honor to officers who lost their lives in the line of duty during the preceding year. Those who would like to support the event or purchase a raffle ticket may do so by emailing IrishAmericanPolice@yahoo.com.

Those who would like to support the event or purchase a raffle ticket may do so by emailing IrishAmericanPolice@yahoo.com.

-
Cops for Kids with Cancer Concert Reminder: Saturday December 1st in Norwood
-

Cambridge Police Deputy Superintendent **Pauline Wells** and her many talented friends from the Boston band, "Devri" and special guest talent "Bugsy" Moran from New York City, will present;

"Home For Christmas",

A charity concert to benefit Cops For Kids With Cancer. The event will be held on Saturday, **December 1st at 7:30 at Norwood Theater**.

Pauline is widely recognized for her amazing vocal talent which she has shared over the past twelve years at many local and national events, including at the National Law Enforcement Memorial in Washington DC and the NYPD Pipes and Drums Memorial Concert in New York City as well as at dozens of memorial services for law enforcement.

Pauline and her friends return to the stage at Norwood Theater with this wonderful start to the Christmas Holiday season. **The most important component of the evening is that the proceeds will benefit "Cops for Kids with Cancer."**

If you are looking to get into the holiday spirit, The Norwood Theater is the place to be on December 1st. Come and join Pauline and this brilliant group of musicians.

Tickets may be purchased at www.norwoodstage.com Adults \$35, Seniors, \$30.

(LES) USB Concealed in Sunglasses

-
A 4 GB flash drive can hold approximately 2,200 seven megapixel JPG images at maximum quality, 1,000 MP3 songs or six full-length movies in the Divx format. Any combination of file types can be stored on the same flash drive. Large amounts of data could easily be concealed in these sun glasses to avoid detection from Law enforcement / Corrections / Border officials. These glasses are available at eye glass retailers in Canada for \$129.00. These glasses are for sale in Windsor, Ontario. They would be ideal for hiding illegal or potentially damaging data such as (*images, codes, reports, documents, phone numbers, maps, PDF's etc.*).

Thank you,

Tim

Adam – last evening I was in contact with Boston Police Commissioner Evans relative to an investigation that they were conducting in the Fenway area of Boston. A large quantity of chemicals had been located in the basement of Fenway Market on Kilmarnock St in Boston. The owner of that business, Samir Shaikh age 42, also owns Fenway Market 203 Broadway in Arlington (formerly Juniors Market). Commissioner Evans asked that we secure the Arlington location and await the arrival of Boston PD and JTTF. The premises was lat searched by Arlington investigators, Boston PD, and the JTTF and no chemicals or explosives were located. This matter remains under investigation.

This message is intended to keep the town's leadership informed of sensitive ongoing investigations. Any requests for comment from the public or media should be referred to my office. Here are a few media links:

http://www.boston.com/news/2015/09/08/police-investigating-hazmat-situation-boston-fenway-neighborhood/jlaC3b15Pzl3aN47QN5E2O/story.html?p1=feature_stack_5_hp

Subject: CISM Training

Most of you attended the recent Chief's training where there was a robust discussion of police suicide and Critical Incident Stress Management. Since that time a number of Chief's have approached me regarding training for some of their staff in CISM. I'm trying to gauge the interest. If there are only a short number of people interested we can partner with the Greater Boston CISM Team on the training which is already scheduled for mid December. This is a three day training for Individual and Group Counseling through ICISF. However if there is a significant interest in the Essex County/ NEMLEC region for this training I can arrange to have one specifically for our officers. If you have someone you would like to send to the training please let me know before 10/31/19. Thank you.

Sincerely,

Chief Thomas M. Griffin

Gerry

Memorandum

To: All Assistant District Attorneys and Victim Witness Advocates in the Middlesex District Attorney's Office

From: District Attorney Gerry Leone, Middlesex County

*Cc: Commissioner Luis S. Spencer, Department of Corrections
Middlesex Sheriff Peter Koutoujian
Chiefs of Police, Middlesex County Municipalities
Honorable Kathe M. Tuttman, Regional Administrative Justice, Middlesex County
Honorable Lynda M. Connolly, Chief Justice of the District Court*

Date: February 13, 2012

Subject: Recent Changes to ICE Detainer Procedures and Form

Recently, the federal Immigration and Customs Enforcement (ICE) agency issued a number of new measures together with a modified Immigration Detainer form for use in the filing and processing of detainers against suspected illegal immigrants found within the United States. I have attached a copy of ICE's notice of the changes as well as the new form

for your information.

These new measures apply whenever ICE seeks to gain custody of a defendant held in a state, county or local facility either on pending charges or serving a sentence. The purpose of the measures is to give broader notice both to the potential ICE detainees as well as state and local law enforcement agencies about their respective rights and options during the ICE detention process. They also serve to provide ICE detainees with better access to ICE officials while in state, county or local custody.

Specifically, the new measures are as follows:

1. A state, county or local holding facility (e.g., PD, jail, etc.) upon request by ICE should give a defendant in state custody for whom an ICE detainer has issued a copy of the ICE completed detainer form. This will put the defendant on notice that ICE intends to take custody of him/her and provides them with a toll free, 24 hour hotline for the defendant to call if he/she has a complaint about the detainer or any related questions.
2. The state, county or local holding agency is authorized upon ICE's request to hold the defendant/ICE detainee for up to 48 hours (excluding Saturdays, Sundays and holidays) beyond when the defendant would otherwise have been released from state custody, but not longer than that time period. (This time frame is designed to allow ICE sufficient time to take physical custody of the defendant once ICE has expressed intent to do so.) Also, all ICE detainees are instructed to contact the state, county or local holding agency if he or she is held beyond that time period with any questions about their release.
3. ICE discourages the dismissal of state criminal charges based upon issuance of an ICE detainer, and it makes it clear that a detainer is not to impact a defendant's conditions of the state detentions (e.g., classification, work assignment, etc.).
4. Finally, the new measures provide an "ICE Support Center" telephone number if a law enforcement or prosecuting agency wants to request that a defendant for which an ICE detainer has issued remain in the US because of his/her status as a defendant, victim or witness in a pending state criminal case.

To ensure compliance with and notification of these changes, the MDAO is recommending that you disseminate this email and the attached ICE news release and form to all of your personnel and others in the law enforcement and criminal justice system.

If you have any questions about these ICE changes, please contact ICE at 802-872-6020.

Gentlemen - FYI

From: Hannah Poor [mailto:hannah.poor143@gmail.com]
Sent: Monday, January 16, 2017 3:33 PM
To: fryan@town.arlington.ma.us
Subject: Arlington Trust Act proposed

Dear Chief Ryan,

My name is Hannah Poor, and I am a lifelong Arlington resident. I am hoping to introduce into Town Meeting this year a Trust Act, similar to the ones that Boston, Cambridge, Somerville, Newton, and other MA cities/towns have in place. Specifically, this would limit voluntary cooperation between Arlington law enforcement and US Immigration and Customs Enforcement to allow members of Arlington's immigrant community to feel safer in our town, and especially in their ability to contact the police.

The proposal as it stands now is based on the language adopted by Boston and Newton, and I have been consulting with a lawyer from the ACLU about the wording. I also plan to consult with Arlington Town Counsel about it this week. I would very much appreciate the opportunity to speak to you about this proposal in the next few weeks (the deadline for submission to Town Meeting is 1/27), and hear your perspective on it, as well as concerns or suggestions about the wording and content of the proposal.

Thank you for your consideration! I look forward to hearing from you.

Best regards,
Hannah Poor

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard
Correspondent

Subject: Business Plan

Chief,

As we discussed yesterday, attached find the business plan for the 2012 – 2014 period. As Chief Cormier mentioned, this is a fluid document and may be modified as needed, most likely through the identification and addition of objectives over the next two years.

Please review, we will have time on the agenda at the next membership meeting to have any desired discussion, or feel free to email or call me directly. Thank you.

If you have received the message in error, please advise the sender by reply e-mail, and delete or destroy the message. Thank You.

I am wondering if you could help me solicit feedback from officers in your NEMLEC Technology Group e-mail distribution list. We are currently transitioning from a series of end-of-life Panasonic CF-30 Toughbooks over to the base model of the Patrol PC's for our cruiser-deployed MDT's. Feedback from the troops has been very positive about the Patrol PC's and they have been relatively simple to manage. The company offers great hardware support as well.

Over the past few years, my Chief has wrestled with the idea of issuing each of our 42 officers and i-Pad and having these be snapped in and out of the cruisers for use as MDT and portable workstation. We tabled the issue for a while as we have started to

phase in the Patrol PC's. However, the issue is back up for discussion. I am familiar with some of the CJIS Security Policy requirements regarding mobile device management and control of WiFi access. However, what I am looking for is feedback from other departments who have either (a) experimented with i-Pads themselves or (b) intentionally chosen to avoid i-Pads and why. If you could help me put this out to the NEMLEC Technology Group that would be tremendously helpful. Any and all feedback, insight, and commentary is welcomed. Members can respond to me directly at this e-mail address or phone number. Thank you for the assistance.

Very Respectfully,

Justin Martel, Badge 78

To: Sharyn Lubas
Subject: Chief Chronopoulos assistance

Fellow Chief's,

I want to thank all the law enforcement agencies who contributed in giving Retired Chief Chronopoulos a proper final show of respect. From the NEMLEC motorcycle unit escorting us to and from Logan Airport to bring the Chief Home, to the significant number of you and your officers who came to show their respect at Chief Chronopoulos's services, we were simply humbled and proud. Finally, the escort provided by the NEMLEC motorcycle unit to the Chief's final resting place at the New Hampshire State Veterans cemetery was incredible, and a moment in time that our agency and those that loved the Chief will never forget.

On behalf of the Tyngsborough Police Department, and the Chronopoulos family, thank you for providing the resources needed, and for your help in honoring this great man.

Thank you.

Subject: Gordon Graham Seminar - January 5, 2016

Chiefs,

The NEMLEC Police Foundation is sponsoring a seminar on Risk Management conducted by Gordon Graham. The cost is \$75.00 per person. For additional details, I've attached the flyer as well as the training application.

With the holiday season approaching, it is important to register as soon as possible. The deadline for the training application to be submitted is December 15, 2015. Depending on the response, we may open up to non NEMLEC departments after that date.

I will also have flyers and training applications available at the annual NEMLEC meeting on December 9th at The Café Escadrille.

Regards,

Sharon Crowley

May I ask a favor. Could you send this out to NEMLEC Chiefs and Middlesex Chiefs for me?

Thank you
David

Chiefs,

The Reading Police Department is actively pursuing purchasing and implementing tasers to our officers.

For those agencies that have tasers I was hoping to obtain some information from you.

What brand and model of taser do you carry?

What holster or holsters do you issue/require?

Does every officer get issued a taser?

If not, what is your policy on checking tasers out?

If you impact bargained with your unions to implement tasers what agreement did you reach?

Is there anything else you feel I should know/issues you dealt with while implementing tasers?

I appreciate any and all help with this process.

Thank you
Deputy Chief Clark.

Sharyn,

We have seen an influx of homeless people in Wakefield since the warm weather arrived. As a result, we have had an increase in complaints of panhandling and other nuisance calls that go along with the population. I am looking for info from any NEMLEC Chiefs on how they have dealt with the same issues. Could you put this out to the Chiefs for me?

Thanks,
Steve

Capt/Lt – here is the quote from QED on the CJIS interface. Couple of questions:

1. Do we have a contract for our current service through NEMLEC? If so, when does it expire?
2. Do we pay an annual fee for our current service? If so, how much?
3. Do we know of any other agencies using QED's interface and if so, are they happy?

Thanks!

To: Fred Ryan
Subject: LEAPS CJIS interface

Hi Fred,

I've gone back and forth on how low I could get this quote for you. I waived any client license fees which is typically \$200 per unit. I also waived Q.E.D.'s portion of the license fee and only charged for services.

The functionality provided will certainly make things easier on your people especially with the backfill of queries into the accident reports.

Feel free to give me a call to discuss this at any time.

Subject: Leased Police Cars

Sharyn:

Can I make a request to ask the other Departments a few questions about leasing police cruisers? If possible, can you please forward this email to the NEMLEC communities. Thank you.

The questions are:

If any Department currently or in the past have leased police cruisers?

If anyone has leased cruisers, were they for front line cruisers or for specialty units?

If vehicles have been leased, which leasing company has been used?

Lastly, if anyone did lease vehicle and no longer do so, what was the reason for not continuing the lease process?

Thank you for any assistance you can provide.

Subject: Lo/Jack - MISSING PERSONS PROTOCOL
Importance: High

Chiefs,

As we have been discussing over the last months, NEMLEC has agreed to host Lo/Jack equipment at selected member agencies, and train a team of RRT officers to operate these units to assist in the location of missing persons who are outfitted with Lo/Jack bracelets. We have agreed to participate in this program, though NOT EXCLUSIVELY, to provide police personnel with an additional tool in search and rescue operations.

Attached please find console cards for your dispatch center for the Lo/Jack Safety net program. Please print – preferably on bright colored card stock – cut in three, and post at your dispatch station(s).

In the event a missing persons call comes in, please ensure your dispatchers ask the five questions on the cards prior to any call being made to North Andover Dispatch for RRT/Search & Rescue assistance.

Please note that NEMLEC has not endorsed this particular product or vendor, and that other members agencies are engaged in similar programs. Our agreement with Lo/Jack stipulates that they are not permitted to market their program with a claim of endorsement by us or any NEMLEC chief/agency (unless you have given them your permission).

Please let me know if you have any questions, thank you.

Subject: Mary Fuller's passing

Good Afternoon Sharyn,

Is it possible to notify the NEMLEC community of the passing of Mary Fuller, retired Lieutenant Carl Fuller's Wife. Lieutenant Fuller was an officer with the Winchester Police for 37 YEARS and a member of the NEMLEC SWAT for over 20 Years.

Mary passed away Monday morning after a battle with pancreatic cancer.

Mary was a very strong supporter of Carl, the police and NEMLEC

Mary's wake is Monday August 12, 2019 from 4-8pm at Costello's Funeral Home, 177 Washington St, Winchester Ma.

Services will be on Tuesday August 13, 2019, 10am, at St. Eulalia's Church, 50 Ridge St, Winchester Ma.

Following the service there will be a collation at the Woburn Country Club, Cambridge St, Woburn Ma.

To: Bongiorno, Robert
Cc: Jenkins, Shawn P (SDM); Koutoujian, Peter J (SDM)
Subject: Middlesex Regional Safe Keep Program

Good morning Chief,

As we discussed yesterday, if you could forward the attached documents to the Chiefs in Middlesex County that would be helpful. The first attachment is the final version of the MOU which includes various updates throughout the pilot phase...most notably the retention of property language. The second attachment is a quick procedural memo for departments to use when requesting a safe keep...it outlines the contact information, transportation issues etc. It also includes my cell number if Chiefs or command staff have any questions/concerns on the associated documents. The third and fourth attachments are the same, one is hard copy and the other is PDF format...these are the

safe keep form that the departments should fill out when submitting a request to the MSO. As Sheriff Koutoujian stated yesterday providing as much information as possible, including health, medication as well as drug/alcohol use is important. Thanks for all your help.

Shawn Jenkins

Please see below training being offered at Swampscott P.D.

NEW!!!

DUST 'N BUST

3-DAY comprehensive Crime Scene Investigation course

COURSE DESCRIPTION

The **NEW** format of this course involves exposure to multiple crime scenes. This soup-to-nuts 3 Day (24 hour) Hands-On crime scene class will cover basic approach, preservation methods, documentation procedures, basic and advanced processing techniques as well as final evidence reporting and presentation of findings. This will be a highly intense course that will challenge the officer's/detective's ability to handle the scene from response to report. The goal is to equip the student with the fundamental evidentiary knowledge of Crime Scene Investigation techniques and gain mastery of the techniques necessary to obtain latent impressions, blood and bio collection, and preparation for submission to AFIS, DNA, Drug, and Firearms/Ballistics Lab analysis.

Departments sending two members = **\$350** per person.
Send three or more members and the cost will be **\$300** per person.

PREREQUISITE: This is a follow-up course to the B&E Evidence Recovery (BEER) course, which builds on the Officer's/Detective's skills to successfully process scenes that they most commonly encounter. Basic or Advanced photography course and the Evidentiary photography course are also required. Students should have general working knowledge of their cameras. Cameras can be point-shoot or DSLR.

REQUIREMENTS: Students should bring cameras and any crime scene processing kits and tools assigned to their unit.

Students will be supplied with ninhydrin/dye stain and all written materials and worksheets.

INSTRUCTOR

Shawn Dolan, CLPE

Instructor / Forensic Consultant /
CERTIFIED Latent Print Examiner

Hi Sharyn,

Could you assist me with getting this out to NEMLEC Chiefs? We are hosting a three day MPI “Dust and Bust” training at the Swampscott PD Headquarters starting on January 14th. See attached flyer and here’s the link. <https://municipalpoliceinstitute.org/mpi-seminar/?ee=1261>

Much obliged,

Ron

[MPY CONFERENCES 2019-2020 01.docx](#)

Chiefs,

Please see the attached MPY conference list provided by Margie Daniels. As a reminder, Law Enforcement may attend the conferences at no cost if their school district is a member of MPY. 100% of schools in Middlesex County are members, along with most of Essex County. Further, NEMLEC is a member so any STARS personnel that you may have are eligible to attend at no cost as well.

Please see below email with deadline date for reimbursement requests stemming from the June 2nd exercise in Natick.

From: Murray, Austin [amurray@mapc.org]
Subject: FW: Natick Mall FSE - BF/OT Reimbursement Available

Hi Sharyn,

We've been getting a few BF/OT reimbursement requests from NEMLEC SWAT Team members over the past few weeks, but I just wanted to let you know that **the deadline for submitting requests has been set at July 17th** (EOPSS needs to close out its fiscal year by the end of this month).

If you could make the team members/Control Chiefs aware I would really appreciate it. I don't want anyone to miss out that might have been planning to send a reimbursement request in.

Thanks,

Attached is the flyer and sponsor letter for the Comedy Night that we are sponsoring. This is the email that I have sent out to several people. Thanks for sending it to your distribution list.

The NEMLEC Police Foundation, Inc. is hosting a Comedy Night with a full dinner buffet at Four Oaks Country Club, Dracut on Friday, October 28, 2016.

Please see attached letter and flyer for details. Any help you can give...attending show, donating raffle/auction items, or becoming a sponsor...is GREATLY APPRECIATED.

We will honor Retired Boston Police Superintendent-in-Chief Bob Faherty who has worked tirelessly for many years supporting Cops For Kids With Cancer. Since 2008, this charitable organization has given 465 families...that have a child battling cancer...\$2.3 million dollars. They have also given \$175,000 to Mass General Hospital and Tufts Medical Center for their children's care unit.

For the past several years, the NEMLEC Police Foundation has made annual donations to this great organization. We will once again present a check in Bob's name to Cops For Kids With Cancer.

We hope you will support our event.

With great appreciation,

Sharon Crowley

Laura - can you please distribute this to NEMLEC Chiefs? Thank you!

The NEMLEC Motor Unit and the Lowell PD are sponsoring the 80 hour (two-week) Police Motor Operator School Monday, April 23rd through Friday, May 5th?

The fee is \$450 per student. Applicants should contact Lowell Officer Scott Sauve on his Cell: 1-978-853-5658 or Email: ssauve@lowellma.gov.

Officer Sauve will facilitate the application process and get the necessary billing information, etc. from each applicant. Applicants are required to be a sworn law enforcement officer, have a valid license with the motorcycle endorsement, and a department issued motor.

Subject: NEMLEC/BU Supervisor Training - February

Chiefs,

The 3-Day Boston University School of Forensic Science Supervisor Training scheduled for Feb. 11-13th at Chelmsford PD will now be extended to the 15th. Bill Powers felt he could not cover all the information in 3 days. In addition, the feedback from the class evaluations also expressed a need for additional days. Bill is confident the 5 day course will work much better. The cost will stay the same at \$200 per attendee for the week. The NEMLEC Police Foundation will cover the additional cost.

I've attached the new flyer. Please let me know if you have anyone interested in this class. If you've already signed someone up, please let me know if the additional dates will work.

Thank you and Happy New Year!

Hello All,
Please see message below. I am going to have Deputy Bailey look over the current STARS program we have here in Arlington. Would you please have someone from your Dept look over the program and see if we need or want updates from NERAC. As you can see from the e-mail we need to respond by this Friday. Thank you.

Subject: NERAC STARS School Safety Program

Hello NERAC Points of Contact –

As you all know, each NERAC community has received a STARS Toolkit which is a crisis planning resource for schools and municipalities. **STARS Floor Plans** have been completed for most NERAC school districts and NERAC has recently allocated funding with the goal of completing remaining schools in the region.

Please contact Josh Monahan at jmonahan@mapc.org by 5:00pm on April 6 if:

-) You would like your school district considered for these free floor plans.
-) Your school district has STARS Floor Plans that are out of date due to renovations or the addition of new buildings.

More info on this NERAC initiative can be found below.

STARS (the School Threat Assessment and Response System) is an emergency response plan developed by NEMLEC (the Northeast Massachusetts Law Enforcement Council). Since 2006 NERAC has allocated over \$1 million for the development of STARS School Toolkits and STARS Floor Plans for the school districts of the Northeast region.

Through NERAC's efforts, over 600 schools have updated floor plans, helping the region move closer to being one of the elite few regions nationally in compliance with STARS standards and local statutory requirements. STARS provides crucial information to enable school officials and emergency personnel to effectively plan for and respond to a threat or critical incident.

The STARS Floor Plans that NERAC is providing contain crucial information to enable school officials and emergency personnel to effectively plan for and respond to a threat or critical incident. The floor plans include digital photos of all school buildings including all entrances and exits, hallways, and classrooms, as well as external photos that include a full detailed map of school grounds and buildings, along with emergency contact information for municipal officials, police, fire, and EMS.

Hello Chiefs,

Listed below are the unit (RRT & SWAT only) personnel that we do not have photo's for. Some we are missing, some your agency does not have. We are planning to take photos of these individuals at the RRT training next Wednesday. Can you please ensure that these officers attend, or have them let us know if they will not be there so we can make other arrangements? Thank you.

Subject: Reimbursement - Boston Marathon

Importance: High

Hi Chiefs,

Below please find an email from the Boston PD Finance director about the process for reimbursement. I have intentionally tried not to give you any information until things were absolutely final, as the process has changed several times. This should be the last one, we are moving forward with our addendum, and I will be sending you reimbursement forms and instructions by COB tomorrow. I would have waited to send you anything but I believe Mass Chiefs is going to forward this email as well, and I wanted you to know how we are proceeding.

The email below describes the three types of reimbursements – the only change from the last email I sent you is that they have decided that Major City Chiefs WILL be submitting a reimbursement on behalf of those agencies that sent officers in response to the request that Commissioner Davis sent for officers through them. I believe many of you have already submitted information to them.

If you will be submitting a reimbursement request to directly Boston [in accordance with #3 below](#), please let me know ASAP.

Subject: Email for Reimbursement Notification

Good morning,

This email is in response to many emails we have been receiving regarding Mutual Aid reimbursement. All cities and towns who provided mutual aid during the Marathon bombing ("Critical Incident") and are seeking reimbursement, will fall into one or more of the reimbursement categories listed below:

1. NEMLEC/METROLEC Response: Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department ("BPD").
2. Mass Major City Chief Association: Officers who responded to the direct request from Mass Major City Chiefs Association ("MMCCA") for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.
3. Direct Response: Cities and towns who deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

Please note: if your town provided resources through multiple avenues above, you will need to request reimbursement for those costs through each channel. For example, if some officers responded through a LEC and others through direct response, you will need to submit the LEC officer's time through the LEC, and the direct response costs directly to the BPD through a separate MOA.

Listed below is my contact information.

Sincerely,

Lisa J. O'Brien

Subject: RE: Reimbursement for Mutual Aid

Quick Clarification:

For reimbursement purposes the BPD will need all the info that I requested from each agency in the previous email (name, assignment, OT rate, etc). All Marathon related activities/operations will be reimbursed by FEMA. That said if you could send two separate reimbursement sheets (if applicable); with one being for the Presidential Visit Only and a separate one for any other marathon related investigations it would be extremely helpful in organizing the specific requests.

Also, I have been told that many NEMLEC and METROLEC agencies have already submitted their respective requests for reimbursements for the marathon investigations during the week of the 15th (exclusive of the Presidential Visit) so BPD just wanted to ensure that there was no unintentional or

inadvertent duplicitous submissions for specific requests for reimbursement that are already being processed.

Subject: Reimbursement for Mutual Aid

MMCC Membership:

The Boston Police Department is in the process of formulating a comprehensive list of all those Officers from the **Major City Police Departments** (as well as other participating LECs) who assisted with the Presidential Visit on 5/17/13 as well any and all tactical / investigatory operations that took place during the tragic week of April 15th in the Cities of Boston, Cambridge and Watertown. FEMA

has designated some federal funds to reimburse those agencies (up to a certain percentage) that deployed department personnel on an overtime basis (or backfill basis to cover those personnel on duty who responded) to assist in performing any of these assignments.

Please use the attached Excel form by completing all the requested information. Once completed by your respective finance unit, please have the agency Chief sign the form and send it back to me as a PDF Form. Once I receive all the required forms I will submit the entire package to BPD for possible reimbursement. I will keep you all abreast on any forthcoming logistics regarding this financial matter including the total percentage to be reimbursed and how payment is ultimately to be received.

I have once again attached Commissioner Ed Davis' letter thanking everyone who participated in this incident/event/investigation. Please feel free to share the letter with your respective personnel.

Your attention to this time sensitive matter is greatly appreciated.

REPS WILL FILE BILL TO COUNTER SJC IMMIGRATION RULING

By Andy Metzger
STATE HOUSE NEWS SERVICE

STATE HOUSE, BOSTON, JULY 24, 2017....After the state's highest court ruled there is no authority for officials to hold immigrants solely at the request of federal authorities, three Republican House members are working to gather momentum behind legalizing those types of detentions.

In a ruling hailed by civil liberties advocates that ends a longstanding immigration enforcement practice, the Supreme Judicial Court declared Monday that current state law "provides no authority for Massachusetts court officers to arrest and hold an individual solely on the basis of a Federal civil immigration detainer, beyond the time that the individual would otherwise be entitled to be released from State custody."

Rep. James Lyons, an Andover Republican, said he is working with Republican Reps. Marc Lombardo of Billerica, and Shaunna O'Connell of Taunton to gather co-sponsors on a bill he plans to file Tuesday or Wednesday.

Lyons said the bill would be "straightforward," giving Massachusetts police and court officers the power to arrest someone on a civil immigration warrant.

"People are concerned about the rule of law," Lyons told the News Service. Asked about how he thought the bill would fare in the Democrat-controlled Legislature, Lyons said, "Beacon Hill, I can't predict what's going on up there."

While the high court ruling focused on court officers, advocates said the opinion prohibits any state official from keeping someone jailed solely at the request of Immigration and Customs Enforcement (ICE).

"Going forward, nobody in Massachusetts should be held on an immigration detainer unless the Legislature were to attempt to change that," said Emma

Winger, Immigration Impact Unit staff attorney for the Committee on Public Counsel Services, who argued the case before the Supreme Judicial Court (SJC) in April.

"It applies to anybody with arrest authority," said Laura Rotolo, staff attorney at the American Civil Liberties Union (ACLU) of Massachusetts. Rotolo said that while many jurisdictions have limited their cooperation with ICE, the SJC is the first state high court to rule against ICE detainees.

Bristol County Sheriff Thomas Hodgson said the decision will make people more vulnerable to crime in Massachusetts.

"I wouldn't say it makes Massachusetts a sanctuary state. I think it makes Massachusetts more vulnerable - the people who live here and people who visit here - more vulnerable to become victims of crime, and also a further message to people throughout the country who are here illegally that we're the place you want to come," Hodgson said.

Working to fulfill a campaign pledge, President Donald Trump has sought to heighten border security and dished out scorn on jurisdictions that provide "sanctuary" to immigrants in the country illegally. House Democrats have formed a working group to respond to the Trump administration's policies in Massachusetts.

The SJC case concerned Sreynun Lunn, who was born to Cambodian parents in a Thai refugee camp and entered the United States as a seven-month-old in 1985. Lunn was ordered deported after racking up a criminal record in the early 2000s.

According to the Suffolk District Attorney's Office, Lunn was then arrested last October for allegedly taking cash from a homeless man on Boston's Canal Street, but the victim didn't show up for the trial. The charges were dismissed, but Lunn was held by the Boston Municipal Court for ICE to pick him up.

"Lunn was physically detained in a holding cell, against his will, for several hours," read the SJC decision, which did not give any one justice credit for authorship. "He was otherwise entitled to be free, as no criminal charges were then pending against him and there was no other basis under Massachusetts law to hold him. The sole basis for holding him was the civil immigration detainer."

The ACLU worked to free Lunn from federal custody and ICE released him, according to Rotolo, who said Lunn had no country to be sent to because "no country accepts him as a national."

According to the office of Attorney General Maura Healey, the SJC opinion tracks the arguments her office laid out in court, including that the decision

should be left to the Legislature.

"Today's decision is a victory for the rule of law and smart immigration and criminal justice policies, and a rejection of anti-immigrant policies that have stoked fear in communities across the country. As my office argued in this case, Massachusetts law protects our residents from illegal detention and prevents the federal government from forcing local law enforcement to make decisions contrary to the public safety interests of their communities," Healey said in a statement.

Rotolo said she did not think the SJC decision - which carries the power of law - needs "any further codification" by the Legislature, but she said that legislation (S 1305/H 3269) pending before committee would add further protections for people in Massachusetts.

According to a letter from the bill's sponsors, Acton Sen. Jamie Eldridge and Lawrence Rep. Juana Matias, both Democrats, the legislation would give due process rights to detained immigrants, and prohibit "collaboration agreements between the U.S. Department of Homeland Security and law enforcement agencies that deputize state and local officers as immigration agents."

Subject: Request for Mutual Aid

Chiefs,

On Monday, April 22, 2013, from 1500 to 1900 hours, Officer Sean Collier of the MIT Police Department will be waked here in Stoneham. The Collier family has requested that the services be private, limited to the family and the police departments that Sean was affiliated with. In preparing our response plan for the wake, we are unsure of the numbers of people who will be arriving to pay their respects to the family, as well as other groups who may arrive to complicate matters for us. Due to the nature of how Officer Collier was killed, his wake and funeral on Tuesday have security concerns.

NEMLEC's RRT units have been taxed over the last week with their operations in Boston and Watertown, and have additional responsibilities on Wednesday with Officer Collier's memorial service at MIT. The NEMLEC units are on stand-by to respond to Stoneham should the need arise for an increase police presence.

In order to give these officers a well deserved rest, I am contacting you seeking officers from nearby departments that could respond to Stoneham tomorrow on a mutual aid basis, to help us out with our traffic plan. I am looking for 17 officers from 1330 hours until the services are concluded. Again, we are unsure how things are going to play out. As the events of the evening unfold, I will ensure that officers will be released as soon as possible.

On Tuesday, April 23, Officer Collier's Funeral Mass will take place in Stoneham at 1000 hours. Again, we are unsure of what the turn out for the Mass will be. Additionally, we will need to address security concerns at both the funeral home and church. I am looking for 20 officers from 0700 hours until the conclusion of Mass to assist with traffic and security.

If you are able to send an officer on either day, please contact Sergeant Tony Kranefuss at 781-438-

1215 on Monday morning.

Thanks for the support.

Jim

Subject: In-service & Recruit Training Needs

Chiefs,

Recent events and discussions conducted by NEMLEC members and fellow chiefs, as well as legislative developments, and current feedback about the MPTC have given rise to the training committee exploring recruit and in-service training options for our members. There have been many opinions and desires expressed and the committee has begun discussing these important issues during their spring meetings.

At their May meeting, all committee members agreed that the first and most important step is to seek direction and guidance from our membership. We begin by asking the fundamental question:

“Should NEMLEC explore the feasibility of providing in-service and/or recruit training to our member agencies?”

Your answer to this question will help determine the next course of action, if any, that the Training Committee will take. We are asking that you provide your opinion by completing the brief survey we have developed. The survey is brief and will take 2 or 3 minutes to complete. As Chiefs, your input is essential to ensuring we act in accordance with the membership's desires.

The link to the survey is: <https://www.surveymonkey.com/s/W9PWP7N>

To: Michael Hogan
Subject: RE: 2012 Annual K9 Report

This officer is reporting calls for service and accomplishments for K9 DASTY during the calendar year of 2014.

During the year of 2014 K9 DASTY responded to over 50 calls for service. One of the most rewarding parts of having K9 DASTY is being able to conduct K9 Demonstrations for area students in our school systems. During 2014 K9 DASTY and I conducted over 20 K9 Demonstrations, including Town Day which is a popular event and over 400 residents and children came to see K9 DASTY. In August I took part in my third Pan Mass Challenge and road 192 miles in two days from Sturbridge Mass to Provincetown Cape Cod. I am proud to say we raised over \$ 6,500 to fight the battle against cancer and 100% of the money went directly to The Dana Farber Hospital in Boston.

A large part of the K9 program is DASTY'S ability to locate narcotics and evidence during searches. During the calendar year of 2014 K9 DASTY was responsible for multiple Narcotic evidence recovery incidents. In April 2014 K9 DASTY assisted The DEA DRUG TASK FORCE with a Narcotics search and located 2 kilos of Cocaine. K9 DASTY has assisted the following City and Towns with searches and finds, Arlington, Cambridge, Belmont, Somerville, Lexington, Belmont, Watertown and was responsible for locating over 5 lbs of marijuana during searches. K9 DASTY has also worked with the following units during 2014, The Middlesex Drug Task Force, Cambridge Police Narcotics Unit, Southern Middlesex Regional Drug Task Force, UNITED STATES Drug Enforcement Task Force . The total amount of Drugs and Cash are the following, over 5 lbs Marijuana, and 2 kilos of cocaine. K9 DASTY and other area K9's continued to fight the war on drugs in our school systems by conducting school locker searches during lock down drills during 2014. We were involved in the apprehension of a bank robbery suspect during a police involved shooting in January 2014. In June 2014 Dasty assisted in the apprehension of a dangerous, violent felon who had brutally raped and beaten a female Arlington resident.

During the calendar year of 2014, K9 DASTY competed and certified in the United States Police Canine Association Region #4 Drug Certification ,along with two drug certification trials with The Boston Police Canine Academy. K9 DASTY is a proud member of the NEMLEC RRT/SWAT TEAM and responded to numerous incidents. K9

DASTY and I were also assigned to The Boston Marathon Security Detail in BOSTON providing security for over a million people, this past April. K9 DASTY and I continue with our training on a daily basis, including legal update courses and In-Service training at The Boston Police K9 Academy, NEMLEC RRT/SWAT monthly training.

We were recognized by the Arlington Rotary Club with the Community Person of the year award in June 2014. We also received two meritorious service awards in March 2014 from The Arlington Police Department.

I am proud to be able to serve The Arlington Police Department with K9 Dasty. I plan to continue to work hard and make sure this K9 program has continued success, as we have show over the past 8 years.

Subject: **Bomb Threat Investigation**

Adam - today at about 1:30pm the Principal of Arlington Catholic reported that his office had received a phone call from a male reporting that a bomb had been placed in the school and would detonate within the hour. The Principal made the decision to immediately evacuate the students to St. Agnes. Shortly thereafter St. Agnes School decided to dismiss their students for the day as a precaution.

As is being reported in the media several schools in the Commonwealth were targeted today and it remains to be seen what, if any, connection there is among the cases. The FBO Joint Terrorism Task Force has joined our investigation and APD Detective Brain Fennelley is our lead investigator.

Preliminarily the phone number used appears to be a "spoofed" number used in prior threats in the metropolitan Boston area. I will keep you posted on any developments and please let me know if you have any questions.

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request,

you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard

Subject: Boston Marathon - Reimbursement Information

Chiefs,

The following is a summary of how the reimbursement for the Boston Marathon explosions are going to be managed. The eligible reimbursement dates are April 15th – April 22nd. There were some discussions about extending to April 24th but at this point, these are the dates that are covered. **IF** they do approve, it will only be for the memorial service at MIT, which was attended by the VP/Biden. I will let you know on that, but we are proceeding now as follows:

<!--[if !supportLists]-->1. <!--[endif]-->[NEMLEC Unit response – this is what we will be managing: All officers that responded as part of a NEMLEC unit will be submitting their reimbursement request through NEMLEC. We will handle this as we do any other Boston request for assistance, using our MOU and addendum, however, the documentation requirements will be more extensive \(see below\).](#)

<!--[if !supportLists]-->2. <!--[endif]-->If a municipality deployed via a request from the city of Boston, they will be required to execute a Post Mutual Aid Agreement with the city, and submit their reimbursement request directly to them. This applies to those agencies that sent personnel outside of a NEMLEC unit. We had been working to include those costs in our reimbursement, and they went back and forth on allowing and non-allowing that. While it was our preference to handle all, and I think Boston's, FEMA legal decisions mandated that these responding personnel work directly with Boston. Please be aware that Major City Chiefs will not be handling any reimbursements – if you have submitted something to them, please ensure you follow up on your own

with Boston to get reimbursed.

<!--[if !supportLists]-->3. <!--[endif]-->If a municipality had costs in **their own jurisdiction (NOT Mutual Aid Costs)** and are in one of the designated counties, Suffolk, Norfolk, or Middlesex, they will complete a Request for Public Assistance (RPA) form thru MEMA and become an applicant for FEMA EM 3362. FEMA will schedule a kickoff meeting once notified by MEMA. I believe there are only two agencies that this 3rd option will apply to – Watertown and Cambridge. If they are a NEMLEC member (Watertown) any reimbursement costs for personnel that deployed with a NEMLEC unit will go through NEMLEC for that part of their response. Any other expenses will go in accordance with 1 and 2 above. If you believe you had your own jurisdiction costs, please inquire to MEMA – I can give you contact information.

So, for number 1:

ONLY overtime costs will be paid for each hour directly worked on assignment for the City of Boston relative to the incident. This may include “back-fill” overtime costs to replace officer hours on direct assignment to Boston. As always, only one can be reimbursed. I will provide more information on the costs with the instructions email, which I will copy you on. Unless you request it, I will work directly with your designee (if that’s not you) and will not copy you on all correspondence after the first email. We will work with your staff to get this done, and you will be required sign the submission – as always – once it is ready to be sent to NEMLEC.

I am waiting for the final excel file from Boston – once I get that (hopefully today), I will be sending the email out to you or your designee with instructions. Please let me know if you have any questions, thanks!!

Subject: Boston PD Request

Adam – Boston PD has contacted area departments to request mutual aid for tomorrow's visit by President Barack Obama. We will be cancelling days off tomorrow for all off-duty Arlington Officers and we will report to designated staging areas in Boston for the day. We will obviously hold back necessary personnel to properly staff shifts here in Arlington.

The tragic events of this past week and the corresponding emotional roller coaster for all members of our community came full circle when we learned that one of the victims of this terrorist attack lived and worked right here in Arlington. I am proud of all the men and women of the APD for their professionalism following the attack and I am particularly proud of those officers who have been on 12 hour rotating shifts in Boston since Monday (i.e. the NEMLEC Officers Rob Pedrini, James Smith, Mike Foley, and Greg Foley).

I will keep you briefed as we plan our response. Please let me know if you have any questions.

BREAKING NEWS ALERT

Fifty immigrants across the state were among nearly 500 nationwide arrested for federal immigration violations in an operation that targeted so-called sanctuary cities.

In a statement from US Immigration and Customs Enforcement, Massachusetts was the only state singled out.

Subject: **Death Investigation**

Adam - Patrick Beagan, age 45, who had reported to APD as missing, was found deceased at about 4 a.m. by APD and Cambridge officers, with the assistance of NEMLEC k9's in a marshy area near Acorn Park Drive on the Cambridge side. Mr. Beagan had sent a time delayed email to family describing the general area where he could be found. After an initial search, it was determined that the area to be searched was quite large so we summoned the air wing and NEMLEC resources.

This does appear to be a suicide. The Office of the Chief Medical Examiner will make the final call. We are supporting family as proper notifications are made. Given the fact that we used our social media channels widely in asking for the public's help we will now have to figure out a sensitive way to message this.

Please let me know if you have any questions.

Subject: FBI Joint Terrorism Task Force (JTTF) Ongoing Investigation

Adam – last evening I was in contact with Boston Police Commissioner Evans relative to an investigation that they were conducting in the Fenway area of Boston. A large quantity of chemicals had been located in the basement of Fenway Market on Kilmarnock St in Boston. The owner of that business, Samir Shaikh age 42, also owns Fenway Market 203 Broadway in Arlington (formerly Juniors Market). Commissioner Evans asked that we secure the Arlington location and await the arrival of Boston PD and JTTF. The premises was lat searched by Arlington investigators, Boston PD, and the JTTF and no chemicals or explosives were located. This matter remains under investigation.

This message is intended to keep the town's leadership informed of sensitive ongoing investigations. Any requests for comment from the public or media should be referred to my office. Here are a few media links:

http://www.boston.com/news/2015/09/08/police-investigating-hazmat-situation-boston-fenway-neighborhood/jlaC3b15PzI3aN47QN5E2O/story.html?p1=feature_stack_5_hp

Chiefs of Police, Middlesex County Municipalities
Honorable Kathe M. Tuttmann, Regional Administrative Justice, Middlesex County
Honorable Lynda M. Connolly, Chief Justice of the District Court*

Date: February 13, 2012

Subject: Recent Changes to ICE Detainer Procedures and Form

Recently, the federal Immigration and Customs Enforcement (ICE) agency issued a number of new measures together with a modified Immigration Detainer form for use in the filing and processing of detainers against suspected illegal immigrants found within the United States. I have attached a copy of ICE's notice of the changes as well as the new form for your information.

These new measures apply whenever ICE seeks to gain custody of a defendant held in a state, county or local facility either on pending charges or serving a sentence. The purpose of the measures is to give broader notice both to the potential ICE detainees as well as state and local law enforcement agencies about their respective rights and options during the ICE detention process. They also serve to provide ICE detainees with better access to ICE officials while in state, county or local custody.

Specifically, the new measures are as follows:

1. A state, county or local holding facility (e.g., PD, jail, etc.) upon request by ICE should give a defendant in state custody for whom an ICE detainer has issued a copy of the ICE completed detainer form. This will put the defendant on notice that ICE intends to take custody of him/her and provides them with a toll free, 24 hour hotline for the defendant to call if he/she has a complaint about the detainer or any related questions.

2. The state, county or local holding agency is authorized upon ICE's request to hold the defendant/ICE detainee for up to 48 hours (excluding Saturdays, Sundays and

holidays) beyond when the defendant would otherwise have been released from state custody, but not longer than that time period. (This time frame is designed to allow ICE sufficient time to take physical custody of the defendant once ICE has expressed intent to do so.) Also, all ICE detainees are instructed to contact the state, county or local holding agency if he or she is held beyond that time period with any questions about their release.

3. ICE discourages the dismissal of state criminal charges based upon issuance of an ICE detainer, and it makes it clear that a detainer is not to impact a defendant's conditions of the state detentions (e.g., classification, work assignment, etc.).

4. Finally, the new measures provide an "ICE Support Center" telephone number if a law enforcement or prosecuting agency wants to request that a defendant for which an ICE detainer has issued remain in the US because of his/her status as a defendant, victim or witness in a pending state criminal case.

To ensure compliance with and notification of these changes, the MDAO is recommending that you disseminate this email and the attached ICE news release and form to all of your personnel and others in the law enforcement and criminal justice system.

If you have any questions about these ICE changes, please contact ICE at 802-872-6020.

Subject: Boston Marathon reimbursements

Importance: High

Good Afternoon All,

I have attached the instructions and forms for requesting reimbursement for expenses incurred in response to the Boston Marathon bombings. Your name has been provided as the contact person for this effort, and/or the person that will be completing these forms.

The Word file contains the instructions and forms needed with your submission. You will be completing this in two parts – the documentation part and an excel spreadsheet. Please open the Word file first and review the instructions and forms there first so you will have an idea of what the package will look like.

Please submit the package and spreadsheet as soon as possible, but no later than July 12th. Please follow all instructions and submit completed packages to facilitate NEMLEC's quick and easy submission request to Boston PD and payment turn-around time.

Please let me know if you have any questions, thank you.

BEGIN TEXT

(U//FOUO) Continued Interest in Targeting Jewish Communities in the Homeland by Domestic Violent Extremists

(U) Scope

(U//FOUO) This *Joint Intelligence Bulletin* (JIB) is intended to provide an overview of violent threats against Jewish communities in the Homeland in the aftermath of recent attacks and disrupted plots. The FBI, DHS, and NCTC advise federal, state, local, tribal, and territorial government counterterrorism and law enforcement officials and private sector security partners responsible for securing Jewish communities to remain vigilant in light of the enduring threat to Jewish communities posed by domestic violent extremists (DVEs) and perpetrators of hate crimes. [1] This JIB is provided to assist federal, state, local, tribal, and territorial counterterrorism and law enforcement officials and private sector security partners in effectively deterring, preventing, preempting, or responding to hate crime incidents and terrorist attacks in the United States.

(U) Continued Attacks on Jewish Communities

(U//FOUO) At least four incidents since October 2018 against Jewish communities underscore the increasingly lethal threat racially/ethnically motivated violent extremists (RMVEs) and perpetrators of hate crimes pose to faith-based communities in the United States, particularly against soft targets such as religious and cultural facilities. [2] Jewish communities were targeted by both RMVEs espousing the superiority of the white race, as well as RMVEs with an ideology that interprets Black Hebrew Israelite beliefs in a way that justifies violence. [3] We remain concerned that other US-based individuals, to include RMVEs, could become inspired by these attacks and carry out further violence against Jewish communities. Most individuals have attempted to use simple tactics and relatively easily obtainable weapons such as firearms and edged weapons, although some have sought to use explosive devices.

- » (U//FOUO) On 29 December 2019, a New York-based individual allegedly attacked the home of a Hasidic rabbi in Monsey, New York, during a Hanukkah celebration, wounding five with an edged weapon. On 30 December, the individual was charged by complaint with five federal hate crimes offenses. [4] The investigation is ongoing.
- » (U//FOUO) On 10 December 2019, two individuals fatally shot a local law enforcement officer at a cemetery in Jersey City, New Jersey, and traveled to a nearby kosher supermarket where the subjects fired into the storefront with long-guns. The subjects then entered the supermarket, killing three individuals before barricading themselves inside, and engaging with the responding officers. The subjects were fatally wounded during the encounter.
- » (U//FOUO) On 27 April 2019, a California-based individual allegedly attacked a synagogue in Poway, California, killing one person and injuring three others. The individual stated that among other events, he was mobilized to commit an attack following the October 2018 Pittsburgh-based synagogue attack. On 21 May, the individual was indicted on numerous federal and state charges, including federal hate crime charges, and is currently awaiting trial.
- » (U//FOUO) On 27 October 2018, a Pennsylvania-based individual—who has been indicted for multiple federal charges, including violations of civil rights—allegedly shot and killed 11 worshippers at a synagogue

in Pittsburgh, Pennsylvania, and wounded two other congregants and four responding law enforcement officers, according to an indictment and DOJ press release. While inside the synagogue, the individual allegedly made statements indicating his desire to “kill Jews.” He is currently awaiting trial on hate crimes and other federal charges.

(U) **Vandalism and Arsons of Jewish Facilities**

(U//FOUO) In addition to violent attacks and plots, the FBI and law enforcement partners have investigated and arrested individuals who have vandalized or committed arson on property associated with Jewish institutions.

- » (U//FOUO) Between 15 and 17 September 2019, a New Jersey-based member of an RMVE group allegedly directed members of the group to vandalize minority-owned properties and otherwise stated he considered conducting acts of violence against minorities, such as a “suicide bombing,” according to the criminal complaint. On 21 and 22 September, law enforcement officers discovered that synagogues in Michigan and Wisconsin had been vandalized. The FBI arrested the individual for conspiracy against civil rights on 13 November 2019.
- » (U//FOUO) On 28 July 2018, an Indiana-based individual and a minor associate painted large Nazi symbols on the property of a synagogue in Carmel, Indiana, and burned the ground with a flammable mixture. The individuals intended to commit arson at the property by using homemade explosive devices but were deterred due to the synagogue’s security cameras and lights. The individual pleaded guilty to a federal hate crime and was sentenced to three years in prison.

(U) **Recent Disrupted Plots Targeting Jewish Communities**

(U//FOUO) In addition to the previous attacks, the FBI has arrested several individuals at various stages of plotting future attacks on Jewish communities.

- » (U//FOUO) On 2 November 2019, a Colorado-based individual was charged with three federal counts—including hate crimes—regarding an alleged plot to attack a local synagogue using explosives with the intent to intimidate the local Jewish community.
- » (U//FOUO) On 8 August 2019, a Nevada-based individual was charged with a federal firearms violation after a search of his residence revealed firearms and components of explosive devices. According to the federal complaint, the individual discussed committing an attack against a local synagogue.

(U) **Outlook**

(U//FOUO) The FBI, DHS, and NCTC assess DVEs will continue to pose a lethal threat to faith-based communities, particularly the Jewish community, in the Homeland and remain concerned about the difficulty of detecting lone offenders due to the individualized nature of the radicalization process.^{[5], [6]} Since 2018, DVEs have conducted at least three lethal attacks targeting faith-based communities—all three of which targeted Jewish persons—underscoring the persistent threat of lethal violence and hate crimes against the Jewish community in the United States. The FBI, DHS, and NCTC urge state and local authorities, as well as private sector partners to promptly report suspicious activities related to potential DVE attacks.

(U) **Related Products**

(U//FOUO) For additional information regarding threats to US-based law enforcement and religious entities by DVEs, please refer to the below JIBs:

- » (U//FOUO) “*Racially Motivated Violent Extremist Attack in New Jersey Highlights Continued Threat to Law Enforcement and Faith-Based Communities,*” dated 20 December 2019
- » (U//FOUO) “*Racially Motivated Attack on Synagogue in Halle, Germany, Continues Trend of Attacks against*

Religious Institutions,” dated 18 October 2019

(U//FOUO) “*Continued Interest in Targeting Faith-Based Communities in the Homeland,”*
dated 22 February 2019

(U) Report Suspicious Activity

(U) To report suspicious activity, law enforcement, Fire-EMS, private security personnel, and emergency managers should follow established protocols; all other personnel should call 911 or contact local law enforcement. Suspicious activity reports (SARs) will be forwarded to the appropriate fusion center and FBI Joint Terrorism Task Force for further action. For more information on the Nationwide SAR Initiative, visit <http://nsi.ncirc.gov/resources.aspx>.

(U) Tracked by: HSEC-8.1, HSEC-8.2, HSEC-8.3, HSEC-8.5, HSEC-8.8

END TEXT

[1] (U//FOUO) The FBI and DHS define a domestic violent extremist (DVE) as an individual based and operating entirely within the United States or its territories without direction or inspiration from a foreign terrorist group or other foreign power who seeks to further political or social goals wholly or in part through unlawful acts of force or violence. The mere advocacy of political or social positions, political activism, use of strong rhetoric, or generalized philosophic embrace of violent tactics may not constitute extremism, and may be constitutionally protected.

[2] (U//FOUO) Racially/Ethnically Motivated Violent Extremism (RMVE): This threat encompasses the potentially unlawful use or threat of force or violence in furtherance of political and/or social agendas which are deemed to derive from bias, often related to race, held by the actor against others, including a given population group. RMVEs use both political and religious justifications to support their racially- or ethnically-based ideological objectives and criminal activities.

[3] (U//FOUO) The Black Hebrew Israelite (BHI) movement espouses that western hemisphere-based black, Native American, Hispanic, and Caribbean people are the true Jewish race, and the chosen people of God; some RMVEs have an ideology that interprets BHI beliefs in a way that justifies violence.

[4] (U//FOUO) The FBI defines a hate crime as a criminal offense against a person or property motivated in whole or in part by an offender's bias against a race, religion, ethnicity/national origin, disability, gender, gender identity, or sexual orientation. For purposes of this JIB, domestic extremists and US persons who perpetrate hate crimes are referred to as domestic actors.

[5] (U//FOUO) The FBI, DHS, and NCTC define a lone offender as an individual acting alone or without the willing support of others to further social or political goals, wholly or in part, through activities that involve unlawful acts of force or violence. Lone offenders may act within the context of recognized domestic extremist ideologies, their own interpretation of those ideologies, or personal beliefs. The mere advocacy of political or social positions, political activism, use of strong rhetoric, or generalized philosophic embrace of violent tactic may not constitute extremism, and may be constitutionally protected.

[6] (U//FOUO) The FBI, DHS, and NCTC define radicalization as the process through which an individual changes from a non-violent belief system to a belief system that includes the willingness to actively advocate, facilitate, or use unlawful violence as a method to effect societal or political change.

Subject: Gordon Graham Seminar - January 5, 2016

Chiefs,

The NEMLEC Police Foundation is sponsoring a seminar on Risk Management conducted by Gordon Graham. The cost is \$75.00 per person. For additional details, I've attached the flyer as well as the training application.

With the holiday season approaching, it is important to register as soon as possible. The deadline for the training application to be submitted is December 15, 2015. Depending on the response, we may open up to non NEMLEC departments after that date.

I will also have flyers and training applications available at the annual NEMLEC meeting on December 9th at The Café Escadrille.

Regards,

Sharon Crowley

Capt. Flaherty – please make sure we put this out to all personnel and that we do a quick orientation for Dispatchers. It is pretty simple and the likelihood that we have many Arlington residents enrolled in not very high.

Do we need a general order?

Chief

Subject: Lo/Jack - MISSING PERSONS PROTOCOL
Importance: High

Chiefs,

As we have been discussing over the last months, NEMLEC has agreed to host Lo/Jack equipment at selected member agencies, and train a team of RRT officers to operate these units to assist in the location of missing persons who are outfitted with Lo/Jack bracelets. We have agreed to participate in this program, though NOT EXCLUSIVELY, to provide police personnel with an additional tool in search and rescue operations.

Attached please find console cards for your dispatch center for the Lo/Jack Safety net program. Please print – preferably on bright colored card stock – cut in three, and post at your dispatch station(s).

In the event a missing persons call comes in, please ensure your dispatchers ask the five questions on the cards prior to any call being made to North Andover Dispatch for RRT/Search & Rescue assistance.

Please note that NEMLEC has not endorsed this particular product or vendor, and that other members agencies are engaged in similar programs. Our agreement with Lo/Jack stipulates that they are not permitted to market their program with a claim of endorsement by us or any NEMLEC chief/agency (unless you have given them your permission).

Please let me know if you have any questions, thank you.

Subject: Middlesex Regional Safe Keep Program

Good morning Chief,

As we discussed yesterday, if you could forward the attached documents to the Chiefs in Middlesex County that would be helpful. The first attachment is the final version of the MOU which includes various updates throughout the pilot phase...most notably the retention of property language. The second attachment is a quick procedural memo for departments to use when requesting a safe keep...it outlines the contact information, transportation issues etc. It also includes my cell number if Chiefs or command staff have any questions/concerns on the associated documents. The third and fourth attachments are the same, one is hard copy and the other is PDF format,...these are the safe keep form that the departments should fill out when submitting a request to the MSO. As Sheriff Koutoujian stated yesterday providing as much information as possible, including health, medication as well as drug/alcohol use is important. Thanks for all your help.

Shawn Jenkins

Laura - can you please distribute this to NEMLEC Chiefs? Thank you!

The NEMLEC Motor Unit and the Lowell PD are sponsoring the 80 hour (two-week) Police Motor Operator School Monday, April 23rd through Friday, May 5th?

The fee is \$450 per student. Applicants should contact Lowell Officer Scott Sauve on his Cell: 1-978-853-5658 or Email: ssauve@lowellma.gov.

Officer Sauve will facilitate the application process and get the necessary billing information, etc. from each applicant. Applicants are required to be a sworn law enforcement officer, have a valid license with the motorcycle endorsement, and a department issued motor.

Subject: NEMLEC Region Inquiry to

Good afternoon STARS team and other educators/public safety professionals,

Today another school tragedy befell the nation, this time the victims were elementary school children. None of these tragedies are easy to hear about, let alone make sense of. This afternoon, I have received numerous inquiries by many districts as to what local officials can say to their communities, in order to guide parents, faculty and children during such a difficult time, when undoubtedly many have questions that are very difficult to answer.

Let me first state that this should be a joint decision on the major stakeholders in the community. Your relationships that you've establish in advance will serve you well during these times. Parents will be looking for schools and public safety officials to be working in concert to present a unified message, if one is decided to be released. This is a local decision.

Some communities may decide to ask for a heightened police presence at their schools come Monday. I have already been contacted by several communities that are planning this. Again, this is a local decision best made by community leaders weighing out the need for a show of security for parents and kids vs. further exciting the children and potentially heightening fears that their school will also become the victim of a tragedy. I would never suggest not doing this if you decide as a team that is what is best for your district, but simply stating that the best course of action is to meet and discuss this with your counterparts in your district and explore all options that fit your community.

I have attached a link to the National Association of School Psychologist website, that directly links to an extremely helpful guide for communities to utilize as a foundation for their potential responses. The NEMLEC STARS team has worked with NASP in the past; both in a training capacity and during tragic incidents, and I am confident that the suggestions you will find in this link will aid you greatly in your prepared responses.

http://www.nasponline.org/resources/crisis_safety/terror_general.aspx

Additionally a .pdf on dealing with school violence has been included also.

I am sorry I could not call you all back individually, but I hope this helps answer some of your concerns and questions that many of you have asked today. Please forward this to any school personnel, and public safety officials as you see fit.

If we can be of any further help, please let me know. Thank you.

Best regards,

-Scott

Subject: NEMLEC Specialty Unit Callout Requests

Sharyn, Would you please forward this to our chiefs? Thank You, John

Chiefs,

As a result of the COVID-19 pandemic, I need to ask that until further notice - callouts for SWAT, RRT, and K-9s be limited to dire emergencies. We have police departments that are depleted because of this emergency for a variety of reasons. We stand ready to respond to serious incidents like active shooters, barricaded gunmen, and hostage situations. Other requests for resources will have to be evaluated on a case by case basis. Please feel free to call me on my cell if you have any questions. If I'm not available, please feel free to call chiefs Nix or Conley. Thank you for providing your officers to NEMLEC, together we are all safer.

Respectfully,
John Fisher (cell 978-888-4842)
Control Chief

Scott Nix (cell 978-580-0317)

Subject: Reimbursement - Boston Marathon
Importance: High

Hi Chiefs,

Below please find an email from the Boston PD Finance director about the process for reimbursement. I have intentionally tried not to give you any information until things were absolutely final, as the process has changed several times. This should be the last one, we are moving forward with our addendum, and I will be sending you reimbursement forms and instructions by COB tomorrow. I would have waited to send you anything but I believe Mass Chiefs is going to forward this email as well, and I wanted you to know how we are proceeding.

The email below describes the three types of reimbursements – the only change from the last email I sent you is that they have decided that Major City Chiefs WILL be submitting a reimbursement on behalf of those agencies that sent officers in response to the request that Commissioner Davis sent for officers through them. I believe many of you have already submitted information to them.

If you will be submitting a reimbursement request to directly Boston *in accordance with #3 below*, please let me know ASAP.

Cc: Fraley, Lynda; BKyes@chelseama.gov
Subject: Email for Reimbursement Notification

Good morning,

This email is in response to many emails we have been receiving regarding Mutual Aid reimbursement. All cities and towns who provided mutual aid during the Marathon bombing ("Critical Incident") and are seeking reimbursement, will fall into one or more of the reimbursement categories listed below:

- <!--[if !supportLists]-->1. <!--[endif]--> NEMLEC/METROLEC Response: Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department ("BPD").
- <!--[if !supportLists]-->2. <!--[endif]--> Mass Major City Chief Association: Officers who responded to the direct request from Mass Major City Chiefs Association ("MMCCA") for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.
- <!--[if !supportLists]-->3. <!--[endif]--> Direct Response: Cities and towns who deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. ; Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

Please note: if your town provided resources through multiple avenues above, you will need to request reimbursement for those costs through each channel. For example, if some officers responded through a LEC and others through direct response, you will need to submit the LEC officer's time through the LEC, and the direct response costs directly to the BPD through a separate MOA.

Listed below is my contact information.

Sincerely,

Lisa J. O'Brien

Hi Bob,

Please see attached. The first is a 3-month invoice and is what is due for the first quarter - this is what we asked for and we need to pay this. We will pay the \$83.55. Do you want us to pay and then bill you and Arlington (or you)?

We still need to determine if this is going to be cancelled or not. We can still do this for you and Arlington, or you guys can take it over yourselves, but as I said it is \$12,000 a year (see attached: the second invoice - I have asked for a revision - is for a full year. I am waiting for another invoice with the 3 NEMLEC pocket cops and the Mass OIG removed. Those fees deducted will make the invoice about \$11,800).

Please let me know what you want to do, thanks.

Subject: (Archive Copy) Fwd: ICE Detainers
Date: Wednesday, April 26, 2017 10:52:05 AM

Jess,

I received the following request. Please draft a response and forward to me. Danielle has pulled the reports and I have reviewed them. There is a report involving a rape of a child that we will not release. Please review the other reports and redact any information as needed. If you have any questions, please let me know;
Thank you.

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard

To: Sharyn Lubas
Subject: Indoor // Outdoor Firing Range

Hi Sharyn.

Could you forward this request to the NEMLEC Chiefs.

In early 2017, Lexington will be studying our outdoor firing range to consider moving it (onsite at the Hartwell Avenue compost facility), enlarging and/or expanding its function. If the former landfill can accommodate a larger range and be designed to reduce sound, Lexington will consider making the range a regional facility. I hope that an indoor training space can also be built with a classroom or two, an indoor simulation training space for 24/7 training, restrooms and storage. I am also brainstorming whether this indoor training space could also be designed to provide hands on training for ALICE/Run-Hide-Fight training as well.

Could you please send to me any architects, specialists or designers you have used for building an outdoor / indoor firing range. If they have any experience with using a retired landfill -- that would be great.

Chief Mark Corr

Chief Corr, Capt. Curran,

Our meeting tomorrow will be in the Belmont Town Hall in conference room 1, but it would be best if we meet at the police station. Please park in the station lot on the corner of Pleasant Street/Route 60 and Concord Avenue. There will be two traffic cones reserving spaces for you. If I am not out there, please move a cone and take the space. Come around the front of the building into the lobby and ask for me.

I have attached three documents. Please read the one page "Memo regarding PGA event." The others are attached for your interest.

Adam – we are actively searching for a missing/endangered 16 year old female who has a history of mental illness. As part of our investigation we traced her cell phone to Menotomy Rocks Park where a suicide note and all of her other belongings were found. We have closed the park and our officers are searching the area on foot. Meanwhile we have called for the NEMLEC police dive team and the state helicopter to do an aerial search of the pond.

This is a very active situation and I will keep you posted as we go along. We're hoping for a favorable outcome.

Subject: Motor School

Cpt Curran,

I am writing to inform you that there is a 2 week, 80 hour motor school starting on 5/20/19 and ending on 5/31/19. It is put on through the Lowell PD and is NEMLEC sanctioned. I was hoping to dedicate myself for the 2 weeks as an instructor, and am asking your permission to do so. As I have done in past years, I will take my AM shifts in leu of the training and work my PM shifts as regularly scheduled. I believe that last year the APD was allowed one free spot in the class for an Officer to attend, due to my commitment. If you want to put this training opportunity out for selection I would gladly assist with the process. I'm not sure how to get that Officer signed up for the class, but can make some phone calls to find out and get it done. Thank you in advance for you assistance on this matter.

NEMLEC Foundation to Host Beyond Sandy Hook Seminar

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce that it will host a seminar in June highlighting critical analysis and lessons learned from the Sandy Hook Elementary School Shooting.

WHEN

Monday, June 5

Registration begins at 8 a.m.

Seminar from 9 a.m. to 3 p.m.

WHERE

Regis College, 235 Wellesley St., Weston

WHO

Connecticut State Police Instructor Daniel Jewiss, who was the case officer for the Sandy Hook Shooting, and Connecticut State Police Lt. Eric Murray.

WHAT

"Beyond Sandy Hook, Critical Analysis and Lessons Learned from the Sandy Hook School Shooting" is a one-day seminar designed as both a presentation of the critical analysis of the Sandy Hook Elementary School shooting and a skill builder for dispatchers, first responders, detectives, supervisors and commanders.

Presentations will cover constructive insights and key takeaways that were learned through first-hand experience and critical analysis of Sandy Hook and other active shooter events. Instructors will focus on active shooter dispatch, crisis response planning, investigative considerations and community recovery.

Topics will include:

- The definition of an active shooter
- The Sandy Hook Elementary School shooting -- what really happened
- Active shooter dispatch -- script writing
- First priorities for first responders
- The Reunification Process
- An Investigator's Role
- Command Post Operations
- Supporting Victims' Families
- Personnel Wellness
- After Action Review Process

The cost of the seminar is \$50 per person, which includes lunch. To register, please contact Sharon Crowley at nemlecfoundation@yahoo.com by May 31.

WHAT

"Beyond Sandy Hook, Critical Analysis and Lessons Learned from the Sandy Hook School Shooting" is a one-day seminar designed as both a presentation of the critical analysis of the Sandy Hook Elementary School shooting and a skill builder for dispatchers, first responders, detectives, supervisors and commanders.

Presentations will cover constructive insights and key takeaways that were learned through first-hand experience and critical analysis of Sandy Hook and other active shooter events. Instructors will focus on active shooter dispatch, crisis response planning, investigative considerations and community recovery.

Topics will include:

- The definition of an active shooter
- The Sandy Hook Elementary School shooting -- what really happened
- Active shooter dispatch -- script writing
- First priorities for first responders
- The Reunification Process
- An Investigator's Role

- Command Post Operations
- Supporting Victims' Families
- Personnel Wellness
- After Action Review Process

The cost of the seminar is \$50 per person, which includes lunch. To register, please contact Sharon Crowley at nemlecfoundation@yahoo.com by May 31.

NEMLEC Foundation to Host Crime Scene Preservation for First Responders Seminar

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce it will host a two-day Crime Scene Preservation for First Responders seminar next month.

The training will be held on **Oct. 17 and 18 from 9 a.m. to 3 p.m. at the Cross Point Towers, 900 Chelmsford St. in Lowell.** Registration and coffee will be at 8 a.m. on Oct. 17.

This seminar will cover topics including crime scene identification, documentation and preservation of evidence, legal issues concerning death investigations and sexual assaults, and motor vehicle stops and drug investigations.

The course is \$100 per person for both days and includes a continental breakfast as well as lunch and dessert. The training is open to all supervisors and patrol officers.

Those who are interested in attending should fill out [this training form](#) and submit it **no later than Oct. 11** to Sharon Crowley at nemlecfoundation@yahoo.com or mail it to:

NEMLEC Police Foundation, Inc.
P.O. Box 458
Dracut, MA 01826

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns.

Subject: NEMLEC motor unit

Cpt,

I believe that I saw a DHQ announcement in regards to any Officers interested in being selected to the NEMLEC Motor Unit were to email Lt Kiernan by a certain date. I was wondering if you have made a selection in regards to this and also, I know that Off Martin tested out with the Lowell PD instructors and passed with flying colors. I wanted you to know that the test scores from the course which our Officers attend, are only valid for a year to the date of the test out. Any Officer must pass that course with an 80 or above (to be eligible for NEMLEC) and if not added to the unit prior to the following year, their score will expire. They do have the option of retesting if a class is being held, but I was wondering if any thought has been given to this since the post was put out? I know Off Martin received a 98 on his test out back in August and Off Kelley is willing to test out and get a passing score if selected. I just wanted to let you know that these scores do expire and that the Officer can join immediately if appointed prior to expiration. We have a training coming up in July, the 13th or the 20th, the FBI shooting range day, which is actually a pretty cool and intense training day. It would be great if the our new member of the unit could take part in that day as well as get his foot in the door and meet the other members. Just a thought Cpt, like I said, I was just wondering if there was any further movement on assigning an Officer to the unit, simply for the selfish reason that I would love to ride with someone on the callouts and get them involved with the unit in the near future.

Truly, Sgt Rob Pedrini

Good afternoon STARS team and other educators/public safety professionals,

Today another school tragedy befell the nation, this time the victims were elementary school children. None of these tragedies are easy to hear about, let alone make sense of. This afternoon, I have received numerous inquiries by many districts as to what local officials can say to their communities, in order to guide parents, faculty and children during such a difficult time, when undoubtedly many have questions that are very difficult to answer.

Let me first state that this should be a joint decision on the major stakeholders in the community. Your relationships that you've establish in advance will serve you well during these times. Parents will be looking for schools and public safety officials to be working in concert to present a unified message, if one is decided to be released. This is a local decision.

Some communities may decide to ask for a heighten police presence at their schools come Monday. I have already been contacted by several communities that are planning this. Again, this is a local decision best made by community leaders weighing out the need for a show of security for parents and kids vs. further exciting the children and potentially heightening fears that their school will also become the victim of a tragedy. I would never suggest not doing this if you decide as a team that is what is best for your district, but simply stating that the best course of action is to meet and discuss this with your counterparts in your district and explore all options that fit your community.

I have attached a link to the National Association of School Psychologist website,

that directly links to an extremely helpful guide for communities to utilize as a foundation for their potential responses. The NEMLEC STARS team has worked with NASP in the past; both in a training capacity and during tragic incidents, and I am confident that the suggestions you will find in this link will aid you greatly in your prepared responses.

http://www.nasponline.org/resources/crisis_safety/terror_general.aspx

Additionally a .pdf on dealing with school violence has been included also.

I am sorry I could not call you all back individually, but I hope this helps answer some of your concerns and questions that many of you have asked today. Please forward this to any school personnel, and public safety officials as you see fit.

If we can be of any further help, please let me know. Thank you.

Best regards,

-Scott

Subject: NEMLEC STARS CRT: COVID-19 Documents

CAUTION: This email originated from outside of the Town of Arlington's email system. Do not click links or open attachments unless you recognize the REAL sender (whose email address in the From: line in "< >" brackets) and you know the content is safe.

Chiefs,

A subgroup of STARS CRT has been working on developing resources and information to share with our NEMLEC communities regarding a death due to COVID 19. They wanted to be proactive and have documents available should a loss occur in any of the NEMLEC school districts.

The documents the team developed are listed below. They can be shared via the link without worry of editing. Lt. Sencabaugh is working on inserting the documents into our existing STARS toolkit to be available online via the STARS Toolkit website (www.starstoolkit.org). While we are not sure how long that will take, they have provided these documents to STARS CRT staff to have in case of a need in their district.

NEMLEC STARS: COVID-19 Resources

Good Afternoon,

Next meeting will be November 21st and is going to be in Cambridge at Microsoft Headquarters from 11-3. Lunch will be served and the times should help with the traffic situation. Really wanted to get some Microsoft help at this meeting and they don't like Oracle and Oracle doesn't like them so that's why we're not doing Burlington on this one. ☺

I'll send out an agenda when I get it and a meeting request as we will be needing a head count for food.

Thanks,

Greg Katz

Reply-To: Sharon Crowley <nemlecfoundation@yahoo.com>

Chiefs,

We still have room for the Advanced Criminal Investigation training to be held in Holliston on February 28th and March 1st. This training is for detectives that took the 2-week Criminal Investigation class.

We currently have 7 detectives signed up. The folks at BU would like to have 15. If they don't get close to that number, they will cancel.

Please let me know if there's an interest.

All,

Please see below and attached. Officer Remigio was really one of the "good guys". I was on the NEMLEC M/C Unit w/ him for a number of years. I have JLMC in AM/early afternoon. Call or text me w/ any questions. It would be nice if we had a decent showing of guys considering its a neighboring city and we've always had a great working relationship w/ SPD.

Thanks,

Rick

Subject: Officer Remigio Wake / Funeral Services

To all personnel:

Thursday, October 12, 2017 – Wake

All SPD sworn officers, **NO EXCEPTIONS**, will be in the following uniform:

- <!--[endif]-->Five-Star hat
- <!--[endif]-->Short-sleeve uniform shirt
- <!--[endif]-->Mourning band on breast badge
- <!--[endif]-->Duty belt
- <!--[endif]-->Polished boots/dress shoes
- <!--[endif]-->White gloves (if you do not have white gloves, they will be provided at the wake)

"Courier New" <!--[endif] -->o <!--[endif]-->Please hold on to the gloves as they will be needed the following morning for the funeral

This applies to **ALL** officers (including detectives) working Dayshift AND First Half.

ALL officers attending the wake will meet at Dilboy Stadium parking lot, no later than **2pm**. There will be buses at the staging area that will transport officers to and from Doherty Funeral Home. Once at the funeral home, officers will form up and form up for the walkthrough.

Friday, October 13, 2017 – Funeral

All SPD sworn officers, **NO EXCEPTIONS**, will be in the following uniform:

- <!--[endif]-->Five-Star hat
- <!--[endif]-->Short-sleeve uniform shirt
- <!--[endif]-->Mourning band on breast badge
- <!--[endif]-->Duty belt
- <!--[endif]-->Polished boots/dress shoes
- <!--[endif]-->White gloves

This applies to **ALL** officers (including detectives) working dayshift.

ALL officers attending the funeral will meet at Dilboy Stadium parking lot, no later than **9:30am**. There will be buses at the staging area that will transport officers to and from St. Clement Church for the funeral services.

The Remigio family has invited all to attend a collation to continue celebrating the life of Officer Louis Remigio, immediately following the funeral services at the Somerville Holiday Inn.

Subject: Re: Arlington Police Department Presence at Boston Protests

Hi Nicole,

Thank you for writing about this matter. Arlington did have an officer on bicycle dispatched in Boston yesterday. For broader context, please see the narrative from the Chief pasted below. Please notice that we have discontinued sending officers for the time being.

"Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time."

Thank you again for writing and I would be happy to discuss further if you would like.

Best,
Adam W. Chapdelaine
Town Manager

Subject: Arlington Police Department Presence at Boston Protests

CAUTION: This email originated from outside of the Town of Arlington's email system. Do not click links or open attachments unless you recognize the REAL sender (whose email address in the From: line in "<>" brackets) and you know the content is safe.

Town Leaders of Arlington,

I am writing to discuss the presence of the Arlington Police Department at recent protests in Boston, and entreat that you hold your organization accountable. Your mission is to protect your community and promote peace— and yet, in sending the APD, you abet the nightly violence incited by the police force. Your own residents attending these protests have been shot with baton rounds, beaten, and pepper sprayed as a result.

Every video and firsthand account has been unequivocal in its depiction of the events that occurred. Towards the end of Sunday night's peaceful protest, the police sent their vehicles at high speeds towards the crowds, allowed them insufficient time to disperse, actively blocked off exit roads, and then opened fire onto a cornered crowd. Their violence was immediate, unprompted, and indiscriminate. Last night followed a similar pattern. Following a peaceful march, in a park far removed from local businesses, the police drove their SUVs and vans directly into the crowds of protestors, flanked by cops on foot with long clubs.

The police are instigating violence, descending on peaceful crowds whose sole mission is to raise their voices in the name of peace, safety, and equality. And among them, identified by eyewitnesses, were members of the APD.

The Chief of Police expressed in the Arlington statement regarding the death of George Floyd that he “condemn[s] these acts in the strongest possible terms.”

In response, I have a few questions:

Why are you spending money during this time of pandemic austerity to send the APD alongside the Boston Police Department as they plow into crowds of protesters?

How can you, in good conscience, release a statement to the Arlington community that supports the intrinsic values of these protests, when you contribute to the persistent abuse by sending reinforcements to the BPD?

I urge you to actively refrain from aiding the Boston Police Department. Stand in solidarity with the protestors. Work with us to foster peace, not destroy it. Let your actions reflect your words, and remove Arlington police presence from future protests.

There have been enough headlines about the brutality and deaths caused by the police. Help us keep the next one from starting here.

Sincerely,

Nicole Cerundolo

Good morning Rebecca,

I'll hold on to this; however, we cannot process any payments until we have a signed MOA in place. We are hoping to have those out in the next couple of weeks. The MOA will include what supporting documentation will be required, along with the spreadsheet, in order for us to process payment.

If you have any questions, please call me.

Best regards,

Lisa

Hi Lisa,

I have attached the excel spreadsheet for Arlington's mutual aid reimbursement request. This request is for non-NEMLEC response to Watertown. Chief Ryan will need to sign the MOA with Boston. He can be reached at 781-316-3901 or fryan@town.arlington.ma.us

Thank you,
Rebecca

Rebecca,

I know everyone is anxious about the reimbursement process. At this time, nothing has been decided, they are not ready and do not know how this is going to be done. They are working on it – it has changed and changed again – at this point we are standing down until we have a definitive process identified. When I know, I will send all the chiefs the information on the process. Please be patient.

Hi Laura,

After meeting with FEMA on Thursday we were advised to seek reimbursement for the Presidential visit from Boston and to seek reimbursement for added security measures in Arlington directly through FEMA. But I am still unclear about non-NEMLEC officers who went to Watertown. Should we be sending that information to Boston also?

As far as our NEMLEC response, do you need any further information from us?

Thank you,
Rebecca

Subject: Boston Marathon - Reimbursement

Importance: High

Chiefs,

We met with FEMA last week on the reimbursement process for the marathon mutual aid. As an update, no decisions have been made regarding the process and documentation needed – they are still trying to figure out exactly how the reimbursement for this event will be managed. As soon as we know how to proceed, we will let you know. We are strongly emphasizing the need for us to get information as quickly as possible to ensure all agencies receive the reimbursement that is available. We expect to have another meeting in the next week or so and hope to have more information then.

ATTENTION/IMPORTANT – FOR THOSE AGENCIES THAT SENT IN AID SEPARATE OF NEMLEC UNITS/OUTSIDE OF THE NEMLEC RESPONSE:

We did confirm that we will not be able to include these numbers within our NEMLEC response/reimbursement. You need to send Boston PD a bill if you sent officers in response to Commissioner Davis's request for additional support/officers. Again – this is for officers **THAT WENT IN ON THEIR OWN AT YOUR DIRECTION – NOT WITH A NEMLEC UNIT**. Please do not send them a bill for any other responding officers. At this point, that would be at least the following agencies, which I have as sending in officers outside of a NEMLEC response:

Groton Police Department
Lincoln Police Department
Lawrence Police Department
Peabody Police Department
Woburn Police Department
Salem Police Department
Arlington Police Department
Somerville Police Department
Belmont Police Department
Wakefield Police Department
Westford Police Department

We will be in touch soon.

Subject: RE: FW: Reimbursement - Boston Marathon

Rebecca,

The attached submission form/spreadsheet and instructions were sent to J. Flaherty a couple of days ago. S/He is the person Chief Ryan – or his designee – gave me as the contact person for the reimbursement.

The reimbursement must be submitted in accordance with these directions. A previous email summarized the process (below FYI). You will only submit anything directly to Boston if Arlington sent officers outside of NEMLEC units and outside of the Presidential visit. As you seem to be already aware, Major City Chiefs will do the visit. Reimbursements for all unit personnel from 4/15 – 4/22 will go through NEMLEC . Perhaps it would be appropriate for you to check with J Flaherty on the process for your agency – he/she might be working on it already.

Here is text from the email:

- <!--[if !supportLists]-->1. <!--[endif]--> NEMLEC/METROLEC Response: Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department (“BPD”).
- <!--[if !supportLists]-->2. <!--[endif]--> Mass Major City Chief Association: Officers who responded to the direct request from Mass Major City Chiefs Association (“MMCCA”) for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.
- <!--[if !supportLists]-->3. <!--[endif]--> Direct Response: Cities and towns who deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

If you did send officers independent of NEMLEC units or the Presidential visit, please let Lisa know. If you did not, Major City Chiefs and NEMLEC will handle the reimbursement.

Subject: Reimbursement - Boston Marathon

Importance: High

Hi Chiefs,

Below please find an email from the Boston PD Finance director about the process for reimbursement. I have intentionally tried not to give you any information until things were absolutely final, as the process has changed several times. This should be the last one, we are moving forward with our addendum, and I will be sending you reimbursement forms and instructions by COB tomorrow. I would have waited to send you anything but I believe Mass Chiefs is going to forward this email as well, and I wanted you to know how we are proceeding.

The email below describes the three types of reimbursements – the only change from the last email I sent you is that they have decided that Major City Chiefs WILL be submitting a reimbursement on behalf of those agencies that sent officers in response to the request that Commissioner Davis sent for officers through them. I believe many of you have already submitted information to them.

If you will be submitting a reimbursement request to directly Boston *in accordance with #3 below*, please let me know ASAP.

Subject: Email for Reimbursement Notification

Good morning,

This email is in response to many emails we have been receiving regarding Mutual Aid reimbursement. All cities and towns who provided mutual aid during the Marathon bombing ("Critical Incident") and are seeking reimbursement, will fall into one or more of the reimbursement categories listed below:

1. NEMLEC/METROLEC Response: Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department ("BPD").
2. Mass Major City Chief Association: Officers who responded to the direct request from Mass Major City Chiefs Association ("MMCCA") for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.
3. Direct Response: Cities and towns who deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. ; Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

Please note: if your town provided resources through multiple avenues above, you will need to request reimbursement for those costs through each channel. For example, if some officers responded through a LEC and others through direct response, you will need to submit the LEC officer's time through the LEC, and the direct response costs directly to the BPD through a separate MOA.

Listed below is my contact information.

Sincerely,

Lisa J. O'Brien

Chiefs,

This is a request to see if you are able to send a cruiser to Lucas St Onge's 9th birthday party and 4 year anniversary of his last transplant. He is the young man Chief Fisher spoke about on the NEMLEC meeting call last week that chiefs may remember from the Jimmy Fund Walk

each year. His picture is on our board at Dana Farber. He lives at 314 W Meadow Road in Lowell, but police officers are meeting at the **Wang Middle School, 365 W Meadow Road in Lowell at 1:30 PM. The drive-by at 2 PM is being facilitated by the Lowell Police Department.**

If you are planning on sending a cruiser please reply to this email so we can forward the information to Lowell P.D.

Thank you.

Subject: RE: Motor Cycle lockers in Sallyport

Cpt,

We were told by Cpt Flaherty that we could use those lockers for our motor cycle gear, which is what we are using it for. I was under the impression those would be moved back into the motorcycle bay when renovation was complete. Officers have an abundance of items that would not fit in their personal lockers upstairs. Thus is the reason we were allowed to use those when they were in the motorcycle bay.

Personally, I have 2 jackets, rain gear, 2 helmets, and several other items pertaining to cold weather and such. The motorcycle Officers have been using these for several years now and I hope we could come up with a solution other than emptying them and throwing them out. I will personally move them to a different location if need be. Hopefully we can figure something out, and I know only 3 Officers use them due to the fact that the combination to one of them was not known. Off J Kelley, J Smith and myself use them. I have NEMLEC as well as APD gear that is stored in that locker.

Thank you, Rob Pedrini

Sorry Captain didn't reply to your other question — I don't know the OT status of those two PM's I'd be working in-lieu-of, however I'm guessing there are little to none overtime's on those involved PM's as of now.

Best,

Steve Conroy

Subject: Fw: Salem deployment

Good evening Captain,

NEMLEC sent this out today, and they are looking for immediate response for various dates in October.

Two dates would earn me approximately a full day (8 hours) of OT (I will likely take for time-due), and one day I anticipate will be approx. 4-6 hours. Two other evenings I would respond in lieu of my PM shift. For planning/budget purposes, I cannot work Halloween as I am going to the MPA annual convention as a Dept. Delegate, and I am responding immediately from the convention to NYC, to run my marathon I have been training for!

I will send you a quick line from my town account too, I hope the attachment opens up no problem for you sir. I will be working a detail in the morning, 9/18/19, in the event you have any questions/concerns.

Thanks in advance sir.

Best,

Ofc. Steve Conroy

Subject: Salem Deployment

All,

Attached are the dates and times for the Salem deployment in October. Salem only reimburses for Halloween night so make sure your Chief okays the overtime. All events are based on the weather. Let me know your availability ASAP. They are only requesting 10 officers per shift. I know most of you have families but it would be great if I can get 10 for Halloween night.

Adam,

See below. I have to do some research but I'm pretty sure I brought this to Brian a couple of years ago and asked him to sign on. Can't remember the conversation but I am pretty sure we agreed to sign.

What do you think? Call to discuss?

You guys were on our list as not having opted in, which is why you got the email. I can attached what I was sent for you to look at, not sure I have anything more formal showing you as not opting in.

Thanks,

Mike,

Can you check to see if we ever signed on to the Mutual aid agreements? I know I brought it to the Town Hall in 2011 but can't find a signed contract. If you find anything can you send it back to me.

Thanks.

Subject: Statewide Mutual Aid Opt In Meeting

Good morning,

MEMA will be holding meetings regarding the Statewide Mutual Aid Bill and Statewide DPW Mutual Aid bill that were passed last year. Over the past few years, we have had numerous events where mutual aid has played a critical role in quickly providing needed resources to impacted communities across the Commonwealth. We are reaching out to communities that have not yet opted in to discuss the bills and answer any questions that you may have. We would like to see at least one representative from each community receiving this email to attend, but encourage you to include anyone who may have questions or would like to learn more. We will be presenting on **5/23/13 from 1000-1200 at the Lexington Public Facilities building (201 Bedford St)**. If you are unable to attend but would like to hear more, below is a schedule of presentations, please feel free to attend one that works best for you:

5/22/13- 1000-1200- Everett Police Station (45 Elm St)

5/24/13- 1000-1200- Georgetown Town Hall (1 Library St)

If you have any questions, please feel free to let me know!

Thank you,

Mike Main

Subject: RE: Reimbursement for Mutual Aid

Quick Clarification:

For reimbursement purposes the BPD will need all the info that I requested from each agency in the previous email (name, assignment, OT rate, etc). All Marathon related activities/operations will be reimbursed by FEMA. That said if you could send two separate reimbursement sheets (if applicable); with one being for the Presidential Visit Only and a separate one for any other marathon related investigations it would be extremely helpful in organizing the specific requests.

Also, I have been told that many NEMLEC and METROLEC agencies have already submitted their respective requests for reimbursements for the marathon investigations during the week of the 15th (exclusive of the Presidential Visit) so BPD just wanted to ensure that there was no unintentional or inadvertent duplicitous submissions for specific requests for reimbursement that are already being processed.

Subject: Reimbursement for Mutual Aid

MMCC Membership:

The Boston Police Department is in the process of formulating a comprehensive list of all those Officers from the **Major City Police Departments** (as well as other participating LECs) who assisted with the Presidential Visit on 5/17/13 as well any and all tactical / investigatory operations that took place during the tragic week of April 15th in the Cities of Boston, Cambridge and Watertown. FEMA has designated some federal funds to reimburse those agencies (up to a certain percentage) that deployed department personnel on an overtime basis (or backfill basis to cover those personnel on duty who responded) to assist in performing any of these assignments.

Please use the attached Excel form by completing all the requested information. Once completed by your respective finance unit, please have the agency Chief sign the form and send it back to me as a PDF Form. Once I receive all the required forms I will submit the entire package to BPD for possible reimbursement. I will keep you all abreast on any forthcoming logistics regarding this financial matter including the total percentage to be reimbursed and how payment is ultimately to be received.

I have once again attached Commissioner Ed Davis' letter thanking everyone who participated in this incident/event/investigation. Please feel free to share the letter with your respective personnel.

Your attention to this time sensitive matter is greatly appreciated.

Salem PD is requesting 15 SWAT Officers and 25 RRT Officers for Tuesday October 31, 2017, staging will be at 1700 hrs. Please check your availability and get approval from your departments. We will put the roster together at tomorrow's training. Salem will reimburse OT for time on post only, no travel time. Salem will not reimburse back-fill to departments. Requests for reimbursement have to be made within 14 days of the detail.

Subject: STARS MOA

Chiefs,

If you are reading this it is because the NEMLEC office still does not have a copy of a STARS MOA signed by you, your fire chief and your school superintendent. Please let me know if you think this is something you will not be able to obtain. A blank copy of the MOA is attached.

Thanks,
Dave

Dear Parents/Guardians and Staff,

Recent news reports have been concerning for Arlington residents who have origins outside the United States. Arlington Public Schools is a diverse community that welcomes people who are immigrants. We also acknowledge that many may be feeling vulnerable.

At this time, we reaffirm our commitment to respecting the inherent dignity of all our students, families and staff, as well as our commitment to educational equity in a safe learning environment. Our state and national laws support this approach, as do our district's policies and practices.

United States Supreme Court in *Plyer vs Doe*, 1982, concluded that, "states cannot constitutionally deny students a free public education on account of their immigration status."

In Arlington, district Policy JF-E-1, 4, states "Each student, regardless of race, color, sex, national origin, sexual orientation, religion, or limited English-speaking ability, shall have equal rights of access to courses of study and other opportunities available through the Arlington Public Schools, along with appropriate bilingual instruction and programs or other curriculum offerings of a supportive nature such as appropriate remedial programs." Policy GCF, 1, affirms "There will be no discrimination in the hiring process due to age, sex, creed, race, color, national origin, disability, sexual orientation or place of residence."

In the Arlington Public Schools, we do not ask students or families about immigration status. We also do not share personally-identifiable information, and will not in the future. The federal Family Educational Rights and Privacy Act (FERPA) ensures that schools are held to this standard.

Should APS staff become aware of a student's immigration status, it is neither our policy nor our practice to share that information with the United States Citizenship and Immigration Services (USCIS) or Immigration and Customs Enforcement (ICE).

It is our experience and understanding that our community members from other nations enrich the education we provide, side by side with residents who have lived locally for generations. If you do have questions or concerns, please consider contacting organizations listed below that can provide advice and support.

Sincerely,

Kathleen Bodie, Ed.D.

Subject: Technology Meeting on Friday

This is a reminder that Chelmsford PD is hosting a meeting for us this Friday from 10-2pm. Agenda will be a presentation from the FBI analysts on technology related topics. We will also review the new joint NEMLEC/MetroLEC website for detectives and IT officers.

There are numerous places available for lunch in the area so we don't expect to go past 1pm.

If anyone has any technology questions or news that would benefit the group please share it with us on Friday.

Thanks,

Greg Katz

Subject: Trust Act

RESOLUTION/SANCTUARY TOWN VOTED: It is hereby resolved that:

WHEREAS, the Town of Arlington desires to provide safety, opportunity, access, and equality for all immigrants and people of all ethnicities and religions; and

WHEREAS, the federal government's Immigration and Customs Enforcement ("ICE") Priority Enforcement Program, uses local law enforcement data to identify suspected "criminal aliens" in local custody; and
WHEREAS, ICE issues civil immigration detainer requests which allow for prolonged detention during which ICE investigates the immigration status of suspected "criminal aliens" in local custody; and

WHEREAS, fear of detainer requests and other immigration enforcement measures inhibits many community members from seeking protection from public safety officials and from providing aid to public safety officials during investigations of crimes; and 25

WHEREAS, the Arlington Police Department ("APD") has demonstrated its commitment to both the inclusionary values of the Town of Arlington and the efficacy of engendering trust throughout all facets of the Arlington community in the service of all residents without any sacrifice in its ability to protect residents from violent criminals; and

WHEREAS, Town Meeting wishes to voice its support for APD's continuation of its present practices, and make it known that all persons are safe from discriminatory law enforcement in Arlington.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing and human rights policies of refusing to investigate, arrest, or detain persons based purely on their immigration status without any other suspicion or cause.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing goal to keep all individuals, regardless of immigration status, who are violent or otherwise a threat to the public good off the streets.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in fostering trust in a diverse community by specifically declining to arrest, detain, or extend the length of custody of an individual solely on the basis of a civil immigration detainer request, unsupported by a criminal warrant signed by a judge and/or

probable cause.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to respond to any ICE notification request seeking information about an individual's incarceration status, length of detention, home address, work address, personal information, hearing information, or pending release.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to join in any operation led by a federal agency for the sole purpose of identifying and/or detaining persons not accused of any crime for deportation purposes, which would erode parts of our community's trust and could hamper effective law enforcement.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD, and other Town first responders and officials, in declining to inquire about the citizenship or immigration status of the victim of a crime, a person who is reporting a crime or a medical emergency, a person who requires aid, or witnesses, family members and/or bystanders unless required by valid federal or state law.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the citizenship or immigration status, or religious or ethnic identity of individuals, unless such information is required by law to be gathered, or is necessary to provide a public benefit to the individual.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the religious or ethnic identity of any person for the purposes of ICE detentions and deportation actions or the creation or maintenance of a registry of individuals based upon their religious affiliation, ethnicity, or national origin, unless required by valid federal or state law, or directly 26 relevant to business between that individual and the agency or department.

BE IT FURTHER RESOLVED, nothing in this resolution shall prohibit or restrain any Town official or department from sending to, or receiving from, any local, state, or federal agency, information regarding citizenship or immigration status, consistent with 8 U.S.C. section 1373. (5-0)

COMMENT: The Board of Selectmen values and respects the thorough and civil debate that has already taken place to date on this article. There are relatively few instances where national politics on an issue as broad as immigration impacts a local government's functions and a community's values so distinctly as the issue of how our local police force should operate and expend its resources relative to the enforcement federal immigration laws. The resolution recommended by this Board and the Arlington Human Rights Commission endorses and encourages the Arlington Police Department's existing, operationally sound and humane practices with respect to gathering and disseminating information on the immigration status of the residents, workers, and visitors in Arlington. These practices, considered consistent with a immigration "Trust Act" in other communities, will be bolstered by this resolution because one of the critical virtues of this resolution is making it clear to undocumented immigrants – as witnesses, victims of crimes, concerned residents or visitors, or others in need to assistance – that the Town of Arlington and its police force and first responders are here to protect and serve this community, not engage in deportation activities. Through advertising such a message, we believe Arlington is a safer and more welcoming community because no one will avoid providing information to APD or seeking appropriate assistance from the Town out of fear of immigration repercussions. Moreover, it maintains the tone of this community, as perhaps best reflected every year at Town Meeting, that we invite engagement and we invite dialogue with this Town's government. Many real and important concerns have been articulated in opposition to this resolution and we do not dismiss them lightly, including the unlikely, but potential loss of federal funds (which under legal norms should be limited to homeland security-related activities). However, it must be stressed that this is not a matter of complying with one set of laws to ignore others we find merely inconvenient. Rather, it is an occasion where conflicting laws and foundational legal principles, including the rights and powers of state and local governments versus the federal government are brought into focus. The Selectmen believe that we have the right and duty to support our police force and other Town personnel in a just practice that benefits our community; that we should not have our arms twisted to our own detriment and the detriment of others. Therefore, we unanimously recommend this resolution to Town Meeting.

Subject: Update on PGA tournament

Chief, Captain,

The PGA has finalized its arrangements for parking, so I offer this update:

The bulk of the parking for attendees will be at Bentley University in Waltham. A school bus sized shuttle will take the guests north on Forest Street crossing Trapelo Road to drive north on Metropolitan Parkway all the way to Concord Avenue in Lexington. The bus will turn right and follow Concord Avenue east to turn left on Marsh Street then left onto Winter Street which will bring them to the Belmont Country Club. To return to the parking at Bentley will be north on Winter Street until it become Watertown Street in Lexington. The bus will turn left onto Pleasant Street continuing down to Concord Avenue. There it will turn right onto Concord Avenue and then left onto Walnut Street. The bus will follow Walnut Street south until it turns left to follow Trapelo Road in Waltham east until it turns right onto Forest Street to return to Bentley.

Chief Corr, I mentioned to the PGA reps several times that you preferred the use of Lexington Street/Waltham Street, but they were concerned about the additional time this trip would require.

St. Camillus in Lexington will be used to park about 100 event workers. Getting them to the site will involve only a few buses which will go under Route 2 on Dow Avenue to get on Frontage Road east until reaching Park Avenue in Belmont where the bus will turn right to follow Park Avenue and then Marsh Street down to Winter Street. There a right turn will carry the bus to the country club. The return trip will be via Watertown Street to Frontage Road to Dow Avenue.

Mass DOT, by the way, has agreed to close Exit 56 from Route 2 East.

The details the PGA has agreed to in Lexington are 1 officer on Watertown Street at Frontage Road (for the closure of Winter Street in Belmont), 1 or 2 officers at Watertown Street and Pleasant Street (I explained that I would have to leave it entirely up to Lexington PD as to whether 2 officers are needed at that awful intersection) and 1 officer at Concord Avenue and Pleasant Street.

I will have assigned to the detail sergeant in a cruiser available to provide quick relief and, should any be needed, supervision for these officers. I am working with the PGA on whether they will provide lunch and water for the detail officers. I have explained that the alternative is to provide them with meal breaks.

The rate I have negotiated with the PGA is \$ 62.00 hour. Part of this deal is that there will be no minimum 8 after 4 or 12 after 8, nor will there be OT of the detail rate after 8 hours, nor any night time, Saturday, or Sunday premiums. I will need officers who work the details to understand this.

I don't know if any details are needed to park 100 cars at St. Camillus. If they are, I can provide Capt. Curran with the PGA contact. If a detail was required, I do not see a need to add it to the structure for this "incident."

We have permission to use Area Wide 4 as the tactical channel for the event. We will have the NEMLEC mobile command post staffed with two dispatchers during the event hours.

I will provide more information (including times of the road closures which I thought were settled but may not be), as I confirm it.

Please call with any questions.

Capt, Flynn,

Two questions for publication:

-- Can you provide an estimate of the number of those gathered at Mass. Ave. and Mystic last night between 6 and 7?

-- A poster of Facebook this morning claims that Arlington police were at the Franklin Park demonstration last night and were somehow involved in police "efforts to suppress protest." Were any APD at this protest, as reported by the Globe?
<https://www.bostonglobe.com/2020/06/02/metro/thousands-boston-peacefully-denounce-killings-black-americans/>
(No mention of APD there.)

Thanks for considering these queries.

Bob Sprague

East Longmeadow Man Arrested for Marijuana Trafficking

**Law enforcement discovered approximately 1,000 pounds
of marijuana and \$688,000**

BOSTON – An East Longmeadow man was arrested on Friday, Feb. 8, 2019, and charged in federal court in Springfield for marijuana trafficking.

John Americo Pereira, 33, was charged with possession with intent to distribute marijuana. He appeared in federal court in Springfield this afternoon and was ordered detained pending a detention hearing.

According to court documents, since January 2018, law enforcement have been investigating Pereira and others for distributing marijuana. A search warrant was executed on Feb. 8, 2019, at Pereira's home where agents discovered approximately **\$688,000 in a safe and 260 pounds of suspected marijuana**. Additional search warrants have been executed at locations in **East Longmeadow, Springfield and Ellington, Conn.**, where law enforcement have discovered, in total, **more than 1,000 pounds of marijuana**.

Pereira faces a sentence of no greater than 20 years in prison, a minimum of three years and up to a lifetime of supervised release, and a fine of \$1 million. Sentences are imposed by a federal district court judge based upon the U.S. Sentencing Guidelines and other statutory factors.

United States Attorney Andrew E. Lelling; Joseph R. Bonavolonta, Special Agent in Charge of the Federal Bureau of Investigation, Boston Field Office; Colonel Kerry A. Gilpin, Superintendent of the Massachusetts State Police; and Peter C. Fitzhugh, Special Agent in Charge of Homeland Security Investigations in Boston, made the announcement today. Assistant U.S. Attorney Neil L. Desroches of Lelling's Springfield Branch Office and Trial Attorney Marianne Shelvey, of the U.S. Department of Justice, Criminal Division, Organized Crime and Gang Section, are prosecuting the case.

The details contained in the charging document are allegations. The defendant is presumed innocent unless and until proven guilty beyond a reasonable doubt in a court of law.

Groton Police Arrest Man on Gun and Drug Charges after Serving Search Warrant This Morning

GROTON -- Police Chief Donald Palma Jr. announces that the Groton Police Department today arrested a alleged major drug dealer after serving search warrant on his home in West Groton.

SHANE CONLEY, AGE 28, OF GROTON was arrested and charged with numerous offenses including:

- Unlawful possession of a firearm
- Unlawful possession of ammunition
- Improper storage of firearms and ammunition
- Three counts of Possession of Class A Substances with Intent to Distribute

- Possession of Class D Substances with Intent to Distribute
- Possession of Class D Substances with Intent to Manufacture
- Two Counts of Possession of Class E Substances with Intent to Distribute

An investigation into drug dealing in Groton led police to **CONLEY**. After intelligence gathered by Groton Police Detectives indicated that the suspect likely had firearms in his home, the North East Massachusetts Law Enforcement Council SWAT Team was called in work under the command of Groton Police to assist in serving the warrant.

"Today, Groton Police Detectives concluded a major investigation which took guns, drugs, and a drug dealer out of our community," Chief Palma said. "I am grateful for the high level of cooperation shown among municipal police departments in our area, including the NEMLEC SWAT Team, which helped bring this dangerous suspect to justice with no harm done to innocent people in our town."

Police found a sawed off .22 caliber rifle, assorted ammunition, a number of small bags of marijuana packaged for individual sale, a quantity of hashish, a quantity of Fentanyl, and bags of various pills.

The warrant was served early Thursday morning at **CONLEY'S** home on Pepperell Road. No one was hurt.

CONLEY will be arraigned later today in Ayer District Court.

These are allegations. All suspects are considered innocent until proven guilty.

###

Tax Plan Impacts Exec Pay, But Cos. Shouldn't Act Yet

The Republican tax proposal includes executive compensation tax reforms that would have significant implications for companies if enacted. Businesses should not redesign their 2018 bonus and incentive plans just yet, but they would be well-served to review the impact the bill would have if adopted in its current form, say attorneys with Cleary Gottlieb Steen & Hamilton LLP. EXPERT ANALYSIS

Digital Data Privacy One Year After Carpenter

Lower courts have begun to grapple with the implications of the U.S. Supreme Court's 2018 decision in *Carpenter v. United States*, which concerned the constitutional limits on government acquisitions of digital data. On the anniversary of the decision, Jonathan Cedarbaum, Nina Cahill and Sam McHale of WilmerHale analyze defendants' attempts to extend *Carpenter's* holding.

ICE, US Atty Stand By Rare Immigration Arrest At Courthouse

Federal immigration officials and the U.S. Attorney for the District of Massachusetts on Thursday stood by the attendance of two agents at an asylum-seeking international student's sentencing so they could arrest her immediately after she left, a move that enraged the presiding judge.

EXPERT ANALYSIS

Momentum Builds For US Offshore Wind Energy

The first quarter of 2018 has left little doubt that the momentum for U.S. offshore wind projects is increasing. The combination of federal and state policy support, and the Trump administration's commitment to streamlined federal permitting, presents an important opportunity for offshore wind developers, say members of WilmerHale. I-9 Self-Audits: How to Evaluate Documentation, Correct Errors and Omissions, and Avoid Discrimination Claims

LIVE REBROADCAST

Wednesday, July 12, 2017
1:30 p.m. to 3:00 p.m. Eastern
10:30 a.m. to 12:00 p.m. Pacific

Learn whether supplied employment verification documentation is acceptable for hiring and re-verification of work authorization on the Form I-9, correct Form I-9 errors and omissions, and minimize the risk of discrimination claims based on national origin or citizenship.

REGISTER NOW

RECERTIFICATION

1.5 HR CREDIT HOURS

WEBINAR OVERVIEW:

The likelihood of workplace raids by Immigration and Customs Enforcement (ICE) is growing.

By executive order, President Trump has ordered the hiring of 10,000 new immigration officers to crack down on illegal immigration. Plus, recent changes in U.S. immigration regulations regarding the extension of some foreign workers' employment authorization documents affect how employers must re-verify their work authorization on Form I-9.

Given these developments, now is a good time to self-audit your organization's process for collecting employment verification and eligibility documentation and completing and storing I-9s—especially since you're required to have a completed I-9 on file for every single employee, which means there is a lot of room for error. Your organization could face steep penalties if proper practices aren't followed for collecting "acceptable documents" necessary for employment eligibility verification. Also, errors or omissions when completing Sections 1, 2, or 3 of the Form I-9 can leave your company vulnerable to costly fines in the event of an ICE audit or a workplace raid.

And, when conducting a self-audit of Form I-9 practices, it's important to ensure that your communication with workers about what you're doing and why doesn't spark discrimination claims. If it appears that you're singling out an employee or group of employees on the basis of

Plus, you'll learn:

- What to look for when reviewing Smart Form I-9s (in effect as of January 22, 2017) and past versions of Form I-9s on file for your workforce
- Examples of national origin or citizenship-based discrimination that could arise from Form I-9 self-audits—and what to do to ensure your practices don't spark legal claims
- Best practices for informing employees about the internal Form I-9 audit
- Form I-9 error and omission correction procedures for Sections 1, 2, and 3—including who should deal only with Section 1, and who should handle Sections 2 and 3
- What to do if you discover workers who don't appear to have an I-9 on file
- Examples of documentation identifying errors or omissions and indicating corrective action taken to bring your Form I-9s into compliance
- What not to do with an eraser or whiteout—and the recommended way to display changes made to the Form I-9
- How to tell if the version of the Form I-9 you have on file is acceptable under applicable rules
- How to tell if the supplied Section 2 documentation is sufficient if the

citizenship or national origin, you run the risk of lawsuits alleging unlawful discrimination.

Join us on July 12 for a rebroadcast of a widely popular webinar on how to perform a comprehensive Form I-9 self-audit related to requests for acceptable documents to verify employment eligibility, how to go about correcting errors and omissions you uncover on the originally completed Form I-9, what to do if you don't have an I-9 on file for a given employee, and more.

REGISTER NOW

documentation isn't on the list of acceptable documents under the current Form I-9 that's in effect

- What to do if you question the legitimacy of the documentation an employee has supplied—and why immediate termination is not a good idea
- What to do if ICE agents or auditors show up at your workplace

Register now for this timely event featuring live Q&A with Attorney Jacob Muklewicz.

LIVE PRESENTATION AND Q&A WITH:

SAN DIEGO, Calif. -- The Northeastern Massachusetts Law Enforcement Council, Inc. (NEMLEC) is pleased to announce that eight municipal law enforcement officers from its member agencies recently attended an advanced search and rescue and suspect tracking course offered by the Department of Homeland Security.

The five day class was held from March 27-31 in San Diego, Calif. Homeland Security Agent Christopher Hoelter led the class, which is called the BORTAC Tracking Course (Border Patrol Tactical Unit Tracking Course.)

The course included day and night scenarios, where officers learned how to find a "sign" and then use it to locate a missing person or suspect. A sign is a disturbance in the environment, often very small, that a person or group of people leave when travelling through an area. Students completed up to eight hours of practical exercises tracking the training staff.

"Our NEMLEC K-9 handlers, SWAT officers, and search and rescue units respond to numerous missing person cases and suspect searches in our member communities and it is always important to sharpen our skills," said Billerica Police Sgt. John N Haring, who is a K-9 officer in his department. "The tactics that our handlers learned during this training will enhance the skill sets they regularly use while working with their K-9 partners."

This is the first time a group municipal law enforcement agencies has been asked to attend the class. The following NEMLEC member agency officers attending the training:

- Officer David Leo, Chelmsford Police K-9
- Officer Nicholas Ziminsky, Chelmsford Police SWAT
- Officer Michael Connor, Andover Police K-9
- Officer Chuck DiChara, Waltham Police SWAT
- Officer Cory Taylor, Belmont Police K-9
- Officer Joe Papsedero, Burlington Police K-9
- Sgt. John N. Harring, Billerica Police K-9
- Officer Justin Ellenton, Danvers Police SWAT/K-9

For more information about NEMLEC visit the [website](#).

Subject: (Archive Copy) Lexington Range - Assumption of Risk
Date: Thursday, February 27, 2020 2:24:18 PM
Attachments: [Assumption of Risk-range.doc](#)

Chiefs,

As a follow-up to the February monthly meeting where the use of the Lexington range by NEMLEC officers was discussed, Lexington Town Counsel has provided the attached document which they would require each officer to sign prior to training on the range. This would be in lieu of the binder that was initially requested.

The E-Board asked that the document be shared ahead of the March 11th meeting so that there may be further discussion during the meeting.

Good afternoon Adam,

I hope this email finds you well and that you've had a chance to enjoy the summer.

As a follow up on the Immigrant Advancement Forum we held in June, MAPC is starting to collect best practice documents around local immigration policies, like the one attached. I know Arlington passed a Welcoming Town ordinance earlier this year. Would it be possible for you to email me a copy of that ordinance? And does the police department have a formal policy as well?

Please let me know if you have any questions. Thank you and I look forward to seeing you in September for Legislative Committee!

Best,

Diego Huezo

[PD Chief Edition 2020 - Pedego Electric Mountain Bike.pdf](#)

Hi Chief,

Kevin Mooney here – retired Chief, Town of Lincoln. With the upsurge in bicycling on roadways, bike paths and trails throughout the state, I'm sending along some information (in the attachment) from various departments that may be of interest to you.

Working closely with the NEMLEC Police Foundation over the last few years, member departments have acquired E-Mountain Bikes to augment the effectiveness of their Bike Patrol units, community policing efforts and large event gatherings (i.e. Gillette Stadium).

The Pedego Ridge Rider Electric Mountain Bike has proven to be both reliable and durable, with outstanding performance and capacity.

In partnership with Brian Conway – Pedego Electric Bikes www.pedegocapecod.com, we'd like to offer you and your officers the opportunity to explore the usefulness and utility of this equipment relative to the demands of your community. We would bring a Ridge Rider to demo and leave it with you for up to 2 weeks thus allowing your officers to test ride the bike in various locales and conditions.

Please contact me to discuss this further and/or arrange for a demo/loaner for your officers.

Kevin Mooney (cell) 781-858-4677

From: Fitzgerald, Carol (POL)
Subject: MACA Conference May 14th to 18th on Cape Cod

-
The Massachusetts Association of Crime Analysts wanted to send you a reminder that our 21st Annual Training Conference is quickly approaching! As you've attended in the past, we hope you can join us again at the Cape Cod Resort & Conference Center in Hyannis, MA (Cape Cod) on May 14-18, 2018. Registration is just \$400 and \$200 for full time undergraduate or graduate students. Please visit our website at www.macrimeanalysts.org to register or for more information.

-
Be prepared for a ***week full of jam-packed sessions*** including topics such as Case of Place analysis, Applied Critical thinking for Analysts, Human Trafficking, Ranking and Managing Top Offenders, School Safety, Emergency Preparedness, the opiate crisis, Compstat and automation! Keynote speakers include Roseanna Ander, the Executive Director of University of Chicago Crime Lab; Brandon Del Pozo, Chief of Police of Burlington, Vermont; David Schwindt of the Iowa City Police Department Data-Driven Justice and policing expert Robert Wasserman.

-
As always, we will be offering a track dedicated to computer training with topics to include Statistics in Excel, Introduction to Microsoft Access, Spatial & Temporal Forecasting, and Dashboards in Excel.

-
And let's not forget Social Media in Law Enforcement facilitated by Amira Shea Lauer of the FBI and the hands-on GIS computer labs taught by ESRI's own Rachel Weeden- yes ESRI instructors!

-
This is one conference you don't want to miss to learn the latest and greatest in crime analysis and

public safety! Targeted audience is analysts, patrolmen/women, detectives, Command Staff, Chiefs of Police, students and academia! Just because your agency may not have a crime analyst doesn't mean this conference isn't for you!

-

We hope to see you on the Cape and if you have any questions at all, please don't hesitate to ask!

-

Respectfully,

The MACA Conference Committee

MASSACHUSETTS DISTRICT COURT JUDGE AND COURT OFFICER INDICTED FOR OBSTRUCTION OF JUSTICE

BOSTON - A Massachusetts District Court Judge and Trial Court Officer were indicted today in federal court in Boston on obstruction of justice charges for preventing an ICE Officer from taking custody of an alien defendant.

Shelley M. Richmond Joseph, 51, of Natick, who was appointed as a Massachusetts District Court Judge in November 2017, and Wesley MacGregor, 56, of Watertown, a former Trial Court Officer since 1993, were indicted on one count of conspiracy to obstruct justice and two counts of obstruction of justice - aiding and abetting. MacGregor was also charged with one count of perjury.

"This case is about the rule of law," said United States Attorney Andrew E. Lelling. "The allegations in today's indictment involve obstruction by a sitting judge, that is intentional interference with the enforcement of federal law, and that is a crime. We cannot pick and choose the federal laws we follow, or use our personal views to justify violating the law. Everyone in the justice system - not just judges, but law enforcement officers, prosecutors, and defense counsel - should be held to a higher standard. The people of Massachusetts expect that, just like they expect judges to be fair, impartial and to follow the law themselves."

"When we as officers of the law are confronted with an abuse within our system, we take those allegations seriously. Any conduct which severs the underlying trust that the citizens of this Commonwealth place in those who hold positions of power and authority is a stain on all who swear an oath to protect and serve, with honor and integrity," said Peter C. Fitzhugh, Special Agent in Charge, U.S. Immigration and Customs Enforcement Homeland Security Investigations (HSI) Boston. "The people of this country deserve nothing less than to know that their appointed and elected

representatives are working on their behalf, while adhering to and enforcing the rule of law, not a personal agenda. The special agents of Homeland Security Investigations remain committed to upholding our promise to the public, without compromise."

"The actions of the judge in this incident are a detriment to the rule of law and highly offensive to the law enforcement officers of ICE who swear an oath to uphold our nation's immigration laws," said Todd M. Lyons, Acting Field Office Director, U.S. Immigration and Customs Enforcement (ICE)'s Enforcement and Removal Operations, Boston. "In order for our criminal justice system to work fairly for all people, it must be protected against judicial officials who would seek to replace the implementation of our laws with their own ideological views or politically-driven agenda. I would also like to thank U.S. Attorney Lelling for his local leadership and his continuous and faithful support of the ERO law enforcement mission."

According to court documents, on March 30, 2018, Newton Police arrested and charged an alien defendant under Massachusetts General Law with being a fugitive from justice and narcotics possession. Further investigation revealed that the defendant had twice been deported from the United States - in 2003 and 2007, and that a federal order had been issued prohibiting the defendant from entering the U.S. until 2027. After learning of the defendant's arrest, ICE issued a Federal Immigration Detainer and Warrant of Removal, which stated that the defendant was subject to removal from the United States. On April 2, 2018, Newton Police transferred custody of the defendant to Newton District Court (NDC), where Joseph was assigned as the District Court Judge and MacGregor as a Trial Court Officer, and forwarded the Detainer and Warrant.

At 9:30 a.m. on April 2, 2018, a plainclothes ICE officer was dispatched to NDC to execute the Warrant and take custody of the defendant following his release from NDC. The Officer announced his presence to Courthouse personnel, including Joseph, upon arrival. Prior to the afternoon session, the courtroom clerk - at Joseph's direction - allegedly instructed the ICE Officer to leave the courtroom and wait outside in the lobby, stating that in the event that the defendant was released, it would be through the courtroom and into the lobby.

At 2:48 p.m. the case was called and the proceedings were captured on the courtroom's audio recorder, as prescribed under the rules for all State District Courts. The audio recording captured Joseph, the defense attorney and the ADA speaking at side bar about the defendant and the ICE detainer. Joseph then allegedly ordered the courtroom clerk to "go off the record for a moment." For the next 52 seconds, the courtroom audio recorder was turned off, in violation of the District Court rules. At 2:51 p.m., the recorder was turned back on, and Joseph indicated her intent to release the defendant. According to the charging documents, the defense attorney asked to speak with the defendant downstairs and Joseph responded, "That's fine. Of course." When reminded by the clerk that an ICE Officer was in the courthouse, Joseph stated, "That's fine. I'm not gonna allow them to come in here. But he's been released on this." Immediately following the proceeding, MacGregor allegedly escorted the defendant, his attorney and an interpreter downstairs to the lockup and used his security access card to open the rear sally-port exit and release the defendant at 3:01 p.m.

MacGregor was also charged with perjury for falsely testifying before a federal grand jury on July 12, 2018, that, prior to releasing the defendant from the sally-port exit, he was unaware that ICE agents were in the Courthouse and that there was a detainer for the defendant.

The charges of conspiracy to obstruct justice and obstruction of a federal

proceeding - aiding and abetting provide for sentences of no greater than 20 and five years in prison, respectively; five and three years of supervised release, respectively; and a fine of \$250,000. The charge of perjury provides for a sentence of no greater than five years in prison, three years of supervised release, and a fine of \$250,000. Sentences are imposed by a federal district court judge based upon the U.S. Sentencing Guidelines and other statutory factors.

U.S. Attorney Lelling, HSI SAC Fitzhugh and ERO Acting FOD Lyons made the announcement today. Assistant U.S. Attorneys Dustin Chao and Christine Wichers of Lelling's Criminal Division are prosecuting the case.

The details contained in the indictment are allegations. The defendants are presumed innocent unless and until proven guilty beyond a reasonable doubt in a court of law.

Town Manager's Office Of Arlington Ma
PRL Office
730 Mass. Ave. Annex
Arlington, MA 02476

June 8, 2020

To Whom It May Concern:

Pursuant to the Massachusetts Public Records Law, I hereby request the following records:

Any and all emails received by or sent by the following email addresses:

JFlaherty@town.arlington.ma.us
AChapdelaine@town.arlington.ma.us

That contain the following key words "NEMLEC," "North Eastern Massachusetts Law Enforcement Council," "ICE," "Immigration and Customs Enforcement," "the Joint Terrorism Task Force," and "Boston Regional Intelligence Center" since 2012.

I also request that, if appropriate, fees be waived as we believe this request is in the public interest, as suggested but not stipulated by the recommendations of the Massachusetts Supervisor of Public Records. The requested documents will be made available to the general public free of charge as part of the public information service at MuckRock.com, processed by a representative of the news media/press and is made in the process of news gathering and not for commercial usage.

I expect the request to be filled in an accessible format, including for screen readers, which provide text-to-speech for persons unable to read print. Files that are not accessible to screen readers include, for example, .pdf image files as well as physical documents.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 business days, as the statute requires.

Sincerely,

Laura Kiesel

Subject: (Archive Copy) MAY 21st @ 2 PM - Lucas' Birthday & Transplant Anniversary
Date: Tuesday, May 19, 2020 9:55:57 AM
Importance: High

Chiefs,

This is a request to see if you are able to send a cruiser to Lucas St Onge's 9th birthday party and 4 year anniversary of his last transplant. He is the young man Chief Fisher spoke about on the NEMLEC meeting call last week that chiefs may remember from the Jimmy Fund Walk each year. His picture is on our board at Dana Farber. He lives at 314 W Meadow Road in Lowell, but police officers are meeting at the **Wang Middle School, 365 W Meadow Road in Lowell at 1:30 PM. The drive-by at 2 PM is being facilitated by the Lowell Police Department.**

If you are planning on sending a cruiser please reply to this email so we can forward the information to Lowell P.D.

Thank you.

Subject: (Archive Copy) MAY Monthly Meeting (Zoom Information Below)
Date: Wednesday, May 6, 2020 3:13:56 PM

Chiefs,

Given that the April membership meeting was cancelled, the E-Board is requesting that you attend the regularly scheduled May 13th meeting via ZOOM. The meeting will be held at the same time, 9:30 a.m.

A reminder and formal agenda will be emailed out prior to the meeting. In an effort to provide important updates and information to the membership, we have invited the following guests to join us and give a brief 5-10 minute presentation:

Rep./ Ret. Chief Paul Tucker (Updates on Bills and Public Safety Committee)

Ret. Chief Robert Ferullo (MPTC Updates) **Chief Ferullo is also extending an invitation to Secretary Turco and Undersecretary Reidy**

*** An invitation has also been extended to Asst. Deputy Court Administrator Joseph Jackson**

As always we hope you are able to attend and if you have specific questions for the speakers that you would like addressed, please send them to me by Friday so that I can share with them so that they can be prepared and be ready to offer as much information as possible during the meeting.

Sharyn Lubas is inviting you to a scheduled Zoom meeting.

Subject: (Archive Copy) Meeting Minutes / Officer Monthly Training Attendance / Uniform Specs & Pricing Sheet
Date: Thursday, August 15, 2019 11:39:32 AM
Attachments: [MONTHLY MEMBERSHIP MEETING MINUTES- August 2019.pdf](#)
[ROSTER SWAT.CNT.K9.IMT.RRT.annual.summary.12.August.2019.pdf](#)
[NEMLEC RRT & SWAT SPECS.2019.pdf](#)
[AAA Policing Supply Quote.docx](#)
Importance: High

Good Morning,

As indicated above, I have attached the minutes from yesterday's meeting along with the training attendance from January -August 2019 and the new RRT Uniform specs.

Please take a moment to review the attendance sheet and if an officer is listed but is no longer assigned by you to that unit please let me know so that they can be removed. Often times an officer will ask a colleague to relay that he/she is no longer on the unit, however that does not always happen at training and or that may not be accurate information. Also, if notification comes directly from the officer, chief or member of the command staff, we can remove that individual from the roster right away.

As for the RRT Uniform specs, I have attached the current list of equipment that is required, to include the new Blauer Shirt and Pant. On the list you will note SWAT equipment is also listed for those that have officers assigned to SWAT. The exceptions to the SWAT list in the new Crye Uniform and BPV. Those specs are not listed, however please email me and I can provide them to you if needed. Additionally, the vests /plates&carriers listed are being replaced in October and those have been purchased by NERAC. I will update the list again once the SWAT team has received them.

Lastly, the pricing listed was provided by Heroes for all items except the new RRT Uniform. That pricing was provided by Simons in Lynn. I have also included a quote from AAA Police Supply for the RRT Blauer Uniform.

Please let me know if you need any additional information or documentation.

Subject: (Archive Copy) Meeting Reminder: MMCC January Meeting - This Tuesday
Date: Saturday, January 18, 2020 2:44:18 PM
Attachments: [image003.png](#)
[English Work and Family Mobility Act Fact Sheet.pdf](#)
[H3012.pdf](#)
[MMCC Agenda 1-21-20.doc](#)

MMCC Membership: Meeting REMINDER (This coming Tuesday):

Tuesday – Start time will be 11:00am

Please see the Agenda below the **Regular January 2020 MMCC Meeting** which will be held at the regular location in **Everett** at **11:00am on Tuesday, January 21st 2020.**

For any New Members: Please note that the **Meeting Location** will be at the **Bank of New York Mellon** located at **135 Santilli Highway in Everett.**

- The facility is located right off of Route 16 West (Revere Beach Parkway) directly across from the Gateway Mall in Everett.

We meet inside the **newly renovated Glendale Room** located to the left of the BNYM Security Desk as you walk through the main doors through the parking area beyond the security gates..

- ✓ **Parking:** Please use the parking lot of the facility **OR** there are also a limited number of spaces available on the street.
- ✓ Please **Do Not Park** in the Fire Lane or the marked reserved spaces under the front overhang (Reserved for BNYM Staff Only). As you will see by the line of black Fords/ Tahoes many Chiefs and guests use the spaces right on the street adjacent to the facility.
- ✓ **Logistical Security Matter:** Pursuant to the security guidelines established by BNYM, all new members to the facility (which includes our group), will be required to enter at the MAIN ENTRANCE (through the parking area) and go through the SECURITY DESK and have their names checked off the master list. The updated list was provided last week.
- ✓ Restrooms are now located right outside the Glendale Room

MMCC January Meeting AGENDA

- **Meeting Called to Order:** by Chief Brian Kyes
- **New Executive Committee for 2020:**
 - As voted last meeting: Brian Kyes, President; Roy Vasque, Vice President; Joe Solomon, Secretary; John LeLacheur, Treasurer
- **Introductions of all Members & Guests Present**
- **Membership Action on Minutes:**
- **Treasurers Report:** Chief John LeLacheur

- **Presentations to Association Members:** (15 minute maximum per presentation)
 - **Director Alice Hong** - is the Laboratory **Director** of the National Urban Security Technology Laboratory (NUSTL), a government-owned and government-operated laboratory of the U.S. Department of Homeland Security's Science & Technology (S&T) Directorate. Director Hong cover NUSTL's test and evaluation of responder technologies and the labs' recent work with state and local agencies (e.g., technologies for countering unmanned aircraft systems, etc.) to support their technology decisions and deployment of operationally relevant solutions.
 - The Work and Family Mobility Act: Presentation by the **Driving Families Forward Coalition** on H3012/S2061.
 1. The Coalition has respectfully requested that we consider a possible endorsement of H3012 and S2061 (same bills) prior to February 1st.
 2. See Email from Robert Trestan (E.D. ADL] at the bottom of this email.
 - **Donna DaVeiga** - Law Enforcement Liaison MassDOT/RMV/Crash Records >: Presentation on the IMPACT Portal for the Law Enforcement Agencies that MassDOT has recently developed
- **Old Business:**
- **New Business**
- **Announcements / Updates / Committee Reports:**
 - MMCC Members / FBI / ATF / DEA / HSI / ERO / Secret Service / Diplomatic Security / US Marshal / MSP
- **Catered Lunch**
- **Meeting Adjourned**
- **SAVE the DATES in 2020:**
 - MMCC Annual Retreat at the Sea Crest (Thursday, May 28th – Saturday May 30th)
 - Martha's Vineyard Chief's Association Conference – 5/18 – 5/22 - Edgartown
 - IACP Conference – 10/17 – 10/20 – New Orleans

From our good friend Robert Trestan, Executive Director of the ADL

Dear Chief Kyes,

I understand that the **Work and Family Mobility Act**, one of ADL's 2020 legislative priorities, is likely to be discussed at the next Major City Chiefs' meeting. I invite you to join ADL and our coalition of over 200 organizations in supporting this legislation, which would allow Massachusetts residents to apply for a driver's license or state ID regardless of immigration status.

As you know, driving is a necessity in our state. This law will only help make our roads safer because it will ensure that all drivers to know the rules of the road, pass the same driver's test, and be properly registered and insured. In addition, it will conserve valuable law enforcement resources by decreasing the number of individuals driving without a license in Massachusetts. This is why Salem Police Chief Mary Butler has already endorsed the bill with the following statement: "Enabling all drivers to obtain drivers licenses makes officers' jobs simpler and helps make roads safer. If all drivers could access state licenses, it would ensure all drivers have access to the same foundation of knowledge about the rules of the road."

Fifteen other states including NY, New Jersey, Connecticut, and Vermont, (plus DC and Puerto Rico) already allow all residents to drive, regardless of immigration status. It is time for Massachusetts to join this growing coalition.

Please don't hesitate to reach out with any questions or concerns. Thanks so much for all you do to keep Massachusetts safe.

Sincerely,
Robert

Brian Kyes

To: kbodie@arlington.k12.ma.us; "Adam Chapdelaine"
Subject: (Archive Copy) Message To PD
Date: Friday, December 14, 2012 5:59:29 PM

This message went out to all police personnel:

As the police chief of this great department and as a father of young children, I am deeply saddened and shocked by today's unthinkable crimes in Connecticut.

As the tragedy in Connecticut continues to unfold, our citizens will undoubtedly wonder about the safety of their children and students in our community. As leaders in the community, we may be called upon to address these concerns and to reassure our community that their schools and our Town are safe and well positioned to protect their loved ones.

I have been in contact with the Town Manager and Superintendent of Schools and we will work in concert on unified messaging and appropriate community notifications.

Our community and school officials may call upon us for a heightened police presence in the coming days. Capt. Flaherty has posted some informational resources on DHQ and both she and Insp. Walsh have been communicating with the NEMLEC School Threat Assessment and Response System (STARS).

I also ask that ALL supervisors and officers review our response procedures to any school and or town building. I ask that this be accomplished immediately at every roll call.

I am confident this department will meet the needs of the community during this trying time for the residents of Newtown, CT and our country. I encourage ANY member of the department to contact me if you have any ideas or if you feel our department should be doing more.

Please stay safe and keep the victims and their families of these horrific crimes in our thoughts and prayers!

Respectfully,

Frederick Ryan

Subject: (Archive Copy) Missing/Endangered Person
Date: Monday, April 16, 2012 11:55:39 AM

Adam – we are actively searching for a missing/endangered 16 year old female who has a history of mental illness. As part of our investigation we traced her cell phone to Menotomy Rocks Park where a suicide note and all of her other belongings were found. We have closed the park and our officers are searching the area on foot. Meanwhile we have called for the NEMLEC police dive team and the state helicopter to do an aerial search of the pond.

This is a very active situation and I will keep you posted as we go along. We're hoping for a favorable outcome.

Chiefs,

Attached please find the minutes from yesterday's meeting.

Many thanks to those that were able to join us for the breakfast meeting. For those that did attend, I would welcome and appreciate any feedback on this year's format in preparation for next year.

As Chief Murphy mentioned, we will be hosting a larger showcase in the Spring where you can invite City/Town officials and State Representatives if you'd like. We will also be inviting NERAC and MAPC to showcase all of the equipment they have assisted NEMLEC with purchasing over the years. More information will follow on the date.

Wishing you all a wonderful Holiday Season and Happy New Year!

Sharyn

Subject: (Archive Copy) Motorcycle Recertification
Date: Thursday, May 28, 2020 9:21:34 AM

Lt,

I would like all current MC Officers to attend recertification at the Lowell MC Course on June 15 or 16, from 8am-12pm. This recertification will be run by Nemlec. Please create a sign up for this in DHQ and let me know by June 5 who has requested recertification so I can pass it on to the Nemlec MC Commander. Anyone who does not attend and pass the recertification will no longer be eligible to ride the department motorcycle and will be required to turn in all gear purchased by the town.

Thank you

NEMLEC Announces Settlement with American Civil Liberties Union Membership Adopts New Public Records Policy

WILMINGTON -- The Northeastern Massachusetts Law Enforcement Council, Inc. (NEMLEC) and its membership of more than 60 municipal police chiefs and sheriffs in Middlesex and Essex Counties, has adopted a new public records policy.

In its policy, membership voted that, as an instrument of law enforcement and public safety, NEMLEC should be subject to public records disclosure and should comply with public records requests under Massachusetts G.L. c. 4, § 7, Twenty-sixth, and G.L. c. 66 § 10.

As a result, NEMLEC and the American Civil Liberties Union of Massachusetts have jointly filed for an entry of judgement, ending the ACLU's lawsuit against NEMLEC.

"At its core, NEMLEC is a public safety agency, and we hold ourselves to the highest standards of law enforcement. I am proud we were able to come together on this matter, because I firmly believe that both organizations have the same desire for safety and openness," said Laura

Nichols, NEMLEC's Executive Director. "We would like to thank all parties involved during this process for their diligence and hard work,"

NEMLEC was represented by Attorney Carl Valvo, of the law firm Cosgrove, Eisenberg & Kiley, P.C.

Sent from my iPhone

From: [James Curran](#)
To: [Julie Flaherty](#)
Subject: (Archive Copy) NEMLEC Callout
Date: Tuesday, February 12, 2019 1:02:26 PM

Chief Lyle of Melrose PD. had a last minute callout for a funeral. Sgt. R. Pedrini and Officer J. Kelley assisted this morning. Chief Lyle is the control chief of the motor unit so it is good we helped them out. He helped us with the Patriots Day Parade last year and we will probably reach out to him again. I reminded Sgt. Pedrini to make sure he CC's you on the callouts.

Also TJ Kelly called and he will be out a minimum of 4 shifts. He was bringing laundry down his stairs at home and slipped and hurt his back. He will get us documentation. TJ hasn't used a sick day in over 5 years, so he is upset he ruined his record.

I have a Patriots Day Parade meeting at 3:00 PM at the board of health if you need anything. Hope we don't get too much snow! Thanks Jim

NEMLEC Foundation Announces 2019 Golf Tournament

**Retired Medford Police Chief Leo "Buddy" Sacco to be
Honored for his Career and Contributions to Policing**

DRACUT -- The Northeastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation, Inc. is pleased to announce its 15th annual charity golf tournament.

WHEN:

Monday, May 20

- 11 a.m. Check-in and Registration
- 11:30 a.m. Lunch
- 1 p.m. Shotgun start, scramble format

WHERE:

Four Oaks Country Club, 1 Clubhouse Lane, Dracut

WHAT:

Since its inception in 2005, the NEMLEC Police Foundation and its all-volunteer board of directors have raised more than \$150,000 to directly fund the operations of the Northeastern Massachusetts Law Enforcement Council. The Foundation has also hosted 35 high-level training courses for police officers, detectives and superior officers. The NEMLEC Foundation also raises thousands of dollars for charities that are near and dear to police officers each year, including Cops for Kids with Cancer.

The programs the tournament helps support include NEMLEC's School Threat Assessment and Response System (STARS) training, comprehensive motorcycle training, risk management training and annual basic and advanced crime scene classes, among others.

This year's tournament will include a special recognition of recently retired Medford Police Chief Leo "Buddy" Sacco, following his completion of 37 years of service to the Medford Police Department, including the last 28 as chief. Chief Sacco also served as president of NEMLEC. It was under his leadership that NEMLEC developed its nationally recognized STARS program, which ensures the safety of students, staff and communities, and helps those groups respond effectively in a crisis.

The tournament fee is \$150 per golfer and includes a gift, lunch and a buffet dinner following the tournament. [Click here](#) to download the event brochure and registration/sponsorship forms. [Click here](#) for the sponsorship letter for this year's tournament.

The dinner will also feature a raffle and silent auction. Those who wish to donate raffle or auction items can do so by contacting Sharon Crowley at nemlecfoundation@yahoo.com.

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies

and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns.

NEMLEC Foundation Announces Annual Appreciation Dinner and Comedy Night

DRACUT -- The Northeastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation, Inc. is pleased to announce its annual Appreciation Dinner and Comedy Night.

WHEN:

Friday, Nov. 30

- 6 p.m. Cocktail and Social Hour
- 7-9 p.m. Dinner
- 9 p.m. Comedy Show

WHERE:

Four Oaks Country Club, 1 Clubhouse Lane, Dracut

WHAT:

The NEMLEC Foundation will honor Chelsea Police Chief Brian Kyes for his

continuous work on behalf of police departments throughout the commonwealth.

Chief Kyes has taken the lead on immigration enforcement reform, police accreditation and police training. It was through his leadership and exhaustive work that the Commonwealth received a dedicated funding source for police training. He was instrumental in working with the Baker Administration to establish legislation creating a surcharge from car rental fees to subsidize police training.

Chief Kyes also serves on the Mass Chiefs of Police Executive Committee, the Municipal Police Training Committee, the Massachusetts Police Accreditation Commission and is the Chairman of the Massachusetts Chiefs Legislative Committee.

"Chief Kyes is a tireless advocate for police throughout Massachusetts," NEMLEC Foundation Chairman Richard Raymond said. "We're excited to honor him for his constant work to enhance public safety, and celebrate his accomplishments on behalf of all of the communities in the commonwealth."

Tickets for the event are \$50 each, or tables of 10 can be purchased for \$500.

There are also sponsorship opportunities ranging from \$100 to \$2,500. To learn more about the event, including sponsorship opportunities, [click here](#).

WHAT:

The NEMLEC Police Foundation Golf Tournament is held each year to raise

money to benefit the 61 law enforcement agencies in the NEMLEC communities. Since the first tournament in 2004, the foundation has raised just under \$500,000 to fund trainings that keep NEMLEC officers and its units current on changing issues that affect communities, such as school violence with the School Threat Assessment and Response System (STARS) training.

Additionally, the NEMLEC Police Foundation has donated more than \$70,000 to charitable organizations. A portion of this year's proceeds will be donated to Cops for Kids With Cancer.

As part of the tournament this year, the NEMLEC Police Foundation will honor Mario Oliveira, a retired Somerville Police detective who was shot multiple times while serving an arrest warrant in Somerville in 2010. Since surviving his injuries, Oliveira has co-founded the Violently Injured Police Officers (VIPO) organization to support other law enforcement members who have been seriously injured or have had to use deadly force in the line of duty.

The tournament fee is \$150 per golfer and includes a gift, lunch and a buffet dinner following the tournament. [Click here](#) to download the event brochure and registration form.

The dinner will also feature a raffle and silent auction. Those who wish to donate raffle or auction items can do so by contacting Sharon Crowley at nemlecfoundation@yahoo.com.

Sponsorship opportunities are also available. For more information and a sponsorship form, [click here](#).

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law

Enforcement Council and its cities and towns.

NEMLEC Foundation Donates \$2,500 to Communities for Restorative Justice

The NEMLEC Police Foundation presented a \$2,500 check to the Communities for Restorative Justice (C4RJ). Pictured are: Bedford Police Chief Robert Bongiorno, NEMLEC Foundation Board Member, and Erin Freeborn, Executive Director of C4RJ. (Courtesy Photo)

BEDFORD – The NEMLEC Police Foundation, Inc. is pleased to announce that it has donated a portion of its annual fundraising proceeds to the Communities for Restorative Justice (C4RJ).

On Wednesday, June 29, Police Chief Robert Bongiorno, a NEMLEC Foundation board member, presented a check for \$2,500 to Erin Freeborn, Executive Director of C4RJ.

Communities for Restorative Justice is a community-police partnership that offers an alternative restorative justice process, rather than processing a young person or adult in court. The nonprofit responds to crime in ways that heal, hold accountable and put right by hosting a "circle" where the victim, offender and members of the community come together to discuss the full impact of an event and collaboratively create a repair plan.

"The NEMLEC Foundation was created to help such worthy causes like Communities for Restorative Justice," said Rich Raymond, Chairman of the NEMLEC Foundation. "We are pleased to see a portion of our fundraising proceeds allow residents to participate in the restorative justice model who otherwise would not have the means to do so."

The money donated will be designated for NEMLEC communities in which families are unable to pay the fees attached to participate in a restorative justice circle.

The NEMLEC Police Foundation exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The Foundation also uses money raised through donations and fundraisers to support various charitable organizations.

About Communities for Restorative Justice:

Founded in 2000, Communities for Restorative Justice (C4RJ) is a nonprofit organization of community and police partners that offers restorative justice to those affected by crime. The organization is guided by a 13-member board with over 100 trained volunteers. C4RJ recognizes that crime is a violation of people and relationships, not just a violation of law. It receives police referrals and seeks to include those affected by crime in the decision-making: victims, offenders, loved ones, supporters, community members, and law enforcement officials.

The NEMLEC Police Foundation presented a \$5,000 check to Cops For Kids With Cancer to benefit 16-year-old Andover resident Michael Harris, who is battling Leukemia.

NEMLEC Foundation Donates \$5,000 to Cops For Kids With Cancer Money to Benefit 16-Year-Old Andover Resident Battling Leukemia

ANDOVER – The NEMLEC Police Foundation, Inc. is pleased to announce that it has donated a portion of its annual fundraising proceeds to Cops For Kids With Cancer. The Foundation made a special \$5,000 donation to the organization, which donated it to the family of a 16-year-old boy from Andover who is fighting Leukemia.

On Oct. 30, representatives from the NEMLEC Foundation presented a check to Robert Faherty, Chairman of Cops For Kids With Cancer and retired Superintendent-in-Chief of the Boston Police Department, at an event at the Andover Police Department.

The money will go toward helping Andover resident Michael Harris, 16, and his parents Caren and Daniel Harris. Daniel has also battled cancer.

"We are proud to be able to support worthy causes like Cops For Kids With Cancer," Rich Raymond, President of the NEMLEC Foundation said. "We always like to seize the opportunity to make a positive impact in someone's life whenever possible."

In addition to the \$5,000 donation, the Andover Police Department provided gifts to the family and hosted a complimentary lunch for guests in attendance.

"It is an honor to be able to host this event to help one of our young residents who is battling cancer," Andover Police Chief Patrick Keefe said. "This generous donation from the NEMLEC Foundation will help the family focus on recovering by lessening the financial burden associated with conquering this disease."

The NEMLEC Police Foundation exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit cities and towns in its membership. Cops For Kids With Cancer is a regular benefactor of the Foundation's yearly donations.

"We are very thankful for NEMLEC and appreciate their continued generosity and support," Faherty said. "Our hope is to always ensure young children, like this resident from Andover, receive the support they need during a difficult time in their lives."

About Cops For Kids With Cancer:

In 2005, retired Boston Police Captain John Dow and his wife, Joan, wanted to find a way to

support children with cancer who were being treated at Massachusetts General Hospital. Captain Dow, a cancer survivor, was sensitive to the needs of cancer patients and had a particular empathy for children undergoing difficult treatments. Soon after, the non-profit he founded, Cops For Kids With Cancer, began directing significant support to pediatric cancer patients at Massachusetts General Hospital. Cops For Kids With Cancer supports emergency assistance to families, events for patients and their families, and special “wishes” for teens, who are too old to be served by the Make-a-Wish Foundation. Captain Dow lost his battle with cancer in 2007, but his vision of supporting children and their families continues.

Former Boston Police Superintendent-in-Chief Robert Faherty served in the Boston Police Department from 1960 to 2000 and currently holds the role as the Chairman of the Board of Cops For Kids With Cancer.

NEMLEC Foundation Donates \$5,000 to the Jimmy Fund

DRACUT -- The Northeastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation, Inc. is pleased to announce that its annual appreciation dinner and comedy night was a success.

Following the event on Friday, Nov. 30, the NEMLEC Police Foundation donated \$5,000 to the Jimmy Fund and its work to combat childhood cancer. The event was held at the Four Oaks Country Club in Dracut.

"This event is a cherished tradition of ours because it enables us to give back to such a critical cause," Executive Director Sharon Crowley said. "I'm so grateful for all of our sponsors and everyone who helped make this year's dinner and comedy night such a great one."

Chelsea Police Chief Brian Kyes was honored for his myriad contributions to his community and the law enforcement profession. The ceremony was followed by performances from legendary Boston comedian, Steve Sweeney.

About the NEMLEC Police Foundation:

NEMLEC Foundation Donates \$5,000 for Sean Collier Memorial Playground

The NEMLEC Police Foundation donated \$5,000 to Where Angels Play Foundation, which built a playground in memory of former MIT Police Officer Sean Collier. Left-to-right: Belmont Police Chief Richard McLaughlin; Pepperell Police Chief David Scott; Where Angels Play Founder William Lavin; NEMLEC Foundation Coordinator Sharon Crowley.

TEWKSBURY – The NEMLEC Police Foundation, Inc. is pleased to announce that it has donated a portion of its annual fundraising proceeds to the Sean Collier Memorial Playground at a fundraising event on Friday, Sept. 25.

Where Angels Play Foundation, a non-profit organization that builds playgrounds in memory of fallen heroes, built the playground at Silver Lake in Wilmington in memory of Collier, a former MIT Police Officer who was killed during the Boston Marathon Bombings in 2013.

The fundraiser was held at the Tewksbury Lodge of Elks, where Vice Chairman of the NEMLEC Foundation, Chief David Scott, presented a check for \$5,000 to William Lavin, Founder of Where Angels Play.

"Officer Sean Collier's death was devastating to so many communities, especially his hometown of Wilmington," Chief Scott said. "We are honored to support this playground to keep his memory alive and recognize the ultimate sacrifice he made."

The Sean Collier Memorial Playground officially opened this morning following a ribbon cutting ceremony at Silver Lake in Wilmington. Playground equipment pays tribute to law enforcement officers, specifically Collier, whose MIT Police Badge is displayed prominently as part of the design. Artwork by Officer Collier's niece and nephew is also featured on the equipment.

"Law enforcement personnel put their lives on the line every day protecting their communities and it's tragic to see a life taken at such a young age," said NEMLEC Foundation Coordinator Sharon Crowley. "The NEMLEC Foundation is proud to support an endeavor that ensures Sean Collier's memory will never be overshadowed by the horrific events of that day."

The NEMLEC Police Foundation provides training and education to police in Northeastern Massachusetts. Through its annual Golf Tournament and other fundraisers, the Foundation has been able to support a variety of charitable causes over the years in addition to providing vital training programs to hundreds of police officers in Middlesex and Essex counties.

NEMLEC Foundation Hosts Gordon Graham for Highly Successful Risk Management Seminar with Law Enforcement Personnel

Nationally renowned risk management speaker Gordon Graham spoke to a crowd of law enforcement officers at the NEMLEC Police Foundation's Risk Management Seminar last week at Regis College in Weston. (Courtesy Photo)

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce that it hosted a successful risk management seminar last week at Regis College in Weston.

On Tuesday, Jan. 5, the Foundation welcomed 163 police officers, representing 42 Massachusetts municipal law enforcement agencies, to a seminar led by nationally renowned risk management speaker Gordon Graham, owner of Graham Research Consultants.

Graham is a 33 year veteran of California Law Enforcement with extensive experience in risk management. He is a practicing attorney and leading professional speaker in both private and public sector organizations with multiple areas of expertise.

As part of his presentation, Graham discussed organizational risk management and how it applies to specific law enforcement operations. He suggested that combining risk management with an understanding of customer service, accountability and integrity can assure operations within an organization are successful.

"We are proud to be able to host valuable training sessions for our local law enforcement agencies," said Rich Raymond, Chairman of the NEMLEC Foundation. "This is a fantastic resource and I hope those in attendance walked away with some valuable insight."

Graham also spoke about several high risk situations for police officers, including vehicle and roadway operations, harassment and integrity issues, use of force, custody and detention, report writing and documentation, off-duty behaviors, decision making, mental and physical health, and their end of career or end of life planning.

The Foundation would like to thank Weston Police Chief Michael Goulding for helping to secure

Graham, and Lincoln Police Chief Kevin Kennedy, a foundation board member, for his hard work in putting the program together.

"We had an outstanding turnout for this event and the entire group remained enthusiastic throughout the day," said Sharon Crowley, NEMLEC Foundation Coordinator. "We will continue to work to provide additional training opportunities like this seminar to our law enforcement professionals."

NEMLEC Foundation Sponsors Criminal Investigations Training Program 25 Municipal Police Detectives Take Part in Two-Week Hands-On Training

***Courtesy Photo. For more photos and high-res images,
visit <http://nemlecfoundation.org/?p=246>***

CHELMSFORD -- The North Eastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation sponsored a Basic Criminal Investigator Training Program at the Chelmsford Police Department from March 16-26, allowing municipal police detectives from many of the 61 cities and towns that NEMLEC represents to participate in a comprehensive, hands-on training program.

"We are proud to be able to support our police departments through programs such as the criminal investigators training," said NEMLEC Foundation Director Sharon Crowley. "Continuing education and training is a vital to the success of these departments."

The purpose of this program is to better equip law enforcement investigators in managing investigations, managing and reconstructing crime scenes, writing and executing search warrants, completing thorough reports, and preparing cases for prosecution.

Bill Powers, a renowned former Massachusetts State Police Detective Lieutenant, facilitated the program. Powers, who currently serves as Chief of the Wentworth Institute of Technology Police, trains police officers and detectives all across the Commonwealth. Retired State Police Sergeant Brian O'Hara and Watertown Police Detective Dave MacNeil also came in for the first two days of the training for intensive instruction on crime scene analysis, including fingerprinting, documentation, and procedures to ensure the preservation of evidence.

Ken Lavallee, Retired Superintendent of the Lowell Police Department and NEMLEC Foundation Director, also provided instruction on bank fraud. Several area police chiefs, Assistant Middlesex District Attorneys and Judge Robert Brennan, of Salem District Court, also participated, leading various modules of the training course.

Powers ended the two-week program with leadership training and procedures on how to handle

officer-involved shootings.

Twenty-five police detectives were placed in groups of five, and each of them was assigned a case of robbery, stalking, auto theft, rape, or burglary in which they applied techniques learned in the classroom and from staged crime scenes. Detectives practiced lifting fingerprints, testing for blood, identification, documentation, preservation of evidence, and how to correctly photograph crime scenes.

"Programs like this provide a unique opportunity for members of our police departments to further develop important skills through hands-on training," said Richard Raymond, the Chairman of the NEMLEC Foundation and CEO of Armstrong Ambulance. "Our foundation is pleased to be able to continue to offer the support they may not otherwise have."

Participating detectives had the opportunity to tour the state medical examiner's office and to practice role-playing interviews with suspects and witnesses with Middlesex Community College Performing Arts students playing various roles.

This was the ninth NEMLEC Foundation-sponsored detectives training session. Since 2007, 225 detectives from 61 cities, towns, and sheriff's departments in Middlesex and Essex Counties have gone through this vital training.

The training was subsidized by the NEMLEC Police Foundation Inc. and cost departments just \$500 per person for the entire two week program.

"Training sessions this in-depth can cost police departments thousands of dollars. Thanks to the NEMLEC Foundation, agencies big and small have access to advanced training resources at a fraction of the usual cost," said Chelmsford Police Chief James Spinney. "We are proud to have hosted this fantastic program and look forward to working with our partner agencies for years to come."

The training session included detectives from the Arlington, Bedford, Belmont, Billerica, Burlington, Chelmsford, Concord, Danvers, Hamilton, Lexington, Maynard, North Reading, Reading, Sudbury, Tewksbury, Weston, and Woburn Police Departments.

NEMLEC Foundation to Hold Raffle Drawing For Patriots Tickets

DRACUT -- The Northeastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation, Inc. is pleased to announce that it will hold a public drawing for its New England Patriots ticket package raffle.

WHEN:

Wednesday, July 17 from 5:30-7:30 p.m.

WHERE:

Tavern in the Square, 100 District Ave., Burlington

WHAT:

As part of a fundraising effort, the Foundation is raffling off a chance to win a package of Patriots tickets for the upcoming season.

The winner will receive two tickets for **every regular season home game**, along

with free parking in a private lot and two All-Pro VIP tailgate packages. The tailgate package includes pre-game drinks, entertainment, celebrities, HDTVs throughout the tent and a great buffet.

The NEMLEC Foundation is only selling 300 tickets in this raffle, each for \$100.

One lucky winner will be chosen at the event on July 17. Light food and refreshments will be served. This event is free and open to the public.

Tickets are still available. Those who would like to purchase one should contact Sharon Crowley at nemlecfoundation@yahoo.com.

NEMLEC Foundation to Host Beyond Sandy Hook Seminar

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce that it will host a seminar in June highlighting critical analysis and lessons learned from the Sandy Hook Elementary School Shooting.

WHEN

Monday, June 5
Registration begins at 8 a.m.
Seminar from 9 a.m. to 3 p.m.

WHERE

Regis College, 235 Wellesley St., Weston

WHO

Connecticut State Police Instructor Daniel Jewiss, who was the case officer for the Sandy Hook Shooting, and Connecticut State Police Lt. Eric Murray.

WHAT

“Beyond Sandy Hook, Critical Analysis and Lessons Learned from the Sandy Hook School Shooting” is a one-day seminar designed as both a presentation of the critical analysis of the Sandy Hook Elementary School shooting and a skill builder for dispatchers, first responders, detectives, supervisors and commanders.

Presentations will cover constructive insights and key takeaways that were learned through first-hand experience and critical analysis of Sandy Hook and other active shooter events. Instructors will focus on active shooter dispatch, crisis response planning, investigative considerations and community recovery.

Topics will include:

- The definition of an active shooter
- The Sandy Hook Elementary School shooting -- what really happened
- Active shooter dispatch -- script writing
- First priorities for first responders
- The Reunification Process
- An Investigator's Role
- Command Post Operations
- Supporting Victims' Families
- Personnel Wellness
- After Action Review Process

The cost of the seminar is \$50 per person, which includes lunch. To register, please contact Sharon Crowley at nemlecfoundation@yahoo.com by May 31.

NEMLEC Foundation to Host Risk Management Seminar

DRACUT — The NEMLEC Police Foundation, Inc. is pleased to announce that it will host a Risk Management Seminar next month led by nationally renowned risk management speaker Gordon Graham.

WHEN

Tuesday, Dec. 13

Registration at 8 a.m.

Seminar from 9 a.m. to 3 p.m.

WHERE

Cross Point Towers, 900 Chelmsford St., Lowell

WHAT

The Risk Management seminar will cover the following topics:

- Tactical Report Writing for Public Safety Personnel
- Ethical Decision Making
- Customer Service
- Top Ten Things that Get Cops in Trouble

The seminar is open to all police officers.

Graham is a 33-year veteran of California Law Enforcement with extensive experience in risk management. He is a practicing attorney and leading professional speaker in both private and public sector organizations with multiple areas of expertise.

Tickets for the seminar cost \$100. Breakfast and lunch are included in the ticket price.

Those interested in attending should fill out this [form](#) and email it to Sharon Crowley at nemlecfoundation@yahoo.com by Dec. 2. Forms can also be mailed to:

NEMLEC Police Foundation, Inc.
P.O. Box 458
Dracut, MA 01826

About the NEMLEC Police Foundation:

[The NEMLEC Police Foundation, Inc.](#) exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns.

All,

Please see attached golf letter and brochure for this year's NEMLEC Police Foundation Golf Tournament to be held at Four Oaks Country Club in Dracut on Monday, May 20, 2019. The NEMLEC Police Foundation will proudly honor Chief Buddy Sacco for all his work as a Police Chief in Medford as well as a true supporter of NEMLEC and The NEMLEC Police Foundation.

Please join us for golf and/or dinner while we honor Chief Sacco.

Also, we are conducting a special drawing this year...a chance for two people to win ALL New England Patriot's Regular Season Home Games (2019/20) with pre and post celebrations and private parking (please see attached flyer for the details). Only 300 tickets will be sold!

I look forward to hearing from you.

Best regards,

Sharon Crowley

NEMLEC Police Foundation Golf Tournament May 20, 2019

All,

Please see attached [NEMLEC Police Foundation Golf Brochure](#) and [Sponsor Letter](#). In addition, we are having a special drawing this year: \$100 per ticket for a chance for (2) to win [ALL Patriot's Home Season Regular Games 2019-2020 Season](#)...includes pre and post party with celebrities and private parking! Details are included on flyer. You can even split the ticket (exa. 2 people pay \$50 each) and pick which games you want to attend!

Please spread word. We will be selling these tickets at this year's golf tournament on May 20th at Four Oaks! Only 300 tickets will be sold.

As always, thank you in advance from the NEMLEC Police Foundation!!!!

NEMLEC Police Foundation Hosts Successful Beyond Sandy Hook Event

Left to right: Stoneham Police Chief James McIntyre, Connecticut State Police Instructor Daniel Jewiss, Belmont Police Chief Richard McLaughlin, Connecticut State Police Lt. Eric Murray, NEMLEC Foundation Director Sharon Crowley, Executive Director of Public Affairs at MCC Patrick Cook, Executive Director of NEMLEC Sharyn Lubas, and Bedford Police Chief Robert Bongiorno. (Courtesy Photo)

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce that it hosted a successful Beyond Sandy Hook seminar this week at Regis College.

On Monday, June 5, the Foundation welcomed 120 members from police departments in Arlington, Bedford, Belmont, Burlington, Chelmsford, Concord, Groton, Lincoln R.I., Middlesex Community College, North Reading, Norwell, Orleans, Pepperell, Phillipston, Reading, Stoneham, Suffolk University, Tewksbury, Waltham, Wenham, Winchester and Woburn for the training. Members of School Threat and Response System (STARS) and Pamela Perini Consulting also attended.

Connecticut State Police Instructor Daniel Jewiss, who was the case officer for the Sandy Hook Shooting, and Connecticut State Police Lt. Eric Murray led the six-hour seminar that highlighted critical analysis and lessons learned during and after the shooting.

"We are so pleased to be able to offer these kinds of presentations to ensure that law enforcement, schools and businesses are prepared for any situation, even the worst-case scenarios," said Foundation Director Sharon Crowley. "This seminar was particularly unique because it covered an active shooter situation from dispatch to community healing and everything in between."

Presentations focused on active shooter dispatch, crisis response planning, investigative considerations and community recovery.

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. The foundation promotes the public's understanding of their police departments. It receives gifts, contributions, and grants from individual benefactors or private organizations and distributes those gifts to benefit The North Eastern Massachusetts Law Enforcement Council and its cities and towns.

NEMLEC Police Foundation Raises \$9,500 Through All Pro VIP Season Ticket Drawing

DRACUT -- The Northeastern Massachusetts Law Enforcement Council (NEMLEC) Police Foundation, Inc. is pleased to announce that it raised \$9,500 through its All Pro VIP Tailgate football ticket package drawing.

The winner -- William Finn (Ticket #011) -- received two tickets for every New England Patriots regular season home game this coming season, along with free parking in a private lot and access to [All-Pro VIP tailgate](#) events for each game.

The NEMLEC Foundation chose the winner during a drawing event on July 17 at Tavern in the Square in Burlington.

Money raised through this event will go toward funding NEMLEC's School Threat Assessment and Response System (STARS) training, comprehensive motorcycle training, elite NEMLEC SWAT training and annual basic and advanced crime scene classes, among others.

"We would like to offer our sincere gratitude to everyone who bought a ticket to support the NEMLEC Police Foundation's mission of providing quality opportunities to our member agencies," Executive Director Sharon Crowley said. "The money raised from this drawing and all NEMLEC Foundation fundraisers goes directly to support our member agency units and ongoing training for police officers in Middlesex and Essex County."

So far this year, the NEMLEC Foundation has raised nearly \$40,000 for police training, special operations and charitable causes such as Cops For Kids With Cancer.

About the NEMLEC Police Foundation:

The NEMLEC Police Foundation, Inc. exists to promote and pursue training, education, research, projects, and programs that benefit municipal police agencies and their communities in Northeastern Massachusetts. Subject: (Archive Copy) NEMLEC STARS CRT: COVID-19 Documents
Date: Monday, April 13, 2020 10:24:49 AM

Chiefs,

A subgroup of STARS CRT has been working on developing resources and information to share with our NEMLEC communities regarding a death due to COVID 19. They wanted to be proactive and have documents available should a loss occur in any of the NEMLEC school districts.

The documents the team developed are listed below. They can be shared via the link without worry of editing. Lt. Sencabaugh is working on inserting the documents into our existing STARS toolkit to be available online via the STARS Toolkit website (www.starstoolkit.org). While we are not sure how long that will take, they have provided these documents to STARS CRT staff to have in case of a need in their district.

Subject: (Archive Copy) NEMLEC SWAT Permission Paperwork to Tryout
Date: Tuesday, August 6, 2019 10:53:59 AM

Good morning Chief,

I placed an application (really it's more or less a release of liability / permission slip of sorts) in your mailbox, the "Chiefs Box" by the front desk late last week. I was wondering if you would give consideration for me to try out again, the tryout for this year is being held in October.

I did not get hurt the last two times I tried out at Ft. Devens, I believe the tryout is very similar this go-around, only they are holding it at the SIG Sauer facility in S. NH.

NEMLEC higher is looking to have that paperwork in-hand, at the monthly training tomorrow. I would greatly appreciate a signature granting permission to tryout, and if it is dropped in my mailbox that would be great, or I can come in a little early this afternoon and grab it then.

Thanks in advance ma'am.

V/R,

Ofc. Steve Conroy

From: [Steven Conroy](#)
To: [Julie Flaherty](#)
Subject: (Archive Copy) NEMLEC SWAT Tryout / Application
Date: Tuesday, September 3, 2019 12:57:42 PM

Good afternoon Chief,

Every year they (NEMLEC SWAT) decide to hold a tryout, they like candidates to have the application for a "move" already completed should said candidate pass the rigors of that day.

After taking last year off, after another no-go attempt the year prior, I'd like to make a run at it again this year. The tryout is slated for Thursday, October 17th, at the SIG SAUER facility in Epping, NH.

I dropped the application off in your mailbox about a month ago, I was hoping to have it signed so they do not give me grief about trying out, if permission to do so is authorized by you.

My plan was to bring it to training tomorrow, otherwise I'm sure they'll want it for the monthly October training at the very latest.

I'm hoping this year I have a good day, with a hint of luck on my side to pass it. The day is definitely a grueling series of events and it's absolutely no joke. This will be my third attempt at the full day screening, provided you give me permission and I pass the pre-screening next month at monthly training. I have never been injured participating in any of these tryouts, and I'd like to think I'll get through this screening just as injury-free.

Thanks in advance Chief, I'll be available for the remainder of today, and monitoring this email.

V/R,

Ofc. Steve Conroy

[ONE CAMBRIDGE CENTER TRANSPORTATION DATA.docx](#)

Looks like a good turnout tomorrow. First hour we will be discussing the new CJIS requirements for dual factor authentication from Cruiser laptops. Something that just about everyone will be dealing with this Summer. I believe Bob Ankenbauer has a guy from RSA Security coming.

If you'd still like to come, it's not too late, just let me know today so we can get enough food.

We will be having our meeting at the Microsoft Facility in Cambridge. Directions and info are attached related to the venue.

Here's the tentative agenda

- 11-12 NEMLEC Private Session
- 12-1 Provided Lunch courtesy of Panasonic
- 1-1:20 Microsoft Presentation (Windows 8)
- 1:20 – 1:40 Utility Rocket (next gen modem/communications hub for cruisers)
- 1:40 – 2 Panasonic presentation (Tablet evolution and Arbitrator 3.0)

Thanks,

Greg Katz

Chief,

I have composed a list of possible activities or events when you could, if willing utilize the assets that NEMLEC units provide.

- July 4th at the farm (motors/bicycle unit)
- Pats Day parade/road race/ re-enactment (motor)
- Funeral of retired Officer (motors)
- Town Day events (motors/ bicycle/rrt)
- Town night fireworks (motors/bicycle/rrt)
- AHS Graduation (motors/bicycle)
- Any large funeral processions (motors)
- Hostage situation (swat/rrt)
- Missing person (rrt/motors)
- Large events where perimeter is required ie: Columbia gas Andover (motors/rrt/bicycle)
- Large crowd control events (motors/rrt/bicycle)
- Any incidents where communication is needed/command post (????)
- Any situation where you are forcing Officers who do not want to work (motors/bicycle/rrt)

As a member of the motor unit, I have done various escorts and events in several towns. If you speak to the members on the bicycle unit(S. Conroy) or the command post (Foley) they may have better events or circumstances that they have responded to. The use of any of these units is to free up the current shift Officers as to allow day to day operations to continue without interference.

The motor unit is slowly coming into the on call response as we did when the Columbia Gas incident occurred and if need be several If not all would come and help.

In closing, the cost of these resources is zero, and it takes the burden off the day/night shift to control the event. We have been used for everything under the sun. It's a resource at your disposal and I think you would find it a valuable tool if used in the future.

Thank you,
Rob Pedrini

Subject: (Archive Copy) New PERF report on community policing in immigrant neighborhoods
Date: Thursday, September 5, 2019 11:32:36 AM

Dear PERF Member,

In recent years, the debate surrounding immigration has intensified at the local, state, and federal levels. Although the federal government is tasked with the responsibility to enforce federal immigration laws, U.S. Immigration and Customs Enforcement (ICE) often partners with local law enforcement to accomplish its mission. The friction regarding the role of local police in enforcing immigration laws presents a challenge for law enforcement leaders.

Police officials report that the rhetoric and increased media attention to immigration issues have contributed to an increased fear of police among immigrants. Immigrants do not always distinguish between the local police and federal immigration officers, and some immigrants from nations where police agencies are corrupt or brutal may mistakenly believe that American police are the same. Fear and misperceptions can damage the trust between American police officers and community members.

In response to these challenges, police departments are expanding outreach efforts to immigrant communities while also developing clear policies on how and when its officers may work with ICE.

With support from the Carnegie Corporation of New York, PERF examined police agencies that have built positive relationships with immigrant communities while maintaining open lines of communication with federal immigration authorities.

PERF's new report, ***Community Policing in Immigrant Neighborhoods: Stories of Success***, features case studies of two police agencies--the Aurora (CO) Police Department and the Madison (WI) Police Department. Our report offers guidance to all agencies interested in building trust with immigrant communities, while ensuring transparent communications with community members and immigration authorities to prevent the spread of misinformation.

This report is available on PERF's website at the following link:

<https://www.policeforum.org/assets/CommunityPolicingImmigrantNeighborhoods.pdf>

Our report provides guidance on the following:

- Expanding community policing efforts in immigrant communities, including targeted outreach and engagement programs.
- Building trust between police and immigrant communities.
- Developing a clear immigration policy and communicating that policy both internally and externally.
- Working with community leaders to bridge gaps between police and immigrant communities.
- Educating officers about different cultures in the community.

PERF is grateful to everyone who participated in this research and shared their

insights and expertise with our project team, especially the Aurora Police Department and the Madison Police Department.

I hope you will find our report helpful in your agency's efforts to expand community policing initiatives in immigrant communities.

Best,

Chuck Wexler

Executive Director

Subject: (Archive Copy) No Wednesday Detective's Meeting - Cooper-Stanley Paving Crew in PA, UBER LE Resources
Date: Monday, July 9, 2018 9:20:23 PM
Attachments: [PaCIC DR 07-06-2018.pdf](#)

Just a reminder.... The NEMLEC/Metro-North Detectives will not be meeting this Wednesday in Stoneham. The Acton Regional Meeting will be held next Thursday 7-19-18 at 10AM at Acton PD.

Rogue Paving Crew active in Pennsylvania. Rollie Anderson, Retired Deputy Chief in Weston forwarded the attached bulletin regarding a locally based paving crew that was operating about an hour west of Philadelphia. Cornelius Cooper Stanley Jr. aka "William" Stanley 8-27-82 was soliciting jobs with two males believed to be his sons Thomas and John Stanley. He was DBA "American Asphalt" with a truck with New Hampshire Reg: 4334170. The red dump truck was lettered Mottau Constuction with a Massachusetts Area Code 508 on the side door. Photos are on page 2 of the attached document.

-

[Dave Lamoureux at NICB forwarded the most recent update to UBER's Resources to Law Enforcement. \(below\).](#) Also, the link below is a reminder about the UBER L.E. Summit on August 9th in Boston <http://bit.ly/Uber-Mass-LEsummit>

Uber's new LE Portal investigators can create an account, request emergency disclosure, make an inquiry, and serve (upload) your legal process or preservation orders. Please go to lert.uber.com and create your account. I highly recommend to all investigators that they create their account immediately (it can take up to 24 hours to verify an account), so in an emergency or exigent circumstance, they can begin their requests immediately just by logging in. If you need to include an address in your legal process, please utilize the following: Uber Technologies, 1455 Market St., San Francisco, CA 94103.

We have also revised our [Community Guidelines](#) and our [Law Enforcement Guidelines](#). Law enforcement makes frequent inquiries about our standards for drivers and riders and what information they are able to obtain from Uber, so I thought this information might also be helpful. On the right side of the page you will also see links to our privacy policy, data requests, and other policies and explanations that you and others might find useful.

In addition to the information provided above, I have attached a quick two-page primer on how to locate the driver's license plate number within a rider's app on their smart phone. I have also attached a data list of what investigators can include in their legal process. This is a list of rider and driver data that I have compiled and not an official Uber product, so changes in availability and language could vary. If you have any questions or need any clarification on these items, please contact me.

If you have a victim whose credit card was stolen or utilized for Uber without their consent, can you please provide them this fraud link (<https://help.uber.com/h/fe547761-4384-42d4-8531-4cfb0e0e523e>)? They can go to this website and fill out the requisite information and receive all the data associated to the account (associated to the credit card) and all trips charged to that payment method.

If a contract verification is needed for a driver for the purposes of a background investigation or outside agency employment verification, please write to our contract verification team via email at governmentmail@uber.com or via fax number at 415-868-3965.

Our LE Response Team (LERT) is staffed 24/7, and this is the quickest way for your officers and investigators to find the information they are seeking from Uber.

Thank you,

Wade Stormer

LE Liaison Lead - East

Subject: (Archive Copy) Officer Louis Remigio Memorial Scholarship Golf Tournament 8-27-18 in No. Reading
Date: Monday, July 23, 2018 10:47:23 AM

Subject: Officer Louis Remigio Memorial Scholarship Golf Tournament

-

On **August 27th** there will be a Memorial Scholarship Golf Tournament to be held in honor of **Somerville Police Officer Louis "Lou" Remigio and his loving wife Amy**. The tournament is being held at the **Thompson Country Club in North Reading, MA and will start at 0800, best ball scramble format**. (See attached flyer)

Lou was a highly respected, 30 year veteran of the **Somerville Police Department** where he served as a **motor officer** and member of the department's **Traffic Unit**. Lou was also a member of the **NEMLEC Motor Unit** and the **Law Keepers MC Club chapter of MA**. Lou was a resident of Tewksbury, MA where he was a respected and dedicated member of his community.

On October 9th, 2017 Lou succumbed to injuries that he sustained after a crash which occurred on I-95 in New Hampshire while he was riding his motor cycle when another vehicle veered into his lane from the wrong direction of travel at high speeds.

The following message was provided by Dave Molhan the tournament's organizer who was a dear friend of Lou's;

"For those of you who didn't have the pleasure of knowing Lou Remigio, here is a small glimpse..."

He was a dedicated Somerville police officer for 30 years, who truly exemplified the "community of caring" slogan which has become a common slogan used by police departments nationwide. He was a role model police officer and friend. He was the kind of friend that you could call for anything; such as moving, good advice, building a fire pit, or just someone to talk to. Louie treated his friends like family, and his family like gold. There wasn't anything he wouldn't do for them.

He raised two strong, independent, passionate daughters who continue to carry on Louie's core values out into the world. He was and would be very proud.

*His friends and family have started a motto of "**Live like Lou**" or as Louie himself would put it "**Take it ease!**"*

Please come join us for a fun filled day of activities as we celebrate Lou's life."

To register for the event or to volunteer, please contact Dave Molhan at Dmolhan@gmail.com

NOTE: Non-golfers are also encouraged to join in on the day's festivities.

Sincerely,

Friends of Lou

Chiefs,

Lawrence Chief Roy Vasque is stepping down from his seat on the Northeast Homeland Security Regional Advisory Council, which serves 85 communities in the (generally) northeast region of the Commonwealth, spanning several counties. The MCOPA is soliciting volunteers to serve on the NERAC Council. If interested, please review the two attached files and submit a message of your interest to me at mleahy@masschiefs.org. Please also see www.nerac.us for additional information. The MCOPA Executive Board will review the applicants, vote, and forward the candidate's name to EOPSS for further consideration. Please submit your name no later than 12:00 Noon on Friday, November 1, 2019. Thank you!

Fraternally,

Mark

Linda,

I spoke with the Chief tonight and he is looking for a rough number for costs associated with the recent event. Hes looking for this number ASAP as the town manager and others have asked him. Ive attached an overtime sheet for planning for the presidential visit. Ill send you everything else I have. Ill call you tomorrow but the cost should include;

- Nemlec Motorcycle Officers Callouts on Tuesday April 16
 - The attached overtime sheet for logistics and planning on April 17
 - The overtime sheet that Lt White submitted to you for The Boston Presidential Callout On April 18
 - Overtime for April 19, 2013 mutual aid to Watertown, Rebecca has the sheet for this, I dont know the hours but Dan Kelly was keeping track of the OT sheets. Ill have him give them to you tomorrow.
 - Nemlec Motorcycle Officers callout on Saturday April 20, 2013 for Boston event
-
- I have a receipt for \$172.49 for food for officers for the event in Boston. Lt Kiernan has a receipt for \$60.00 for coffee for the event in Boston
 - \$583.20 in gas costs for presidential visits
 - \$518.40 in gas costs for Watertown mutual aid

Also, on another note, he wanted to make sure that any money that is reimbursed from 911 in personnel cost goes into the support service budget.

Thank you.

Pair of Arlington Police Joint Operations Take Three Suspected Heroin Dealers Off the Streets

County, Federal Partnerships Remove Danger from the Community

Arlington Police Chief Frederick Ryan is pleased to announce that two police operations have resulted in the arrest of three suspected heroin dealers.

"Heroin is one of the greatest evils plaguing our community and the region. It is dangerous and deadly, and it damages families and neighborhoods," Chief Ryan said. "I am proud of the hard fought, undercover work and teamwork between Arlington Police and our partners in law enforcement. Three dangerous felons are in custody today. Let this be a lesson to anyone who wants to peddle deadly drugs in our community."

In the most recent operation, Arlington Police worked in cooperation with the Drug Enforcement Agency, the Office of United States Attorney Carmen Ortiz, the Suburban Middlesex County Drug Task Force, the Essex County Sheriff's Department and the Boston, Ipswich, Somerville, and Malden Police Departments in the arrest of a career drug offender who has been convicted four times in the past for drug distribution, according to Ortiz's office.

Yrvens Bain, 40, formerly of Henderson Street in Arlington was arrested on Tuesday, April 1 in the City of Malden by Arlington and Task Force police officers as part of an investigation into two suspected heroin overdose deaths in Arlington.

Bain was arrested after selling heroin on two occasions to cooperating witnesses in Waltham and Malden. He has been charged with distributing heroin. He faces 20 years in federal prison, followed by a maximum of lifetime supervised release and a fine of \$1 million.

Chief Ryan extends his sincere appreciation to the law enforcement partners, including U.S. Attorney Ortiz and DEA Special Agent in Charge John J. Arvanitis, who helped bring this career offender to justice once again.

In a previous operation that concluded in February, two Boston men were arrested after they sold heroin to undercover police officers on multiple occasions. **Mariano Andujar-Perez, 30, and Louis D. Pena, 20, both of Dorchester** were arrested on February 14, 2014 at the intersection of Broadway and Adams St in Arlington shortly after an undercover drug buy by Arlington Police Officers.

Both men were arraigned on February 18, 2014 in Cambridge District Court. Andujar-Perez was charged with Possession Class A Drug with Intent to Distribute, Conspiracy to Violate Drug Laws, and Furnishing a False Name or Social Security Number Following Arrest. Pena was charged with Possession of a Class A Drug with intent to Distribute, and Conspiracy to Violate Drug Laws. Police seized a 2005 Acura as evidence, and U.S. Immigration and Customs Enforcement has placed a detainer on Andujar-Perez.

Arlington Police conducted the first operation with the Suburban Middlesex County Drug Task Force, which is a partnership among several municipal police departments tasked with interdicting the drug trade and bringing drug dealers and suppliers to justice.

Proactive and Proud

Subject: (Archive Copy) Passing of Retired Chelmsford DLT Francis "Frank" Roark - Arrangements
Date: Tuesday, October 15, 2019 3:18:17 PM

It is with deep regret that I note the passing of retired Det. Lt. Frank Roark of the Chelmsford Police Department following a 4 ½ year battle with lung cancer.

Frank was a veteran who served in the U.S. Army Special Forces during the Vietnam conflict.

Frank was also the Operations Commander for the original NEMLEC Special Operations Unit, the precursor to the NEMLEC SWAT Team.

Frank's professional conduct, his composure under pressure, and the respect that he gained from every police officer under his guidance was unmatched.

In addition to his immediate family, Frank is survived by his brothers, Chief Joseph Roark of the Pelham NH Police Department, and Det. Lt. John Roark of the Chelmsford Police Department

Funeral arrangements are listed below. Chris Neville

-

Wake Thursday October 17, 2019 1600-2000 Blake Funeral Home, 24 Worthen St Chelmsford MA

Funeral Friday October 18, 2019 1100 St Mary Church, 25 North Rd Chelmsford MA

Private burial

CYBERCRIME

Associated Press: [Hacker group posts hundreds of law officer records](#)

Authorities were investigating Saturday the online posting by a hacker group of the

personal information of hundreds of federal agents and police officers apparently stolen from websites affiliated with alumni of the FBI's National Academy. The Associated Press counted at least 1,400 unique records of employees of the FBI, Secret Service, Capitol Police, U.S. Park Police and other federal agencies as well as police and sheriffs' deputies in North Carolina and Florida. The records included home addresses and phone numbers, emails and employers' names.

PRIVACY ISSUES

New York Times: [Tracking phones, Google is a dragnet for the police](#)

The tech giant records people's locations worldwide. Now, investigators are using it to find suspects and witnesses near crimes, running the risk of snaring the innocent.

TRAFFIC ENFORCEMENT

Houston Chronicle: [Tougher laws, technology needed to fight distracted driving epidemic, NTSB panel agrees](#)

Road safety advocates in Houston Thursday said an all-out blitz of stricter laws, tougher enforcement, driver education and incentives is needed to combat a growing epidemic of distracted drivers that is killing an estimated 3,600 people annually across America.

Dallas Morning News: [Dallas DA's plan to give petty criminals a pass could backfire, police leaders argue](#)

A day after District Attorney John Creuzot announced sweeping changes to Dallas County's criminal justice system, local police officials and union leaders pushed back, saying his reforms won't change how they approach their jobs and could have disastrous side effects.

OFFICER-INVOLVED SHOOTINGS

New York Times: [A 911 call, an unarmed woman and a single shot: The mystery of a police shooting](#)

The death of Justine Ruszczyk on a July night in 2017 shook Minneapolis - protesters marched, the police chief was fired, the mayor was soon voted out - and renewed debates about body cameras and when police officers use force. It also led to a persistent question that still haunts Ms. Ruszczyk's family and the city: What happened?

[OPIOIDS](#)

The Globe and Mail: [More than 10,000 Canadians have died from opioid-related overdoses since 2016, public health data show](#)

More than 10,300 Canadians have died of opioid-related overdoses in less than three years, according to new national data, an ominous figure that suggests efforts to curb the crisis are falling short.

[OPIOIDS](#)

NBC 5 Dallas-Fort Worth: [Lifesaving kits distributed to all troopers across the state](#)

The Texas Department of Public Safety began deploying NARCAN kits to all Texas troopers Thursday. According to DPS, along with tactical emergency training, troopers will be provided an additional lifesaving tool. NARCAN kits can help reverse a known or suspected opioid overdose.

[GUN REGULATIONS](#)

Toledo (OH) Blade: [Bump stocks illegal now, but few, if any, local owners have turned theirs in](#)

A federal ban on bump stocks went into effect in late March, roughly 18 months after a gunman perched in a hotel room overlooking a country music festival fired more than a thousand bullets into a crowd, killing 58 concertgoers and injuring 700 others in the span of 10 minutes. The nationwide ban officially went into effect

March 26. Since then, local law enforcement agencies are not seeing gun owners surrender their bump stock weapon attachments, even though it's now a felony to own one.

[DHS](#)

CNN: [ICE acting deputy director tapped to lead agency](#)

The acting deputy director of Immigration and Customs Enforcement has been tapped to lead the agency, according to an email sent to ICE employees Thursday. In an email to staff, acting ICE Director Ron Vitiello, whose last day is Friday, said, "Beginning tomorrow I will be out of the office, during which time Acting Deputy Director Matt Albence will be leading the agency."

[IMMIGRATION](#)

TIME: [Houston police chief blasts order to deport 11-year-old girl alone: 'Nazi's enforced their laws as well'](#)

Houston's Police Chief spoke out on Friday against an immigration order to deport an 11-year-old Salvadoran girl without her family. In a series of tweets, Chief Art Acevedo called the decision made by an immigration judge "heart-wrenching" and called for every "person of faith [to] speak out."

[EYEWITNESS IDENTIFICATION](#)

New York Review of Books: [Jed Rakoff, United States District Judge for the Southern District of New York: Our lying eyes](#)

An eyewitness's identification of an accused defendant often provides some of the most dramatic and powerful evidence in a criminal case. But in fact the eyewitness is frequently wrong: inaccurate eyewitness identifications appear to be the single greatest contributor to wrongful convictions. For example, they were introduced as evidence in over 70 percent of the more than 360 cases that the Innocence Project, using DNA analysis, later proved were wrongful convictions. Nearly a third of these cases, moreover, involved multiple misidentifications of the defendant. Why are eyewitnesses so often wrong? Improper police practices sometimes play a part. But the chief causes of inaccurate eyewitness identifications are shortcomings inherent in human perception and memory that cannot be eliminated easily, if at all.

[POLICE EXECUTIVE APPOINTMENTS](#)

Baltimore Sun: [New commissioner Michael Harrison looks outside Baltimore as he moves to reshape police department](#)

A month into Baltimore Police Commissioner Michael Harrison's tenure atop one of the country's most challenged law enforcement agencies, he's reshaping it - looking nationally for candidates and turning a critical eye to command staff.

[POLICE EXECUTIVE APPOINTMENTS](#)

Redmond (WA) Reporter: [Redmond Police Chief Wilson to retire after 32 years in law enforcement](#)

On June 7, Redmond Police Chief Kristi Wilson will retire after 32 years of public service. Wilson has spent the last 26 years with the Redmond Police Department (RPD) and was appointed as chief in 2016 and most recently has also been serving as the interim public works director.

[POLICE EXECUTIVE APPOINTMENTS](#)

Daily Tar Heel: [UNC Chief of Police Jeff McCracken to resign in July](#)

UNC Police Chief and Director of Public Safety Jeff McCracken will retire in the beginning of July, the University announced in a letter posted on Twitter Friday morning.

[Register for PERF's upcoming meeting, "New Challenges and Promising Practices in Pretrial Release and Community-Based Supervision," on May 10th in Houston](#)

Across the country, states and localities are reducing their reliance on cash bail,

which is placing an increased emphasis on pretrial release and community-based supervision programs. These trends have created new responsibilities and challenges not only for sheriffs' offices, but also for police departments and other criminal justice agencies involved in supervising individuals who have been released to the community pending trial. This national conference will focus on how these agencies are responding with new programs and partnerships. Click on the headline above for more information.

BAIL

Sacramento Bee: [Jerry Brown signs bill eliminating money bail in California](#)

Gov. Jerry Brown on Tuesday signed sweeping legislation to eliminate cash bail in California. The change, which will take effect in October 2019, goes further than any other state in the country to remove money from pretrial detention. Under Senate Bill 10, California will replace bail with "risk assessments" of individuals and non-monetary conditions of release. Counties will establish local agencies to evaluate any

individual arrested on felony charges for their likelihood of returning for court hearings and their chances of rearrest.

USE OF FORCE

Seattle Times: [Washington Supreme Court sends police use-of-force initiative to the November election ballot](#)

An initiative to make it easier to prosecute law-enforcement officers accused of misusing deadly force will go on the November election ballot, the Washington state Supreme Court ruled Tuesday. In a sharply-divided opinion, a majority of the justices upheld a Thurston County Superior Court order putting [Initiative 940](#) on the ballot. Like the lower court's ruling, Tuesday's decision keeps off the ballot a compromise bill preferred by law enforcement that legislators had passed along with the initiative in a novel maneuver that was quickly challenged in court.

STAFFING

Sacramento Bee: [Calling 911 in rural California?](#)

As urban areas such as San Francisco, Los Angeles, Sacramento and Fresno grapple with discussions about use of force and the over-policing of minority communities, the state's rural counties face a growing and no-less-serious law enforcement crisis: a severe shortage of staff that puts the public - and deputies - in danger. A McClatchy investigation found that large stretches of rural California - where county sheriffs are the predominant law enforcement agencies and towns often run only a few blocks - do not have enough sworn deputies to provide adequate public safety for the communities they serve. In Del Norte and Alpine, the counties make do with two deputies per 100 square miles. In multiple rural counties, not a single deputy actively patrols for certain periods of the day.

MARIJUANA

NBC 10 Philadelphia: [New Jersey prosecutors should use discretion in marijuana cases, AG says](#)

New Jersey prosecutors cannot categorically decriminalize marijuana, though they can use discretion when pursuing such cases, state Attorney General Gurbir Grewal said Wednesday in newly published guidance. The nearly nine-page guidance for municipal prosecutors comes as the Democrat-led Legislature and Democratic Gov. Phil Murphy consider legislation to legalize recreational marijuana.

IMMIGRATION

Los Angeles Times: [ICE arrests in courtrooms escalate feud between California and Trump administration over immigration policy](#)

With the Trump administration pushing for speedier deportations and hard-line immigration enforcement, California officials have tried to ensure that state courthouses - along with schools and hospitals - remain "safe zones" so that witnesses and crime victims, among others, won't be afraid to come forward. Immigration and Customs Enforcement officials maintain that making arrests in court in some ways is preferable because it provides a secure environment, where there's no risk their target will be armed.

OPIOIDS

Politico: [Trump administration warns California against 'safe' opioid injection sites](#)

The Justice Department is threatening to shut down San Francisco's proposed test of supervised injection sites amid the opioid crisis even before the governor has a chance to sign the pilot program into law. The looming showdown could affect similar efforts in New York, Philadelphia and Seattle, where officials have grappled with the ramifications of setting up spaces where drug users could shoot up while gaining access to clean syringes, medical professionals and treatment services as an approach to curb opioid addiction and overdose deaths.

TERRORISM

Salt Lake Tribune: [FBI director notes a growing trend of 'homegrown' terrorists - including a case from Utah](#)

The FBI calls them "homegrown violent extremists" - Americans who likely have never left the country, but have self-radicalized and aligned themselves with foreign terrorists groups. They can often plan violent attacks in hours or days, targeting people in their communities. This emerging group is now the government's primary concern in combating terrorism, FBI Director Christopher Wray told a gathering of hundreds of Utah law enforcement officers at the state's National Security and Anti-Terrorism Conference in Salt Lake City on Wednesday.

GUN VIOLENCE

PBS NewsHour: [There's a new global ranking of gun deaths. Here's where the U.S. stands](#)

In 2016, more than 250,000 people worldwide died as a result of firearms, and half of all of those deaths came from six nations, including the U.S. Half of all gun-related deaths in 2016 occurred in six nations - Brazil, the United States, Mexico, Venezuela, Colombia and Guatemala. Together, the study published in the journal JAMA noted, these countries hold less than 10 percent of the world's population.

GUN REGULATIONS

Houston Chronicle: [Texas man sells plans for 3D printer guns, despite court order](#)

The Austin man ordered by a federal judge to stop sharing free blueprints for building 3D-printed guns announced Tuesday that instead, he's selling the plans. Buyers can name their price. Attorneys general in nine states have sued to stop activist Cody Wilson and his company, Defense Distributed, from sharing the blueprints for the guns.

Baton Rouge Advocate: [Op-ed by former New Orleans Police Supt. Ronal Serpas: Nation should take Louisiana's lead on justice reform](#)

To an outsider, the idea of "getting tough" on crime may seem satisfying. But as law enforcement officials, we have a different perspective. Instead, we need to be smart on crime. Louisiana has already done this, and Congress should follow our lead.

LABOR UNION ISSUES

Seattle Times: [In breakthrough, Seattle's police union and city reach tentative agreement on a new contract](#)

After more than 3 1/2 years without a contract, the Seattle Police Officers' Guild (SPOG) and the city of Seattle have reached a tentative deal, according to a guild email announcing the breakthrough.

DRONES

Denver Post: [As law-enforcement drones become more prevalent, Denver's police and fire departments split on their use](#)

As a growing number of Colorado public safety agencies launch drones to help firefighting efforts, rescue lost hikers and take pictures of crime scenes, Denver's police and fire departments are debating the merits of using unmanned aircraft. For now, the Denver Police Department has shelved a consumer-grade drone recently purchased for nearly \$3,000 after the administration nixed the crime lab's plan to use it to photograph crime scenes.

TECHNOLOGY

Hawaii News Now: [Everything is going electronic - even speeding tickets](#)

The next time you get pulled over, the officer might have an iPad instead of a pad of blank citations. The reason: The state is piloting a new electronic ticketing program.

San Francisco Chronicle: [Charles Gain, controversial S.F. police chief during turbulent '70s, dies](#)

Charles Gain, one of the most controversial police chiefs in San Francisco's history, has died at the age of 94. Gain was appointed chief of police by Mayor George Moscone in 1976 and served for four turbulent years. He viewed himself as a reformer, but earned the enmity of the powerful Police Officers Association, which viewed him as an outsider who refused to follow the department's long-standing traditions. Gain seldom wore his uniform, ordered police cars painted baby blue instead of black and white, escorted a reformed prostitute to a Hooker's Ball, recruited gays to join the force and otherwise turned the department on its head.

OFFICER DEATHS

NBC New York: [NYPD detective killed by friendly fire during Queens store robbery](#)

An NYPD detective was shot and killed while responding to a robbery at a cellphone store in Queens Tuesday night, and NYPD Commissioner James O'Neill says it appears to be "an absolutely tragic case of friendly fire." Det. Brian Simonsen, 42, was killed after being hit by gunfire at the T-Mobile store in Richmond Hill, according

to a preliminary investigation, O'Neill said.

OFFICER-INVOLVED SHOOTINGS

Washington Post: Four years in a row, police nationwide fatally shoot nearly 1,000 people

Fatal shootings by police are the rare outcomes of the millions of encounters between police officers and the public. Despite the unpredictable events that lead to the shootings, in each of the past four years police nationwide have shot and killed almost the same number of people - nearly 1,000. Last year police shot and killed 998 people, 11 more than the 987 they fatally shot in 2017. In 2016, police killed 963 people, and 995 in 2015.

OFFICER WELLNESS

FOX 4 Kansas City: KC police officer's suicide sparks new call for first-responder mental health care

A Kansas City police officer died Monday, three days after he attempted to take his life. Some are now calling the number of law enforcement officers taking their lives an epidemic. "I can name every single police officer who has died in the line of duty since I have been on the job. I cannot come close to naming everybody who has taken their own lives. That is how bad it is in our field, and something has to change," 28-year KCPD veteran Sgt. Brad Lemon said. He's also the president of FOP Lodge 99. Lemon believes it's no longer acceptable to tell officers in crisis to call for help if they need it. Law enforcement needs to take a more proactive approach to help stop officer suicides.

GUN VIOLENCE

The Trace: Saving kids from guns: the most promising strategies, according to experts

Firearm injuries are the second leading cause of death for American children and adolescents, killing more young people annually than cancer, according to a recent study from the University of Michigan. The majority of child gun deaths are homicides - the victims disproportionately kids of color - followed by suicide and accidental shootings. Youth gun suicides in particular are on the rise. The high rate of child gun deaths is a uniquely American problem. But there are evidence-based

solutions that can save lives. We've interviewed the experts and engaged with the research. Below, you'll find the most promising laws and programs to reduce youth gun violence.

GUN REGULATIONS

Reuters: [Florida's gun debate persists a year after Parkland mass shooting](#)

A year after Florida lawmakers rushed through far-reaching legislation on school safety and gun control in response to the deadliest high school shooting in U.S. history, the state is on the verge of reopening the heart-wrenching debate. Gun control advocates vow to block a recommendation to arm teachers, while conservatives aim to rescind the new gun restrictions.

IMMIGRATION

Raleigh (NC) News & Observer: [Calling it 'the new normal,' feds arrest 200 undocumented immigrants in NC this week](#)

After North Carolina's largest counties cut ties with Immigration and Customs Enforcement, the agency said it's been forced to adopt a "new normal": one that resulted in the arrest of hundreds of immigrants living here illegally this week. "This is the direct conclusion of dangerous policies of not cooperating with ICE," said Sean Gallagher, who oversees the agency's operation in the Carolinas and Georgia. "This forces my officers to go out onto the street to conduct more enforcement." Since December, newly elected sheriffs in the state's two most populous counties - Mecklenburg and Wake - have reversed a policy that notifies ICE about the legal status of inmates in county jails. The Durham County Sheriff's Office also ended the practice of honoring ICE detainees.

IMMIGRATION

Las Vegas Sun: [Metro to curb practice of turning over low-level offenders to ICE](#)

Metro Police are changing their policies on turning over certain undocumented immigrants to Immigration and Customs Enforcement. In a meeting of the Assembly Judiciary Committee on Friday, police lobbyist Chuck Callaway said Sheriff Joe Lombardo had directed the jail to not turn over undocumented immigrants who are

booked for minor traffic crimes or misdemeanors.

FEDERAL GRANTS

Seven Days (VT): Immigration dispute leads feds to withhold \$2 million in grants from Vermont police

The federal Department of Justice is withholding more than \$2 million in law enforcement grants from Vermont pending a review of the state's compliance with a federal law that requires local officials to cooperate with federal immigration authorities.

MASS SHOOTINGS

Associated Press: Fire chief wants changes in wake of Las Vegas mass shooting

A Las Vegas-area fire chief who warned lawmakers months before a 2017 mass shooting at a music festival that Nevada should bolster its emergency management planning says he wants to bypass state lawmakers to get changes made. Six months before the Oct. 1, 2017, shooting on the Las Vegas Strip that killed 58 and left hundreds injured, Clark County Fire Department Chief Greg Cassell testified before state legislators in favor of a bill that would have required more coordination of emergency medical resources ahead of such a large event.

STAFFING

Wichita (KS) Eagle: Fender bender during rush hour? The wait for a Wichita police officer may get shorter

Wichita police have a plan to respond faster to minor traffic accidents: They'll stop sending commissioned officers to every wreck. The department is adding six non-commissioned officers to respond to more "customer service" type of 911 calls, Police Chief Gordon Ramsay told the Wichita police Citizen's Review Board last month. They will be called community service officers and will go through less training than sworn officers. It's the first phase of hiring at the Wichita Police Department in response to a staffing study from two years ago.

UNITED KINGDOM

BBC News: [London violence: Knife offenders to be tagged on release from prison](#)

Dozens of knife offenders in London will be tagged with GPS devices upon release from jail, Sadiq Khan has said. The Mayor of London announced the project as part of his public health approach to tackle "unacceptably high" levels of violent crime in the city. Last year nearly 80 people were stabbed to death in London.

OPIOIDS

Elgin (IL) Courier-News: [Kane sheriff to start program for jail inmates going through opioid withdrawal](#)

Kane County Sheriff Ron Hain plans to start a pilot program in which detainees addicted to opioids get medically assisted treatment as they go through withdrawal while in county jail custody.

POLICE EXECUTIVE APPOINTMENTS

Baltimore Sun: [On first day, acting Baltimore Police Commissioner Harrison calls new job a 'privilege'](#)

On his first day on the job, acting Baltimore Police Commissioner Michael Harrison said he's eager to get to work, meeting the community and the 2,000 officers under his command. Harrison offered few details about how he would get a handle on one of the most challenging policing jobs in the nation. He enters a department in the midst of imposing civil rights reforms under the watch of a federal judge and battling rampant violence on the streets with what commanders and rank-and-file officers alike say are too few resources. Before making any decisions, Harrison outlined a period of study - getting to know the officers he leads and the communities they patrol.

POLICE EXECUTIVE APPOINTMENTS

Providence (RI) Journal: [East Providence Police Chief retiring after 30 years on the force](#)

The City of East Providence announced the retirement of its longtime police chief, Christopher Parella, in a press release distributed Monday evening. Parella, 56, has been an officer of the East Providence Police Department for nearly 30 years and has been chief since 2014.

[POLICE EXECUTIVE APPOINTMENTS](#)

Columbus (OH) Dispatch: [Editorial: Retired Police Chief Kim Jacobs deserves thanks for her service](#)

Becoming the first person to do something is just half the battle; doing it well is harder. Just-retired Columbus Police Chief Kim Jacobs' performance as the city's first female police chief keeps the door open for others who aspire to follow in her footsteps - either as women police leaders or as openly gay officers.

[POLICE EXECUTIVE APPOINTMENTS](#)

San Diego Union Tribune: [Former police chief Zimmerman won't run for mayor in 2020; takes post with National University](#)

Former San Diego police Chief Shelley Zimmerman announced Tuesday she would not be running for mayor of San Diego in 2020, but would be taking a new position with National University.

[GUN REGULATIONS](#)

Los Angeles Times: [Assault weapon registrations in California are up 43% under new law](#)

Assault weapons registered in California have increased by 43% under a new law that expanded the types of firearms gun owners must log with the state. Californians have applied to register 68,848 additional assault weapons in the last 11 months to comply with a state law enacted following the 2015 mass shooting in San Bernardino.

[OFFICER WELLNESS](#)

CBS 5 Phoenix: [Widow of former Phoenix police officer Craig Tiger grateful for new law expanding PTSD treatment](#)

The widow of Craig Tiger, a Phoenix police officer who took his own life, is grateful for the new law that will help other first responders across the state have better access to mental professionals. Doctors diagnosed Tiger with PTSD connected to an on-the-job officer-involved deadly shooting.

[IMMIGRATION](#)

Oregon Public Broadcasting: [Measure to repeal Oregon's sanctuary law makes November ballot](#)

Three decades after Oregon blazed a trail by enacting statewide sanctuary laws, voters will have a say in repealing them this fall. State elections officials announced Tuesday that Initiative Petition 22, the "Stop Oregon Sanctuaries" campaign, has more than enough valid signatures to make November's ballot. If approved by voters, the measure would scrap a state law that largely prevent state and local police officers from enforcing federal immigration law.

[PAROLE](#)

Houston Chronicle: [Accused Houston murderer's spree highlights gaps in finding parole violators, law officials say](#)

As investigators build their case against the man they have accused of cutting off his ankle monitor and killing three people, top law officials say the tragedy raises questions about the oversight and tracking of parole violators in Houston.

San Jose Mercury News: [The rise of smuggler, migrant boats off California coast has law enforcement changing tactics](#)

While the Harbor Patrol often works calls that include assisting vessels in distress, enforcing harbor navigation codes, responding to boat fires and search and rescue calls, deputies also patrol the coast to seek emerging trends. In carrying out that effort, they are aided by a busy command center that's the first of its kind in the nation. Formed out of an office at the Long Beach Harbor in 2011, the Maritime Coordination Center now is charged with aiding dozens of federal, state and local

law enforcement agencies in a joint effort to keep the waters off California safe from smugglers and other criminals.

IMMIGRATION

Associated Press: [US deporting crime victims while they wait for special visa](#)

For victims of crime on U.S. soil who are living here illegally, a special visa program encourages them to help solve their cases and catch criminals, and often provides their only clear path to citizenship. But as Republican President Donald Trump's administration has taken a harder line on immigration, U.S. Immigration and Customs Enforcement appears to be stepping up the detention and deportation of people who have applied for the so-called "U visa."

GANGS

New York Times: [Inside the Trinitarios: How a gang feud led to the death of a teenager](#)

Lesandro was only the latest casualty in a bloody internecine feud within the Trinitarios, a highly organized New York-based Dominican gang, law enforcement officials said. The fighting has intensified in recent months and comes several years after federal investigators dismantled the gang's hierarchy. At least 10 other people were maimed in June in tit-for-tat attacks among warring Trinitario factions in the Bronx. The conflict highlights a law-enforcement dilemma: When prosecutors take down gang leaders, the remaining members - who are often younger and more rash - are left to fight for control and turf, leaving a trail of death and bloodshed.

IMMIGRATION

NPR: ['Alternatives to detention' are cheaper than jails, but cases take far longer](#)

The Trump administration faces the same challenge as its predecessors: how to ensure the tens of thousands of unauthorized immigrant families who are apprehended each year show up for their immigration hearings. Trump wants to lock more of them up. Immigrant advocates want him to expand alternatives to detention, which are already widely in use.

MASS SHOOTINGS

Roll Call: [Video: 20 years ago, a deadly shooting in the Capitol changed life on the Hill forever](#)

On July 24, 1998, a schizophrenic man with a gun walked into the U.S. Capitol. The ensuing rampage resulted in the deaths of two Capitol police officers, Detective John M. Gibson and Officer Jacob J. Chestnut, who saved the lives of Majority Whip Tom DeLay, his staff and countless others. The incident changed the Capitol community forever, boosting momentum for construction of the Capitol Visitors Center and much of the security we experience today. Roll Call looked back at that tragic day, speaking to lawmakers, law enforcement and journalists who covered the story.

POLICE EXECUTIVE APPOINTMENTS

Calgary Sun: [Calgary Police Chief Roger Chaffin announces retirement](#)

Calgary police Chief Roger Chaffin admits that when he steps down in January, it will be with some regrets. On Tuesday, the 32-year veteran of the force announced he would be retiring three years after he was appointed to head the agency of some 2,000 sworn officers. "There's always regrets. You can't do this job and not feel that," he said. "Policing's funny that way. Every success you have is always anchored by the things that weren't successful, that didn't work well."

[MAJOR EVENTS](#)

Louisville Courier Journal: [Anti-ICE rally surges in face of 'patriot' militia group counterprotest](#)

A crowd hundreds deep turned out in support of an ongoing demonstration against federal immigration policy on Saturday, motivated in part by a counterprotest by a self-described "patriot" militia group one street away. The two groups never came face-to-face, but spent hours lobbing chants and insults at one another from across a police-lined buffer zone. Nearby roads were shut down and access to the protest areas were watched by police.

POLICE EXECUTIVE APPOINTMENTS

Seattle Times: Carmen Best back in running for Seattle police chief as 1 finalist exits

Carmen Best, interim chief of the Seattle Police Department, is back in the running to be permanent chief, after one of three finalists for the job withdrew from consideration, Mayor Jenny Durkan announced Saturday.

GUN REGULATIONS

Los Angeles Times: L.A. gangs stockpile untraceable 'ghost guns' that members make themselves

A small arsenal of weapons that authorities seized from gang members during a six-month undercover operation lay across the tables at LAPD's Hollywood station Thursday. It's not unusual for the Los Angeles Police Department and the Bureau of Alcohol, Tobacco, Firearms and Explosives to grab high-power weapons during these types of sweeps. But these AR-15-style semiautomatic rifles and pistols were different - homemade, untraceable "ghost guns" without the traditional serial numbers, built from parts purchased over the internet. Authorities said they are seeing more gangs turn to homemade guns as it becomes more difficult to acquire real ones.

Toronto Star: Experts warn against return to policing that targets 'communities and not individuals'

The Toronto Anti-Violence Intervention Strategy (TAVIS) saw specialized teams of police doing what's called "surge policing" - upping the presence of uniform officers in areas host to shootings and gang-violence. The original idea was that TAVIS officers would serve as both as a deterrent to crime and a mechanism to collect intelligence about gang and violence-related activity. That information collection, however, ultimately earned TAVIS the notoriety of having a highest rate of any Toronto police unit for carding, the controversial practice of stopping and documenting people not suspected of a crime. The negative impact that caused, particularly on racialized communities, was among the reasons why the unit was disbanded in 2017. But amid high-profile incidents of gun violence this summer, some are now calling for the reinstatement of TAVIS-style policing and carding-gathered intelligence.

[DHS](#)

The spotlight on U.S. Immigration and Customs Enforcement (ICE) is about to become brighter as Congress weighs the Trump administration's request for a huge spending boost even as a growing number of Democrats want the agency abolished.

[OPIOIDS](#)

Kaiser Health News: [What a U.S.-China trade war could mean for opioid epidemic](#)

Though Chinese officials deny that most of the fentanyl or other opioid substances originate in their country, they have in the past cooperated with U.S. efforts to control the flow of fentanyl onto American soil. If the tariffs become permanent, though, "it's most likely going to have a negative effect on other areas" beyond trade, said Jeffrey Higgins, a former Drug Enforcement Administration supervisory special agent. "China could say 'We are no longer going to cooperate with the United States on controlling these synthetic opioids,'" he continued.

[OFFICER WELLNESS](#)

Kaiser Health News: [The other victims: First responders to horrific disasters often suffer in solitude](#)

Calamities seem to be multiplying in recent years, including mass shootings, fires, hurricanes and mudslides. Just last week, a gunman burst into the newsroom of the Capital Gazette in Annapolis, Md., killing five journalists and injuring two others. Many of the men and women who respond to these tragedies have become heroes and victims at once. Some firefighters, emergency medical providers, law enforcement officers and others say the scale, sadness and sometimes sheer gruesomeness of their experiences haunt them, leading to tearfulness and depression, job burnout, substance abuse, relationship problems, even suicide.

[PRIVACY ISSUES](#)

Associated Press: [For tech firms, facial recognition means big markets and 'Orwellian' fears](#)

Recent advances in AI-powered computer vision have accelerated the race for self-driving cars and powered the increasingly sophisticated photo-tagging features found on Facebook and Google. But as these prying AI "eyes" find new applications in store checkout lines, police body cameras and war zones, the tech companies developing them are struggling to balance business opportunities with difficult moral decisions that could turn off customers or their own workers.

Associated Press: [Advocacy group seeking Ford Explorer recall because of fumes](#)

A nonprofit auto safety advocacy group is asking Ford to recall 1.35 million Explorer SUVs due to continued complaints of exhaust fumes in the passenger compartments. The Center for Auto Safety says it found 44 complaints in a government database about fumes and potential carbon monoxide after owners had taken Explorers in for free repairs in a Ford customer service campaign that started last October.

[DE-ESCALATION](#)

KCUR Kansas City: [Audio: Police de-escalation tactics](#)

Recent instances where metro-area police have shot and killed persons armed with decorative swords have raised questions about officers' use of deadly force. We examined the Kansas City Police Department's de-escalation tactics, up to and including lethal measures, and looked at the various conditions officers face in critical moments. We interviewed Major Charles Huth of the Kansas City Police Department and Tom Wilson of the Police Executive Research Forum.

[JAILS](#)

New York Daily News: [Op-ed by Greenburger Center for Social and Criminal Justice Executive Director Cheryl Roberts: Out of jail cells & into havens: Rikers must give way to humane alternatives for people with serious mental illness](#)

When government began closing asylums 50 years ago, few new institutions emerged to absorb this population. That's how jails, prisons and homeless shelters became the default housing options for those struggling with mental illness. But some people with serious mental illness still need asylum. Places that provide asylum can be psychiatric hospitals, psychiatric units in general hospitals, Department of Defense or Veterans Affairs medical centers, private psychiatric hospitals, or treatment centers that provide 24-hour care but are not licensed as hospitals. What they can't be are prisons or jails.

[POLICE EXECUTIVE APPOINTMENTS](#)

Los Angeles Times: [New LAPD chief's command staff takes shape with few surprises; Robert Arcos to lead patrol operations](#)

Just over a week after becoming chief of the Los Angeles Police Department, Michel Moore has appointed his new command staff, opting for stability over major change.

[MASS SHOOTINGS](#)

Baltimore Sun: [Five dead in 'targeted attack' at Capital Gazette newspaper in Annapolis, police say](#)

A lone gunman blasted his way into the Capital Gazette newsroom in Annapolis with a shotgun Thursday, killing five people dead and leaving several others gravely wounded, authorities said.

[MASS SHOOTINGS](#)

Baltimore Sun: [Sources identify suspect in Annapolis Capital shooting as Jarrod Ramos, who had long-running feud with paper](#)

A Laurel man with a long-running feud with the Annapolis Capital is being held as the suspect in the deadly shooting at the newspaper Thursday, according to law enforcement sources.

[IMMIGRATION](#)

New York Times: [All over U.S., local officials cancel deals to detain immigrants](#)

Local governments around the United States are starting to sever lucrative ties with federal immigration entities amid growing discomfort with the Trump administration's immigration policies. Fueled largely by alarm over the separation of migrant children from their parents, the cancellations suggest an attempt to disengage from federal policies seen as harmful to immigrant families - even when those policies could be pouring millions of dollars into local government budgets.

[DHS](#)

Washington Post: [Seeking a split from ICE, some agents say Trump's immigration crackdown hurts investigations and morale](#)

The political backlash against U.S. Immigration and Customs Enforcement has turned so intense that leaders of the agency's criminal investigative division sent a letter last week to Homeland Security Secretary Kirstjen Nielsen urging an organizational split. The letter, signed by the majority of special agents in charge of ICE's Homeland Security Investigative Division (HSI), offered a window into growing internal tension at the agency as an "Abolish ICE" protest movement has targeted its offices and won support from left-wing Democrats.

[IMMIGRATION](#)

The Hill: [Police chiefs group opposes Trump policy detaining](#)

[immigrant families](#)

Dozens of law enforcement officials from both parties wrote an open letter to top lawmakers on Wednesday urging them to adopt alternatives to the Trump administration's policy of detaining immigrant families. Forty-eight current and former police chiefs and sheriffs, all members of the pro-immigration Law Enforcement Immigration Task Force (LEITF), signed the letter against the policy detaining immigrant families.

[OPIOIDS](#)

Palm Beach Post: [How Florida ignited the heroin epidemic](#)

For years, Florida's repeated failure to rein in its homegrown prescription painkiller scourge nourished a bumper crop of opioid addicts and dealers. It was widely reported that rogue clinics in Palm Beach and Broward counties funneled OxyContin and fueled addiction in Kentucky, Ohio, Georgia, Tennessee, the Carolinas and West Virginia. It was much worse. DEA reports and federal court records show that by 2010, Florida was the reliable opioid dealer of choice to users and dealers in not only the Southeast, but also in the Northeast, Mid-Atlantic and Great Lakes regions - an area spanning virtually every state east of the Mississippi River. And when Florida finally turned off the free-flowing oxycodone spigot in 2011, drug users in states once fed by Florida oxycodone did exactly what users in Palm Beach County and Florida did: They turned to heroin.

[USE OF FORCE](#)

Calgary Herald: [Calgary police adopt weapons with plastic rounds as part of de-escalation strategy](#)

The Calgary police is launching a new program to arm frontline officers with less-lethal weapons to defuse potentially dangerous situations. A slow rollout will see officers across the city being equipped with the less-lethal options, which include the single-shot 37mm ARWEN ACE-T, a riot control weapon that fires a plastic round. This summer, 40 trained officers will be deployed across the city along with 40 of the ARWEN Less Lethal Launchers. The service says they will have 160 officers trained and 80 systems available by the end of 2019. This will roughly equate to 20 officers for each of the city's eight districts.

[RECRUITING](#)

Wyoming Tribune Eagle: [Cheyenne Police Department makes tattoo policy change](#)

After seeking public comment and doing an internal review, the Cheyenne Police Department has adopted a new policy for officers who have tattoos. Officers are now allowed to show non-offensive tattoos, body art and brands on their forearms, knees and calves while in uniform. A draft policy provided to the Wyoming Tribune Eagle states that all visible tattoos can't be offensive and must first be approved by the officer's supervisor. Police Chief Brian Kozak said the policy change comes, in part, from a desire to recruit a more diverse group of officers.

[USE OF FORCE](#)

Newschannel 5 Nashville: [Man accused of pointing gun at kids on playground](#)

A group of girls at a summer camp were terrified when a man pointed a gun at them on the playground. When the officer arrived to the scene, he chose de-escalation instead of deadly force.

[POLICE EXECUTIVE APPOINTMENTS](#)

AL.com: [10 questions with new Birmingham Police Chief Patrick Smith](#)

New Birmingham Police Chief Patrick Smith is all about more. More cops on the streets, more training, more accountability and more transparency to address not only the crime in Birmingham, but the perception of it, which can be even more overwhelming. But what the chief brings to the city, from a career in the Los Angeles police brass, is perhaps as important. It's the fact that he's not really from around here, not subject to the traditions and loyalties of the lifer. He's on a mission, he says, and the mission is reducing crime. Bringing the force up to full strength (it is now 795 sworn officers, and need 104 more) and possibly compressing officers' work schedules are among his more immediate plans.

[POLICE EXECUTIVE APPOINTMENTS](#)

Albany Times Union: [Albany police chief: 'You can't please everyone but you have to try'](#)

Bob Sears recently announced plans to retire by the end of July after serving as acting chief for the capital city for the last year and a half. He's held the lead position ever since former Chief Brendan Cox announced his departure for a job with a national nonprofit organization in January 2017, having previously been deputy chief when Cox was appointed chief in 2015.

POLICE EXECUTIVE APPOINTMENTS

WAVY 10: Richmond's Steve Drew sworn-in as NNPD's chief

A former deputy police chief from Richmond was sworn-in Thursday as the new chief of Newport News police. Steve Drew will officially start as Newport News' chief July 2, after serving as Richmond's deputy chief for over three years.

POLICE EXECUTIVE APPOINTMENTS

Irish Times: Drew Harris appointed Garda Commissioner on €250,000 salary

Police Service of Northern Ireland deputy chief constable Drew Harris has been appointed Garda Commissioner for a five-year term.

[TRAFFIC ENFORCEMENT](#)

NPR: [Why pedestrian deaths are at a 30-year high](#)

Across the U.S., 6,227 pedestrians died in traffic accidents in 2018, the highest number in nearly 30 years. The findings from a Governors Highway Safety Association report show that many of these deaths occurred in big cities like Houston and Miami. The signs are all over most cities - stretches of road without crosswalks and people needing to walk on roads built for rush-hour traffic. But the real increase, experts say, comes from larger trends: drivers and pedestrians distracted by their phones and a growth of larger vehicles on the road.

[MARIJUANA](#)

Associated Press: [Legal hemp or illegal pot? Police can't tell shipments apart](#)

Federal legalization of hemp arrived in the U.S. late last year and expanded an industry already booming because of the skyrocketing popularity of CBDs, a compound in hemp that many see as a health aid. But now, just a few months after Congress placed the marijuana look-alike squarely in safe legal territory, the hemp industry has been unsettled by an unexpected development. Truckers, now free to haul hemp from state to state, have been stopped and sometimes arrested by police who can't tell whether they have intercepted a legal agricultural crop or the biggest marijuana bust of their careers. That's because the only way to distinguish hemp and marijuana, which look and smell alike, is by measuring their tetrahydrocannabinol, or THC, and officers don't have the testing technology to do so on the spot.

[OPIOIDS](#)

Governing: [Trump more than doubled funding for the opioid crisis. How's it being spent?](#)

Federal funding to combat the opioid crisis more than doubled last year, marking an important commitment to prevention, treatment and recovery. A new report looks at whether and how that extra \$4 billion is being effectively spent. In 2017, more than 70,000 people in the United States died from a drug overdose; almost 50,000 of those deaths involved an opioid. In 2018, the Trump administration increased opioid funding to states to more than \$7 billion, from a little more than \$3 billion in 2017. The report from the Bipartisan Policy Center concluded that while funding is being directed to the communities with the highest overdose death rates, the funding approach lacks long-term vision.

[OPIOIDS](#)

Associated Press: [Local jurisdictions pay the price for nation's opioid crisis](#)

As the nation's opioid crisis has devastated thousands of families, it also has taken a crippling financial toll on cities, small towns and counties around the country. Packed jails, increased ambulance runs and overworked coroners, sheriff's deputies and public defenders are just some of the consequences of the massive epidemic that has forced localities to divert millions of dollars to overdose-related emergencies and addiction treatments.

IMMIGRATION

NPR: Immigration system at the 'breaking point,' Homeland Security official warns

Immigration authorities are expressing alarm about the growing number of migrants crossing the Southern border. Federal agents apprehended more than 4,000 migrants crossing the border on each of two days this week - the highest daily total recorded in 15 years, according to a senior official with Customs and Border Protection. "The breaking point has arrived," said CBP Commissioner Kevin McAleenan in a [news conference Wednesday](#) in El Paso, Texas.

IMMIGRATION

San Francisco Chronicle: Report: Many CA law enforcement agencies are still working with ICE, despite sanctuary law

Arrests by federal immigration officials at California jails dropped by nearly a third in the months after the state implemented its historic immigrant sanctuary law last year, according to a new report from the University of Oxford. Yet 40 percent of police agencies studied are using legal loopholes and outdated law enforcement policies to cooperate with U.S. Immigration and Customs Enforcement, or are violating the sanctuary law altogether, the report said.

PURSUIT POLICIES

New Hampshire Seacoast Online: Portsmouth police will end pursuits of fleeing motorcyclists

City police officers will no longer pursue fleeing motorcyclists, unless they previously caused injury or death during a crime, or there is probable cause to believe they will do so. That policy change follows a study of seven pursuits in 2018 and, police said, one involved a motorcyclist who crashed then fled and was never caught.

BODY-WORN CAMERAS

Nashville Tennessean: Nashville police make the case for millions in additional funding for body cameras

Police Chief Steve Anderson said Nashville officers are eager to get body cameras, but he said his department needed \$4.6 million to prepare for the impending roll-out of officer body cameras.

TECHNOLOGY

Detroit Free Press: [Michigan State Police wants to spend \\$2.3M to livestream dashcams of chases](#)

Michigan State Police supervisors could remotely monitor pursuits and other critical incidents in real time under a \$2.3-million plan to provide for livestreaming of the agency's patrol car dashboard cameras.

ECONOMIC CUTBACKS

Irish Times: [Garda stations closed as community policing was undervalued - report](#)

Rural garda stations were closed during the recession because community policing in Ireland "has been undervalued and marginalised", the joint Oireachtas Committee on Justice has said. However, in a report on the issue of rural crime the committee stopped short of recommending that closed stations be re-opened, instead recommending that more community gardai be deployed to the areas concerned.

POLICE EXECUTIVE APPOINTMENTS

5NEWS Fort Smith (AR): [Fort Smith police chief resigns for job in Georgia](#)

Fort Smith Police Chief Nathaniel Clark resigned on Wednesday (March 27), a little more than two years after he took the job. Clark told 5NEWS he will be going to the metro Atlanta area to serve as police chief. A press release from the City of Forest Park says Clark is the sole finalist to be its police chief.

POLICE EXECUTIVE APPOINTMENTS

Riverside (CA) Press-Enterprise: [35-year law enforcement veteran will be Menifee's first police chief](#)

Pat Walsh will be the first chief of the city of Menifee's new police department starting April 2. The city announced the appointment of Walsh, most recently Lompoc's police chief, on Tuesday, March 26. Menifee contracts with the Riverside County Sheriff's Department for law enforcement services. The City Council on Nov. 7 voted to form its own department.

[POLICE EXECUTIVE APPOINTMENTS](#)

Baltimore Sun: [Baltimore mayor names Fort Worth top cop Joel Fitzgerald as police commissioner](#)

Joel Fitzgerald, the police chief of Fort Worth, Texas, has been chosen as Baltimore's next police commissioner, taking the helm of a department in the midst of sweeping civil rights reforms and violence on pace to surpass 300 homicides for the fourth year in a row.

POLICE EXECUTIVE APPOINTMENTS

Las Vegas Review-Journal: [North Las Vegas appoints first female police chief](#)

A woman will lead the North Las Vegas Police Department for the first time in the agency's history. Pamela Ojeda, a 23-year veteran of the department, was appointed to the position of police chief this week, the city announced Friday. She previously served as assistant police chief.

GUN VIOLENCE

New York Times: [Catching killers by matching tiny marks on bullets](#)

Across the country, police departments are increasingly turning to the National Integrated Ballistic Information Network, and its catalog of more than three million detailed images of spent shell casings, to connect dots and solve investigations that might otherwise have stalled. Overseen by the Bureau of Alcohol, Tobacco, Firearms and Explosives, the database, also known as NIBIN, can identify whether the same gun was used in multiple shootings.

IMMIGRATION

NPR: [Local police can't detain immigrants for ICE, NY court finds](#)

An appellate court in Brooklyn ruled Wednesday that local police officers in New York state can't hold immigrants in custody beyond their release date solely to turn them over to Immigration and Customs Enforcement without a judicial warrant.

MISSING PERSONS

Seattle Times: [New report highlights flaws in police data on missing, murdered indigenous women and girls](#)

A new report points to a troubling lack of quality data about missing and murdered indigenous women, underscoring long-running concerns about institutional racism and poor relationships between police and Native communities that have created gaps in understanding the scope of violence against Native-American women.

VIOLENT CRIME

ABC News: Vast majority of violent crime goes unreported in metro Atlanta: Hospital study

The vast majority of violent crimes in sampled areas of metro Atlanta go unreported to police, according to a new study by Grady Memorial Hospital and the Centers for Disease Control (CDC) that was published in the peer-reviewed journal, JAMA Internal Medicine.

USE OF FORCE

Minneapolis Star Tribune: Chaska PD becomes first Minnesota police department to test BolaWrap 100

Chaska soon will be the first law enforcement agency in Minnesota to test BolaWrap 100, a nonlethal restraint designed to enable police to incapacitate individuals with minimal to no pain. The gizmo, which discharges a Kevlar tether at a rate of 640 feet per second, is something you might see Batman deploy to stop a fleeing criminal. But as police departments across the country explore ways to de-escalate mental health crises without resorting to deadly force, Chaska Police Chief Scott Knight foresees a technological game-changer.

DOJ

Washington Post: Federal civil rights group urges Trump administration to increase scrutiny of local police

The U.S. Commission on Civil Rights urged the Trump administration Thursday to resume federal oversight of troubled police departments and reinstate the Justice Department's community policing office - steps that would reverse an effort by Jeff Sessions, the recently departed attorney general, to limit federal oversight of local police departments.

BODY-WORN CAMERAS

Washington Post: [Bill requiring body, in-car cameras for federal uniformed officers is introduced, sparked by D.C.-area police shooting](#)

Two Washington-area members of Congress introduced a bill Friday requiring all uniformed federal police officers to wear body cameras and all federal patrol vehicles to be equipped with in-car cameras.

MARIJUANA

Washington Post: [Stanford University Psychiatry Professor Keith Humphreys: Marijuana is getting cheaper. For some states, that's a problem.](#)

Wholesale marijuana prices in Colorado have fallen by a third in just the past 12 months, continuing a price crash that began soon after the drug was legalized. Although this implies that some marijuana entrepreneurs are going to go bankrupt, the bigger financial hit will be felt by states that tax marijuana based on its price.

UNITED KINGDOM

BBC News: [On the border beat in County Armagh](#)

On the border beat in in County Armagh - policing is not like anywhere else in the UK. On the narrow, single-track roads - where it is difficult for non-locals to know where the border actually is - it is easy to see how police would be vulnerable to anyone who would want to trap them. The Police Service of Northern Ireland Chief Constable, George Hamilton, and his team of senior officers are examining what the UK's departure from the EU might mean for them. As well as the impact of any potential changes to the border arrangements - he identifies a general increased focus on identity issues, among both unionists and nationalists, as something which may lead to increased challenges for police.

HIRING

Eugene (OR) Register-Guard: [Eugene PD steps up recruiting](#)

While Eugene's population has grown by more than 6,000 since 2015, the city's police department ranks have decreased by one sworn officer. It's a problem Chief Chris Skinner, who started May 2, has been working to rectify by getting more officers patrolling Eugene's streets. Not only is Skinner seeking more sworn officers, but he also is looking to hire a certain type of officer - one that is more empathetic who will work with the community while serving and protecting it.

[OFFICER HEROES](#)

CBS 2 Pittsburgh: [2 Pittsburgh police officers hailed as heroes for de-escalating situation with suicidal man](#)

It could have turned deadly when two Pittsburgh Police Officers approached a man wanting to commit suicide by cop. However, thanks to the officers' quick observations, it ended peacefully. Now, social media is blowing up with praise for the two heroes.

[MARIJUANA](#)

CBC News: [Calgary police officers banned from consuming legal marijuana even on days off](#)

Calgary police officers will not be allowed to consume marijuana once it's legalized even on their days off - and the union representing members is unhappy, saying the service "took the easy way out." The abstinence directive was issued to CPS staff on Friday less than four weeks before recreational marijuana is legalized across the country. "Sworn members who are qualified to use firearms and are able to be operationally deployed are prohibited from using recreational cannabis while on or off duty," reads the policy, a copy of which was obtained by CBC News.

Note: PERF's Town Hall Meeting in Orlando on Oct. 7 will include a

discussion about officers' use of marijuana in jurisdictions where it has been legalized. For more information about the meeting, click [here](#). For participants attending the IACP conference, use your IACP badge to access our venue. If you are not attending IACP but wish to come to PERF's Town Hall Meeting, please contact Balinda Cockrell of PERF at bcockrell@policeforum.org or 202-454-8322.

IMMIGRATION

Milwaukee Journal Sentinel: [ICE says it's appropriate, and routine, for agents to call themselves 'police' during immigration raids](#)

It is common practice for immigration officers to identify themselves as "police" during enforcement actions targeting people in the country illegally, according to an official with Immigration and Customs Enforcement. "ICE officers are police officers. Any suggestion to the contrary is both ridiculous and dangerous," ICE spokesman Shawn Neudauer said in a statement issued Wednesday. The agency was sharply criticized this week by Dane County Sheriff David J. Mahoney and Madison Mayor Paul Soglin for ICE agents identifying themselves as police during immigration raids across Wisconsin in which 83 people were arrested.

OPIOIDS

USA Today: [Congress reaches agreement on prescription for fighting the nation's opioid epidemic](#)

Congress has reached a consensus on a prescription for battling the nation's opioid epidemic, assuring that the package will land soon on President Donald Trump's desk. Negotiators for the House and Senate announced late Tuesday they had struck an agreement on a package of bills that would make it easier to stop illegal drugs at the border, speed up research for new nonaddictive prescription painkillers and make treatment more readily available for those who are addicted.

GUN REGULATIONS

Portland Oregonian: [46 Oregonians' guns seized in name of safety under new law](#)

At least 46 Oregonians have been ordered to surrender their guns under a new type of court order intended to stop suicides and mass shootings, law enforcement and court officials testified to state lawmakers Wednesday.

GUN REGULATIONS

WBUR: [Seattle police officer on how 'red flag laws' have helped prevent gun violence](#)

Red flag laws allow police to remove guns from an owner if they pose a risk to themselves or others. After the school shooting in Parkland, Florida, eight states passed the laws, bringing the total of states that have them to 13. Sgt. Eric Pisconski is in charge of the Seattle Police Department's crisis response team, and has been dealing with the laws ever since the Washington legislature approved them in 2016. ***Here & Now's*** Robin Young talks with Pisconski about why he supports the laws.

OPIOIDS

Vox: [A major study questioned the evidence for safe injection sites. It's now been retracted.](#)

A major meta-analysis published earlier this year that questioned the empirical evidence for supervised drug consumption sites has been retracted by the International Journal of Drug Policy.

DRUG ENFORCEMENT

CNN: [While America wages war on opioids, meth makes its comeback](#)

After responding to a high of 431 meth labs in 2011, the Tulsa Police Department encountered just 19 last year. But Wollmershauser said that didn't spell the end of Tulsa's meth problem. In fact, officials across the state say they are seizing meth that is purer, cheaper and in greater quantities than ever before, with most of it coming from south of the border. And while much of America is focused on combating the devastating impacts of opioid addiction, some states like Oklahoma are struggling to fight a new battle against an old foe.

CLEARANCE RATES

Detroit News: [Detroit Police homicide unit beefed up](#)

With warm weather waning and detectives poring over old murder cases to look at possible wrongful convictions, Detroit police officials have redeployed officers to the department's Homicide Section to help investigate killings. Six detectives and one sergeant were added to the Detroit Police Department's Homicide section this week, and a new City Wide Support Squad was formed, Chief James Craig said Wednesday.

GUN REGULATIONS

Associated Press: [No widespread changes in gun laws after recent shootings](#)

An Associated Press review of all firearms-related legislation passed this year, encompassing the first full state legislative sessions since the Las Vegas attack, shows a decidedly mixed record. Gun control bills did pass in a number of states, but the year was not the national game-changer that gun-control advocates had hoped it could be. Even in a year that included yet another mass school shooting and an unprecedented level of gun-control activism, state legislatures across the country fell back to largely predictable and partisan patterns. The major exceptions were Florida and Vermont.

Cherry Hill (NJ) Courier Post: [Survival rates inching upward as more bystanders try CPR](#)

When Edward Carey pulled up to a car accident near Exit 38 on Interstate 295 last July, the Virtua paramedic saw a bystander kneeling in the muddy median, delivering chest compressions to a dead man. The bystander kneeling in the mud was an off-duty Camden County police officer, Lt. Kevin Lutz.

[POLICE EXECUTIVE APPOINTMENTS](#)

Washington Post: [White House lawyer expected to be named new head of DEA](#)

The Trump administration plans to tap a top White House lawyer as the next head of the Drug Enforcement Administration, according to people familiar with the decision, which could be announced in coming days. Uttam Dhillon, who as a deputy White House counsel has played a key role in internal discussions surrounding the firing of FBI director James B. Comey and the special counsel's probe into Russian interference in the 2016 election, will start at the DEA next week, according to a plan for the staffing move.

POLICE EXECUTIVE APPOINTMENTS

CBS News: [ICE names new acting director amid immigration turmoil](#)

U.S. Immigration and Customs Enforcement (ICE) has a new acting director, Homeland Security Secretary Kirstjen Nielsen announced Saturday. Ronald D. Vitiello, who has been serving as the acting deputy commissioner of U.S. Customs and Border Protection, is now ICE's acting director and deputy director.

POLICE EXECUTIVE APPOINTMENTS

Denver Post: [Mayor Hancock names Paul Pazen, a district commander, as Denver's next police chief](#)

Denver's next police chief grew up wanting to be a law-enforcement officer and worked his way through the ranks of his hometown department to become its next leader. Cmdr. Paul Pazen, who has overseen operations in District 1 in northwest Denver since 2012, was appointed Thursday as the next Denver Police Department chief by Mayor Michael Hancock. Pazen, 47, was raised by a single mother in northwest Denver and only left home for five years after graduating from North High School to serve a hitch in the Marine Corps.

POLICE EXECUTIVE APPOINTMENTS

Savannah Morning News: [Roy Minter chosen as new Savannah police chief](#)

A new Savannah police chief has been chosen. Roy Minter of Peoria, Ariz., has accepted the position, the city announced at a press conference Thursday. Minter has more than 30 years of public-safety experience. Chief Minter retired from the police chief position in Peoria, Arizona in May. He served there since 2011. From

2008-2011, Minter was the police chief in Denton, Texas. Prior to his appointment in Denton, Chief Minter spent 15-years with the Aurora, Colorado Police Department, where he held several positions.

MAJOR EVENTS

The Oregonian: [Portland Police revoke permit, declare riot as protesters clash downtown](#)

Portland Police declared a riot Saturday after tensions between the right-wing Patriot Prayer group and local anti-fascist activists came to a head and broke out in violence.

MASS SHOOTINGS

Baltimore Sun: [Quick police response to Capital Gazette shooting partly by design, partly by luck](#)

Within one minute of 911 calls about a shooter at the Capital Gazette newspaper office in Annapolis on Thursday afternoon, police officers were arriving at the building. A combination of luck and planning led to the quick response.

TECHNOLOGY

USA Today: [Capital Gazette gunman was identified using facial recognition technology that's been controversial](#)

Police said they were able to identify the suspected killer in Maryland's Capital Gazette shooting using facial identification technology, an increasingly popular tool for law enforcement that's been embroiled in controversy as civil libertarians warn about the risks of misuse.

BODY-WORN CAMERAS

Los Angeles Times: [LAPD hopes new video policy can turn](#)

[dangerous clashes into teachable moments](#)

While other cities have chosen to release hours of raw images and recordings, the LAPD unveiled something similar to a documentary when it began complying last week with a new policy that requires disclosure of video recorded during "critical incidents." In releasing slick, high-quality productions rather than raw video, the LAPD has said it is hoping not only to provide residents with a firsthand look at the kinds of deadly incidents that have become a source of regular controversy, but also to use the videos to teach residents more about the department and policing as a whole.

[PURSUIT POLICIES](#)

Delaware News Journal: [Recent Delaware police chases put scrutiny on pursuit policies](#)

In recent years, police departments across the country have revised their pursuit policies after some high-speed chases ended in tragedy. Those changes most often leaned toward eliminating chases in all but the most dangerous cases. Experts say the officers and departments must weigh the benefits and risks of letting a suspect get away and the potential harm of a chase. In most cases, experts argue, it is safer to let a suspect escape. Yet, police have complained that these overly strict policies make enforcing the law harder.

[GUN VIOLENCE](#)

Kansas City Star: [Kansas City's gun theft 'victims' are arming criminals - and getting away with it](#)

Many self-described victims of gun thefts are not telling the truth, gun violence experts say, and cops and courts seem nearly powerless against the problem. In such cases, someone who legally acquired a gun passes it on to an illegal gun owner. And then, as an alibi, the legal gun owner reports the gun as stolen just in case it is recovered in a violent crime and traced back to their hands.

[GUN REGULATIONS](#)

Associated Press: [California high court tosses suit over bullet stamping law](#)

The California Supreme Court on Thursday threw out a lawsuit that sought to invalidate a state law requiring new models of semi-automatic handguns to stamp identifying information on bullet casings. The court ruled unanimously that gun rights groups could not overturn the law on the grounds that complying with it was impossible. The groups argued that technology did not exist to meet the stamping requirements, and a law couldn't mandate something that was not possible.

OPIOIDS

Arizona Daily Star: [New Tucson police program will refer opioid addicts to treatment, not jail](#)

TPD's opioid deflection program is a six-month pilot in two patrol divisions that will give opioid addicts the ability to be quickly placed into treatment with no risk of jail. The program is three-pronged and involves self-referral by drug users, deflection from being arrested and outreach by officers and caseworkers to connect with people who recently overdosed or fell out of drug treatment.

Minneapolis Star Tribune: [Minneapolis police chief faces a test of leadership](#)

Just over 10 months after being sworn in as chief, Arradondo is facing the first serious challenge of his leadership skills as he responds to a series of highly charged controversies - some that could threaten his public support as potential reappointment approaches this fall.

CRIME RATES

San Jose Mercury News: [Op-ed by California Police Chiefs Association President David Swing: Time to admit criminal reform measure not working](#)

From a police chief's perspective, Proposition 47 has been an ill-conceived measure that has increased property crimes, decreased participation in proven drug rehabilitation programs and is now the subject of a ballot initiative to address the unintended consequences.

IMMIGRATION

Los Angeles Times: 'Even the cops don't like us anymore': Under Trump, ICE is despised and divided

Across the nation, ICE has never seemed more visible, especially as anger continues over the separation of immigrant families at the border under the Trump administration's "zero-tolerance" policy. Protesters have rallied across the U.S., demanding that the agency be abolished - calls that have been echoed by politicians. Earlier this month, WikiLeaks published the identities and information of more than 9,000 supposed current and former ICE employees. Being an ICE agent has always come with challenges. The agency has faced criticism for years from immigration activists, including during the uptick in immigration enforcement during the Obama administration. But Trump's crackdown on illegal immigration has made ICE much more of a target.

PERF IN THE NEWS

MassLive.com: Firm will use focus groups as it begins \$128,900 public contract with Springfield police on internal investigation policies

A Washington firm will launch focus groups with leaders in the city's police department to consider potential policy changes in the way it investigates potential officer misconduct internally. According to a joint statement released Thursday by Mayor Domenic Sarno's office and Police Commissioner John Barbieri, the the Police Executive Research Forum (PERF) will begin "several focus groups" and conduct individual interviews starting July 9.

UNITED KINGDOM

The Guardian: Hillsborough police chief to face manslaughter trial

The prosecution for manslaughter of David Duckenfield, the former South Yorkshire police chief superintendent who was in command when 96 people were killed during the 1989 FA Cup semi-final at Hillsborough, is to continue to trial, a judge has ruled. Criminal charges against four other men in relation to the disaster and its aftermath will also go to trial after the judge, Sir Peter Openshaw, rejected the defendants' applications for them to be dismissed.

POLICE EXECUTIVE APPOINTMENTS

Palm Beach Post: Jupiter says farewell to longtime Police Chief Frank Kitzerow

The town bid farewell to outgoing Police Chief Frank Kitzerow Thursday night during a ceremony at the Jupiter Community Center. Hired nearly 13 years ago to run the Jupiter Police Department, he is leaving to take over as the Palm Beach County public schools' next police chief.

Hudson's Bay Company had a large group attend the Business Safety Summit, including representatives from Lord and Taylor, Saks Fifth Avenue and Saks Off Fifth.

NEMLEC Foundation Business Safety Summit A Success

STONEHAM -- The NEMLEC Police Foundation Inc. reports that its first Business Safety Summit brought hundreds of public safety officials and local business leaders together yesterday to foster relationships and engage in a discussion about recognizing, responding to, and minimizing incidents of concern and violence in the workplace.

"This event was a huge success and we are so pleased we were able to facilitate an opportunity for police and fire officials to meet with local business representatives from their community," said NEMLEC Foundation Director Sharon Crowley. "We hope to continue and expand the summit in the future."

The Foundation hosted the event at the Montvale Plaza Stoneham from 9 a.m. to 2 p.m. It was sponsored in part by Lahey Health and Shooter Detection Systems.

More than two dozen police, fire and other public safety officials from communities throughout Middlesex and Essex counties attended the summit. They joined approximately 250 business owners, corporate security officials, and human resources professionals.

Businesses represented included:

- Madico
- Masy Bio Systems

- Fidelity Investments
- Cambridge Trust Company
- Hudson Bay Company
- ViaSat Inc.
- Mount Auburn Hospital
- East Cambridge Savings Bank
- MIT Lincoln Laboratory
- Lord & Taylor
- Quantech Services Inc.
- National Grid
- Middlesex Community College
- Gurukul Learning Center
- MITRE Corporation
- Raytheon
- UTC Aerospace Systems
- Saks Fifth Avenue
- Saks Off Fifth

"The summit was a great first step in connecting business owners with their public safety officials to strengthen relationships within their community," said NEMLEC Foundation Chairman Richard Raymond. "We hope businesses always feel comfortable contacting their police department at the first sign of workplace violence to prevent tragedies."

A talented group of speakers spoke about best practices and training methods for effective prevention, response and intervention of potential crises. They also shared their experiences in establishing a crisis management plan, and provided attendees with a self assessment for their own company. Keynote presenters included:

- **Marian Ryan:** Middlesex District Attorney
- **Shirley Singleton, CEO:** Edgewater Technology. This was the site of the Dec. 26, 2000 mass shooting by an employee that left seven coworkers dead.
- **David Selden:** Lahey Health Behavioral Services
- **Christian Connors, CEO:** Shooter Detection Systems
- **John Guilfoil:** Principal, John Guilfoil Public Relations LLC
- **Keith Jones, Director of Corporate Security:** Draper Labs

"I appreciate NEMLEC for putting together such a comprehensive program to provide training on best practices for intervention, prevention, and response," said District Attorney Ryan. "It is vital for stakeholders to come together to better identify at-risk situations. Clearly, one lesson learned from recent violent tragedies in Massachusetts and elsewhere is the importance of having policies and plans in place to identify and address issues before they intensify, and to make security and infrastructure improvements should a response to an episode be necessary."

Guilfoil, whose company provides communications services to police and fire departments, government agencies, non-profits and businesses, gave a presentation on crisis management and media relations during an emergency, and the importance of developing relationships between business leaders and municipal police departments before an emergency strikes.

"A crisis is an opportunity for a business owner or manager to show true leadership, and proper crisis management and media relations during an emergency situation can have a dramatic

impact on messaging and contribute to overall calm and order during a disaster," Guilfoil said. "I was proud to have the chance to address so many prominent business leaders and to help connect them with their public safety leaders."

Jones concluded the program by sharing a variety of situations he's encountered over his 30-year career in the private security arena. To avoid workplace violence, he advised attendees to keep communication open with all employees, always take issues -- even those that may seem minor -- seriously, and secure help for a troubled employee even if your company itself cannot provide it.

"It's not particularly difficult to predict violence in the workplace," Jones said. "It becomes difficult when you ignore the clues. If you don't break down the barriers internally, bad stuff is going to happen. I guarantee it."

*The NEMLEC Police Foundation honored Retired Boston Police Superintendent-in-Chief Robert Faherty (above) at a Comedy Night Benefit for his work with Cops for Kids with Cancer.
(Courtesy Photo)*

DRACUT -- The NEMLEC Police Foundation, Inc. is pleased to announce that they hosted a Comedy Night Benefit to support police training, programs and services, and to honor Retired Boston Police Superintendent-in-Chief Robert Faherty for his work with Cops for Kids with Cancer.

The fundraiser was held on Friday, Oct. 28 at Four Oaks Country Club in Dracut. Stand-up comedian and former Middlesex District Attorney Paul D'Angelo headlined the show, which sold out to more than 200 people, including many area police chiefs and representatives from organizations within NEMLEC. The comedy benefit is one of several events hosted by the NEMLEC Foundation every year to raise money to support police training.

"We were so proud to create more exposure for NEMLEC and receive so much support from our member police chiefs during this event," said Foundation Director Sharon Crowley. "On behalf of the Foundation, I would like to thank everyone who helped put this event together,

donated raffle items, and especially to Chief Faherty for the amazing work he has done for Cops for Kids with Cancer.”

Boston Police Commissioner William Evans attended the event and spoke highly of Chief Faherty, who recently stepped down as Chairman of the Board for Cops for Kids with Cancer. Commissioner Evans, who lost his mother to cancer before he was three years old, thanked Chief Faherty and said the organization speaks to the work that police departments do to support families in need.

Additionally, Commissioner Evans thanked NEMLEC for its work with the Boston Police Department, including assistance from the NEMLEC SWAT/RRT team and NEMLEC Motor Unit. NEMLEC has helped with championship parades and celebrations for the Red Sox, Patriots, Celtics and Bruins, and for larger scale events like the Democratic National Convention, as well work with Boston Police and Watertown Police in the days following the Boston Marathon bombing.

To show their support for Chief Faherty and all of the work he has done to help those families with sick children, the Foundation presented him a plaque and a check for \$5,000 to Cops for Kids with Cancer.

Subject: (Archive Copy) POLITICO Massachusetts Playbook: LYNCH's blue base nod -- MassHealth's uncertain course -- Smoke but no ICE in Brockton
Date: Thursday, March 30, 2017 7:13:39 AM

03/30/2017 07:09 AM EDT

By Lauren Dezenski (ldenzenski@politico.com; [@laurendezenski](#)) with Rebecca Morin (rmorin@politico.com; [@RebeccaMorin_](#))

GOOD MORNING, MASSACHUSETTS. The sun returns today!

TODAY -- Four days ahead of Red Sox Opening Day, Boston Mayor **Marty Walsh** does the annual Mayor's Walk of Fenway -- The **Gaming Commission** is expected to vote on the sale of Suffolk Downs, among other items -- Gov. **Charlie Baker** attends a **General Electric** panel on "importance of partnerships to accelerate innovation and the pipeline for talent."

STEPHEN LYNCH'S VERY PUBLIC NOD TO HIS BLUE BASE: The most conservative member of the Massachusetts delegation, Rep. Stephen Lynch, has stepped left to avoid a Trump administration offer to pow-wow at the White House as they seek to cultivate moderate Democrats. "I felt like they were trying to divide our party so I declined the invitation," [Lynch told the Globe's Matt Viser](#) yesterday.

-- **It's a somewhat puzzling move** for Lynch, who previously has eschewed party politics, initially voted against the Affordable Care Act, and recently knocked the press for our coverage of Trump. But it's also a nod to the hundred-some constituents who turned out to Lynch's town hall in Milton back in February, who essentially told the South Boston congressman they wanted him to [shove back against the Trump agenda](#) whenever possible.

-- **Lynch isn't the only Mass. elected turning down Trump's overtures.** Sens. Elizabeth Warren and Ed Markey skipped out on a White House reception for senators on Wednesday night, according to the pool report from the event.

-- **This all complicates Gov. Charlie Baker's call** for the all-Democratic congressional delegation to protect Massachusetts' interests as the health care debate rages in Washington, especially when members' Democratic bases back home are angling to poke Trump in the eye at every turn.

-- **But there's still someone willing to play ball with Trump:** Baker was tapped for the newly announced White House opioid commission, led by old pal and soon-to-be-former New Jersey Gov. Chris Christie.

Have a tip, story, suggestion, birthday, anniversary, new job, or any other nugget for the Playbook? Did the wrong Playbook get sent out? Get in touch: ldenzenski@politico.com.

DATeline BEACON HILL --

-- **"MassHealth ball 'in our court,' but DeLEO still drawing up play,"** by Matt Murphy, State House News Service: "As the Baker administration has

proposed and floated different strategies to get businesses to help the state afford its Medicaid program, some corporate interests have questioned why employers should be asked to pay more at all. ... House Speaker Robert DeLeo, who will make the next move to advance the discussions, said Wednesday that he's not sure yet where he will come down on the issue, or whether there's a solution available that doesn't involve [tapping businesses for more funding](#)."

-- **"Signalling A Firmer Line, Mass. Sets 3.1 Percent Limit On Health Cost Increases," by Mike Deehan, WGBH News:** "A panel of state appointed experts charged with curtailing rising fees voted Wednesday to allow no more than a 3.1 percent increase, setting the stage for the state to become more active in forcing the [medical market to keep costs down](#)."

-- **"Governor Baker boosts funding for early education," by Stephanie Ebbert, Boston Globe:** "Governor Charlie Baker unexpectedly gave early education funding its largest boost in more than a decade on Wednesday, announcing that he would devote more than \$28 million in found money to rate increases for day care [centers that serve low-income children](#)."

-- **"Groups renew push to raise tobacco age to 21," by Gerry Tuoti, Brockton Enterprise:** "While 140 Massachusetts cities and towns have already raised their legal tobacco sales ages from 18 to 21, there's now a renewed push to enact a similar restriction statewide. 'A change in policy can change lives, and that's why we're here today,' Marc Hymovitz, government relations director for the American Cancer Society Cancer Action Network, told a crowd of volunteers, students and health advocates [who gathered Wednesday at the Statehouse](#)."

SHEAR WE GO -- "Annual Saving by Shaving event planned, again with Baker," by Sean Philip Cotter, Patriot Ledger: "Gov. Charlie Baker will be back next month for what's become his annual Quincy haircut for charity. Granite Telecommunication plans to hold its fourth annual Saving by Shaving charity event from 8 a.m. to 1 p.m. Thursday, April 13. As it does every year, the event will result in the Quincy-based company donating a large chunk of money to the [Dana-Farber Cancer Institute](#)."

TRUMPACHUSETTS --

-- **"Baker to work with White House on opioid commission," by Matt Murphy, State House News Service:** "Gov. Charlie Baker may have found his opening to ingratiate himself with the Trump White House. ... President Donald Trump on Wednesday will tap Baker to serve on a new commission to address the [nation's opioid addiction epidemic](#)."

-- **"Mayor Walsh hoping to sway feds to restore cuts," by Dan Atkinson, Boston Herald:** "Mayor Martin J. Walsh said he's hoping to meet with President Trump's administration to make his case for restoring cuts to Meals on Wheels and other programs and said [City Hall officials have been in touch with the White House](#)."

-- **"No big impact expected in Mass. after Trump energy order," by Eoin Higgins, Berkshire Eagle:** "A federal overhaul of energy regulations won't change things too much for consumers in the Berkshires as the state continues marching toward a clean energy future. But President Donald Trump's executive order on Tuesday loosening restrictions on coal plants and prompting a review of the former

administration's Clean Power Plan may affect how Massachusetts competes [economically with the rest of the country.](#)"

THE WARREN REPORT --

-- **"US Sen. Elizabeth Warren to promote latest book at Mount Holyoke College," by Shannon Young, Springfield Republican:** "The senator ... will stop by the South Hadley college's Chapin Auditorium on April 21 to discuss her latest publication: 'This Fight Is Our Fight: [The Battle to Save America's Middle Class.](#)'"

-- **"Warren, Carper petition Ethics Office for information on Ivanka Trump's White House role," by POLITICO's Kelsey Sutton:** "[Sens. Elizabeth] Warren (D-Mass.) and [Tom] Carper (D-Del.) sent a letter to director Walter Shaub on Wednesday asking whether the White House has requested or received guidance from the office about Ivanka Trump's role in the White House and the rules about disclosures, divestments and recusals that could be required of her [amid her growing White House role.](#)"

ON THE STUMP --

-- **"Quincy's Democratic mayor says he's bullish on Charlie Baker," by Genevieve DiNatale, Boston Herald:** "Quincy Mayor Thomas Koch, who said he's 'barely a Democrat' and that he finds the far left disconcerting today on Boston Herald Radio's "Herald Drive" show, said he's satisfied with the job Gov. Charlie Baker has done for the commonwealth, [especially when it comes to the MBTA.](#)"

-- **"Kafka aide's campaign filing raises question about boss's plans," by Andy Metzger, State House News Service:** "An aide to longtime Stoughton Rep. Louis Kafka has set up a campaign account to run for the seat, raising questions about whether his boss will seek another term. Ted Phillips, a Sharon Democrat, said he has no designs on unseating Kafka, whom [he has worked for since 2006.](#)"

-- **"Meet The Congresswoman On The Frontlines Of The Fight Against Online Abuse," by Madeline Buxton, Refinery29:** "Any woman who has run for office is certainly no stranger to online abuse," Clark told Refinery29. 'But what I quickly realized was that as a member of Congress, I had resources and law enforcement tools at my hand that a typical woman online doesn't have.' Since being elected to the fifth district of Massachusetts in 2013, Clark has been an active proponent of women's rights online, introducing legislation that [had been absent for far too long.](#)"

-- **"Ann Romney is willing to lobby against Trump's proposed cuts to NIH," by Bianna Golodryga, Yahoo News:** "Ann Romney spoke to Yahoo News and Finance Anchor Bianna Golodryga about her book 'In This Together: My Story,' and she also spoke out against President Trump's proposed budget cuts to the National Institutes of Health. She said, 'I will be the [first one down lobbying against this.](#)'"

WOOD WAR -- Herald: "TARGET: TERROR," "THE HEAT IS ON!" -- **Globe:** "Bank to pay \$26M on faulty car loans," "Turnout lower than expected at Kennedy Institute," "Baker may join Trump opioid panel," "IN SEDER SYMBOL, SEEDS FOR JUSTICE," "An unwelcome plan for refugees shakes up Vt. city."

THE LOCAL ANGLE --

-- **"Pilgrim nuclear power plant powers down to meet temperature limit," by Christine Legere, Cape Cod Times:** "Operators have powered down the reactor at Pilgrim Nuclear Power Station to comply with temperature limits on water being discharged from the plant into Cape Cod Bay. The federal Environmental Protection Agency's water discharge permit for Pilgrim, which allows 500 million gallons to be drawn daily, requires that water leaving the plant after use be no more than 32 degrees [hotter than water temperature in the bay](#)."

-- **"So far, no ICE, despite Brockton lawmaker's warning of raids," by Marc Larocque, Brockton Enterprise:** "There was no immigration enforcement raids in the city of Brockton on Wednesday, as state Rep. Michelle DuBois warned about the previous day, in a Facebook post that attracted widespread controversy. The U.S. Immigration and Customs Enforcement agency said it did not conduct any pre-planned enforcement action in Brockton on Wednesday as of [press deadline for this story](#)."

-- **"Fervor marks sanctuary hearing in Salem," by Dustin Luca, Salem News:** "Well beyond 250 people, many sitting on a cold, tiled cafeteria floor, turned out to Bentley Academy Charter School that evening for an intense public hearing that was first scheduled a month and a half ago to discuss the city's 'Sanctuary for Peace' ordinance. The proposed ordinance, which has changed wildly as the tumultuous debate about it evolved this year, was put forward in November [by Ward 4 City Councilor David Eppley](#)."

-- **"Kennedy Institute finds if you build it, not everyone will come," by Michael Levenson, Boston Globe:** "The institute, which opened two years ago Friday, is drawing fewer than half the number of visitors as initially projected, a sign it may be struggling to establish itself as [a must-see tourist destination in Boston](#)."

-- **"How international migration is helping Massachusetts and other takeaways from a Fed economist's outlook," by Gintautas Dumcius, Masslive.com:** "The Massachusetts unemployment rate is a 'positive story' so far, well below the national level, a Federal Reserve economist said Wednesday. ... The state's unemployment rate was 3.2 percent in January 2017, down from [4.3 percent in January 2016](#)."

LET THE MEDICALLY NECESSARY GOOD TIMES ROLL -- "Medical marijuana shop, Brockton's In Good Health, starts up statewide delivery service," by Gintautas Dumcius, Masslive.com: "In Good Health, the medical marijuana dispensary in Brockton is launching a delivery service that stretches across most of Massachusetts on Monday, April 3. ... The service will not be available to Martha's Vineyard and Nantucket. ... Patients must order at least \$100 worth of medical marijuana products. An online ordering system will be available at [12:01 am on Saturday, April 1](#)."

HAPPY BIRTHDAY -- to Kimberly Atkins, Chief Washington Reporter and Columnist for the Boston Herald, **Emily Levine**, director of Policy and Advocacy at Horizons for Homeless Children, and **Alex Kingsbury**, deputy ideas editor at Boston Globe and a WBUR alum

DID THE HOME TEAM WIN? No! -- The Celtics lost to the Milwaukee Bucks, 103-100.

Subject: (Archive Copy) POLITICO Massachusetts Playbook: CONSERVATIVES try to hold line against WARREN — TOBACCO age minimum change rests with HOUSE — HEALEY's ICE enforcement guidance
Date: Friday, May 19, 2017 7:23:44 AM

05/19/2017 07:19 AM EDT

By Lauren Dezenski (ldezenski@politico.com; @laurendezenski) and Rebecca Morin (rmorin@politico.com; @RebeccaMorin_)

GOOD MORNING, MASSACHUSETTS. Another warm, sunny day with highs in the mid-80s. Keep an eye out for early afternoon thunderstorms.

CAN YOU HEAR ME NOW? - If you go to one of Sen. **Elizabeth Warren's** speeches, chances are you'll hear about a bipartisan bill she's excited to push alongside Iowa Republican Sen. **Chuck Grassley** that would open the market to over-the-counter hearing aids. The pitch is simple enough, as Warren puts it, an example of how members of Congress on both sides of the aisle can come together to support a bill that can make a difference in people's lives.

But storm clouds are brewing. Over the last few weeks, conservative groups like [Gun Owners of America](#) and [coalitions including the Center for Freedom and Prosperity and the National Tax-Limitation Committee](#) are pushing House Republicans to kill the bill - they don't support the new regulations the bill would create, **but the subtext, as one Republican consultant told me yesterday, is that they don't want the Republicans supporting this bill to give Elizabeth Warren a political win ahead of her presumed presidential run.**

"A handful of partisan operatives apparently care more about scoring cheap political points than improving the lives of more 40 million people devastated by untreated hearing loss," Warren spokesperson Lacey Rose said to me yesterday.

The bill still has a clear path forward. It enjoys a healthy amount of support and the House version of the bill (co-sponsored by Rep. **Joe Kennedy III**) passed an important subcommittee vote on the Hill yesterday. **Either way, the intent to highlight and organize against Warren's role shows just how far some Republicans are already willing to go to hold the line against the progressive icon ahead of 2020.**

Have a tip, story, suggestion, birthday, anniversary, new job, or any other nugget for the Playbook? Get in touch: ldezenski@politico.com.

TODAY - Gov. **Charlie Baker**, Boston Mayor **Marty Walsh**, and representatives from **Forbes** make an announcement in Boston's Seaport district - Attorney General **Maura Healey** delivers the keynote speech to the Women in Law conference at Northeastern University - US Sen. **Elizabeth Warren** delivers the commencement speech at Wheelock College and receives an honorary degree.

- **ON SATURDAY:** US Rep. **Seth Moulton** will hold a town hall in Newburyport at the Rupert A. Nock Middle School's auditorium at 1 p.m. - Potential gubernatorial candidate **Setti Warren** hosts a block party outside of his Newton home where he will address the next steps of his career at 3 p.m. He is widely expected to officially

announce his run for governor.

DATELINE BEACON HILL -

- **"Health care law changes would reduce tax credits," by Christian M. Wade, Salem News:** "Health care advocates say the elimination of the so-called 'premium tax credits' would make medical coverage for low- and moderate-income individuals more expensive. 'These changes would hurt a lot of people,' said Brian Rosman, policy director at the Boston-based nonprofit Health Care for All. 'People need to understand just how damaging these changes would be to the [health care system in Massachusetts](#).'"

- **"Raising The Age To Buy Tobacco To 21 Appears To Now Rest With The Mass. House," by Mike Deehan, WGBH News:** "The minimum age for buying tobacco products in Massachusetts could rise to 21 if House Speaker Robert DeLeo were to allow a vote on a bill. Supporters of raising the age say they have the support of Gov. Charlie Baker, which leaves the House of Representatives as the final hurdle in limiting access to underage smoking. While the State Senate would have to vote again this year, [it last year supported a similar measure](#)."

- **"State senator seeks money for sex-trafficking victims from horse racing funds," by Matt Stout, Boston Herald:** "The state's 'grossly underfunded' trust for sex-trafficking victims could see a surge of funding under a new budget proposal that would come at the expense of the struggling horse racing industry, which has become a [popular target in Beacon Hill's search for cash](#)."

- **"Cape presence felt as bikers 'storm' Statehouse," by Andy Metzger, State House News Service:** "Clad in leather and star-spangled bandanas, motorcyclists descended on the Statehouse on Thursday asking for government to take a more hands-off approach toward helmet use and step up enforcement of dangerous driving. Rick Gleason, of South Yarmouth, the legislative director of the Massachusetts Motorcycle Association, said one reason bikers want to be able to ride helmet-free is the feel of the wind in their hair, and he said [ditching the helmet allows bikers to 'hear and see a lot more](#).'"

TRUMPACHUSETTS -

- **"Mass. lawmakers impatient with chaos, lack of action in D.C.," by Joshua Miller, Boston Globe:** "There's anger. There's agitation. But most of all there is impatience, as Massachusetts' top politicians watch the Trump-driven drama unfolding in Washington and lament the serious work of federal governing that is not getting done. They responded Thursday to the unrelenting barrage of Trump administration revelations with a mixture of worry, wit, and fatigue, eagerness to learn the facts, and support for the Department of Justice naming a special counsel to oversee the investigation into potential links between the Russian government and [Donald Trump's presidential campaign](#)."

- **"Moulton says special counsel not enough," by Paul Leighton, Salem News:** "The appointment of former FBI Director Robert Mueller to investigate possible ties between Russia and the Trump campaign is an 'important step in the right direction' and 'long overdue,' according to Congressman Seth Moulton. But the Democrat from Salem also said it doesn't go far enough. Moulton, who has been among Trump's harshest critics, said Thursday Congress should form an independent bipartisan [commission to conduct its own investigation](#)."

- **"AG issues immigration enforcement guidance," by Cynthia McCormick, Cape Cod Times:** "State Attorney General Maura Healey on Thursday issued guidelines for health care providers and school officials on dealing with immigration enforcement issues involving patients and students. In both cases, Healey urged organizations to protect the privacy of their patients and students, and said medical facilities and schools are not normally subject to surveillance, searches and [arrests by U.S. Immigration and Customs Enforcement](#)."

- **"Milford's Maloney set to testify at Statehouse hearing," by Zachary Comeau, MetroWest Daily News:** "State lawmakers, immigration advocates and critics are poised for a lengthy debate at the Statehouse next month as the Joint Committee on Public Safety and Homeland Security is holding a public hearing on the Safe Communities Act. The law, sponsored by Sen. Jamie Eldridge, D-Acton, would essentially make Massachusetts a so-called 'sanctuary state.' The mother of Milford resident Matthew Denice, who was killed in a motorcycle crash by an [undocumented immigrant, is expected to testify](#)."

ON THE STUMP -

- **"Warren thinks he can sway Trump voters, beat Baker, but Cantabrigians not so sure," by Genevieve DiNatale, Cambridge Day:** "Maurice Cunningham, a lifelong Cambridge resident who teaches politics at the University of Massachusetts at Boston, said Setti's likelihood of beating Baker is low because Baker has 'protected himself well.' 'The Democrats don't have a lot against Baker,' Cunningham said. Though, 'if they tie Trump around his neck, he will drown.' Warren said [he was unfazed by Baker's popularity](#)."

- **"Gonzalez supports soda tax, but says income surtax is his priority," by Matt Murphy, State House News Service:** "When Democrat Jay Gonzalez tried to goad the governor into a position earlier this week on the 'millionaires' tax,' Republican Party officials wondered aloud where the gubernatorial candidate stood on another tax - the proposed excise tax on soda. It probably comes as little surprise that Gonzalez supports it. 'I've always supported the idea of a soda tax from a public health perspective,' [Gonzalez told the News Service](#)."

WOOD WAR - Herald: "'BRAVE' SON TURNS IN DEALER DAD," "SHAQ IS BACK" - **Globe:** "Trump denounces inquiry as witch hunt," "A bump for Walsh on city's mean streets," "TO BEACH OR NOT TO BEACH," "Lawmakers from Mass. impatient with chaos in D.C.," "Ailes turned news with a view into TV gold."

THE LOCAL ANGLE -

- **"Minority residents in Lowell file federal suit alleging unfair elections," by Michael Levenson, Boston Globe:** "The lack of minority representation is not a fluke, according to a federal voting rights lawsuit filed against the city Thursday. ... Rather, the lawsuit argues, it is the direct result of Lowell's system of electing every member of the City Council and School Committee through at-large, or citywide, elections, instead of district elections that represent various parts of the city. The lawsuit points out that under a winner-take-all-system, 51 percent of the [electorate can control every seat and win every election](#)."

- **"Franklin group: 'Hate has no home here,'" by Christian Yapor, MetroWest Daily News:** "Chanting 'Immigrants are welcome here, say it loud and

say it clear," and holding up signs that read 'Hate has no home here,' about 20 protesters gathered in front of the Veterans of Foreign Wars building to support immigrant communities. The demonstration was initially planned to protest a discussion on immigration hosted by director of policy studies for the Center for Immigration Studies (CIS) Jessica Vaughan that would have taken place in the building Thursday night. However, the event, sponsored by the Franklin Republican Town Committee, was cancelled during the afternoon after Larry Bederian, commander of the VFW Post 3402, [refused to host political events under the VFW's roof.](#)"

PLEASE CLAP - "Jeb Bush's return," by Jim O'Sullivan, Boston Globe: "Jeb! is back. Sort of. ... Former Florida governor and 2016 presidential hopeful Jeb Bush will speak at Boston College [on June 8 to an annual finance conference.](#)"

- "Offshore wind energy gears up to hook up," by Mary Ann Bragg, Cape Cod Times: "As three offshore wind energy developers move closer to preparing construction plans for areas south of Martha's Vineyard and Nantucket, each will spend time this summer exploring where to install transmission cables to connect their turbines to the grid. 'We started mobilization last week,' Bay State Wind permitting project manager Pernille Hermansen said Tuesday at a regional stakeholder task force meeting in Falmouth. 'That was one vessel, and we [just mobilized another vessel yesterday.](#)'"

CHANGING CITY - "Southie home tied to 'Whitey' Bulger on the market," by Laurel J. Sweet, Boston Herald: "A South Boston residence steeped in mob nostalgia is up for sale, in a pricey symbol of the neighborhood's ongoing evolution. ... Assessed by the city at \$57,900 in 1985, 36 Thomas Park, a deeded three-family Victorian with roof deck overlooking the city and historic [Dorchester Heights, is on the market for \\$1.4 million.](#)"

WHEN PROTEST IS STILL THE NEW BRUNCH - Education advocates including the Massachusetts Teachers Association and the Boston Teachers Union will rally on the Boston Common on Saturday at 2 p.m. "to defend public education," according to the Massachusetts Education Justice Alliance. "Participants will call for full funding for public education, pre-K through college, debt-free public higher education, less testing and more learning, and equitable access to quality education for all students."

HAPPY BIRTHDAY - to NBC Boston political reporter **Alison King**, State House News scribe **Katie Lannan**, Eagle-Tribune beat reporter **Kiera Kathleen Blessing**, Emerge Massachusetts' **Haley McFarland**.

HAPPY BIRTHWEEKEND - to Rep. **Chris Walsh** of Framingham, Dorchester's own **Erin Murphy**, Government Relations Group owner **Joseph Giannino**, **Joe Schatz** (father of POLITICO States Editor Joe Schatz) out in Acton, and POLITICO's **Rebecca Morin** who all celebrate Saturday and to Sunday birthday-er Harvard T.H. Chan School of Public Health's **John E. McDonough**.

DID THE HOME TEAM WIN? No! - The **Red Sox** fell to the Oakland Athletics 3-8.

Subject: (Archive Copy) POLITICO Massachusetts Playbook: HOUSE Dems work to block building Trump's wall -- DCF still facing troubles -- POT SASQUATCH in Springfield
Date: Friday, February 10, 2017 7:28:00 AM

02/10/2017 07:25 AM EDT

By Lauren Dezenski (ldenzski@politico.com; [@laurendezenski](#)) with Rebecca Morin (rmorin@politico.com; [@RebeccaMorin_](#))

GOOD MORNING, MASSACHUSETTS. Sub-zero windchills and temperatures in the teens today. Keep track of WCVB's [closures and delays](#).

TODAY - Beacon Hill creaks back to life as the **House** and **Senate** are set to meet in informal session while Gov. **Charlie Baker** and Lt. Gov. **Karyn Polito** hold a cabinet meeting -- Boston Mayor Marty Walsh holds a press conference thanking public works employees and provides a snowstorm update this morning.

ONE WAY TO BLOCK THE WALL PROPOSAL -- "Statehouse working on barrier to sheriff's border wall work crews," by Jim Hand, Attleboro Sun Chronicle: "A proposal by Bristol County Sheriff Thomas Hodgson to send his inmates to the Mexican border to help build President Donald Trump's wall is running into a barrier at the Statehouse." ...

"Democratic legislators have filed bills to block the move." ...

"One bill, by Rep. Antonio Cabral, D-New Bedford, would prohibit Massachusetts inmates from being taken out of the state to form work crews. He said sending the inmates away would create liability issues with transportation, housing and security." ...

"State Rep. Paul Heroux, D-Attleboro, said Democrats in the House had been scheduled to discuss the bill and other possible measures to show opposition to Trump policies in a caucus Wednesday. However, [the caucus was postponed because of icy roads](#)."

Have a tip, story, suggestion, birthday, anniversary, new job, or any other nugget for the Playbook? Did the wrong Playbook get sent out? Get in touch: ldenzski@politico.com.

SHERIFF HODGSON IS A FAN -- "Sheriff lauds ICE training prez touted," by Chris Villani, Boston Herald: "Sheriffs are being taught how to detain illegal immigrants before they are bailed from jail, said Bristol County Sheriff Thomas M. Hodgson, through a program that he said [President Trump pushed this week](#)."

DATeline SANCTUARY CITY -- "Lawrence, Chelsea file suit to block Trump sanctuary cities order," by Lauren Dezenski, POLITICO Massachusetts: "'Rather than sit back and wait for the feds to act punitively, we felt we should take the offensive against this order,' said Chelsea [city manager Tom Ambrosino](#)."

THE LATEST RULING ON THE BAN EXECUTIVE ORDER, BUT NOT THE FINAL WORD -- "Appeals court panel rules unanimously against Trump

travel ban," by POLITICO's Josh Gerstein: "A federal appeals court on Thursday bluntly rejected President Donald Trump's attempt to revive his controversial travel ban executive order, giving no ground under unusual public pressure [from the president himself](#)."

BUT IT'S STILL BEING HAILED BY THOSE WHO FILED SUIT --

-- **Attorney General Maura Healey:** "Tonight, the Ninth Circuit upheld the principle that no president is more powerful than our Constitution. My office challenged this reckless and discriminatory Executive Order to protect the residents, economic vitality, and basic values of Massachusetts. I stand with state attorneys general united in our commitment to hold this administration accountable to the laws and the people of this country."

-- **Carol Rose, executive director of the ACLU of Massachusetts:** "This is very good news for all the people, the families, the businesses disrupted, all the lives that have been impacted by the recent Trump ban on immigration from majority Muslim nations."

-- **Sen. Ed Markey:** "It is the rule of law, not the rule of Trump that has won."

BAN REPERCUSSIONS -- "Immigration ban ties up 2 Iranian hires for UMass Medical," by Scott O'Connell, Worcester Telegram: "In two weeks, for example, residency programs and medical school graduates must submit their preference lists for UMass match day on March 17, the date when the medical school officially selects its next class of residents. On Tuesday, Dr. Collins said he still wasn't sure whether the medical school would make any offers to applicants from countries [affected by the ban: Iran, Iraq, Syria, Yemen, Libya, Sudan and Somalia](#)."

COMING NEXT MONTH -- "SJC will decide whether ICE hold hangs up rights," by Bob McGovern, Boston Herald: "The high court next month will consider whether the Bay State has the authority to temporarily hold a person on the basis of an Immigration and Customs Enforcement detainer after criminal charges have been dropped. The SJC will also look at whether someone can be held by [the state via an ICE detainer without a probable cause determination](#)."

NOT-SO-SMOOTH SAILING AT MAR-A-LAGO -- "Dana-Farber says it will avoid 'controversial venues' in the future," by Liz Kowalczyk, Boston Globe: "The decision came amid growing pressure from patients, employees, and medical students - but still fell short of demands that the hospital relocate the party scheduled for [Trump's Mar-a-Lago on Feb. 18](#)."

WARREN'S SECOND NEWS CYCLE -- "Shutting Down Speech by Elizabeth Warren, G.O.P. Amplifies Her Message," by Matt Flegenheimer, The New York Times: "Mr. McConnell's coda has already been repurposed as a sort of rallying cry. Across social media, Ms. Warren's allies and supporters posted with the hashtag #sherpersisted, calling to mind some Democrats' embrace of the term "nasty woman" after Mr. Trump deployed it to describe Hillary Clinton during a debate. Appearing with Mrs. Clinton in New Hampshire in October, [Ms. Warren reminded Mr. Trump that "nasty women vote"](#)."

I AIN'T SORRY -- "Warren's Sessions Rebuke Trumps Booker," by David Catanese, U.S. News & World Report: "In the wider political atmosphere,

there's the uncomfortable optics of a Republican male senator "silencing" a leading female Democratic senator for quoting the wife of a civil rights icon. On the heels of the energy around the women's march, it's another way to [animate the fairer sex against the GOP brand](#)."

TO THE BATTLEMENTS! -- "Democrats rush to Warren's defense, vow to double resistance to Republicans," by David Sherfinski and Stephen Dinan, The Washington Times: "Liberal groups rallied around her, vowing to redouble their resistance to Republicans, while her colleagues took up her cause, repeatedly reading on the floor the same words that got Ms. Warren into trouble in the first place - words taken from a 1986 statement by Coretta Scott King, [widow of civil rights icon Martin Luther King Jr.](#)"

BIGLY! -- "Fourth New England Patriot announces plan to skip White House visit," by POLITICO's Aidan Quigley: "[Defensive lineman Chris] Long responded to an open letter from the New York Daily News' Chuck Modiano which called for Long to show solidarity with teammates Martellus Bennett, Devin McCourty and Dont'a Hightower by [skipping the White House visit with President Donald Trump](#)."

NEVER TWEET, FACEBOOK EDITION-- "North Attleboro candidate quits race after bigoted posts are exposed," by Kayla Canne, The Sun Chronicle: "James Lang, 60, abandoned the race after a batch of images anonymously sent to The Sun Chronicle showed numerous Islamophobic comments on Facebook, including a batch of political memes alluding to the jihadist actions of Islamic State soldiers. The incident comes a year after another town official was driven from office following his disparaging online posts about Muslims and [another comparing then-first lady Michelle Obama to a gorilla](#)."

WOOD WAR -- Herald: "SEE YOU IN COURT," "The skinny on Sandoval," "WINTER BLAST." -- **Globe:** "Trump immigration order dealt setback," "Winter comes to life with a bang," "Nothing clear about taking pot through airport security," "Dana-Farber tries to ease outcry on gala," "NICE FIT FOR SANDOVAL."

DCF BACK IN THE NEWS -- "Report: Despite efforts, 35 kids died in state care," by Matt Stout, Boston Herald: "As many as 35 children died while in state care or custody last fiscal year - half of them less than a year old, including a dozen substance-exposed newborns, according to a new report that underscores the troubles still facing the state's child welfare [agency despite new funding](#)."

NEW THIS MORNING -- "Some Gains, But Much Work Remains For Massachusetts Transportation System," by Rafael Mares of the Conservation Law Firm for T4Mass: "The Transportation for Massachusetts coalition (T4MA) today released its third progress report on the state's recent transportation reform and revenue legislation - finding that, while the Commonwealth is slowly heading in the right direction, we need assertive leadership, bold vision and significant new revenue if we are to build and maintain the world-class statewide transportation network that Massachusetts needs. The report makes clear that we need to choose a [better route for Massachusetts transportation](#)."

BUT WAS IT EVER MAD LOVE? -- "Bad blood on governor's council boils over with rushed judicial appointment," by Antonio Caban, State House News Service: "Animosity between members of the Governor's Council erupted into 'chaos' and shouting on Wednesday as the elected panel that vets judicial nominees

confirmed Methuen attorney Salim Rodriguez Tabit by a 5-2 [vote for a seat on the Superior Court](#)."

ENERGY MATTERS -- "Berkshire judge plans to OK settlement for pipeline easement through state forest," by Mary Serreze, MassLive.com: "A Berkshire Superior Court judge said Monday he intends to authorize a \$640,000 negotiated settlement between the state and Tennessee Gas Pipeline Co. for a six-acre easement through the Otis State Forest. Tennessee plans to route its 13-mile Connecticut Expansion project through the state-owned conservation land. The [pipeline has faced stiff opposition](#)."

DO IT FOR THE COLLEGE-AGED CHILDREN -- "State House bills zero in on UMass building process: Would mandate public process, link projects to education needs," by Jennifer Smith, Dorchester Reporter: "This new legislation would require the University of Massachusetts be subject to local zoning regulations, if any of their property is developed for non-academic purposes, and would also end their exemption from the state's open bidding process. It also removes tax exemptions for public-private partnerships and restricts UMass [from allowing private developers to use their bonding capacity](#)."

OPIOID EPIDEMIC -- "Despite focus on dangers, Taunton opioid toll still rising," by Laura Crimaldi, Boston Globe: "Despite the city's direct approach, the number of people killed every year by opioids has grown over the past three years. Last year, there were 36 opioid-related fatalities, up from 11 in 2015 and 14 in 2014, [Taunton police said Wednesday](#)."

NOT THE ONION -- "'Pot Sasquatch' disrupts news station's storm coverage in Springfield," by Steve Annear, Boston Globe: "During WWLP-22News' live weather broadcast in Springfield Thursday, at the height of the major winter storm, a curious creature bedecked in what appeared to be marijuana leaves and a pot mask came wandering through the snow, disrupting [meteorologist Jennifer Pagliei's shot](#)."

IN MEMORIAM -- "Service for Nick Littlefield, former top aide to Ted Kennedy," by the Boston Globe: "A memorial service for Nick Littlefield, a former top aide to US Senator Edward M. Kennedy on health care legislation, will be held at 11 a.m. March 3 at Sanders Theatre [at Harvard University in Cambridge](#)."

MEDIA MOVES -- Boston Globe immigration reporter **Maria Sacchetti** is headed to the Washington Post. Her last day at the Globe is Feb. 17, according to a memo sent to Globe staff.

HAPPY BIRTHDAY -- to Concord Rep. **Corey Atkins**; **Jessica Meyers**, a Boston Globe and Politico alum now a China correspondent in Beijing; **Joe Lazzerini** senior political Organizer at SEIU Local 888; and Boston Globe columnist **Jeff Jacoby**.

HAPPY BIRTHWEEKEND -- to Cambridge City Councilor **Leland Cheung**, who celebrates on Saturday, and Sunday birthday-ers Falmouth Rep. **David Vieira** and former MassUniting spokesman **Reggie Zimmerman**.

DID THE HOME TEAM WIN? Yes! -- The **Bruins** beat the San Jose Sharks 6-3.

Democrats and Republicans agree on one thing: Jim Baker was the gold standard when it came to running a White House. Listen to his thoughts on the Trump

administration's extraordinary kickoff, why the brash billionaire might yet succeed and how the world in 2017 looks to a former secretary of state.

You can hear Jim Baker on the debut of our new podcast, The Global Politico. Each week, Susan Glasser, POLITICO's chief international affairs columnist, looks to make sense of the new world order under President Trump. The podcast aims to skip the punditry in favor of candid conversations about global politics with those who are helping to shape it. [Read More. Subscribe on iTunes.](#)

Subject: (Archive Copy) POLITICO Massachusetts Playbook: IMMIGRATION pressure continues — HEALEY's ruling could slow marijuana industry — Progressive groups line up behind NEAL challenge
Date: Monday, June 25, 2018 7:23:01 AM

06/25/2018 07:21 AM EDT

By Lauren Dezenski (ldenzenski@politico.com; [@LaurenDezenski](#)) with Brent D. Griffiths (bgriffiths@politico.com; [@BrentGriffiths](#))

GOOD MORNING, MASSACHUSETTS. Welcome to the last week of June.

IMMIGRATION STILL HOT TOPIC — After a weekend of travel to the border, the immigration issue continues to draw attention from Massachusetts' current and would-be congressional leaders.

Boston City Councilor **Ayanna Pressley**, vying to unseat Rep. **Michael Capuano**, this morning is calling for defunding and abolishing ICE (U.S. Immigration and Customs Enforcement), the enforcement arm of the Trump administration's immigration policy.

On Wednesday, Pressley plans to visit the ICE detention center in Boston. No children separated from their parents at the border are currently being held in Massachusetts, according to the governor last week, but ICE agents in the state have [reinstated](#) arrests in government offices. Also this week, Pressley will meet with immigration advocates and release an equity agenda on immigration.

Capuano, Pressley's opponent, returned from the Texas border this weekend with a delegation of congressional Democrats. "I'm in Texas because I thought it important to carry the message of my constituents who demand that [@realDonaldTrump](#) be held accountable. I'm not convinced he understands or cares what it will take to right this wrong. I won't stop fighting until every family is reunited," Capuano [said on Twitter](#).

The border also drew Rep. **Katherine Clark**, who sported a shirt with the words "I really do care," on her flight to Texas on Friday. Afterward, Clark [tweeted](#) her visit "confirmed my worst fears," [adding](#) "I will return to Washington next week committed to reunifying these families and working towards immigration policies that eliminate the current chaos and treat people with dignity." Sen. **Elizabeth Warren** also visited on Sunday.

President **Donald Trump** signed an executive order last week that would end the "zero tolerance" immigration policy separating families apprehended for crossing the border illegally, though former homeland security adviser [Tom Bossert said Sunday](#) that order will likely be overturned by the courts. Meanwhile, Trump has put the onus [on Congress](#) to fix "our ridiculous immigration laws."

Have a tip, story, suggestion, birthday, anniversary, new job, or any other nugget for the Playbook? Get in touch: ldenzenski@politico.com.

TODAY — Gov. **Charlie Baker**, LG **Karyn Polito**, U.S. Department of Transportation Secretary **Elaine L. Chao**, Massachusetts Transportation Secretary

Stephanie Pollack, MBTA General Manager **Luis Ramirez**, Rep. **Mike Capuano**, Somerville Mayor **Joseph Curtatone** and local officials attend the groundbreaking ceremony for the Green Line Extension Project, which will extend the Green Line approximately 4.7 miles through East Cambridge, into Somerville and Medford — Democratic gubernatorial contender **Jay Gonzalez** plans to campaign greeting commuters outside of South Station tonight — UMass President **Marty Meehan** appears on WBUR's Radio Boston at 3 p.m.

DATELINE BEACON HILL —

- **"Gov. Charlie Baker's Son Accused Of Sexual Assault," by Cheryl Fiandaca, WBZ CBS Boston:** "I-Team Chief Investigative reporter Cheryl Fiandaca has learned that Governor Charlie Baker's adult son, Andrew, has been accused of an alleged sexual assault by an airline passenger. Sources tell the I-Team the incident happened on June 20 aboard a JetBlue Flight from Washington, DC to Boston. The communications Director for Governor Baker told the I-Team, 'This is a personal matter for the Baker Family and [A.J. will cooperate with any request from authorities.](#)'"

- **"AG Maura Healey's ruling could slow Mass. marijuana industry," by Dan Adams, Boston Globe:** "Attorney General Maura Healey is giving cities and towns more power to slow down the recreational marijuana industry, ruling that local officials can unilaterally prohibit cannabis companies for another year without polling residents. The decision, approving an extension of Mansfield's temporary moratorium on pot shops and other marijuana businesses through June 2019, [was released Friday after questions from the Globe.](#)"

Meanwhile, the "Yes on 4" coalition slams Healey's ruling: "The Attorney General's unnecessary ruling is a devastating setback for a voter-approved legalization measure that has already seen significant delays," emails **Jim Borghesani** of Yes on 4, which pushed the successful ballot measure that legalized recreational marijuana in Massachusetts in 2016. "Towns have zoned for tobacco, alcohol and pharmaceuticals for years. It is a fiction that they need more time to figure out how to zone for cannabis. The only people who will benefit from Maura Healey's ruling are the criminals who have controlled cannabis sales for decades."

- **"Lawmakers are looking at their own millionaires' tax, but it's going to take a while," by Joshua Miller, Boston Globe:** "The battle is never lost, only delayed. Progressive legislators and activists, stung by the Supreme Judicial Court's opinion striking a new proposed income tax on the state's highest earners from November's ballot, [are aiming to try again in 2022.](#)"

ON THE STUMP —

- **"Progressive groups line up behind Democrat Tahirah Amatul-Wadud's congressional bid," by Shannon Young, MassLive.com:** "With the September primary just over two months away, progressive groups across Western Western Massachusetts and beyond are coming out in support of Democrat Tahirah Amatul-Wadud's congressional run. The Springfield attorney, who is looking to unseat longtime Democratic U.S. Rep. Richard Neal this fall, has picked up endorsements from Franklin County Continuing the Political Revolution, Indivisible Williamsburg, Rise Up Western Massachusetts Indivisible, and -- most recently -- [Indivisible Project and Progressive Democrats of America.](#)"

- **"In primary fight, Galvin signals he's ramping up spending," by Matt Stout, Boston Globe:** "After months of running a statewide campaign with few expenses, Secretary of State William F. Galvin is cracking open his multimillion-dollar campaign war chest. The Brighton Democrat has hired Mara Dolan to serve as a communications consultant, making her the first person to draw regular pay from his campaign this election cycle. He's also planning on opening what Dolan said will be ["several" campaign offices, starting first in Quincy.](#)"

- **"This candidate for governor has just \$10,000 left in his bank account," by Joshua Miller, Boston Globe:** "And the loser is . . . Bob Massie. In the gubernatorial race for fundraising dollars, the entrepreneur and environmentalist has come up short. As of June 15, Massie had just \$10,057 in cash on hand, [according to state fundraising data.](#)"

- **"On the Record: With little cash, how can Massie challenge Baker?" by WCVB 5 Boston:** "Democratic gubernatorial candidate Bob Massie says his campaign has a good engine, [despite nearly empty bank accounts.](#)"

- **"Retired US Rep. John Olver endorses Natalie Blais in 1st Franklin District House race," by Mary C. Serreze, MassLive.com:** "A retired congressman is supporting his former economic development director in the eight-way Democratic primary race for the 1st Franklin District seat in the state House of Representatives. Amherst Democrat John Olver on Friday endorsed Sunderland resident Natalie Blais to replace Stephen Kulik, D-Worthington, who is retiring [after 25 years representing the district in Boston.](#)"

- **"Campaign Notebook: Kathryn Toomey launches bid for register of deeds," by staff and wire service reports, Telegram & Gazette:** "Worcester attorney Kathryn A. Toomey - not to be confused with City Councilor Kathleen M. Toomey - kicks off her campaign for Worcester County register of deeds on Monday at an event from 5 to 7 p.m. at O'Connor's Restaurant and Bar, 1160 West Boylston St. Ms. Toomey, a Democrat, is daughter of the late Worcester Superior Court Judge Daniel F. Toomey, and [has a real-estate law practice in Worcester.](#)"

- **"Amaad Rivera seizes 'progressive' label as sole challenger to state Sen. Jim Welch," by Shira Schoenberg, MassLive.com:** "In the race for state Senate in the Hampden District, Sen. Jim Welch, D-West Springfield, at one point faced four challengers. Now he is down to one: Amaad Rivera, a former Springfield city councilor. Both candidates are Democrats. Rivera is [making the case that he is the more progressive one.](#)"

- **"Garry, Heisey at odds over public accommodation law," by Amaris Castillo, Lowell Sun:** "Rep. Colleen Garry uploaded a poster on Facebook that promoted public safety earlier this month. One of the bullet points -- "Trying to Keep Bathrooms and Locker Rooms Safe" -- gained the thumbs-up from her supporters. It also alarmed others who believe the incumbent is transphobic and anti-LGBTQ -- including her opponent [in the Democratic primary, Sabrina Heisey.](#)"

- **"Warren challenger Lindstrom tours Gloucester's fishing infrastructure," by Sean Horgan, Gloucester Daily Times:** "The road to the state Republican Party nomination to run against incumbent U.S. Sen. Elizabeth Warren clearly runs through Gloucester. At least it has in the past week, as two of three GOP candidates for the U.S. Senate have traveled to America's Oldest Seaport to state their cases in advance of the September primary that will determine [which Republican candidate](#)

[lands on the ballot in November."](#)

THE TSONGAS ARENA —

- **"Rufus Gifford's bid for Congress boosted by father's connections," by Matt Stout, Boston Globe:** "As he launched a run for Congress, Rufus Gifford had a valuable advantage: a web of donors culled from his time as one of President Obama's foremost fund-raisers. But in establishing himself in the Third District, where he had never lived or worked, Gifford also turned to another crucial group of wealthy contributors: friends and allies of his father, Charles "Chad" Gifford, [a prominent former banker and civic leader in Boston.](#)"

THE WARREN REPORT —

- **"Warren slams Trump, calls on Democrats to vote for Rosen, Sisolak during Nevada stops," by Daniel Rothberg and Jackie Valley, Nevada Independent:** "Offering a strong moral and populist rebuke of the Trump administration, Massachusetts Sen. Elizabeth Warren urged Democrats to turn out in November in a keynote speech at the state Democratic Party Convention in Reno Saturday morning. Warren, a potential candidate for president in 2020, turned the crowd electric railing around the "cesspool" she said that has developed in Washington, D.C., [co-opting Trump's language of the Capitol as a swamp.](#)"

- **"Trump-Warren split-screen offers sneak peek at 2020 campaign," by David Siders, POLITICO:** "In the space of just a few hours, Elizabeth Warren and Donald Trump provided a glimpse of what the 2020 presidential campaign might look like in a battleground state. [It won't be pretty.](#)"

WOOD WAR — Herald: "SEND THEM BACK!" "AMERICAN HEROES" — **Globe:** "Healey says local pot bans can be extended," "Wary of Alzheimer's, they're on the move," "On the border, Democrats decry confusion," "Building a beacon," "POET HIT HOME WHEN WRITING OF NEW HAMPSHIRE."

THE LOCAL ANGLE —

- **"Tommy Chang's relationship with community never clicked, observers say," by John Hilliard, Boston Globe:** "To lead a school system like Boston's, a superintendent needs to build strong relationships with parents, teachers, the mayor, and the broader community, education experts and city officials said Saturday. For Superintendent Tommy Chang, who announced Friday he would step down after three years, a failure at community-building stymied efforts [to improve the public schools, they said.](#)"

- **"Central Mass. draws interest as hub of marijuana business," by Susan Spencer, Telegram & Gazette:** "Michael Dundas, CEO of medical marijuana cultivator and processor Sira Naturals in Milford, was excited when he greeted a reporter and photographer last Tuesday for an interview on the impending rollout of [legal adult-use, or recreational, marijuana businesses.](#)"

- **"Trade policy slaps Central Mass. companies with price hikes," by Lisa Eckelbecker, Telegram & Gazette:** "The letter from Canada brought unwelcome news. ArcelorMittal, a steel manufacturer, announced it was hiking the price of steel it sells to Riverdale Mills Corp. of Northbridge by 25 percent starting [June 1 to cover the cost of a new U.S. tariff.](#)"

- **"In Worcester, a safe haven for gay immigrants," by Brian MacQuarrie, Boston Globe:** "Farouk Kaweesi had never seen snow before, and the 27-year-old Ugandan was not wearing a coat when he showed up in January, unannounced and shivering, at the locked doors of the Hadwen Park Congregational Church. Drawn by word of mouth and desperate Internet searches, more than 150 gay and transgender men and women — mostly from Africa and the Caribbean — have made the church the foundation for a better life, and one more symbol of this [city's decades-long reputation as a refuge for immigrants.](#) "

- **"In Jamaica Plain, dozens protest migrant family separation," by Marek Mazurek, Boston Globe:** "About 150 demonstrators gathered at the former Blessed Sacrament Church building on Centre Street Sunday afternoon for the rally, which was organized by Cosecha Boston and the Dominican Development Center, [which is headquartered in Jamaica Plain.](#)"

- **"Donald Hall, former US poet laureate and bard of New Hampshire's Eagle Pond, dies at 89," by David Mehegan and Joseph P. Kahn, Boston Globe:** "Some poets come to their art in youth, but few as early as Donald Hall. He made up his mind to be a poet when he was 14, began to write poems several hours a day, and never wavered from his calling in a long, prolific life. Upon being appointed poet laureate of the United States in 2006, Mr. Hall explained simply his view of the value of poetry: "It is beautiful," he said, adding that "there is no other purpose than the beauty of it. [And that is reason enough to be.](#)"

- **"Records reveal trooper posts that are overtime all the time," by Kay Lazar, Boston Globe:** "Despite multiple investigations into an alleged overtime scandal at the Massachusetts State Police, and a pledge by leaders to correct abuses, one longstanding, pricey practice has quietly continued. Each day, state troopers are posted along highways and tunnels around Boston at seven so-called Emergency Response Stations, poised to respond to accidents, [fuel spills, and other incidents.](#)"

- **"Farmers co-op irked over Truro draft marijuana bylaw," by Mary Ann Bragg, Cape Cod Times:** "Town planning experts are hoping to write a zoning bylaw to limit locations of legal marijuana facilities in Truro. But a cooperative of local farmers who want to grow marijuana and sell it wholesale to boost incomes in the region are not happy with the details so far. "We're totally against what they wrote," [High Dune Craft Cooperative member David DeWitt said.](#)"

HAPPY BIRTHDAY — to Jeremy Bearer-Friend, acting assistant professor of tax law at NYU School of Law and an Elizabeth Warren alum.

Subject: (Archive Copy) POLITICO Massachusetts Playbook: ICE fight — Moving toward CARBON PRICING — UNIONS make a comeback
Date: Tuesday, April 30, 2019 6:56:57 AM

Apr 30, 2019

[View in browser](#)

BY STEPHANIE MURRAY

GOOD MORNING, MASSACHUSETTS.

THE ICE FIGHT — Issues around immigration have come front and center on Beacon Hill, as officials very publicly grapple with whether Immigration and Customs Enforcement belongs near state courts.

Massachusetts U.S. Attorney Andrew Lelling ignited a firestorm last week when he charged Judge Shelley Joseph with obstruction of justice for allegedly helping an undocumented immigrant escape ICE officials at a courthouse. Attorney General Maura Healey slammed the legal move as "politically motivated," while Lelling countered that he can't pick and choose which laws to follow.

Gov. Charlie Baker pushed back on the suggestion that Lelling's legal move was "politically motivated," and said he thinks the state needs a detainer policy, pointing to legislation his administration filed.

"I think there's a big debate and a big discussion here about the role of state government and the role of local government and the role of the federal government and how we handle these issues associated with detainees," Baker told reporters yesterday. "We should be pursuing something like the law that we proposed because that would clear this up and establish a framework for dealing with this stuff at the state level."

But Suffolk County District Attorney Rachael Rollins and Middlesex County District Attorney Marian Ryan want to answer that big-picture question in a different way. The attorneys teamed up to file a separate lawsuit aimed at blocking ICE from Massachusetts courthouses, a first-of-its-kind move Ryan said has been a year in the making. Rollins went so far as to say she'd be

"honored" to face arrest for her actions barring ICE from state courts.

Healey praised the lawsuit, saying her office will support "efforts to ensure public safety and the fair administration of justice." **"Recent actions by immigration agents** in our courthouses deter victims and witnesses from coming forward and prevent our justice system from working properly," Healey spokesperson Emalie Gainey said.

Meanwhile, the MassGOP is on the offensive, criticizing Healey in a digital ad that says "judges are not above the law." The party is also targeting state lawmakers with a series of immigration-focused Facebook ads in their districts. At least [one House Democrat](#) is fundraising off those ads.

TODAY — Gov. Charlie Baker votes in the Swampscott local election, then makes an energy efficiency partnership announcement in the lobby of the Charles/MGH station. **Lt. Gov. Karyn Polito** promotes the administration's housing legislation in Williamstown. **Boston Mayor Marty Walsh** launches Boston's Safest Driver competition.

Senate President Karen Spilka and **House Speaker Robert DeLeo** speak at Prostate Cancer Awareness Day at the State House. **Pete Buttigieg** holds a fundraiser in Somerville and is a guest on WGBH's "Boston Public Radio." **Boston City Councilor Annissa Essaibi-George** is a guest on WGBH's "Morning Edition." The **Joint Committee on Higher Education**, the **Joint Committee on Children, Families and Persons with Disabilities** and the **Joint Committee on Housing** hold hearings

DATELINE BEACON HILL

- **"Environmental Secretary Leaving Cabinet Post In Baker Administration,"** by Matt Murphy, **State House News Service:** "Energy and Environmental Affairs Secretary Matthew Beaton is stepping down after more than four years in the position, having helped the Baker administration implement a major expansion of clean energy, including a contract for what could become the country's largest offshore wind farm. A Shrewsbury

Republican and former House member, Beaton left the Legislature to join the Baker administration in 2015. He was one of Gov. Charlie Baker's earliest cabinet selections after he won the 2014 election for governor. As a member of the Legislature, Beaton was one of the go-to Republicans [in the House on energy issues, including the development of the solar industry in Massachusetts.](#)"

- **"State Police, other public safety agencies failed to pay \$7 million in taxes on employee perks," by Matt Rocheleau, Boston Globe:** "More than a dozen Massachusetts public safety agencies failed to pay a combined \$7 million in taxes to the IRS on public employee perks — money for travel, commuting, buying work-related clothing, and cleaning it — over a recent three-year stretch, officials said. To pay back the federal tax agency, the state this month emptied an account set aside for legal expenses, but that only covered about half of [what's owed. Coming up with the rest of the money will require special approval from lawmakers.](#)"

- **"Speaker DeLeo defends back-door budget process," by Mary Markos, Boston Herald:** "Speaker Robert DeLeo defended the covert nature of the House budget process amid criticism that the back-door deliberations lack transparency. "People have the ability to debate whatever they want," DeLeo said yesterday. "When I had the ability to talk to the members during the whole week, everyone that I spoke [to was pleased with the process and felt it was one of the best budgets they were involved with.](#)"

- **"Mass. Congestion Fueled By Strong Economy, Baker Says," by Michael P. Norton, State House News Service:** "Again attempting to tap the brakes on attempts to raise taxes to fund transportation improvements, Gov. Charlie Baker over the weekend called on Beacon Hill to address his housing production bill, saying housing costs are causing frustrated commuters to weigh moving out of Massachusetts. Saying he appreciates the concerns about congestion in Massachusetts, Baker said he's seen his own commute from Swampscott to Boston change over the past four years. "Part of the issue we face is driven by the success we've had economically," the governor told "[On the Record](#)" hosts Ed Harding and Janet Wu of WCVB in an interview that [aired Sunday morning.](#)"

- **"Support grows for bill that would curb patent trolls," by Jon Chesto,**

Boston Globe: "As Senator Eric Lesser wages his war on patent trolls, reinforcements have arrived on Beacon Hill. Lesser came close to victory before. He had tucked a measure to discourage bad-faith patent claims into a broad economic development bill, one that sailed through the House and Senate last summer. But Governor Charlie Baker vetoed the patent-troll language in August, stopping it in its tracks for the year. (Time had run out for any override.) The issue has become a serious crusade for [Lesser, who worries about the toll these trolls are taking on the state's innovation economy.](#)"

- **"Massachusetts lawmakers ponder removing 'God' from oath of office," by Christian M. Wade, CNHI News:** "Nearly every elected official in Massachusetts, from the governor to members of town boards, recite the phrase "so help me, God" when taking the oath of office. But a proposal to amend the Massachusetts Constitution and eliminate the phrase has gained favor with a key committee in the Democrat-controlled Legislature. Approved last week by the influential Joint Committee on the Judiciary, the bill calls for substituting a secular version, known as the Quaker oath, which states, "This I do under the pains and penalties of perjury." The measure was filed by 14 mostly first-term Democratic lawmakers, who also back a proposal to amend the [constitution to make it gender neutral, changing the pronoun "he" to "they" within the document.](#)"

FROM THE HUB

- **"Rent control gets a second look in Cambridge," by Tim Logan, Boston Globe:** "A growing debate over rent control in Massachusetts has people in Cambridge harkening back to an era when apartment-living in this city was quite different: the 1990s. Specifically, they're revisiting 1994, the year Massachusetts voters narrowly outlawed restrictions on what landlords could charge tenants. Today, amid a housing crunch that grips [much of Greater Boston, some lawmakers are saying it may be time to reconsider that decision.](#)"

- **"'It would be my honor' to be arrested for challenging ICE courthouse arrests, Suffolk County DA Rachael Rollins says after filing lawsuit," by Steph Solis, MassLive.com:** "Suffolk County District Attorney Rachael Rollins made a clear distinction on Monday between her employees notifying her of federal immigration enforcement in their courthouses and a district judge allegedly helping a man evade immigration agents. But she's not afraid to go to

jail for challenging the arrests at courthouses, either. She argues that Immigration and Customs Enforcement's practices of arresting people of civil immigration [violations is illegal, disrupts criminal prosecutions and scares off witnesses, victims and defendants.](#)"

- **"Fierce competition for votes, money in 2019 council race," by Yawu Miller, Bay State Banner:** "St. Guillen's themes of fighting gentrification and supporting strong protections for immigrants may well resonate with Boston residents who are being slammed by high rents and hemmed in by luxury developments beyond the reach of most current city residents. But in a crowded field of candidates vying for voters' [attention, St. Guillen will likely need more than a good message to stand out. She'll need money.](#)"

- **"Unions are on frontlines of fight against inequality," by Katie Johnston, Boston Globe:** "Stop & Shop's stores were ghost towns during the recent strike. With workers standing outside in picket lines, customers stayed away , leading to one of the most effective strikes in recent memory. The grocery clerks and bakers and meat cutters holding signs were protesting proposed cuts to their benefits, but their plight also resonated with the public because they represented something bigger: working Americans across the country whose wages are barely budging while [the cost of living skyrockets in such places as Boston and corporations rake in record profits.](#)"

DAY IN COURT

- **"Judge orders State Police to accept recruit who was rejected, discriminated against," by Joshua Miller, Boston Globe:** "A federal judge has ordered the Massachusetts State Police to admit a black recruit to the training academy after a jury found the agency had denied him entrance because of his race. Orlando Riley, a New Bedford police officer, had asked the judge to force the department's hand after the jury in December returned a \$130,000 discrimination award. On Friday, US District Judge Denise J. Casper agreed, ordering the State Police to put Riley in the next training class, which could begin as soon as later this [year. Riley would still have to complete the 23-week training program before becoming a trooper.](#)"

- **"Lawsuit against Juul demands funding of statewide treatment and research programs," by Ysabelle Kempe, Boston Globe:** "Public health

advocates based at Northeastern University on Monday initiated a class action lawsuit against e-cigarette titan Juul Labs, demanding that the company fund a statewide treatment program for teenagers who begin using the company's e-cigarettes before age 18 and want to quit. This is one of the first lawsuits in the country asking for this type of action [from Juul, the company facing criticism — and a rash of lawsuits — for marketing to young people.](#)"

- **"Robert Kraft's lawyers demand 'favorable' info from prostitution probe," by Laurel J. Sweet, Boston Herald:** "Lawyers for Robert Kraft filed an emergency motion today asking a Florida judge to demand prosecutors turn over any "favorable" information from the investigation of Orchids of Asia Day Spa ahead of a hearing on their ongoing fight to keep jurors from seeing alleged [surveillance video that police say shows New England Patriots' owner having sex with prostitutes.](#)"

WARREN REPORT

- **"Some 2020 Democrats work with GOP more than you think," by Elana Schor, Associated Press:** "Elizabeth Warren has a habit that she doesn't talk about a lot on the campaign trail: working with the GOP. The Massachusetts Democrat is running for the White House on an unapologetically liberal platform that includes a tax on the ultra-wealthy and universal child care. But in Washington, she's partnered with at least one Republican on 39% of the bills she's introduced as chief sponsor since becoming a senator in 2013. That's according to an Associated Press [analysis of legislation using GovTrack, an independent clearinghouse for congressional data.](#)"

IT'S NOT EASY BEING GREEN

- **"Baker admin taking the lead on carbon pricing effort," by Andy Metzger, Commonwealth Magazine:** "WHILE GOV. CHARLIE BAKER has resisted entreaties from his own appointees to come up with new revenues for transit, his administration has taken the lead on a multi-state effort to do pretty much that, or something similar. The Transportation Climate Initiative, which will hold an all-day workshop at the Boston Public Library on Tuesday, is designing a mechanism to put a price on vehicle carbon emissions. The so-called cap and invest approach would increase the price of motor fuels by requiring industry to buy emission allowances at market rates, with states then investing the

proceeds into greener mobility options. A similar regional cap-and-trade system for the electricity [market has both reduced carbon emissions and been found to benefit participants economically.](#)"

EYE ON 2020

- **"Can Bill Weld unseat Trump? Let's look at the history of challenges to incumbent presidents."** by Adam Hilton, **Washington Post**: "Unseating a president from his own party isn't easy. Weld plans to target the first-in-the-nation New Hampshire primary as the most promising venue for starting a political upset, and to go on to primaries with less restrictive rules about who can participate and where the GOP has [suffered setbacks, such as Wisconsin. Can he succeed? Past primary insurgencies may offer clues.](#)"

- **"Biden, followed by Sanders and Buttigieg, leads among Democrats in N.H. survey,"** by James Pindell, **Boston Globe**: "In the unwieldy field of more than two dozen Democrats, Joe Biden leads in the New Hampshire primary with support from 20 percent of likely voters, according to the first poll of the state since the former vice president officially entered the 2020 contest last week. A Suffolk University/Boston Globe poll released Tuesday showed Biden followed by Senator Bernie Sanders of Vermont, who pulled support from 12 percent of those likely to [cast Democratic ballots in the first-in-the-nation primary, which is expected to be in February.](#)"

MOULTON MATTERS

- **"Rep. Seth Moulton says US would be 'no better friend, no worse enemy' if he's elected president,"** by Jeff Schogol, **Task & Purpose**: "Iraq war veteran Rep. Seth Moulton is distinguishing himself from the other 20 Democrats running for president right now by arguing that he would make a better commander in chief than President Donald Trump. "I think our motto as a country should be the same motto we had in the 1st Marine Division: No better friend, no worse enemy," Moulton (D-Mass.), a former Marine captain, told Task & Purpose. ["That means standing with our allies and confronting our enemies, not cozying up to them."](#)

ABOVE THE FOLD

— [Herald](#): "'IT WOULD BE MY HONOR' TO BE INDICTED," — [Globe](#): "Unions rebuild clout as income gap grows," "Two DAs join in suit targeting ICE arrests," "Enough bleeping bleeps."

FROM THE 413

- **"Legislators work to boost 'successful' preservation program," by Anita Fritz, Greenfield Recorder:** "Dwindling state funds for the Community Preservation Act have some officials in the seven Franklin County towns that adopted it concerned about what that will mean for future projects. "This money is a reinvestment in our towns," said Lara Dubin, chairwoman of the Community Preservation Committee in Northfield. "We use the money we raise and the money we receive from the state, and we put it back into our town." Dubin said she and the committee are concerned [about dwindling funds but hope that state legislators are able to give the program the boost it needs.](#)"

THE LOCAL ANGLE

- **"Trahan seeking federal funds for Merrimack River," by Elizabeth Dobbins, The Lowell Sun:** "Last year over 800 million gallons of untreated sewer and stormwater runoff flowed into the Merrimack River, a symptom, local leaders say, of infrastructure unable to keep up with current demands even after years of improvement projects and spending. At a meeting with leaders from communities along the river Monday morning, [U.S. Rep. Lori Trahan announced several efforts to secure federal funding for these improvements.](#)"

- **"AG Healey: 5 nursing homes placed in receivership," by Jennette Barnes, Standard-Times:** "Five area nursing homes have been placed in receivership after bounced paychecks and unpaid bills put residents in danger, The Standard-Times has learned. Massachusetts Attorney General Maura Healey's office successfully petitioned a Suffolk Superior Court judge for receivership on Monday, saying more than 200 residents could be at risk of injury or death. The facilities lack critical [supplies, and they could soon reach dangerously low staffing levels, Healey's office told the court.](#)"

REMEMBERING TOM ELLIS, from Boston.com: "Tom Ellis, the Boston television news anchor whose career spanned four decades across the city's

networks, has died at the age of 86, WBZ-TV reports. Ellis was the only person to have anchored number-one newscasts on each of Boston's primary network affiliates." [Link](#).

HAPPY BIRTHDAY - to comms consultant **Matt Wilder**, **Martin Kessler** of WBUR, Assistant Secretary of Business Development and International Trade at EOHED **Nam Pham**, **Nikko Mendoza**, **Matt Segneri** and **James Barron** of Barron Associates Worldwide.

DID THE HOME TEAM WIN? Yes! The **Red Sox** beat the Athletics 9-4.

Subject: (Archive Copy) POLITICO Massachusetts Playbook: IMMIGRATION PROTESTS rock Boston — Where's the LEGAL WEED? — Next HARVARD PREZ heads to Michigan
Date: Monday, July 2, 2018 7:01:06 AM

07/02/2018 06:59 AM EDT

By Stephanie Murray (smurray@politico.com; @StephMurr_Jour) and Brent D. Griffiths (bgriffiths@politico.com; @BrentGriffiths)

GOOD MORNING, MASSACHUSETTS. And happy Monday. Hope you've found a way to [beat the heat](#).

ON THIN ICE — Fiery immigration protests on Saturday showed Bostonians are in a far different place than they were a few months ago, when gun reform advocates flooded the streets for the March for Our Lives.

The crowd who protested immigration policy this weekend at different venues was smaller than the group of more than 50,000 who marched for gun reform in the spring, but this time there were arrests.

Twenty people were [put in cuffs](#) on Saturday for protesting on the steps of a facility which detains undocumented immigrants. More than 100 people turned out for that [protest](#) at the South Bay House of Correction.

A larger protest in a different part of the city on Saturday drew between 5,000 and 15,000 people, depending on whether you ask police or march organizers. No one was arrested at that protest, which spanned from City Hall Plaza to Boston Common.

Boston wasn't alone. Protesters across the country railed against the Trump administration's controversial, since-halted immigration policy that resulted in the separation of migrant kids from their families.

Many looked beyond the separation policy and called for the dissolution of the agency which detains illegal immigrants: Immigration and Customs Enforcement.

Among them was Sen. Elizabeth Warren, who joined a [growing group](#) of Democratic lawmakers calling for ICE to either be reviewed or scrapped completely.

"We need to rebuild our immigration system from top to bottom starting by replacing ICE with something that reflects our morality," [Warren said](#) from the back of a pickup truck at City Hall Plaza. Rep. Joe Kennedy and Sen. Ed Markey also attended, but didn't go so far as to call for the abolition of the agency.

But getting rid of ICE, or at least changing it, is an idea that's gaining momentum. A cohort of [2020 candidates](#) are embracing the concept, even as Republicans paint the party as too soft on immigration. The president repeatedly says, and tweets, Democrats want "open borders," but so far, that hasn't deterred liberals from embracing what used to be a far-left proposal.

Even some ICE agents are warming up to the idea. Nineteen special agents signed a [letter](#) calling for a realignment of the organization's mission.

Have a tip, story, suggestion, birthday, anniversary, new job, or any other nugget for the Playbook? Get in touch: idezenski@politico.com.

TODAY — **Gov. Charlie Baker** talks Fourth of July safety and logistics for the Boston Pops Fireworks Spectacular with Lt. Gov. Karyn Polito, Boston Mayor Marty Walsh and Boston Pops Conductor Keith Lockhart. **The Cannabis Control Commission** meets and could issue the state's first recreational marijuana retail license. **Rep. Michael Capuano** calls for protection of "clean car standards" with environmental groups. **State Sen. President Harriette Chandler** delivers remarks at the Massachusetts Symphony Orchestra Independence Holiday Concert.

TSONGAS ARENA —

FIRST IN PLAYBOOK: "One-Third of Democratic Town and City Committee Chairs in CD3 Endorse L'Italien for Congress," from the L'Italien campaign: "Chairs of local Democratic town and city committees from twelve different communities, one-third of the 3rd Congressional District, announced their strong support for State Senator Barbara L'Italien today in the open race for Congress. The chairs supporting L'Italien also announced a district-wide day of action this Saturday, July 7, where they will help organize and launch canvasses in their respective communities. ... While other candidates in the race have touted scattered endorsements from Democratic chairs, this show of support from so many of the district's local leaders demonstrates L'Italien's momentum as she expands her base district-wide."

FIRST IN PLAYBOOK: "Plasterers and Cement Masons Local 534 endorses Dan Koh for Congress," from the Koh campaign : "Today, Plasterers and Cement Masons Local 534 endorsed Dan Koh in the Third District Congressional race. Local 534 represents around 400 workers throughout New England and is the nineteenth union endorsement that Koh has received, more than any other candidate. ... 'Right now, the organized labor movement is under attack,' said Koh. 'In the wake of the disastrous Janus decision, we all need to reaffirm our commitment to union members and working families. In Congress, I will stand up for workers' rights and fight everyday for an economy where everyone can get ahead.'"

THE WARREN REPORT —

- "Sen. Elizabeth Warren describes DHS border facilities: 'cage after cage

after cage," by Jen Kirby, Vox: "She saw men and women packed into cages — "cage after cage after cage," Sen. Elizabeth Warren (D-MA) wrote of her visit to a Border Patrol processing center in McAllen, Texas. Warren recounted, in visceral detail, her June 24 visit to the processing center in McAllen and a US Immigration and Customs Enforcement (ICE) "family reunification and removal center" located in southern Texas in a pointed letter to Homeland Security Secretary Kirstjen Nielsen and [Health and Human Services Secretary Alex Azar](#)."

DATELINE BEACON HILL —

- **"It's July 1, and no marijuana stores are ready to open in Massachusetts," by Shira Schoenberg, MassLive.com:** "For months, July 1 has been floated as the day the first legal marijuana stores could open in Massachusetts. Now July 1 is here. But no marijuana stores will be open, and [there is no forecasted date for when they will be](#)."

- **"Weed May Be Legal in Massachusetts, But Dealers Aren't Done Yet," by Nance Eve Cohen, New England Public Radio:** "A day that many people have long pushed for in Massachusetts finally arrived. If you're over 21 it's legal, now, to buy marijuana in a store licensed by the state. But the illegal market [isn't expected to go away anytime soon](#)."

- **"Grand bargain" keeps voters from deciding ballot questions," by The Associated Press:** "On Beacon Hill, they call it the "grand bargain" — the new law that will gradually increase the state's minimum wage to \$15 an hour, require paid family and medical leave for workers and mandate a sales tax holiday every August. It's also the mother of political deals involving the Republican governor, the Democratic leaders of the Massachusetts House and Senate and [representatives of labor unions and business groups](#)."

- **"Massachusetts Gov. Charlie Baker calls State Police overtime scandal a 'conspiracy,'" by Gintautas Dumcius, MassLive.com:** "The State Police overtime abuse scandal, involving dozens of troopers, was a "conspiracy," according to Massachusetts Gov. Charlie Baker. Baker made the remark Friday, days after three current and former troopers were arrested on [federal embezzlement charges](#), [the Boston Globe reports](#)."

- **"New fiscal year starts without state budget in place," by The Associated Press:** "House and Senate negotiators meeting behind closed doors have yet to resolve all the differences between spending plans for the next 12 months that were approved by the two chambers. It's not an unusual occurrence for the July 1 fiscal year to start without a permanent budget. As they have in the past, lawmakers have approved a [stopgap budget to keep state government operating](#)."

DATELINE DC —

- **"Ed Markey heads to border to protest immigration policies," by The Associated Press:** "US Senator Edward Markey is joining a growing list of members of Massachusetts's all-Democratic congressional delegation to head to the country's southern border. Markey planned to visit detention and processing facilities in Port Isabel, McAllen, and [Brownsville, Texas, over the weekend](#)."

ON THE STUMP —

FIRST IN PLAYBOOK: "Beth Lindstrom Criticizes Warren's 'Abolish ICE' Stance" from the Lindstrom campaign: "The challenge of ending illegal immigration is not going to be solved by abolishing the law enforcement agency responsible for securing the border, as Senator Warren now proposes. That is a prescription for total chaos. Laws need to be enforced. By proposing to abolish ICE, Senator Warren has once again exposed herself as an extremist, out of step and out of touch with reality."

- **"Plethora of candidates raises questions for voters," by Richie Davis, Greenfield Recorder:** "With eight Democrats vying to fill the 1st Franklin District House seat being vacated by Rep. Stephen Kulik and six Democrats running — five of them write-ins, no less — for the Hampshire-Franklin-Hampden Senate seat vacated by Sen. Stan Rosenberg, sorting through where they all stand and who should get your vote can be tricky. Voter Choice Massachusetts, which launched in January, is trying to spread the word about the advantages of ranked-choice voting, also known as instant runoff voting, which they hope to place as a ballot question in 2020 — the same election when the victors in September's Senate and House primaries [will likely be seeking re-election.](#)"

MOULTON MATTERS —

- **"As Democrats Look Left, A Massachusetts Congressman Doubles Down On Biography," by Daniel Marans, Huffington Post:** "A day after a populist challenger knocked off one of the most powerful Democrats in the country, in part for taking too much corporate campaign cash, Rep. Seth Moulton, a moderate liberal who has raised money from Bain Capital in his capacity as a would-be Democratic Party kingmaker, convened reporters on Wednesday in a conference room just outside Capitol Hill for an announcement. Moulton, 39, styles himself a New Democrat, but given where the energies in his party lie at the moment, [he sounded very much like the old guard.](#)"

- **"Dem Rep. Seth Moulton: Democratic Party Is 'Literally in the Worst Position' Since 1920s," by Caleb Ecarma, Mediaite:** "While appearing on CNN on Friday night, Democrat Congressman Seth Moulton of Massachusetts said the Democratic Party is 'literally in the worst position as a party since the the 1920s.' Moulton made the following remarks while discussing 'the soul of the Democratic group' [with Prime Time host Chris Cuomo ...](#)"

THE KENNEDY COMPOUND —

- **"Joe Kennedy III on the 'worst mistake' Democrats could make," by Nik DeCosta-Klipa, Boston.com:** "Rep. Joe Kennedy III says he isn't looking ahead to 2020, and neither should his fellow Democrats. 'I don't share the same anxiety at this point that there's no clear front runner for the Democratic nomination,' Kennedy said in a wide-ranging interview published Friday by Nantucket Magazine. The Massachusetts Democrat said his party should be more focused on rebuilding their 'credibility' with working-class voters, rather than prematurely appointing a [preferred candidate to take on President Donald Trump.](#)"

WOOD WAR — Herald: "BRUTAL TOLL" — **Globe:** "Evictions halted, uncertainty remains," "Charged troopers set to get pensions," "Congressional internships are in

demand," "Land dispute could delay new MBTA Red Line cars," "I asked Amazon for a fashion statement."

THE LOCAL ANGLE —

- **"Mass. recreational marijuana sales could generate \$219M in taxes in first two years," by Jessica Bartlett, Boston Business Journal:** "The state is expecting recreational marijuana sales to generate \$216 million in revenue for the state and up to \$3 million for local municipalities in the first two years alone, [a figure slightly behind earlier projections.](#)"

- **"Local Reporter's Career Nosedives after Sardonic Tweet Stalls out...," by Matt Szafranski, Western Mass Politics & Insight:** "Thursday afternoon, as details about the rampage at Capital Gazette Communications were emerging, [Springfield Republican reporter Conor Berry] tweeted the shooter had dropped a red "Make America Great Again" hat. He included a photo of the headgear. A backlash—on Twitter, obviously—ensued, the tweet came down and [by Friday morning Berry had resigned.](#)"

- **"Lawrence Bacow promises a more outward-looking Harvard," by Deirdre Fernandes and Laura Krantz, Boston Globe:** "Lawrence Bacow has a new vision for Harvard University and it will take him all the way to . . . Michigan. Bacow, who becomes the Ivy League institution's 29th president this month, is out to shed Harvard's image as a Northeast enclave for the country's elite, in the age of President Trump's muscular populism. In a bid to win over middle America, Bacow is venturing into Trump country and plans to visit Pontiac, Mich., a [once-thriving automobile city that has fallen on hard times.](#)"

- **"As State Police overtime probe intensifies, troopers race to lock in pensions and retire," by Matt Rocheleau, Boston Globe:** "Three Massachusetts State Police troopers received an unwelcome surprise last Wednesday morning, when FBI officials showed up on their doorsteps to arrest them on federal embezzlement charges. But two of those troopers can expect a much [more pleasant sight any day now: state pension checks.](#)"

- **"Bill Evans, Marty Walsh deny BPD commissioner set to resign," by Dan Atkinson and Antonio Planas:** "An exasperated police Commissioner William B. Evans denied that he's leaving his post as rumors about him departing to Boston College dogged the city's top cop on the eve of one of the most violent times of the year. Community leaders said the confusion about Boston Police Department leadership doesn't help as neighborhoods gear up for a weekend before [Fourth of July likely to see shootings in the city's neighborhoods.](#)"

- **"Judges under fire on SouthCoast," by Curt Brown, SouthCoast Today:** "Bail has become a hot-button issue on SouthCoast. Deserved or not, judges are under fire for their bail practices. The criticism is not just surfacing on social media sites, either. New Bedford Police Chief Joseph C. Cordeiro has taken the lead and New Bedford Mayor [Jon Mitchell has long complained about some judges.](#)"

- **"Rare copy of Declaration of Independence on display July 4," by The Associated Press:** "One of 14 original copies of the Declaration of Independence will again be on public display for the 4th of July in Boston. The rare document can be viewed between 9 a.m. to 3 p.m. on Wednesday at the [Massachusetts Archives and Commonwealth Museum at Columbia Point.](#)"

HAPPY BIRTHDAY — to Melwood Global's **David Guarino**

DID THE HOME TEAM WIN? No! The Red Sox lost to the Yankees 11-1.

DO NOT MISS THIS — THE LATEST EPISODE OF THE HORSE RACE: State Senate President **Harriette Chandler** joins us for a special extended edition of The Horse Race. We ask her about the Grand Bargain, legislation vs. ballot questions, the fallout from Stan Rosenberg, and what she has learned in her time at the top. Then WBUR's **Shannon Dooling** discusses what the immigration debate means for Massachusetts. Plus, what the NY-14 result means for the Pressley-Capuano matchup. Subscribe and [listen on iTunes](#) and [Sound Cloud](#)

Subject: (Archive Copy) POLITICO Massachusetts Playbook: MARKEY and KENNEDY camps trade snippy emails — CAVELL campaign countdown — MILLION dollar RMV audit
Date: Friday, September 27, 2019 7:22:29 AM

Sep 27, 2019

[View in browser](#)

BY **STEPHANIE MURRAY**

Presented by Tobacco Free Kids

GOOD MORNING, MASSACHUSETTS. TGIF!

KENNEDY AND MARKEY CAMPS CLASH OVER EMAIL — While Sen. Ed Markey and Rep. Joe Kennedy III [sparred publicly](#) over corporate PAC money yesterday, behind the scenes the communication between their campaigns was just as tense, according to an [email chain shared with POLITICO](#).

It started when a Kennedy aide reached out to campaign aides to Markey, Steve Pemberton and Shannon Liss-Riordan. The aide suggested the campaigns meet to discuss the framework for future Senate debates.

The catch: Markey had already challenged his opponents to a climate-focused debate in November, and Kennedy was the only candidate who did not accept. Keep in mind Markey is a co-author of the Green New Deal, and has put his climate advocacy front-and-center in his Senate campaign.

"Three of the candidates have AGREED to correct the mistake of the national party by holding a stand-alone climate debate first and soon. The proposal reflects the urgency of the climate crisis," a Markey aide wrote back. "Ed, Shannon, and Steve have agreed to a climate debate the week of November 11th, right after the municipal elections and Veterans Day. Does Congressman Kennedy agree to join us, or do you continue to reject the principle and urgency of a stand-alone climate debate to be held first?"

The Kennedy aide responded by saying the campaigns should meet in person to plan the debate schedule. But at the end of the email, the aide got in a subtle dig in response.

"Also, let me know if Senator Markey will again agree to the People's Pledge for this cycle," the Kennedy aide wrote. The People's Pledge is a pact to limit outside spending in campaigns, which Kennedy challenged his opponents to accept several days ago. Environmental group Environment Massachusetts has already promised to put together a \$5 million independent expenditure campaign to help Markey. Markey has not agreed to take the pledge, and both Liss-Riordan and Pemberton [criticized the move](#) as politically convenient for Kennedy.

In the end, the campaigns agreed on a time to meet to discuss the debate schedule. As for the climate debate and the People's Pledge, Markey and Kennedy are at a stalemate.

CAVELL PREPS CONGRESSIONAL CAMPAIGN — Dave Cavell is stepping down from his post in Attorney General Maura Healey's office to prepare a campaign for Rep. Joe Kennedy's open House seat.

Cavell has been gathering support from colleagues who he worked with under former President Barack Obama and former Gov. Deval Patrick. He plans to put a team together and assemble next steps over the next several weeks.

Jay Gonzalez, who ran for governor as a Democrat in 2018, is also testing the waters in the 4th District. Gonzalez, of Needham, has made at least one phone call regarding the congressional race in the last several days.

Already in the race are Newton City Councilor Becky Walker Grossman, former Wall Street Regulator Ihssane Leckey and City Year founder Alan Khazei. State Treasurer Deborah Goldberg filed with the FEC while she weighs a run, and Brookline's Jesse Mermell recently resigned her post at the Alliance for Business Leadership to prepare her campaign.

Although the congressional district stretches down to the southern part of the state, the political action so far has been contained to the Boston suburbs. Cavell, Khazei, Mermell, Leckey and Goldberg all hail from Brookline.

Have a tip, story, suggestion, birthday, anniversary, new job, or any other

nugget for the Playbook? Get in touch: smurray@politico.com.

TODAY — Gov. Charlie Baker and Boston Mayor Marty Walsh attend the El Mundo Hispanic Heritage Breakfast. **Baker, Lt. Gov. Karyn Polito, state Senate President Karen Spilka and Attorney General Maura Healey** attend a Massachusetts Law Enforcement Memorial Foundation ceremony. **Baker** speaks at a reception for the 18 for 18 Tinlin Family Golf Tournament.

A message from Tobacco Free Kids:

E-cigarettes are hooking a new generation, thanks to massive doses of nicotine and thousands of kid-friendly flavors. This public health emergency threatens decades of progress in lowering youth tobacco use. We must take flavored e-cigarettes off the market, stand up to companies like JUUL, and protect our kids. [Learn More.](#)

[Sign up for U.N. Playbook.](#)

DATELINE BEACON HILL

- "On education bill, funding and taxes loom large," by Michael Jonas, **CommonWealth Magazine:** "THE RELEASE OF a long-awaited bill updating the state's education funding formula immediately raised one big question: Would new state taxes be needed to pay for the \$1.5 billion plan? In a word, "no," said House Speaker Robert DeLeo at last Thursday's press briefing unveiling the legislation. The reality may be more complicated than that. Also complicated are the bill's implications for how much local districts would have to spend on schools. Just days before the Student Opportunity Act was released, Gov. Charlie Baker cautioned against legislation that [he said would put cities and towns on the hook for big increases in local school spending.](#)"

- **"MassDOT has paid \$1.1 million so far to private firm Grant Thornton to audit RMV in wake of the crash that killed 7 motorcyclists," by Steph Solis, MassLive.com:** "The Massachusetts Department of Transportation has paid Grant Thornton \$1.1 million so far as the private firm examines what led to a massive backlog of unprocessed out-of-state violations that were found after a West Springfield man allegedly drove his pickup truck into a group of motorcyclists in New Hampshire. Grant Thornton billed MassDOT between \$200,000 and \$355,000 every two weeks for its forensic audit of the Registry of Motor Vehicles, which was tasked with [processing out-of-state and in-state violation notices, according to invoices obtained by MassLive.](#)"

- **"'I'd be dead': Bills would end Sheriff Nick Cocchi's prison-based treatment for non-criminals battling addiction," by Shira Schoenberg, Springfield Republican:** "When Donnie Chappell was involuntarily committed for alcohol use, he was sent to MASAC, a state prison facility that provides alcohol treatment for civilly committed men, even though they have never committed a crime. At MASAC, Chappell said, people were starving because they had to pay for canteen. They had to pay for phone calls. There were bed bugs. The plumbing clogged. The shower only had hot water. [He was not given counseling. When he got out all he wanted was a drink, said Chappell. 27.](#)"

- **"Campaign finance chief to step down," by Bruce Muhl, Commonwealth Magazine:** "THE DIRECTOR of the Office of Campaign and Political Finance is planning to step down sometime in the next nine months, creating a vacancy that prompted the House to change the way his replacement would be selected. Rep. John Lawn Jr., the House chair of the Legislature's Election Laws Committee, said Michael Sullivan has made it known that he will be retiring at the end of the year. Sullivan, who has served as director for 25 years and whose current term ends [in 2024, said he intends to step down sometime this fiscal year, which ends on June 30, 2020.](#)"

THE VAPING SALES BAN

- **"Baker Stands By Vape Ban Decision, Says It Wasn't Easy," by Matt Murphy, State House News Service:** "Gov. Charlie Baker has been both applauded and threatened with legal action in the days since rolling out the first-in-the-nation ban on all vaping products, but on Thursday the governor

said he had no regrets. "Once we had met with all the medical experts, to do nothing was just not a viable option," Baker told reporters on Thursday after an event in Everett where he talked up his housing legislation. Baker on Tuesday announced that he would ban all flavored and non-flavored vaping products for four months while the medical community and federal [health inspectors try to determine what has caused a spate of severe vape-related lung disease](#)."

- **"State vaping bans spur a backlash from anti-tobacco advocates,"** by Rachana Pradhan and Dan Goldberg, POLITICO: Public health experts and anti-tobacco advocates fear that a rash of state crackdowns on e-cigarettes could cause unintended harm, including by pushing people to the black market or regular cigarettes and burdening those who rely on medical marijuana. Responding to the 11 deaths and hundreds of lung injuries caused by vaping-related illnesses, governors in Massachusetts, Michigan, New York and Rhode Island have rapidly moved to ban flavored [e-cigarettes or all vaping products](#). [Officials from several other states are considering similar steps](#)."

- **"'Straight-up panic': U.S. vaping crackdown sends some scrambling for their fix,"** by Jacqueline Tempera and Jonathan Allen, Reuters: "When Massachusetts announced a four-month ban on vaping products this week, Chris Soares was ready, having amassed more than 20 bottles of flavored, nicotine-laced vape fluid, enough to supply his daily habit well into next year. "I was doing a doomsday prepping kind of thing," said Soares. Many of his fellow vapers across the state described similar jittery alarm and anger this week at being suddenly cut off from their preferred source of nicotine while the tobacco cigarettes that many vapers revile remain legal. Some vape stores saw a last-minute rush of buying from panicky vapers on the evening the ban was announced. Photographs of hauls blossomed on internet [vaping forums](#). [drawing replies from other users making desperate offers to buy some of the stash](#)."

- **"Maine, Vermont Now Considering Bans On Vaping,"** WBUR: "Vermont and Maine politicians are considering bans on vaping after Massachusetts Gov. Charlie Baker and other state leaders have temporarily banned the sale of all vaping products. Baker declared a public health emergency Tuesday, citing a multi-state outbreak of lung disease associated with vaping. All vaping products, including both nicotine and marijuana, are banned for four months.

A state senator in Maine says she's going to introduce a bill there to ban the sale of the products. And, [officials now say Vermont Gov. Phil Scott is exploring whether the state should institute a similar ban.](#)"

FROM THE HUB

- **"DA Rachael Rollins targets 1,300-plus unsolved murders," by Andrew Martinez, Boston Herald:** "Suffolk District Attorney Rachael Rollins has a message for the murderers walking free in Boston: "We will find you." Today she's launching Project for Unsolved Suffolk Homicides (PUSH) to revisit the city's estimated 1,367 open murder cases dating back to the 1960s. "We're looking and we will find you," Rollins said of the project Thursday. "And there's no statute of limitations on murder." What began as an idea to call family members on the anniversary of their loved one's death has turned into something more — a "first-in-the-nation" initiative to include [all of the Suffolk DA office's 300-plus legal and non-legal staff to review all unsolved homicides.](#)"

- **"Boston Herald rides with ICE agents on an immigration sweep," by Erin Tiernan, Boston Herald:** "The Herald joined Immigration and Customs Enforcement agents for a firsthand look at the sweeps by ICE agents that netted arrests of 80 illegal immigrants across New England this week. Hundreds of sweeps were conducted by field offices across the [country as part of Operation Cross Check that resulted in the arrests of 1,300 illegal immigrants.](#)"

PRIMARY SOURCES

- **"'Kennedy is not being straight with the people of Massachusetts,' Markey campaign alleges," by Victoria McGrane, Boston Globe:** "Two top candidates for Senate are trading accusations over corporate political action committee money as the 2020 battle between Senator Edward J. Markey and Representative Joseph P. Kennedy III starts heating up. Markey's campaign announced Thursday that the Malden Democrat would no longer accept corporate PAC contributions, a decision Markey made before Kennedy formally entered the race, according to senior campaign director John Walsh. The Markey campaign at the same time released a video rapping Kennedy for trumpeting his own decision earlier this month to forgo corporate PAC checks,

[when the Newton Democrat was raking in money from those entities as recently as June.](#)"

- **"Sen. Eric Lesser invites US Senate candidates to Springfield for debate on east-west rail," by Shira Schoenberg, Springfield Republican:** "State Sen. Eric Lesser, D-Longmeadow, is calling on the candidates for U.S. Senate to hold a debate in Springfield focused on east-west rail. Lesser wrote in a letter to all four candidates in the Democratic primary that he is inviting them to a debate on the topic of high-speed rail between Boston and Pittsfield. His letter says high-speed rail "has the potential to transform our Commonwealth's economy and create tens of thousands of new jobs." "In order to make East-West Rail a reality, [our commonwealth will need steadfast support and advocacy from our federal delegation.](#)" Lesser wrote."

DAY IN COURT

- **"Alex Jones Says Brianna Wu Defamed Him in a Tweet," by Spencer Buell, Boston Magazine:** "InfoWars conspiracy theorist Alex Jones, who has been banished from much of the internet but remains in the news thanks to several ongoing lawsuits, says he's suing Massachusetts Congressional candidate Brianna Wu for defamation. The accusation stems from a June 17 tweet in which Wu suggested Jones [had sent child pornography to the parents of children killed in the Sandy Hook school shooting.](#)"

- **"Lawyers Propose Plan For \$143M Gas Explosions Settlement," by Philip Marcelo, The Associated Press:** "Roughly 175,000 residents and business owners would benefit from a \$143 million class action settlement from last September's natural gas explosions in Massachusetts, according to a legal brief. The proposal to distribute proceeds from the settlement against utility company Columbia Gas of Massachusetts calls for six categories of lump sum payouts, [ranging from up to \\$50 for a "nominal" disruption to up to \\$15,000 for a "major" disruption.](#)"

WARREN REPORT

- **"Wall Street Democratic donors warn the party: We'll sit out, or back Trump, if you nominate Elizabeth Warren," by Brian Schwartz, CNBC:** "Democratic donors on Wall Street and in big business are preparing to sit out

the presidential campaign fundraising cycle — or even back President Donald Trump — if Sen. Elizabeth Warren wins the party's nomination. In recent weeks, CNBC spoke to several high-dollar Democratic donors and fundraisers in the business community and found that this opinion was becoming widely shared as Warren, an [outspoken critic of big banks and corporations, gains momentum against Joe Biden in the 2020 race.](#)"

MOULTON MATTERS

- **"LYNN GETS \$9.3 MILLION TO GET THE LEAD OUT," by Gayla Cawley and Thomas Grillo, Lynn Item:** "More than 400 homes will be delead thanks to a \$9.3 million grant from the Department of Housing & Urban Development (HUD), the largest grant of its kind the city has received. Administered by the Lynn Housing Authority and Neighborhood Development (LHAND), the Lead Abatement Program was created to make homes safer for low-income families. From 2009 through 2018, Lynn received \$9.1 million in HUD monies to make more than 600 homes safe. The all-in cost to delead one home can reach as much as \$15,000, say experts. "This is a huge amount of money obviously for the city and it's incredibly important to continue the work to delead homes," [said U.S. Rep. Seth Moulton \(D-Mass.\), who noted his office lobbied HUD to secure the grant.](#)"

TRUMPACHUSETTS

- **"Trump is engaging in a 'continuing conspiracy,' says John Kerry," by Matt Stout, Boston Globe:** "Former secretary of state John F. Kerry said Thursday that President Trump clearly abused the power of his office by prodding the leader of Ukraine to investigate one of Trump's political rivals, calling it a "continuing conspiracy defined by the president himself." "I don't think this is going to be particularly complicated. I don't think we have to wait for John Dean in this one," Kerry said, referencing President Richard Nixon's White House counsel, who would later turn on him, accusing Nixon of [direct involvement in the Watergate scandal.](#) ["The president is his own John Dean," Kerry said.](#)"

- **"In Massachusetts Trump towns, many exasperated," by Hanna Krueger, Boston Globe:** "Less than five miles apart, in the towns of Brookfield and North Brookfield, sit two shops. Both have five-star ratings on Google and sell CBD oil. One, nestled in the bottom of a green and white Colonial with succulents and mums flanking the entrance, markets artisan health goods. The other, in a shack behind a ramshackle one-story countryside home, boasts more firearms than square feet. And the owners of the businesses — Tip Top Country Store and Paradis Firearm & Repair — reacted to the news of the impeachment inquiry into President Trump very differently. "I'm very excited about it. I think it's about time this happened and hopefully something will come of it. It's a very serious and clearly illegal matter," said Sarah [Heller of Tip Top, which will be closed this Friday, like last Friday, in solidarity with the climate strike.](#)"

IT'S NOT EASY BEING GREEN

- **"At the edge of a warming world," by Nestor Ramos, Boston Globe:** "These bridges span much more than a canal. To traverse the Sagamore, from the north, or the Bourne, from the west, is to cross the boundary between work and play. As the last girder shrinks in the rearview mirror, the road opens onto the pine-fringed mid-Cape expressway. Already those knotted neck muscles are beginning to soften and uncoil. The beaches we love — Marconi, Cahoon Hollow, Nauset, to name three — are still miles away. But the worst of the dreaded Cape traffic is behind us now. We are in a postcard land that evokes a particular memory, a four-word [poem, for anyone who has had the good fortune to experience it: Summer on the Cape.](#)"

MARIJUANA IN MASSACHUSETTS

- **"How a debate in Cambridge over recreational marijuana turned ugly," by Nik DeCosta-Klipa, Boston.com:** "Cambridge finally has a plan to permit recreational marijuana dispensaries, roughly 10 months after the first adult-use pot shops opened in Massachusetts. However, City Councilor Denise Simmons remains "deeply troubled," not due to any concerns inherent to legal weed, but because of how the process in Cambridge — a bitter, months-long fight that pitted existing medical marijuana dispensaries [against local activists and entrepreneurs hoping to break into the industry — played out.](#)"

ABOVE THE FOLD

— [Herald](#): "THE TOUGHEST JOB," — [Globe](#): "Whistle-blower sees coverup,"
"Democrats must make case to the country."

THE LOCAL ANGLE

- **"Jews Prepare For High Holidays As White Supremacist Incidents Soar In Mass."** by Paul Singer, WGBH News: "For Jews across the commonwealth, the new year begins next week in a traditional celebration of joy and atonement, but also with a growing sense of foreboding. Incidents of white supremacists distributing fliers, posters and literature around Massachusetts have increased dramatically this year, according to data collected by the Anti-Defamation League. In 2018, ADL recorded 35 such incidents in the state; this year so far, there have been 60 incidents, [and the total for the year will almost certainly wind up being more than double last year's total.](#)"

FOR YOUR COMMUTE: THE 100TH LAP - On this week's Horse Race, we celebrate the 100th episode of the podcast with a special episode. Congressional candidate **Jamie Belsito** talks about her primary challenge to Rep. Seth Moulton, and **Katie Lannan** of the State House News Service breaks down the big education funding bill that has emerged on Beacon Hill. And last but not least, Horse Race co-founder and former host **Lauren Dezenski** talks about her role at CNN and reminisces about the podcast. Subscribe and [listen on iTunes](#) and [Sound Cloud](#).

HAPPY BIRTHDAY - to Jack Eccles, Robert Cohen, Francisco Urena and Abby Curran.

HAPPY BIRTHWEEKEND - to Saturday birthday-ers **Ryan Migeed**, a state Sen. Eric Lesser alum; and Democratic consultant **Kevin Ready**. And to **Tyler O'Day**, who celebrates Sunday.

DID THE HOME TEAM WIN? No! The Rangers beat the **Red Sox** 7-5.

A message from Tobacco Free Kids:

There's a public health crisis spreading across the country - and it's small enough to fit in your kid's pocket.

E-cigarettes are hooking a new generation, thanks to Big Tobacco tricks like slick marketing, massive doses of nicotine, and thousands of kid-friendly flavors. Now, 5 million kids - including 1 in 4 high schoolers - use e-cigarettes. This growing public health emergency threatens decades of progress in lowering youth tobacco use. And it's getting worse.

We're building a nationwide movement to confront this crisis with the bold action our kids deserve. We must take flavored e-cigarettes off the market, stand up to companies like JUUL, and stop this escalating epidemic before it's too late. [Learn More.](#)

We want to hear from you! Nominations for the 2019 class of Women Rule "Women of Impact" are now open until Oct. 4. We want to hear about the women you know and admire who are on the front lines, moving the needle and changing the game in their respective fields. We are looking for women bringing their bold visions to life—whether they're running for office, leading a business, or championing a cause. We'll honor them at the Women Rule summit in December in Washington, D.C. [NOMINATE A WOMAN OF IMPACT HERE.](#)

Chief

I 100% agree on that. Great response! We can talk Monday.

Take care.

Here is my response. Agreed, some very valid concerns. We can meet on Monday to discuss further but my initial response would be to stop roll calls and have assignments be given out on the radio, and to shut down the locker-room and gym, to keep everyone safe. Im at the station but heading out soon. Im around if anything comes up.
Thank you.

Officer Kelley,

I have received your email and will contact you on Monday to set up a time to meet. You bring to me some very valid concerns and I am especially worried about the locker room situation that you have alerted me to, which I will make some immediate changes. I assumed that everyone had been practicing social distancing, even if it meant waiting a few minutes to use your locker. I am in constant communication with area Chiefs, and have been taking part in calls with PERF, IACP and Mass Chiefs. What "makes no sense" to you and your union has been labeled best practices for keeping officers safe and healthy. We will certainly revisit roll calls as well. The purpose of moving them outside was to have officers practice social distancing (standing at least 6 feet apart) and to keep staff out of the building.

I appreciate your assistance and cooperation and look forward to discussing your concerns further.

Chief

Long winded and a bit pompous but some good points if you look hard enough. Glad he recognized that they have pushed back on many minor issues. I think with the gaps in days on a potential 12 hour shift we will need to move some of the members of the night platoon over. Perhaps looking at their assignments preferences would help make easy decisions that also create good will.

There is also some truth in the locker room issue which creates a need for them to come in the building, be near one another, and then head down to roll call.

I'd be glad to look at this and discuss. I was going to head in around 10 for a few hours to work on a few things.

Just let me know your thoughts.

Subject: 12-Hour Shift Planning

Chief,

After discussing amongst the patrol E-Board, we decided to start proactively attempting to help the department plan for implementing possible shift changes. I exchange several emails with Captain Curran, but those talks have been less fruitful. I am reaching out to you to catch you up to speed on some of our concerns and thoughts, and for the purposes of opening a line of a communication into this matter.

I will preface this by saying that I know the union has pushed back on a lot of various and seemingly minor issues in the past year. Our intention here is not to assert our rights or the CBA or disagree with anyone. We are truthfully and earnest concerned with some of the things happening, and we simply want to help because our lives are literally on the line with COVID-19.

We opened communication with Captain Curran about 12-Hour Shift planning upon hearing of Cambridge's switch. We

see the writing on the wall, and want to be ready. We worry that Monday will be "business as usual" and Wednesday will be "12-Hour shifts". We don't know how quickly COVID-19 could rip through the department, but the reality is that one sick employee could remove an entire platoon or more from operations so things could change very quickly.

Our first concern, and truly about as far as we got in the talks, was about seniority in assignment selection. We were told that it is not a seniority issue and that seniority will not be used except in rare exceptions. Our contract discusses 12-hour tours, seniority in assignments, and more specifically that seniority shall be used in the event the department uses a "fixed last half." We simply want officers impacted by this to have the choice. Officers like Savill with three decades on shouldn't be forced to the overnight simply by virtue of his assignment, while junior officers like Guanci have assignments that might be preferable. People have child care issues, wives that are nurses, or spouses that are essentially employees. Our opinion is that the CBA affords us the right to choose, but more importantly its a small quality of life offer that could prevent morale from being destroyed by the switch. Very few people would probably use it, but giving people an option will ease any transition.

In the interests of full disclosure we have also emailed the entire union asking them, if seniority is allowed, what shift people would choose so that we can have a list at the ready for the department if you are interesting in going by seniority.

The next issue we had intended to talk about were some of the cautions being used around the station. Outdoor roll calls make little to no sense to us. Prior to this, the oncoming shift was in the guard room and the outgoing shift was never near them. Now with outdoor roll calls, we are cross-contaminating by exposing officers coming and going to one another - for seemingly no reason other than to get us out of the station. I wanted to propose a "rolling roll call" style shift change, but we never got that far in our talks. Having officers stagger in and stagger out - for instance the PM/AM change could be 2 officers start at 2330pm - 2 officers leave at 2330pm. 2 officers start at 2340pm, 2 officers leave at 2340pm. And again at 2350, and again at 0000. My locker is directly next to Joe Canniff, 2 feet from Scott Urquhart, 2 feet from John Costa, and 3 feet from Bobby Smith. Steve Wilkins and Tenzing are next to each other. Wenz and Simard are back-to-back in the locker room, and Matt Riley is 2 feet away. Sgts Pedrini and Flavin are near each other. The locker room is more the issue than the guard room - but many officers don't want to take belts and equipment home that have been in the cars and on calls all night. The locker rooms are critical.

From the NEMLEC Motor Unit conversation, Sgt Pedrini and I have seen a number of departments taking prophylactic approaches, trying to avoid cross-contamination and exposure proactively, as opposed to downshifting to 12-Hour skeleton crews after sickness hits. Newburyport, Dracut, Chelmsford, Tyngsborough, Waltham, and I believe Littleton

have already implemented proactive approaches to distancing officers. These range from One 24hr tour followed by 6 days off, to 4 weeks of 4/2 8hr shifts with 2 weeks of home quarantine off, to 8hr shifts 4 on 4 off with 1 day off being an "on call" day, to straight 2 weeks on two weeks off. Some of these approaches are drastic I know, I simply mean to show that some departments are trying to prevent spread proactively by essentially reserving officers as opposed to reacting once people start getting sick.

I apologize for the length of this email, and realize that I should most likely have started this conversation with you Monday as opposed to the channels we used. Long story short, the patrol officer's union is looking to help. We don't want to be unreasonable or argumentative. We are not stoking the flames of an upstairs/downstairs argument. We are supremely interested in streamlining our operations towards the safety of everyone in the building because of the risks involved with COVID-19.

If there is anything the patrol officer's union can do to assist you, we are on call for the department 24/7. Please lean on us during this time and keep us in the loop regarding major changes so we can help streamline or problem-solve before issues arise, because we truly want to help.

Chief,

Just wanted to take a second to clarify. I agree with outdoor roll calls, and think they are in the interests of everyone's safety. It's more in the **how** we are doing them. The parking lot is the busiest place in the department from twenty to the hour until 10 to the hour, and we are having roll calls there now. Employees are coming, going, cars are coming in and going out - it is just a place of huge cross-over. I haven't had a single roll call where the outgoing shift hasn't somehow walked through or past our roll call. Maintaining outdoor roll calls is great, but we could tweak it and streamline it towards its intended purpose. For instance, incoming shift uses the back stair and Cusack Terrace door, and Roll Call is on the patio of Cusack Terrace - Outgoing shift uses the Mystic St door to come and go from the building after shift. Incoming shift never sees the outgoing shift, and the outgoing shift isn't crowded by a half dozen employees while they are trying to park cruisers, collect their gear, and load up their personal vehicles. Same plan, but tweaked to isolate the shifts from each other. The measures we are taking have been great, but we may be able to improve on them. That's more what I am saying than anything.

I am happy to meet any time to discuss further, and thanks for the dialogue.

Very few people would probably use it, but giving people an option will ease any transition.

In the interests of full disclosure we have also emailed the entire union asking them, if seniority is allowed, what shift people would choose so that we can have a list at the ready for the department if you are interesting is going by seniority.

The next issue we had intended to talk about were some of the cautions being used around the station. Outdoor roll calls make little to no sense to us. Prior to this, the oncoming shift was in the guard room and the outgoing shift was never near them. Now with outdoor roll calls, we are cross-contaminating by exposing officers coming and going to one another - for seemingly no reason other than to get us out of the station. I wanted to propose a "rolling roll call" style shift change, but we never got that far in our talks. Having officers stagger in and stagger out - for instance the PM/AM change could be 2 officers start at 2330pm - 2 officers leave at 2330pm. 2 officers start at 2340pm, 2 officers leave at 2340pm. And again at 2350, and again at 0000. My locker is directly next to Joe Canniff, 2 feet from Scott Urquhart, 2 feet from John Costa, and 3 feet from Bobby Smith. Steve Wilkins and Tenzing are next to each other. Wenz and Simard are back-to-back in the locker room, and Matt Riley is 2 feet away. Sgts Pedrini and Flavin are near each other. The locker room is more the issue than the guard room - but many officers don't want to take belts and equipment home that have been in the cars and on calls all night. The locker rooms are critical.

From the NEMLEC Motor Unit conversation, Sgt Pedrini and I have seen a number of departments taking prophylactic approaches, trying to avoid cross-contamination and exposure proactively, as opposed to downshifting to 12-Hour skeleton crews after sickness hits. Newburyport, Dracut, Chelmsford, Tyngsborough, Waltham, and I believe Littleton have already implemented proactive approaches to distancing officers. These range from One 24hr tour followed by 6 days off, to 4 weeks of 4/2 8hr shifts with 2 weeks of home quarantine off, to 8hr shifts 4 on 4 off with 1 day off being an "on call" day, to straight 2 weeks on two weeks off. Some of these approaches are drastic I know, I simply mean to show that some departments are trying to prevent spread proactively by essentially reserving officers as opposed to reacting once people start getting sick.

I apologize for the length of this email, and realize that I should most likely have started this conversation with you Monday as opposed to the channels we used. Long story short, the patrol officer's union is looking to help. We don't want to be unreasonable or argumentative. We are not stoking the flames of an upstairs/downstairs argument. We are supremely interested in streamlining our operations towards the safety of everyone in the building because of the risks involved with COVID-19.

If there is anything the patrol officer's union can do to assist you, we are on call for the department 24/7. Please lean on us during this time and keep us in the loop regarding major changes so we can help streamline or problem-solve before issues arise, because we truly want to help.

John J Kelley
Police Officer

Subject: (Archive Copy) RE: 3 day Basic GRIN
Date: Tuesday, October 22, 2019 11:12:54 AM
Attachments: [Excel Spreadsheet for Basic GRIN class December 11-13, 2019 SalemPD.xlsx](#)

Hello All:

Please be advised that the dates for the Basic GRIN class is confirmed for **December 11-13, 2019 at Salem PD 95 Margin Street Salem**. First day class starts at 8:00 am. The Class is being sponsored principally by NEMLEC CISM Control Chief Tom Griffin and also Brookline PD Chief Andrew Lipson.
Thank you for their generosity !

POC's from the departments that have indicated they need to send personnel to this training, please send me the **Name, department, contact email and cell number** on the attached Excel Spread Sheet. I will compile the final list to sent to Tom and Sandy.

If anyone has any questions, please don't hesitate to call me anytime.

Thank you,

Steven J. DeMarco
Deputy Chief
MIT Police Department

Subject: RE: 3 day Basic GRIN

Team JUST AN FYI----I have received a response from mostly all the departments. So far I have a list
of 20 for the Basic GRIN.

Reminder due date---October 18th

ALSO please find attached the team logo as endorsed by the Governance Committee...

Thank you,

Steven J. DeMarco

Subject: 3 day Basic GRIN

Hello Team:

Please be advised that I am in the process of scheduling a 3 day Basic GRIN (for December –Date, Times and Location to be determined) for our Team members who have not been trained.

-

POC or your designee from each department, could you please email me back the number of individuals that you need to send to this training. I need

these numbers by next week, due date October 18th, so there is enough time to plan and partner with another team if there are seats available. Remember that if you are enhancing your Peer Team and they go to this training, that would necessitate them to potentially being activated for a CISM incident where there is a need. Something we have spoken about.....

Lastly, for those teams that have shown interest in partnering for the cost of this training and a designated location, please reply back to Tom's email he sent to you. Please cc me as well.

Please don't hesitate to contact me if you have any questions or concerns.

Respectfully,

Steven J. DeMarco
Deputy Chief

Subject: 365 command van

Julie,

The 365 incident command van has been dropped off for paint today. This should take between a week to ten days. What I need is an approved graphics layout for the graphics company. This is what I have so far, The sides will have the same lettering and stripe that we currently feature on all black and whites. The front will read Arlington Police on the hood. The top left and right sides will read incident command. The top rear will read incident command. The rear left door will read Arlington police. Placement of NEMLEC and Town seals are unknown to me at this time. I will drop off one of the original drawings on your desk for review.

I will be out of town on the 14th and 15th this week.

Subject: (Archive Copy) Re: accountability regarding APD presence at Boston events
Date: Friday, June 5, 2020 9:52:29 AM

Hi Rebecca,

Thank you for writing to me with your concerns. Arlington is a member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. We have reconsidered the decision to send officers to Boston at this time.

Sincerely,
Chief Flaherty

Dear Chief Flaherty,

I am writing to express my outrage and disappointment that APD were sent to help BPD "control" the vigil last night, Tues. 6/2/20. I was born and raised in Arlington, and I am a current Arlington resident.

I attended the vigil and march last night along with several Arlington residents, and we were in the crowd marching back along Circuit St after the rally. We left the marchers to head back to our cars just 2-3 minutes before we heard sirens and turned back. I witnessed and recorded a caravan of police officers in cars, on motorcycles, on bikes, and on foot headed straight into the peacefully marching crowd without any provocation.

This may be standard practice for BPD, but there is absolutely NO reason that Arlington police need to take part. The town of Arlington and the police need to make it known to the public what their

reasoning was for sending APD to the march, you need to admit that you made a mistake and wasted the town's resources, and never do this again.

As an Arlington resident, I am incredibly disappointed in this town.

Sincerely,
Rebecca Kranz

Date: Monday, August 19, 2019 9:42:56 AM

Most Grateful Greetings;

Our family is so overwhelmed by your unwavering support of Pete and his mission to continue to raise ALS awareness. We certainly realize the tremendous stresses and commitments on your lives, and yet you all found a way to honor our son and family with your Ice Bucket Challenge yesterday! When the last chapter is written on this horrendously devastating disease, your awareness campaign will have played a huge role in Striking Out ALS!

Always Our Best,
John and Nancy Frates

Subject: (Archive Copy) Re: APD at Black Lives Matter protest
Date: Thursday, June 4, 2020 12:13:27 PM

Dear Adam and Juliann,

I am pleased to see that the APD has responded to public pressure. No APD officers should ever have been dispatched in that manner.

Despite the attempts to characterize NEMLEC as a "mutual aid support" network, it is in fact a private corporation with a deeply problematic history. Notably, NEMLEC was sued by the ACLU in 2015 for failure to release public records, and the records release that followed showed a pattern of excessive use of militarized SWAT teams in situations that did not call for them (source: [Washington Post](#)). The NEMLEC website contained pro-Vietnam war and anti-civil rights language until 2014, when NEMLEC deleted their entire website in response to criticism (source: [Gloucester Times via Wikipedia](#)). Arlington's status as a founding member of such an organization is troubling, to say the least, and the town will be expected to answer publicly for this affiliation in the future.

Finally, I want to note the appropriation of the term "mutual aid." Mutual aid is a concept that originates from anarcho-communist theory and activism, and specifically refers to egalitarian, non-hierarchical, and non-coercive networks of civilians formed to assist each other in meeting human needs ([source](#)). This concept has recently gained public recognition due to the coronavirus crisis—specifically, due to the lack of adequate official response to the crisis. "Mutual aid" was never intended to describe the actions of militarized police units, especially in the context of suppressing* grassroots protest movements. The appropriation of this concept by police to deflect criticism is inappropriate and will not go unnoticed.

*Yes, excessive police presence at protests against excessive policing is inherently an act of suppression and intimidation.

I look forward to more steps in the right direction,
Robin Harney

Dear Mr. Chapdelaine,

I woke up today to several eyewitness accounts of last night's Black Lives Matter protest in Dorchester/Franklin Park, Boston. According to a friend and professional organizer, the Arlington Police Department was among those who flooded the protestors at the end. I am writing to express my deepest concern at this news.

Given the context for these protests (a response to excessive police force) and the known hostility toward BLM protestors among our own officers, notably Rick Pedrini, contributing our officers was a gross misuse of town resources. Even if Lt. Pedrini is still on desk duty, his ability to retain his job has set a concerning example for officers who admire him, including those who reportedly gave him an award during his suspension. What happens when those racist officers come face to face with black protestors? Even in the best of circumstances, this is an unacceptable risk. Right now, it is gross negligence.

The Black Lives Matter movement will not benefit from greater police presence. Increased policing will only fan the flames of violence, as has been demonstrated in cities around the world. The town of Arlington must do the responsible thing and remove our officers from duty at future protests.

I should not need to mention that, if any APD officers are involved in a violent incident, there will be no shortage of people ready to hold you personally responsible. But if that happens, it will already be too late. The APD must be removed from all duties associated with BLM protests from now on.

Sincerely,
Robin Finn Harney

The concern was that we potentially had an officer involved in some of the alleged police brutality against counter protestors. Fortunately, that was not the case.

Subject: (Archive Copy) Re: Arlington Police At Boston Protest?
Date: Wednesday, June 3, 2020 5:00:14 PM

Hi Josh,

Thank you for writing about this matter. Arlington did have an officer on bicycle dispatched in Boston yesterday. For broader context, please see the narrative from the Chief pasted below. Please notice that we have discontinued sending officers for the time being.

"Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time."

Thank you again for writing and I would be happy to discuss further if you would like.

Mr. Chapdelaine,

I am writing because I have heard that Town of Arlington police were on site at the peaceful protests in Franklin Park in Boston. I was not there myself, and do not trust what I see on social media (where this information is from), so wanted to check with you to verify (I am a resident of Arlington). The content of the post is below (I highlighted the mention of Arlington). Again, I am not taking this social media as fact, simply trying to gather accurate information.

Thank you for your time and clarification on this.

Josh Katzman

CONTENT OF SOCIAL MEDIA POST:

1. Black Lives Matter Boston and Violence In Boston Inc. organized a massive, powerful protest. Huge numbers of people in motion, the type of march where you can't see the beginning or end from within the crowd.
2. Protesters did all of the things that the politicians on tv say we're allowed to do, as distinct from the "bad" protest activities. We listened to speakers, held signs, and chanted. No businesses were threatened--we were in a park, surrounded by trees.
3. At the end of a totally peaceful march, the cops swarmed the park en masse, driving their SUVs and vans with sirens and flashing lights directly into the crowd of protesters, one after another, flanked by cops on foot with long clubs.
4. There is one and absolutely only one group that I saw instigate violence tonight, and it's the cops who descended onto a peaceful crowd of people raising up voices against cop violence.
5. These are the towns and universities who sent police to roll with BPD tonight whose names were visible on the jackets that I saw: Northeastern U., UMass, town of Arlington, MA state police, and "NEMLEC," which apparently stands for the "North Eastern Massachusetts Law Enforcement Council, a private corporation formed by 58 police agencies in Middlesex and Essex County." If you are connected to one of those institutions, I invite you to ask them: why are they spending \$ during this time of pandemic austerity to send cops to plow into crowds of protesters? [Update from comments: Harvard, MIT, Boston College, and the town of Newton were there too!]

After a year of adding a quote every month to this "signature" I stumbled upon this from Gary Snyder. At commencement of my fifth decade of living it is something that resonates and sets a transitory idea on which the following decades can be moored:

"... To think clearly we must avoid narrow interests or entrenched opinions ... Being regional, being in place, has its own sort of bias, but it cannot be too inflated because it is rooted in the inviolable processes of the natural world. Philosophy is thus a place-based exercise. It comes from the body and the heart and is checked against shared experience."

Chief Flaherty,

I am writing to discuss the presence of the Arlington Police Department at recent protests, and entreat that you hold your organization accountable. Your mission is to protect your community and promote peace— and yet, in sending the APD, you abet the nightly violence incited by the police force. Your own residents attending these protests have been shot with baton rounds, beaten, and pepper sprayed as a result.

Every video and firsthand account has been unequivocal in its depiction of the events that occurred. Towards the end of Sunday night's peaceful protest, the police sent their vehicles at high speeds towards the crowds, allowed them insufficient time to disperse, actively blocked off exit roads, and then opened fire onto a cornered crowd. Their violence was immediate, unprompted, and indiscriminate. Last night followed a similar pattern. Following a peaceful march, in a park far

removed from local businesses, the police drove their SUVs and vans directly into the crowds of protestors, flanked by cops on foot with long clubs.

The police are instigating violence, descending on peaceful crowds whose sole mission is to raise their voices in the name of peace, safety, and equality. And among them, identified by eyewitnesses, were members of the APD.

You have expressed in the Arlington statement regarding the death of George Floyd that you “condemn these acts in the strongest possible terms.”

In response, I have a few questions:

Why are you spending money during this time of pandemic austerity to send the APD alongside the Boston Police Department as they plow into crowds of protestors?

How can you, in good conscience, release a statement to the Arlington community that supports the intrinsic values of these protests, when you contribute to the persistent abuse by sending reinforcements to the BPD?

I urge you to actively refrain from aiding the Boston Police Department. Stand in solidarity with the protestors. Work with us to foster peace, not destroy it. Let your actions reflect your words, and remove Arlington police presence from future protests.

There have been enough headlines about the brutality and deaths caused by the police. Help us keep the next one from starting here.

Sincerely,

Nicole Cerundolo

Town Leaders of Arlington,

I am writing to discuss the presence of the Arlington Police Department at recent protests in Boston, and entreat that you hold your organization accountable. Your mission is to protect your community and promote peace—and yet, in sending the APD, you abet the nightly violence incited by the police force. Your own residents attending these protests have been shot with baton rounds, beaten, and pepper sprayed as a result.

Every video and firsthand account has been unequivocal in its depiction of the events that occurred. Towards the

end of Sunday night's peaceful protest, the police sent their vehicles at high speeds towards the crowds, allowed them insufficient time to disperse, actively blocked off exit roads, and then opened fire onto a cornered crowd. Their violence was immediate, unprompted, and indiscriminate. Last night followed a similar pattern. Following a peaceful march, in a park far removed from local businesses, the police drove their SUVs and vans directly into the crowds of protestors, flanked by cops on foot with long clubs.

The police are instigating violence, descending on peaceful crowds whose sole mission is to raise their voices in the name of peace, safety, and equality. And among them, identified by eyewitnesses, were members of the APD.

The Chief of Police expressed in the Arlington statement regarding the death of George Floyd that he "condemn[s] these acts in the strongest possible terms."

In response, I have a few questions:

Why are you spending money during this time of pandemic austerity to send the APD alongside the Boston Police Department as they plow into crowds of protestors?

How can you, in good conscience, release a statement to the Arlington community that supports the intrinsic values of these protests, when you contribute to the persistent abuse by sending reinforcements to the BPD?

I urge you to actively refrain from aiding the Boston Police Department. Stand in solidarity with the protestors. Work with us to foster peace, not destroy it. Let your actions reflect your words, and remove Arlington police presence from future protests.

There have been enough headlines about the brutality and deaths caused by the police. Help us keep the next one from starting here.

Sincerely,

Nicole Cerundolo

Arlington, MA 02474

Dear Chief Flaherty,

Thank you so much for taking the time to respond and for helping to contextualize the NEMLEC mutual aid relationship. Thank you as well for sharing the initiatives you've taken with your department. I would like to talk on the phone to better understand the dynamics of NEMLEC, and how I, as an Arlington resident, can support you and Arlington police in continuing the initiatives you've described. I'm available at 8am or 9am on Friday 6/12, so whatever is better for you. You can reach me on my cell at 908-208-3190, or let me know if you'd prefer me to call you (if so what number) or a Zoom meeting (I'd be happy to set up a link).

Thanks,
Jess Sedan

Hi Jess,

Thank you very much for your email and support. We did send one officer to Boston as part of our regional membership in NEMLEC. Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time.

Under my leadership, APD has participated in many trainings including de-escalation, cultural diversity and bias training, implicit bias training, and classes held at the Charles Hamilton Houston Institute for Race and Justice. We have also been trained in and practice procedural justice and fair and impartial policing. In Arlington, we specifically train on proper apprehension techniques for suspects during arrest. At no time ever, do we train our officers to put pressure on the neck or throat of a prone suspect, and at no time ever are officers trained to put a secured suspect on their face. In addition to training, I have directed my staff to research the vendors and costs associated with body worn cameras and we will work to develop a body-camera pilot program for the Arlington Police Department. I previously researched body-worn cameras several years ago and found that the startup, annual maintenance and information technology costs were prohibitive. However, as the technology has matured, I am hopeful that we can implement a program in Arlington soon.

If you would like to speak further about this, I am available Wednesday, 6/9 at 11am, or 2pm. I am

also available Friday 6/12 8am-12pm.

Thank you
Chief Flaherty

Dear Chief Flaherty,

My name is Jessica Sedan and I reside at 21 Bow St., Arlington. I am a former certified EMT and have worked with police in that capacity.

I can appreciate that you are in a tough position in the current times. I have interacted members with the Arlington Police Department. and my experience with officers in your department has for the most part been positive; I have found your department to include compassionate, caring people who want to help ensure the safety of others.

Having said that, I was deeply concerned to learn today that Arlington Police Department has ridden along with Boston Police Department at recent demonstrations in the City of Boston. The tactics that Boston Police have been exercising against folks peacefully protesting police brutality against people of color are abhorrent. As a resident of Arlington I do not support my town's police department's participation in such activities.

I am hopeful to speak on the phone to understand your position on this matter, and to encourage the Arlington Police Department to reconsider its participation. I would also like to discuss how Arlington Police Department is working to ensure police accountability, and anti-racism work in its policing.

I can be reached at 908-208-3190. Thank you for taking the time to read this note and I hope to talk further.

Warm regards,

Jess Sedan

Hi Rachel,

Thank you for writing about this matter. Arlington did have an officer on bicycle dispatched in Boston yesterday. An officer on a bicycle was also dispatched on Sunday and Monday. For broader context, please see the narrative from the Chief pasted below. Please notice that we have discontinued sending officers for the time being.

"Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. Chief Flaherty,

My name is Connor Ring and I am a resident of Arlington. Yesterday I attended an overwhelmingly peaceful protest at Franklin Park in Boston. Overall, I was impressed with the police. I saw a discrete presence on the one-mile walk along Circuit Drive to the staging area near Shattuck Hospital. This added to the sense of security and limited the chance for provocation. Later, as I left, I passed a phalanx of officers on bikes from various departments staged at the intersection of North Jewish War Veterans Drive who were visible but out of the way. I left the protest with a sense of pride - at both the peaceful protestors and the appropriate police response.

This morning a friend shared with me a video showing a confrontation that occurred between protestors and police along the route after I had left. As protestors were trying to exit the park along Circuit Drive - the sole egress - they were boxed in by a group of police, provoking a tense and chaotic stand-off that could have ended violently. Arlington police can be seen participating in this confrontation. Protestors and APD were put in a dangerous, unnecessary situation that served to stoke animosity.

I understand how mutual aid agreements work, but I'd like to understand more about the Arlington police presence in the protest last night. How many officers were involved? What weapons and protective gear were they equipped with? Why were they given orders to forcefully confront peaceful protestors during the march? What provoked this confrontation?

As police departments and politicians across the country denounce "outside agitators", it's important that we recognize the effects of our presence at these events. Black protestors in the video can be heard asking what police from Arlington are doing in their community. I think that is a fair question. I look forward to hearing more about what transpired yesterday evening and the extent of APD involvement.

Respectfully,

Connor Ring

Subject: (Archive Copy) RE: BAPERN for Red Sox activation
Date: Tuesday, October 29, 2013 2:13:31 PM

BAPERN District Coordinators:

The communications plans for our next few busy BAPERN days have been shored up, and I wanted to make certain we're all on the same page. The BPD and MEMA are working on finalizing the 205's, and I'll pass those along when they are completed after today's BPD event briefing. After much discussion, the plan is to keep the Central District open for regular traffic, and use the South and North/Northwest Districts for the LECs who will be working in Boston. The LECs may also be using their own comms on direct for internal team transmissions. The LEC CPs will be monitoring the West District for announcements from the TOC and will relay pertinent info to teams on their respective channels (South and North/Northwest). The current plan is to put NEMLEC on the North District for Wednesday and Northwest for Thursday. We're going to try to do some testing on Northwest, as we have 1 fewer Northwest receivers in Boston and we want to make certain that operations will be ok on that channel.

The following is the schedule of events, so to speak. As per usual, if the District Coordinators can make an on-air announcement on their respective channels, that would be great. Please advise if you have any questions.

Wednesday, 10/30:

1. Area Wide 4, 11AM-8PM, BPD MOP for POTUS Visit
2. West District (3PM - 3AM) for Red Sox (Boston PD - Patch with BPD TAC1)
3. North District (7PM - 3AM) for Red Sox (NEMLEC)
4. South District (7PM - 3AM) for Red Sox (Metro-LEC)

Thursday, 10/31:

1. Area Wide 4, 3PM-4AM, Salem Halloween
2. North District, 3PM-4AM, Salem Halloween
3. West District (3PM - 3AM) for Red Sox (Boston PD - Patch with BPD TAC1)
4. Northwest District (7PM - 3AM) for Red Sox (NEMLEC)
5. South District (7PM - 3AM) for Red Sox (Metro-LEC)

Thanks all - I'll keep you apprised!

Chief Brooks and Chief Ryan,

I will be sending out a detailed plan for the next few days later tonight, but in the event Metro-LEC and NEMLEC are called into Boston for a Red Sox clincher, it's looking like we would need to put them on the South and Central Districts (assignment TBD). AW4 is already tied up for the potus visit/Salem Halloween (as is the North District), and the BPD will be using the West District. Just a heads up at this point....more to follow later.

If anyone has any comments or suggestions, please let me know.

GBPC District Coordinators, Dispatch Personnel, and Other Interested Parties,

Please find below a schedule of BAPERN reserved channels for this weekend. CJIS GBCs have been issued by the Brookline PD for the AW4 events and they will conduct on-air notifications as well. As always, please advise your dispatch personnel of these reservations and refrain from directing agencies to use the reserved channel(s). Should an emergency issue arise, such as a local system failure, agencies can be directed to switch to their district channel for operations. The on-line BAPERN Calendar can be viewed at: <https://www.google.com/calendar/render#g%7Cmonth-3+22844+22881+22879>

Any questions or issues can be directed to the Brookline Police Dispatch at 617-730-2222 or me directly at 978-360-4481. Thank you for your attention and continued cooperation to these matters. I wish everyone a Fun and Happy Halloween - be safe!

Friday, October 31, 2014

Area Wide 4 – 1600-0200 – Salem PD - Halloween Tactical Operations. The OIC is Captain Stevens.

North District Digital Tactical – 1600-0200 – Salem Halloween NEMLEC Command. The COML is David Spinosa.

Saturday, November 1, 2014

Area Wide 4 – 0900-2100 – Burlington PD - Wegmans Operations and Coordination with Outside Agencies. The OIC is Sgt. McDonough.

North District – 0845-0915 – Amesbury PD – Multijurisdictional Mass Casualty Incident (MCI) Training Drill at High School. The OIC is Lt. Scholtz.

North District Digital Tactical – 1600-0200 – Salem Halloween NEMLEC Command. The COML is David Spinosa.

Sunday, November 2, 2014

Area Wide 4 – 0600-1400 – Norwell PD - Half Marathon. The OIC is Deputy Chief Carol Brzuszek.

Northwest District – 0900-2100 – Burlington PD - Wegmans Operations and Coordination with Outside Agencies. The OIC is Sgt. McDonough.

** Note: On Friday, 10/31 and Saturday 11/1, the North District will serve as the backup channel for Salem Halloween Tactical Operations. The North District will remain open for regular law enforcement notifications, but is approved for exclusive use by Salem should a system failure or other emergency occur.*

Thank you for the notice. We will have extra officers on.

We have a clergy/congregation demonstration tonight as well. They intend to line Massachusetts Avenue for approximately 2.5 miles and take a knee for 8 minutes. The demonstration is scheduled from 6-7 p.m.

Chief's,

There has been impromptu protest scheduled for tonight in Belmont Center (6PM). I personally know the organizer but I have some concern because the event is not well organized. Like all of you, we will have NEMLEC assets in Boston tonight. We have added additional bodies and plainclothes officers to work the protest.

I just wanted to give you a heads up in the event that things turn bad and we have to make a mutual aid request.

Thank you,
Jamie

Hi Chief,

Didn't know if you were interested but Burlington MA PD is having a battle of the badges blood drive today (against Burlington FD) and are posting on social media requesting LEOs come to support them.

If you want to bring/send/ask anyone to donate, it is from 2-7 pm today.

See Red Cross and Their Posts below.

I shared on social but thought maybe you wanted to network :)

MA Red Cross Blood

Adam - today at about 1:30pm the Principal of Arlington Catholic reported that his office had received a phone call from a male reporting that a bomb had been placed in the school and would detonate within the hour. The Principal made the decision to immediately evacuate the students to St. Agnes. Shortly thereafter St. Agnes School decided to dismiss their students for the day as a precaution.

As is being reported in the media several schools in the Commonwealth were targeted today and it remains to be seen what, if any, connection there is among the cases. The FBO Joint Terrorism Task Force has joined our investigation and APD Detective Brain Fennelley is our lead investigator.

Preliminarily the phone number used appears to be a "spoofed" number used in prior threats in the metropolitan Boston area. I will keep you posted on any developments and please let me know if you have any questions.

Good morning Chief,

Amesbury has a planned event from 5-6P tonight with local organizers tagging the BLM movement. Knowing that NEMLEC assets would be in the City, we have our abutting Mass. agencies, MSP and NH Agencies on stand-by. We don't expect any major problems and feel we should be able to handle the event. We should know as we move toward the 6PM mark if things look like they're going left of center, if they do I'll reach out.

Thanks, Bill

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard
Correspondent

Subject: Boston Globe / public records request

Assistant Town Manager Jim Feeney
Public Records Officer
Arlington Town Hall
jfeeney@town.arlington.ma.us

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard
Correspondent
The Boston Globe
john.hilliard@globe.com

All,

Due to a reported failure of the NEMLEC channel, the Northwest District channel is now being used by NEMLEC Command in Newton. An updated channel plan for today is attached.

Please advise should you have any questions or issues.

Diana

Subject: Boston Marathon BAPERN District Coordinator Conference Call Info - 4/16/14

BAPERN District Coordinating Departments:

As of last night, the GBPC has finalized the BAPERN channels that are approved for usage on Patriot's Day/Marathon Monday, which is next Monday, 4/21. This has been a significant planning effort that required a careful assessment and balance of channel availability, coverage and infrastructure issues, against the communications requirements of the local, regional and state assets along the Marathon route and the balance of the GBPC membership. For the last two months and as recently as last evening, we have been receiving, assessing and processing these requests in collaboration with our federal, state and local member agency partners. The final result is a plan that includes six BAPERN channels that are reserved for usage on 4/21 (AW3, AW4, West District, North District, Northwest Digital Tactical, Central Digital Tactical).

Tomorrow morning (Wednesday, 4/16) at 11AM, I will be holding a conference call to explain this communications plan in further detail, discuss the advance communications needed with our members, and answer any questions you may have. The Dial-in information is below. To enable us to move forward and get information out quickly to our members tomorrow afternoon, I'm hoping that each District Coordinating Department will be represented on the call by the Chief and/or Lead Dispatch contact that has been sent this e-mail. If neither are available, please forward this e-mail to another member of your department/dispatch who will be able to share the information with other members of dispatch.

I am attaching a listing of the BAPERN Assignments for next Monday. Please keep this as an internal document until our discussion tomorrow, as there is additional information that needs to be explained along with the channel assignments. Following tomorrow's call, I will send out a general e-mail to the membership and radio points of contact that explains the overall BAPERN communications plan for the day, including the continued availability of AW3 for major law enforcement notifications (as this information may be of particular interest to Marathon

command as well). We can talk more about that on tomorrow's call. Following the "general" e-mail that will be send out, District Coordinating Departments will be asked to reach out to their members via e-mail, CJIS and on-air to communicate and reinforce specific information regarding use of their District Channels. Again, we can talk more about that tomorrow.

Should you have any questions or issues that you want to make certain are addressed on the call, please let me know. Thank you for your continued work and assistance on behalf of the BAPERN system.

Subject: Boston PD Request

Adam – Boston PD has contacted area departments to request mutual aid for tomorrow's visit by President Barack Obama. We will be cancelling days off tomorrow for all off-duty Arlington Officers and we will report to designated staging areas in Boston for the day. We will obviously hold back necessary personnel to properly staff shifts here in Arlington.

The tragic events of this past week and the corresponding emotional roller coaster for all members of our community came full circle when we learned that one of the victims of this terrorist attack lived and worked right here in Arlington. I am proud of all the men and women of the APD for their professionalism following the attack and I am particularly proud of those officers who have been on 12 hour rotating shifts in Boston since Monday (i.e. the NEMLEC Officers Rob Pedrini, James Smith, Mike Foley, and Greg Foley).

I will keep you briefed as we plan our response. Please let me know if you have any questions.

BREAKING NEWS ALERT

Fifty immigrants across the state were among nearly 500 nationwide arrested for federal immigration violations in an operation that targeted so-called sanctuary cities.

In a statement from US Immigration and Customs Enforcement, Massachusetts was the only state singled out.

Chief's,

I would like to thank NEMLEC for their assistance on Thursday night. We had a group organize a protest via social media for that evening on the Town Common located directly in front of the station. We had no information on the numbers of people that may attend. Approximately 400 + people attended and about 350 people then marched to the station. The NEMLEC officers as always were professional and helped us maintain order. Even with all of the extra staff that we hired that night we could not have closed off the area as we did without their assistance.

Thank you for the help.

Mike,

Probably not the time or forum to do this. But I don't want it gone unsaid. Yesterday afternoon we had close to 600 protesters marching to our police station after a rally on our town common. I can't tell you what a relief it was to me to have 22 well trained and professional RRT and Swat members hidden out of sight but there if needed. We had a very peaceful crowd thankfully. It appears NEMLEC will be going nonstop all weekend. Thanks to Chief Fisher and I'd like to also thank Lt. Vivolo.

Thank you.

Chief Joseph A. Desmond

NEMLEC will be having a full SWAT/RRT call out into Boston along with Motors this afternoon. Chief Fisher has made arrangements to have officers available to respond to a NEMLEC community should their services be needed.

Question LMK.

Subject: Boston callout

Chiefs,

I just spoke with Chief Fisher regarding the Boston call out last night. None of our personnel were injured and as expected they did a great job. Boston PD was very appreciative. I believe we will be getting info on a call out tonight at some point today.

Question LMK.

Subject: Emerg. E-board vote

Chiefs,

Last night the E-board took an emergency vote to deploy assets into Boston should they request our assistance with ongoing protests. The vote is necessary due to Boston being a nonmember agency. Any questions LMK

Thank you,

Mike Kent

.

Hi Fred,

There has been a lot of planning over the weekend. Thank you to both you and Steve for connecting us to the STARS resource. AYCC is also going to help out tomorrow. It is hard to know how many students will need the support, but we will be prepared.

We had planned a special weekend away on the Cape with my family. I was still able to enjoy some time with them when I wasn't on the phone or email. The sadness of what happened only made me more appreciative of having my kids around. I hope you enjoyed some rest and family time as well.

All the best,
Kathy

On Mon, Sep 7, 2015 at 11:39 AM, Fred Ryan <FRyan@town.arlington.ma.us> wrote:

Hello Kathleen - I'm just checking in to see what you need from the PD tomorrow following the suicide. I have been following the email chain over the weekend and I know Insp. Steve Porciello is looped in as well. Please let me know if you need anything other than what Steve is providing via NEMLEC STARS, etc.

It looks as though you and your team have been busy since the suicide Friday evening, I hope that you were able to squeeze in some time with family and rest over the holiday weekend.

Best,
Fred

Dear Chief Ryan,

My name is Hannah Poor, and I am a lifelong Arlington resident. I am hoping to introduce into Town Meeting this year a Trust Act, similar to the ones that Boston, Cambridge, Somerville, Newton, and other MA cities/towns have in place. Specifically, this would limit voluntary cooperation between Arlington law enforcement and US Immigration and Customs Enforcement to allow members of Arlington's immigrant community to feel safer in our town, and especially in their ability to contact the police.

The proposal as it stands now is based on the language adopted by Boston and Newton, and I have been consulting with a lawyer from the ACLU about the wording. I also plan to consult with Arlington Town Counsel about it this week. I would very much appreciate the opportunity to speak to you about this proposal in the next few weeks (the deadline for submission to Town Meeting is 1/27), and hear your perspective on it, as well as concerns or suggestions about the wording and content of the proposal.

Thank you for your consideration! I look forward to hearing from you.

Best regards,

Hannah Poor

Subject: Boston Request for parade

Good Morning,

Boston PD is requesting NEMLEC assistance for the possible parade if the NE Patriots win the Super Bowl. The request is for SWAT, RRT personnel and if possible bicycle and motorcycles. The parade is scheduled for **Tuesday Feb 5th at 11:00**. Roll Call / briefing will start at 07:30.

The E Board has approved the request, so because Boston is a non-member agency, this is a voluntary call out. Chiefs can allow or deny their team members to participate. The decision is not up to the individual officers, but the Chief.

If you decided to NOT send your officers please advise the appropriate Control Chief so they have situational awareness.

The Control Chiefs will address this request like any other call out with disseminating information to team members regarding report times, locations, etc.

Also know that Boston did not request assistance for the night of the Super Bowl, as they have in the past, because they feel they can handle the potential crowds and any incidents without additional assets.

Thank you,

Mark W. Dubois

Subject: (Archive Copy) Re: FW: LEAPS CJIS interface
Date: Friday, February 7, 2014 10:21:12 AM

I am unable to locate a contract at this time, but I do have correspondence from the last year or so with Laura Nichols from NEMLEC. There was a large increase in the annual maintenance for FY14 (from \$475. we paid for last few years to \$1197.65) which she attributed to software upgrades, licensing and NCIC interface fees. She told me we could opt out going forward, but to obviously let her know as early as possible as they have to increase other departments amount if we back out. The price increase did not cause any other department to back out last year, but this could effect our cost in the future if others do back out.

Included in this fee, we get 19 licenses, as opposed to the 10 it seems like we get in the quote from QED.

It would definitely be more convenient to use the QED version that automatically populates fields in reports, but at the same time there is a large up front cost and higher annual cost for fewer licenses so I don't know if it is worth it. I haven't heard any clamoring in patrol to make the entry in QED easier so I don't know if that is a real issue or not.

I left a message with Bob Ankenbauer who handles the IT for Somerville PD who I think might use QED and he is also the administrator for the NEMLEC MobileCop server. Hopefully he can give us some insight into the pros and cons of the two in a side-by-side comparison. I will let you know what I hear back from him or any other dept's that use QED.

Subject: FW: LEAPS CJIS interface

Capt/Lt – here is the quote from QED on the CJIS interface. Couple of questions:

1. Do we have a contract for our current service through NEMLEC? If so, when does it expire?
2. Do we pay an annual fee for our current service? If so, how much?
3. Do we know of any other agencies using QED's interface and if so, are they happy?

Thanks!

Hi Fred,
I've gone back and forth on how low I could get this quote for you. I waived any client license fees

which is typically \$200 per unit. I also waived Q.E.D.'s portion of the license fee and only charged for services.

The functionality provided will certainly make things easier on your people especially with the backfill of queries into the accident reports.

Feel free to give me a call to discuss this at any time.

Lt. K – excellent points. I'll hold off until you complete your research and we'll go from there. I think if it truly saves data entry time and gets officers back in the field more quickly we would have to fact that into the cost/benefit. Thanks!

Capt. Flaherty – please make sure we put this out to all personnel and that we do a quick orientation for Dispatchers. It is pretty simple and the likelihood that we have many Arlington residents enrolled in not very high.

Do we need a general order?

Chief

Subject: Lo/Jack - MISSING PERSONS PROTOCOL
Importance: High

Chiefs,

As we have been discussing over the last months, NEMLEC has agreed to host Lo/Jack equipment at selected member agencies, and train a team of RRT officers to operate these units to assist in the location of missing persons who are outfitted with Lo/Jack bracelets. We have agreed to participate

in this program, though NOT EXCLUSIVELY, to provide police personnel with an additional tool in search and rescue operations.

Attached please find console cards for your dispatch center for the Lo/Jack Safety net program. Please print – preferably on bright colored card stock – cut in three, and post at your dispatch station(s).

In the event a missing persons call comes in, please ensure your dispatchers ask the five questions on the cards prior to any call being made to North Andover Dispatch for RRT/Search & Rescue assistance.

Please note that NEMLEC has not endorsed this particular product or vendor, and that other members agencies are engaged in similar programs. Our agreement with Lo/Jack stipulates that they are not permitted to market their program with a claim of endorsement by us or any NEMLEC chief/agency (unless you have given them your permission).

Please let me know if you have any questions, thank you.

Chief,

I spoke with Joan Roman and she said it would be up to you if we needed 1 or 3 additional licenses for the NEMLEC Motor Unit. They are each \$150. I'm assuming these people are all trustworthy considering their positions and could easily share one license. Once the number of licenses is decided, login credentials will be administered. I will then create a contact list for them.

I agree. We have several officers on each shift trained and outfitted. Due to staffing, we are not able to put them out. The reason I asked was that 4 of the 6 letters of interest for a CIB job were from motorcycle officers who ride regularly

Laura - can you please distribute this to NEMLEC Chiefs? Thank you!

The NEMLEC Motor Unit and the Lowell PD are sponsoring the 80 hour
(two-week) Police Motor Operator School Monday, April 23rd through
Friday, May 5th?

The fee is \$450 per student. Applicants should contact Lowell Officer
Scott Sauve on his Cell: 1-978-853-5658 or Email: ssauve@lowellma.gov.

Officer Sauve will facilitate the application process and get the
necessary billing information, etc. from each applicant. Applicants are
required to be a sworn law enforcement officer, have a valid license
with the motorcycle endorsement, and a department issued motor.

Laura - can you please distribute this to NEMLEC Chiefs? Thank you!

The NEMLEC Motor Unit and the Lowell PD are sponsoring the 80 hour
(two-week) Police Motor Operator School Monday, April 23rd through
Friday, May 5th?

The fee is \$450 per student. Applicants should contact Lowell Officer
Scott Sauve on his Cell: 1-978-853-5658 or Email: ssauve@lowellma.gov.

Officer Sauve will facilitate the application process and get the
necessary billing information, etc. from each applicant. Applicants are
required to be a sworn law enforcement officer, have a valid license
with the motorcycle endorsement, and a department issued motor.

Chief Fred Ryan
Arlington P.D.

Hello All,
Please see message below. I am going to have Deputy Bailey look over the current STARS program we have here in Arlington. Would you please have someone from your Dept look over the program and see if we need or want updates from NERAC. As you can see from the e-mail we need to respond by this Friday. Thank you.

Subject: NERAC STARS School Safety Program

Hello NERAC Points of Contact –

As you all know, each NERAC community has received a STARS Toolkit which is a crisis planning resource for schools and municipalities. **STARS Floor Plans** have been completed for most NERAC school districts and NERAC has recently allocated funding with the goal of completing remaining schools in the region.

Please contact Josh Monahan at jmonahan@mapc.org by 5:00pm on April 6 if:

- 1 You would like your school district considered for these free floor plans.
- 2 Your school district has STARS Floor Plans that are out of date due to renovations or the addition of new buildings.

More info on this NERAC initiative can be found below.

STARS (the School Threat Assessment and Response System) is an emergency response plan developed by NEMLEC (the Northeast Massachusetts Law Enforcement Council). Since 2006 NERAC has allocated over \$1 million for the development of STARS School Toolkits and STARS Floor Plans for the school districts of the Northeast region.

Through NERAC's efforts, over 600 schools have updated floor plans, helping the region move closer to being one of the elite few regions nationally in compliance with STARS standards and local statutory requirements. STARS provides crucial information to enable school officials and emergency personnel to effectively plan for and respond to a threat or critical incident.

The STARS Floor Plans that NERAC is providing contain crucial information to enable school officials and emergency personnel to effectively plan for and respond to a threat or critical incident. The floor plans include digital photos of all school buildings including all entrances and exits, hallways, and classrooms, as well as external photos that include a full detailed map of school grounds and buildings, along with emergency contact information for municipal officials, police, fire, and EMS.

Ladies and Gentleman,

I spoke with Deputy Bailey and Lt. Scott Sencabaugh of STARS. Lt. Sencabaugh is looking into this matter. Lt. Sencabaugh was unaware that that the E-Mail was sent by NERAC not only to us but to other Departments as well. He said that he would get back to me asap.

We believe that our floor plans with the exception of the Thompson School are up to date. There are minor changes but nothing that would cause problems for the AFD and APD during a crisis.

Have a great Easter, NED

Subject: RE: FW: Reimbursement - Boston Marathon

Rebecca,

The attached submission form/spreadsheet and instructions were sent to J. Flaherty a couple of days ago. S/He is the person Chief Ryan – or his designee – gave me as the contact person for the reimbursement.

The reimbursement must be submitted in accordance with these directions. A previous email summarized the process (below FYI). You will only submit anything directly to Boston if Arlington sent officers outside of NEMLEC units and outside of the Presidential visit. As you seem to be already aware, Major City Chiefs will do the visit. Reimbursements for all unit personnel from 4/15 – 4/22 will go through NEMLEC . Perhaps it would be appropriate for you to check with J Flaherty on the process for your agency – he/she might be working on it already.

Here is text from the email:

<!--[if !supportLists]-->1. <!--[endif]--> NEMLEC/METROLEC Response: Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department (“BPD”).

<!--[if !supportLists]-->2. <!--[endif]--> Mass Major City Chief Association: Officers who responded to the direct request from Mass Major City Chiefs Association (“MMCCA”) for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.

<!--[if !supportLists]-->3. <!--[endif]--> Direct Response: Cities and towns who

deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

If you did send officers independent of NEMLEC units or the Presidential visit, please let Lisa know. If you did not, Major City Chiefs and NEMLEC will handle the reimbursement.

Hi Laura and Lisa,
I have not received reimbursement forms or instructions as of yet. However, as a FYI I have attached a spreadsheet containing our reimbursement request for our officers who responded to Watertown. I have already sent our request for the Presidential visit to Chief Kyes.

Laura - Do you have our NEMLEC request? If not I can sent it along.

Thank you,
Rebecca

Importance: High

Hi Chiefs,

Below please find an email from the Boston PD Finance director about the process for reimbursement. I have intentionally tried not to give you any information until things were absolutely final, as the process has changed several times. This should be the last one, we are moving forward with our addendum, and I will be sending you reimbursement forms and instructions by COB tomorrow. I would have waited to send you anything but I believe Mass Chiefs is going to forward this email as well, and I wanted you to know how we are proceeding.

The email below describes the three types of reimbursements – the only change from the last email I sent you is that they have decided that Major City Chiefs WILL be submitting a reimbursement on behalf of those agencies that sent officers in response to the request that Commissioner Davis sent for officers through them. I believe many of you have already submitted information to them.

If you will be submitting a reimbursement request to directly Boston *in accordance with #3 below*, please let me know ASAP.

Subject: Email for Reimbursement Notification

Good morning,

This email is in response to many emails we have been receiving regarding Mutual Aid reimbursement. All cities and towns who provided mutual aid during the Marathon bombing ("Critical Incident") and are seeking reimbursement, will fall into one or more of the reimbursement categories listed below:

1. **NEMLEC/METROLEC Response:** Cities or towns who deployed officers as a direct response to a request made by NEMLEC or METROLEC will submit their reimbursement requests to NEMLEC and METROLEC. NEMLEC and METROLEC will then seek reimbursement from the City of Boston/Boston Police Department ("BPD").
2. **Mass Major City Chief Association:** Officers who responded to the direct request from Mass Major City Chiefs Association ("MMCCA") for the Presidential Visit, will submit their request for reimbursement to MMCCA. [Please note that a MOA will need to be signed by the Boston Police Department and MMCCA before reimbursement is made by the City of Boston/BPD.
3. **Direct Response:** Cities and towns who deployed officers as a result of a direct request from the BPD, either by phone call or BAPERN, will submit their reimbursement requests to the Boston Police Department. ; Before reimbursement can be made, an MOA will need to be signed by the BPD and each city or town requesting reimbursement for their direct response. Contact information including phone numbers and email addresses should be provided to the BPD so that the MOA/Reimbursement process can commence. All questions and correspondence regarding Direct reimbursement should be sent to me, at the Boston Police Department.

Please note: if your town provided resources through multiple avenues above, you will need to request reimbursement for those costs through each channel. For example, if some officers responded through a LEC and others through direct response, you will need to submit the LEC officer's time through the LEC, and the direct response costs directly to the BPD through a separate MOA.

Listed below is my contact information.

Sincerely,

Lisa J. O'Brien
Finance Director
Boston Police Department
One Schroeder Plaza
Boston, MA 02120

REPS WILL FILE BILL TO COUNTER SJC IMMIGRATION RULING

By Andy Metzger

STATE HOUSE NEWS SERVICE

STATE HOUSE, BOSTON, JULY 24, 2017....After the state's highest court ruled there is no authority for officials to hold immigrants solely at the request of federal authorities, three Republican House members are working to gather momentum behind legalizing those types of detentions.

In a ruling hailed by civil liberties advocates that ends a longstanding immigration enforcement practice, the Supreme Judicial Court declared Monday that current state law "provides no authority for Massachusetts court officers to arrest and hold an individual solely on the basis of a Federal civil immigration detainer, beyond the time that the individual would otherwise be entitled to be released from State custody."

Rep. James Lyons, an Andover Republican, said he is working with Republican Reps. Marc Lombardo of Billerica, and Shaunna O'Connell of Taunton to gather co-sponsors on a bill he plans to file Tuesday or Wednesday.

Lyons said the bill would be "straightforward," giving Massachusetts police and court officers the power to arrest someone on a civil immigration warrant. "People are concerned about the rule of law," Lyons told the News Service.

Asked about how he thought the bill would fare in the Democrat-controlled Legislature, Lyons said, "Beacon Hill, I can't predict what's going on up there." While the high court ruling focused on court officers, advocates said the opinion prohibits any state official from keeping someone jailed solely at the request of Immigration and Customs Enforcement (ICE).

"Going forward, nobody in Massachusetts should be held on an immigration detainer unless the Legislature were to attempt to change that," said Emma Winger, Immigration Impact Unit staff attorney for the Committee on Public Counsel Services, who argued the case before the Supreme Judicial Court (SJC) in April.

"It applies to anybody with arrest authority," said Laura Rotolo, staff attorney at the American Civil Liberties Union (ACLU) of Massachusetts. Rotolo said that while many jurisdictions have limited their cooperation with ICE, the SJC is the first state high court to rule against ICE detainers.

Bristol County Sheriff Thomas Hodgson said the decision will make people more vulnerable to crime in Massachusetts.

"I wouldn't say it makes Massachusetts a sanctuary state. I think it makes Massachusetts more vulnerable - the people who live here and people who visit here - more vulnerable to become victims of crime, and also a further message to people throughout the country who are here illegally that we're the place you want to come," Hodgson said.

Working to fulfill a campaign pledge, President Donald Trump has sought to heighten border security and dished out scorn on jurisdictions that provide "sanctuary" to immigrants in the country illegally. House Democrats have formed a working group to respond to the Trump administration's policies in Massachusetts.

The SJC case concerned Sreyuon Lunn, who was born to Cambodian parents in a Thai refugee camp and entered the United States as a seven-month-old in 1985. Lunn was ordered deported after racking up a criminal record in the early 2000s.

According to the Suffolk District Attorney's Office, Lunn was then arrested last October for allegedly taking cash from a homeless man on Boston's Canal Street, but the victim didn't show up for the trial. The charges were dismissed, but Lunn was held by the Boston Municipal Court for ICE to pick him up.

"Lunn was physically detained in a holding cell, against his will, for several hours," read the SJC decision, which did not give any one justice credit for authorship. "He was otherwise entitled to be free, as no criminal charges were then pending against him and there was no other basis under Massachusetts law to hold him. The sole basis for holding him was the civil immigration detainer."

The ACLU worked to free Lunn from federal custody and ICE released him, according to Rotolo, who said Lunn had no country to be sent to because "no country accepts him as a national."

According to the office of Attorney General Maura Healey, the SJC opinion tracks the arguments her office laid out in court, including that the decision

should be left to the Legislature.

"Today's decision is a victory for the rule of law and smart immigration and criminal justice policies, and a rejection of anti-immigrant policies that have stoked fear in communities across the country. As my office argued in this case, Massachusetts law protects our residents from illegal detention and prevents the federal government from forcing local law enforcement to make decisions contrary to the public safety interests of their communities," Healey said in a statement.

Rotolo said she did not think the SJC decision - which carries the power of law - needs "any further codification" by the Legislature, but she said that legislation (S 1305/H 3269) pending before committee would add further protections for people in Massachusetts.

According to a letter from the bill's sponsors, Acton Sen. Jamie Eldridge and Lawrence Rep. Juana Matias, both Democrats, the legislation would give due process rights to detained immigrants, and prohibit "collaboration agreements between the U.S. Department of Homeland Security and law enforcement agencies that deputize state and local officers as immigration agents."

Chief, I contacted Sergeant Tony Kranefuss at 781-438-1215. He told me that they were all set. They have had to turn a lot of agencies away. He told me the response was overwhelming. They have some concerns about the Westboro Baptist Church. He will contact us if for some reason things change and they need our assistance. They appreciated the offer. Thanks Jim C.

Subject: Request for Mutual Aid

Chiefs,

On Monday, April 22, 2013, from 1500 to 1900 hours, Officer Sean Collier of the MIT Police Department will be waked here in Stoneham. The Collier family has requested that the services be private, limited to the family and the police departments that Sean was affiliated with. In preparing our response plan for the wake, we are unsure of the numbers of people who will be arriving to pay their respects to the family, as well as other groups who may arrive to complicate matters for us.

Due to the nature of how Officer Collier was killed, his wake and funeral on Tuesday have security concerns.

NEMLEC's RRT units have been taxed over the last week with their operations in Boston and Watertown, and have additional responsibilities on Wednesday with Officer Collier's memorial service at MIT. The NEMLEC units are on stand-by to respond to Stoneham should the need arise for an increase police presence.

In order to give these officers a well deserved rest, I am contacting you seeking officers from nearby departments that could respond to Stoneham tomorrow on a mutual aid basis, to help us out with our traffic plan. I am looking for 17 officers from 1330 hours until the services are concluded. Again, we are unsure how things are going to play out. As the events of the evening unfold, I will ensure that officers will be released as soon as possible.

On Tuesday, April 23, Officer Collier's Funeral Mass will take place in Stoneham at 1000 hours. Again, we are unsure of what the turn out for the Mass will be. Additionally, we will need to address security concerns at both the funeral home and church. I am looking for 20 officers from 0700 hours until the conclusion of Mass to assist with traffic and security.

If you are able to send an officer on either day, please contact Sergeant Tony Kranefuss at 781-438-1215 on Monday morning.

Thanks for the support.

Jim

[026 - Bias Based Profiling_3948_23640_v1.00.docx](#)

Captain Flaherty

After reviewing APD Policy and Procedures and General Orders dating back to 2005 regarding this request.....

[Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.](#)

I see that **Policy No. 004 Consular Notification** specifically addresses "Arrests and Detentions of Foreign Nationals". This policy was originally put into place on 3/1/2007 via General Order 8 of 2007.

I. Policy Statement:

It shall be the policy of the Arlington Police Department, that whenever a foreign national, as defined herein, is arrested or detained, they must be advised of the right to have their consular officials notified.[1.1.4] See [Consular Notification Form](#). In some cases, the nearest consular officials must be notified of the arrest or detention of a foreign national, regardless of the national's wishes [See Section VI. below]. Once notified, Consular officials are entitled to access to their nationals in detention, and are entitled to provide consular assistance.1.1.4

I. Arrests and Detentions of Foreign Nationals:

Whenever a foreign national is arrested or detained in the United States, there are legal requirements to ensure that the foreign national's government can offer him/her appropriate consular assistance.

- A. **ALL:** In all cases, the foreign national must be told of the right of consular notification and access.
- B. **OPTION:** In most cases, the foreign national then has the Option to decide whether to have consular representatives notified of the arrest or detention.
- C. **MANDATORY:** In other cases, however, the foreign national's consular officials must be notified of an arrest and/or detention regardless of the foreign national's wishes.

Whenever a foreign national is taken into custody, the detaining official should determine whether consular notification is at the option of the foreign national or whether it is mandatory.

A list of all embassies and consulates in the United States, with their telephone and facsimile

numbers, shall be maintained at the front desk and dispatch areas.

I also found that **Policy No. 026 Bias Based Profiling** may or may not have a connection to this request. This policy was originally put into place on November 25, 2017 via General Order 7 of 2013. It states that....

- A. It is the policy of The Arlington Police Department to prohibit biased based profiling. [1.2.9(a)] Employees are prohibited, except in “suspect specific incidents,” from considering race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable groups in deciding to detain a person or stop a motor vehicle and in deciding upon the scope or substance of any law enforcement action. It is also the policy of this department to:
1. Proactively enforce all motor vehicle laws;
 2. Provide all people within this community fair and impartial police services consistent with constitutional and statutory mandates;
 3. Assure the highest standard of integrity and ethics among all members of the Police Department;
 4. Respect the diversity and the cultural differences of all people;
 5. Take positive steps to identify, prevent, and eliminate any instances of bias based profiling by members of the Police Department; and

Continue the Department’s commitment to community policing initiatives and problem-solving strategies including vigorous, lawful and nondiscriminatory traffic enforcement that promotes public safety and strengthens public trust, confidence, and awareness.

I found no other mention of this topic within the General Orders I reviewed from 2005 to present. For your convenience I have attached the policies mentioned above.

I hope this information is helpful.

Re: Massachusetts Public Records Request

Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard

Subject: Boston marathon - Reimbursement

Hello All,

We are coming down to the end of the road and expect to have final addendum

signed with Boston in the coming days (Chief Begonis and Kent – you are signers). This will enable us to proceed with reimbursements, the process for that now decided as well.

Our attorney has the addendum, which is the same as always except for one change I wanted him to review, and a couple of changes regarding the needed supporting documentation to get reimbursed.

I sent a request on May 30th to get the locations of all responding officers. I know this could be a fairly extensive amount of work and may take time, but – FOR NOW – I just need to know that this is information we have, or can get. This location information will be a requirement of reimbursement.

Can at least one of you from each unit – MIT, Motor, RRT/SWAT – confirm that this can be done ASAP?

BREAKING NEWS ALERT

Fifty immigrants across the state were among nearly 500 nationwide arrested for federal immigration violations in an operation that targeted so-called sanctuary cities.

In a statement from US Immigration and Customs Enforcement, Massachusetts was the only state singled out.

Subject: Fwd: ICE Detainers

Jess,

I received the following request. Please draft a response and forward to me. Danielle has pulled the reports and I have reviewed them. There is a report involving a rape of a child that we will not release. Please review the other reports and redact any information as needed. If you have any questions, please let me know;

Thank you.

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

*John Hilliard

Sharyn,

We recently renovated our building and part of the renovation was upgrading our existing (but not functioning) indoor range. We just completed the work and would be very happy to have Chief Corr come for a tour. The company we used was Action Target from Utah. We were very pleased with their work. I've copied the contact information below;

Sent: Monday, October 24, 2016 9:41 AM
To: Sharyn Lubas
Subject: Indoor // Outdoor Firing Range

Hi Sharyn.

Could you forward this request to the NEMLEC Chiefs.

In early 2017, Lexington will be studying our outdoor firing range to consider moving it (onsite at the Hartwell Avenue compost facility), enlarging and/or expanding its function. If the former landfill can accommodate a larger range and be designed to reduce sound, Lexington will consider making the range a regional facility. I hope that an indoor training space can also be built with a classroom or two, an indoor simulation training space for 24/7 training, restrooms and storage. I am also brainstorming whether this indoor training space could also be designed to provide hands on training for ALICE/Run-Hide-Fight training as well.

Could you please send to me any architects, specialists or designers you have used for building an outdoor / indoor firing range. If they have any experience with using a

retired landfill -- that would be great.

Chief Mark Corr

To: Sharyn Lubas
Subject: Indoor // Outdoor Firing Range

Hi Sharyn.

Could you forward this request to the NEMLEC Chiefs.

In early 2017, Lexington will be studying our outdoor firing range to consider moving it (onsite at the Hartwell Avenue compost facility), enlarging and/or expanding its function. If the former landfill can accommodate a larger range and be designed to reduce sound, Lexington will consider making the range a regional facility. I hope that an indoor training space can also be built with a classroom or two, an indoor simulation training space for 24/7 training, restrooms and storage. I am also brainstorming whether this indoor training space could also be designed to provide hands on training for ALICE/Run-Hide-Fight training as well.

Could you please send to me any architects, specialists or designers you have used for building an outdoor / indoor firing range. If they have any experience with using a retired landfill -- that would be great.

Chief Mark Corr
Lexington

Subject: Fwd: Motor Unit Call Outs 4/28/19

Cpt,

There are 2 separate callouts coming up on Sunday, 4/28/19. I am writing to request permission to attend either one or the other events. Which one doesn't really matter, it would most likely be as needed for each callout. Please advise me at your earliest convenience as to whether or not Off Kelley and I could attend, as to allow for proper planning and allowing us to advise the Unit Commander as to our availability.

Thank you
Sgt Pedrini

Subject: Patrick Beagan whereabouts

This is his whereabouts...

From Forrester, there is the North Trail that winds into the woods. Walking along this trail for ~4 minutes and you will run into a area of reeds/cattails. Continue walking the trail until you have to duck under the gnarly tree next to the Little River. Look about 20 ft in the reeds from the trail at this point.

Hi Nicole,

Thank you for writing about this matter. Arlington did have an officer on bicycle dispatched in Boston yesterday. For broader context, please see the narrative from the Chief pasted below. Please notice that we have discontinued sending officers for the time being.

"Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like

the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time."

Thank you again for writing and I would be happy to discuss further if you would like.

Best,
Adam W. Chapdelaine

CAUTION: This email originated from outside of the Town of Arlington's email system. Do not click links or open attachments unless you recognize the REAL sender (whose email address in the From: line in "<>" brackets) and you know the content is safe.

Town Leaders of Arlington,

I am writing to discuss the presence of the Arlington Police Department at recent protests in Boston, and entreat that you hold your organization accountable. Your mission is to protect your community and promote peace—and yet, in sending the APD, you abet the nightly violence incited by the police force. Your own residents attending these protests have been shot with baton rounds, beaten, and pepper sprayed as a result.

Every video and firsthand account has been unequivocal in its depiction of the events that occurred. Towards the end of Sunday night's peaceful protest, the police sent their vehicles at high speeds towards the crowds, allowed them insufficient time to disperse, actively blocked off exit roads, and then opened fire onto a cornered crowd. Their violence was immediate, unprompted, and indiscriminate. Last night followed a similar pattern. Following a peaceful march, in a park far removed from local businesses, the police drove their SUVs and vans directly into the crowds of protestors, flanked by cops on foot with long clubs.

The police are instigating violence, descending on peaceful crowds whose sole mission is to raise their voices in the name of peace, safety, and equality. And among them, identified by eyewitnesses, were members of the APD.

The Chief of Police expressed in the Arlington statement regarding the death of George Floyd that he "condemn[s] these acts in the strongest possible terms."

In response, I have a few questions:

Why are you spending money during this time of pandemic austerity to send the APD alongside the Boston

Police Department as they plow into crowds of protesters?

How can you, in good conscience, release a statement to the Arlington community that supports the intrinsic values of these protests, when you contribute to the persistent abuse by sending reinforcements to the BPD?

I urge you to actively refrain from aiding the Boston Police Department. Stand in solidarity with the protestors. Work with us to foster peace, not destroy it. Let your actions reflect your words, and remove Arlington police presence from future protests.

There have been enough headlines about the brutality and deaths caused by the police. Help us keep the next one from starting here.

Sincerely,

Nicole Cerundolo

Subject: Arlington Police Department Presence at Boston Protests

CAUTION: This email originated from outside of the Town of Arlington's email system. Do not click links or open attachments unless you recognize the REAL sender (whose email address in the From: line in "<>" brackets) and you know the content is safe.

Town Leaders of Arlington,

I am writing to discuss the presence of the Arlington Police Department at recent protests in Boston, and entreat that you hold your organization accountable. Your mission is to protect your community and promote peace— and yet, in sending the APD, you abet the nightly violence incited by the police force. Your own residents attending these protests have been shot with baton rounds, beaten, and pepper sprayed

as a result.

Every video and firsthand account has been unequivocal in its depiction of the events that occurred. Towards the end of Sunday night's peaceful protest, the police sent their vehicles at high speeds towards the crowds, allowed them insufficient time to disperse, actively blocked off exit roads, and then opened fire onto a cornered crowd. Their violence was immediate, unprompted, and indiscriminate. Last night followed a similar pattern. Following a peaceful march, in a park far removed from local businesses, the police drove their SUVs and vans directly into the crowds of protestors, flanked by cops on foot with long clubs.

The police are instigating violence, descending on peaceful crowds whose sole mission is to raise their voices in the name of peace, safety, and equality. And among them, identified by eyewitnesses, were members of the APD.

The Chief of Police expressed in the Arlington statement regarding the death of George Floyd that he "condemn[s] these acts in the strongest possible terms."

In response, I have a few questions:

Why are you spending money during this time of pandemic austerity to send the APD alongside the Boston Police Department as they plow into crowds of protesters?

How can you, in good conscience, release a statement to the Arlington community that supports the intrinsic values of these protests, when you contribute to the persistent abuse by sending reinforcements to the BPD?

I urge you to actively refrain from aiding the Boston Police Department. Stand in solidarity with the protestors. Work with us to foster peace, not destroy it. Let your actions reflect your words, and remove Arlington police presence from future protests.

There have been enough headlines about the brutality and deaths caused by the police. Help us keep the next one from starting here.

Sincerely,

Nicole Cerundolo

Chief,

Its owned by a Mirak subsidiary, Arlington Center Garage and Service Corp. I left a VM at the contact number (781) 643-7823 on my lunch break today. Do you think an element of the NEMLEC Motors should be used for this? We have used them in the past for Patriots Day. They will give us whatever number we want.

Hi Matt,

Hope that you're doing well. Sounds like you and your team are putting together a great plan for the graduating seniors.

For the banners, you should speak with Mike Rademacher (copied here) and he can look into the logistics of getting it done. You will also need to have the Select Board approve the hanging of the banners and they are meeting again on 5/18.

As for St. Camillus, you will need to speak to Fr. Marc Bishop (copied here).

Thanks again and please let me know if I can help any further.

Subject: Graduation Planning

Hi all,

We are so appreciative of the assistance and support from the APD and BOH this week in helping us to plan for alternate graduation planning. We can use some help from folks in finding the appropriate contact people for some items. I am happy to have a phone conversation to explain any items if you need more information. You can reach me at 781-434-8215.

1. We would like to hang banners on the town light poles. We need a contact to get permission and to get assistance with putting those up.
2. We would like to ask St. Camillus Parish to borrow their parking lot. I understand that they are shut down right now. Does anyone have a contact we can reach out to?
3. The APD recommended starting the graduation car caravan at 37 Broadway. Is there a contact we need to reach to get permission to use this?

Thanks for your help,
Matthew

Chiefs,

This is a request to see if you are able to send a cruiser to Lucas St Onge's 9th birthday party and 4 year anniversary of his last transplant. He is the young man Chief Fisher spoke about on the NEMLEC meeting call last week that chiefs may remember from the Jimmy Fund Walk each year. His picture is on our board at Dana Farber. He lives at 314 W Meadow Road in Lowell, but police officers are meeting at the **Wang Middle School, 365 W Meadow Road in Lowell at 1:30 PM. The drive-by at 2 PM is being facilitated by the Lowell Police Department.**

If you are planning on sending a cruiser please reply to this email so we can forward the information to Lowell P.D.

Thank you.

This is a reminder that Chelmsford PD is hosting a meeting for us this Friday from 10-2pm. Agenda will be a presentation from the FBI analysts on technology related topics. We will also review the new joint NEMLEC/MetroLEC website for detectives and IT officers.

There are numerous places available for lunch in the area so we don't expect to go past 1pm.

If anyone has any technology questions or news that would benefit the group please share it with us on Friday.

Thanks,

Greg Katz

Chief,

I'd be happy to learn social media to help the department have more of an online presence. I think that I could be beneficial, especially as a member of NEMLEC where we do tons of charity rides and public events.

I'd also like to recommend Officer Canniff and Officer TJ Kelly for the program as I think they are two of the most active community policing officers we have in our department.

Jess,

I received the following request. Please draft a response and forward to me. Danielle has pulled the reports and I have reviewed them. There is a report involving a rape of a child that we will not release. Please review the other reports and redact any information as needed. If you have any questions, please let me know;
Thank you.

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and

Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

Subject: Re: Issues in Arlington

Petru and Riley,

The Arlington Police Department is committed to the safety of all who live and work in town. Currently, we have a member of our department assigned to the FBI Task Force. He regularly works with the JTTF (Joint Terrorism Task Force) and monitors any activity that relates to Arlington or surrounding cities and towns.

Additionally, our department has been trained in active shooter training and all department members are scheduled to attend ALERRT Training (Advanced Law Enforcement Rapid Response Training) next month. We also partner with The Boston Police Departments Regional Intelligence Center (BRIC) and receive daily law enforcement sensitive bulletins regarding any activity worldwide. Please let me know if you have any other questions or need any other assistance with your project.

Chief Julie Flaherty

Dear Mr. Chapdelaine,
Hello, my name is Petru Sofio from the Ottoson Middle School, you may remember me from the Bus Rapid Transit meetings. We are working on a project to prevent terrorism in the town we grew up in. We are wondering if there are any terrorist prevention projects happening in Arlington.

Thank you for your time.

Sincerely,
Petru Sofio, and Riley Faulds

Subject: Leased Police Cars

Sharyn:

Can I make a request to ask the other Departments a few questions about leasing police cruisers? If possible, can you please forward this email to the NEMLEC communities.
Thank you.

The questions are:

If any Department currently or in the past have leased police cruisers?
If anyone has leased cruisers, were they for front line cruisers or for specialty units?
If vehicles have been leased, which leasing company has been used?
Lastly, if anyone did lease vehicle and no longer do so, what was the reason for not continuing the lease process?

Thank you for any assistance you can provide.

Hi Diego,

All is well here and I hope the same for you. I apologize for the delayed response, but I was out of the office last week and I am still digging through all my emails.

In response to your request, I have attached the language that Arlington Town Meeting approved this spring. It is not a bylaw or an ordinance, but rather a resolution.

Also, I do not believe that we have a formal Police policy, but the text pasted below is our Chief's description of the APD protocol:

The Arlington Police Department, nor any other municipal or state police agency in the Commonwealth, has the authority to enforce federal immigration laws. Therefore, when a motorist is stopped by the roadside or if an officer otherwise engages with a citizen, we typically run the person through the Warrant Management System (WMS) and/or the National Crime Information Center (NCIC). These queries DO NOT check the immigration status of the person stopped, and our officers do not inquire as to the immigration status of the person stopped. These checks simply check for criminal arrest warrants or missing persons issued by a court or law enforcement agency of proper jurisdiction.

The only time that a query is made relative to a person's immigration status is following a criminal arrest. During the arrest booking process our supervisors submit electronic fingerprint images to various state and federal databases in an attempt to positively identify the person and to see if they are a wanted person. It is during this process that an automated query is made to determine the presence, or lack thereof, of an ICE detainer. If there is a detainer, ICE is notified electronically (not by APD) and they take whatever action they deem appropriate. Note, given that the person is under arrest by APD for criminal charges any detainer has no impact on how we manage the detainee. We process the offender and avail them to bail or transport them to the Cambridge District Court, depending on the time of day.

I hope this information is helpful to you, and otherwise I'll see you at Leg Comm next week.

Best,

Adam W. Chapdelaine
Town Manager
Town of Arlington

Subject: Local Immigration Policies

Good afternoon Adam,

I hope this email finds you well and that you've had a chance to enjoy the summer.

As a follow up on the Immigrant Advancement Forum we held in June, MAPC is starting to collect best practice documents around local immigration policies, like the one attached. I know Arlington passed a Welcoming Town ordinance earlier this year. Would it be possible for you to email me a copy of that ordinance? And does the police department have a formal policy as well?

Please let me know if you have any questions. Thank you and I look forward to seeing you in September for Legislative Committee!

Best,

Diego Huezo

Lt. K – thank you. I'm concerned about the expense of this training and the fact that three officers will be taken out of the rotation for two weeks. With all of the LOD's etc. it's hard to justify three. Can we narrow it to two? Thank you!

Chief R.

Chiefs,

This is a request to see if you are able to send a cruiser to Lucas St Onge's 9th birthday party and 4 year anniversary of his last transplant. He is the young man Chief Fisher spoke about on the NEMLEC meeting call last week that chiefs may remember from the Jimmy Fund Walk each year. His picture is on our board at Dana Farber. He lives at 314 W Meadow Road in Lowell, but police officers are meeting at the **Wang Middle School, 365 W Meadow Road in Lowell at 1:30 PM. The drive-by at 2 PM is being facilitated by the Lowell Police Department.**

If you are planning on sending a cruiser please reply to this email so we can forward the information to Lowell P.D.

Thank you.

On Dec 14, 2012, at 5:59 PM, "Fred Ryan" <fryan@town.arlington.ma.us> wrote:

This message went out to all police personnel:

As the police chief of this great department and as a father of young children, I am deeply saddened and shocked by today's unthinkable crimes in Connecticut.

As the tragedy in Connecticut continues to unfold, our citizens will undoubtedly wonder about the safety of their children and students in our community. As leaders in the community, we may be called upon to address these concerns and to reassure our community that their schools and our Town are safe and well positioned to protect their loved ones.

I have been in contact with the Town Manager and Superintendent of Schools and we will work in concert on unified messaging and appropriate community notifications.

Our community and school officials may call upon us for a heightened police presence in the coming days. Capt. Flaherty has posted some informational resources on DHQ and both she and Insp. Walsh have been communicating with the NEMLEC School Threat Assessment and Response System (STARS).

I also ask that ALL supervisors and officers review our response procedures to any school and or town building. I ask that this be accomplished immediately at every roll call.

I am confident this department will meet the needs of the community during this trying time for the residents of Newtown, CT and our country. I encourage ANY member of the department to contact me if you have any ideas or if you feel our department should be doing more.

Please stay safe and keep the victims and their families of these horrific crimes in our thoughts and prayers!

Respectfully,

Frederick Ryan

Adam – we are actively searching for a missing/endangered 16 year old female who has a history of mental illness. As part of our investigation we traced her cell phone to Menotomy Rocks Park where a suicide note and all of her other belongings were found. We have closed the park and our officers are searching the area on foot. Meanwhile we have called for the NEMLEC police dive team and the state helicopter to do an aerial search of the pond.

This is a very active situation and I will keep you posted as we go along. We're hoping for a favorable outcome.

Chief,

I put this out on DHQ and the following officers signed up:

Monday 6/15 - Sgt. Martin, Officer Milner

Tuesday 6/16 - Insp. Smith, Officer Wesley

Officer Foley said he would do either day and Sgt. Pedrini said that he is doing the recertification so he will be there both days.

For reference, I attached the most recent list of motorcycle trained officers I have from 2018. I don't think anyone else has been trained on the motorcycle since then.

Subject: NEMLEC Technology Luncheon
When: Tuesday, December 03, 2013 11:00 AM-2:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: Microsoft, 1 Cambridge Center, 4th Floor, Thoreau Room

Looks like a good turnout tomorrow. First hour we will be discussing the new CJIS requirements for dual factor authentication from Cruiser laptops. Something that just about everyone will be dealing with this Summer. I believe Bob Ankenbauer has a guy from RSA Security coming.

If you'd still like to come, it's not too late, just let me know today so we can get enough food.

We will be having our meeting at the Microsoft Facility in Cambridge. Directions and info are attached related to the venue.

Here's the tentative agenda

- 11-12 NEMLEC Private Session

12-1 Provided Lunch courtesy of Panasonic

- 1-1:20 Microsoft Presentation (Windows 8)
- 1:20 – 1:40 Utility Rocket (next gen modem/communications hub for cruisers)
- 1:40 – 2 Panasonic presentation (Tablet evolution and Arbitrator 3.0)

Thanks,

Greg Katz

Subject: NEMLEC

CAUTION: This email originated from outside of the Town of Arlington's email system. Do not click links or open attachments unless you recognize the REAL sender (whose email address in the From: line in "< >" brackets) and you know the content is safe.

Chief,

I have composed a list of possible activities or events when you could, if willing utilize the assets that NEMLEC units provide.

- July 4th at the farm (motors/bicycle unit)
- Pats Day parade/road race/ re-enactment (motor)
- Funeral of retired Officer (motors)
- Town Day events (motors/ bicycle/rrt)
- Town night fireworks (motors/bicycle/rrt)
- AHS Graduation (motors/bicycle)
- Any large funeral processions (motors)
- Hostage situation (swat/rrt)
- Missing person (rrt/motors)
- Large events where perimeter is required ie: Columbia gas Andover (motors/rrt/bicycle)
- Large crowd control events (motors/rrt/bicycle)
- Any incidents where communication is needed/command post (????)
- Any situation where you are forcing Officers who do not want to work (motors/bicycle/rrt)

As a member of the motor unit, I have done various escorts and events in several towns. If you speak to the members on the bicycle unit(S. Conroy) or the command post (Foley) they may have better events or circumstances that they have responded to. The use of any of these units is to free up the current shift Officers as to allow day to day operations to continue without interference.

The motor unit is slowly coming into the on call response as we did when the Columbia Gas incident occurred and if need be several If not all would come and help.

In closing, the cost of these resources is zero, and it takes the burden off the day/night shift to

control the event. We have been used for everything under the sun. It's a resource at your disposal and I think you would find it a valuable tool if used in the future.

Thank you,
Rob Pedrini

Subject: new IPs for Arlington PD

Bob,

We are deploying four new mobile data terminals for Arlington PD. I imaged the MDT that you and I worked on the other week so the software is installed properly. The four new IPs are as follows:

- 166.249.64.44
- 166.249.64.45
- 166.249.64.47
- 166.249.64.48

These IPs should be added to the CJIS system today. Are there any changes we have to make to the individual machines or does the Mobile Cop system just allow access based upon the IP and individual log in? Please let me know if you need anything else from our side.

Thanks,

Jim

Joan,

Hope all is well! I wanted to reach out because I recently joined a PR firm and will be putting on a Communications Training Event for PIOs in Cambridge on April 4th.

I wanted to reach out to you with information about this training in case you or anyone at your department is interested. From my time at Cambridge PD, I know there is a big need for this type of training at other departments and I'm excited to be sharing my thoughts on the subject with those who attend.

I've attached a PDF with more info about the training and hope you'll take a look and pass it on.

Please feel free to reach out with any questions you may have.

Cheers!

Subject: Police Assets/Resources Update

Adam – we currently have two motorcycle officers who are assigned to the NEMLEC Motor Unit deployed in Boston and assigned along with BPD mobile field force motor officers. Also, we have one officer assigned to the NEMLEC Mobile Command Post. We expect these officers to be relieve at 6pm today.

Here in Town we have had a few calls for suspicious activity/packages and we expect that these type calls will continue to come in as long as we are all in a heighten state of alert. Please let me know if you have any questions.

We can take something similar on social media:

Early today, at approximately 4 a.m., a K-9 unit located a body in a marshy area between Cambridge and Arlington. The body has preliminarily been identified as that of Patrick Beagan, age 45, of Arlington, who had been missing since Thursday. Foul play is not suspected, however the Middlesex District Attorney's Office will make a final determination. No additional information is available at this time.

Body of Missing Arlington Man Located

ARLINGTON -- Chief Frederick Ryan reports that a Northeastern Massachusetts Law Enforcement Council (NEMLEC) member K-9 unit, working under the command of the Arlington Police Department, at 4 a.m. today, located a body in a marshy area between Cambridge and Arlington.

The body has preliminarily been identified as that of Patrick Beagan, age 45, of Arlington, who had been missing since Thursday.

Foul play is not suspected, however the Middlesex District Attorney's Office will make a final determination.

No additional information is available at this time.

Subject: (Archive Copy) RE: Record Request
Date: Wednesday, September 9, 2015 4:03:31 PM

Good afternoon Captain,

If there is a unified position being taken with respect to this request by NEMLEC members, please let me know.

That said, conflict of interest disclosures (but not requests for opinions) are by nature very public documents. They should all be on record at the Clerk's Office. I have at least two disclosures available from Chief Ryan that I can think of off the top of my head.

We should initially reply by email asserting that the request has been received and a thorough search for responsive documents is underway, but note 1) that the request is not limited in time – it would be helpful (particularly if they would like us to waive fees) to limit the date range of disclosures; and 2) that disclosures are not likely to be searchable by subject matter – i.e. NEMLEC.

Please let me know if you need assistance drafting a response.

Sincerely yours,

Douglas W. Heim

Chief's,

I would like to take this opportunity to thank all of you for all the support that was sent to us here in Lawrence over the weekend. We had 2 different days of protesting and 2 days of people marching on our station. All of the NEMLEC command staff was incredibly professional and it was comforting to know that so many resources were available in case things went sideways. Thank you Chief Fisher for your constant communication. It goes without saying that NEMLEC is an incredible resource for all of us and there is truly strength in numbers during these challenging times. I hope you all the best moving forward and know that the Lawrence Police Department is ready to help you anytime.

Thanks again,

-Roy

Subject: Response

Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time.

Hi Adam,

Just a reminder to send me the contact people for organizations that have worked with Fred Ryan.

As I mentioned to you we need to increase the membership of the library foundation board. We are looking for expertise in financial investments, sales/marketing, social media or web design, and Salesforce database. If there are other people with skills that you think would benefit the fundraising campaign we would also be interested in these people.

Thanks.

Maryellen

Sorry Captain didn't reply to your other question — I don't know the OT status of those two PM's I'd be working in-lieu-of, however I'm guessing there are little to none overtime's on those involved PM's as of now.

Best,

Steve Conroy

Subject: Fw: Salem deployment

Good evening Captain,

NEMLEC sent this out today, and they are looking for immediate response for various dates in October.

Two dates would earn me approximately a full day (8 hours) of OT (I will likely take for time-due), and one day I anticipate will be approx. 4-6 hours. Two other evenings I would respond in lieu of my PM shift. For planning/budget purposes, I cannot work Halloween as I am going to the MPA annual convention as a Dept. Delegate, and I am responding immediately from the convention to NYC, to run my marathon I have been training for!

I will send you a quick line from my town account too, I hope the attachment opens up no problem for you sir. I will be working a detail in the morning, 9/18/19, in the event you have any questions/concerns.

Thanks in advance sir.

Best,

Ofc. Steve Conroy

Subject: Salem Deployment

All,

Attached are the dates and times for the Salem deployment in October. Salem only reimburses for Halloween night so make sure your Chief okays the overtime. All events are based on the weather.

Let me know your availability ASAP. They are only requesting 10 officers per shift. I know most of you have families but it would be great if I can get 10 for Halloween night.

Good morning,

There was a case out of New York City a number of years ago under the Giuliani Administration which unsuccessfully challenged section 1373. I'll check it out to get a sense of where the law has evolved from there. My memory is that NYC and other communities could not direct their employees not to cooperate with the federal government, but they could direct them not to gather information that would make that collaboration effective. Our practices already lean toward the latter.

I've attached my other comments to the Word Document.

Subject: RE: Text of EO

Thank you, Adam. I agree that our current practices could put us at risk if they were part of a formal written policy or program. Ours is a philosophical approach to policing and our unwritten protocols are aligned with the values of the community. The EO empowers the Secretary to designate those jurisdictions he/she determines to be sanctuary jurisdictions, and I suspect that the process to make such a determination would be a review of the jurisdictions policies, resolutions, etc.

If we have nothing in writing but we practice our policing in alignment with community values my hunch is that we'll fly under the radar (total speculation.) Here is the language of the US Code referenced. It uses language such as "prohibit" and "restrict".

§ 1373. Communication between government agencies and the Immigration and Naturalization Service

(a) In general Notwithstanding any other provision of Federal, State, or local law, a Federal, State, or local government entity or official may not prohibit, or in any way restrict, any government entity or official from sending to, or receiving from, the Immigration and Naturalization Service information

regarding the citizenship or immigration status, lawful or unlawful, of any individual.

(b) Additional authority of government entities Notwithstanding any other provision of Federal, State, or local law, no person or agency may prohibit, or in any way restrict, a Federal, State, or local government entity from doing any of the following with respect to information regarding the immigration status, lawful or unlawful, of any individual: (1) Sending such information to, or requesting or receiving such information from, the Immigration and Naturalization Service. (2) Maintaining such information. (3) Exchanging such information with any other Federal, State, or local government entity.

Doug, Fred and Sandy,

I have cut and pasted the text of the executive order on immigration into the attached word doc. I have also highlighted key areas and inserted comments for your consideration. I am concerned that our current practice will have us at risk of losing funding regardless of any designation the Town may make.

Please review and let me know your thoughts.

Ned, Brian Fennelly is very proficient with the Camera. He could show you anything that you need to know. Instructions on how to operate the Camera are available from the Camera itself. The best way to become proficient with the Camera is to use it. Feel free to take it home overnight and use it. Keep in mind in the event of an emergency we may need to you to bring it in. Thanks Jim C.

Subject: Training

Good Morning!

I currently have been to SA training. I would be willing to attend any training that would help me better perform my duties. I have a Coplink account but could use the training. I do not have a NEMLEC Log on or an Accurant account. I could also use a refresher on the camera(S). Do we have a manual?

I contacted Lt. Sencabaugh of the STARS Program. There is a mandatory prerequisite training on Feb 7th. I am tracking down records of the ICS trainings that I completed with the Transit PD. I'm not sure if they made it to APD. I have a call into Lt. Kiernan.

Once again, thank you for your efforts on my behalf, NED

Subject: Trust Act

RESOLUTION/SANCTUARY TOWN VOTED: It is hereby resolved that:

WHEREAS, the Town of Arlington desires to provide safety, opportunity, access, and equality for all immigrants and people of all ethnicities and religions; and

WHEREAS, the federal government's Immigration and Customs Enforcement ("ICE") Priority Enforcement Program, uses local law enforcement data to identify suspected "criminal aliens" in local custody; and
WHEREAS, ICE issues civil immigration detainer requests which allow for prolonged detention during which ICE investigates the immigration status of suspected "criminal aliens" in local custody; and

WHEREAS, fear of detainer requests and other immigration enforcement measures inhibits many community members from seeking protection from public safety officials and from providing aid to public safety officials during investigations of crimes; and 25

WHEREAS, the Arlington Police Department ("APD") has demonstrated its commitment to both the inclusionary values of the Town of Arlington and the efficacy of engendering trust throughout all facets of the Arlington community in the service of all residents without any sacrifice in its ability to protect residents from violent criminals; and

WHEREAS, Town Meeting wishes to voice its support for APD's continuation of its present practices, and make it known that all persons are safe from discriminatory law enforcement in Arlington.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing and human rights policies of refusing to investigate, arrest, or detain persons based purely on their immigration status without any other suspicion or cause.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing goal to keep all individuals, regardless of immigration status, who are violent or otherwise a threat to the public good off the streets.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in fostering trust in a diverse community by specifically declining to arrest, detain, or extend the length of custody of an individual solely on the basis of a civil immigration detainer request, unsupported by a criminal warrant signed by a judge and/or

probable cause.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to respond to any ICE notification request seeking information about an individual's incarceration status, length of detention, home address, work address, personal information, hearing information, or pending release.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to join in any operation led by a federal agency for the sole purpose of identifying and/or detaining persons not accused of any crime for deportation purposes, which would erode parts of our community's trust and could hamper effective law enforcement.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD, and other Town first responders and officials, in declining to inquire about the citizenship or immigration status of the victim of a crime, a person who is reporting a crime or a medical emergency, a person who requires aid, or witnesses, family members and/or bystanders unless required by valid federal or state law.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the citizenship or immigration status, or religious or ethnic identity of individuals, unless such information is required by law to be gathered, or is necessary to provide a public benefit to the individual.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the religious or ethnic identity of any person for the purposes of ICE detentions and deportation actions or the creation or maintenance of a registry of individuals based upon their religious affiliation, ethnicity, or national origin, unless required by valid federal or state law, or directly 26 relevant to business between that individual and the agency or department.

BE IT FURTHER RESOLVED, nothing in this resolution shall prohibit or restrain any Town official or department from sending to, or receiving from, any local, state, or federal agency, information regarding citizenship or immigration status, consistent with 8 U.S.C. section 1373. (5-0)

COMMENT: The Board of Selectmen values and respects the thorough and civil debate that has already taken place to date on this article. There are relatively few instances where national politics on an issue as broad as immigration impacts a local government's functions and a community's values so distinctly as the issue of how our local police force should operate and expend its resources relative to the enforcement federal immigration laws. The resolution recommended by this Board and the Arlington Human Rights Commission endorses and encourages the Arlington Police Department's existing, operationally sound and humane practices with respect to gathering and disseminating information on the immigration status of the residents, workers, and visitors in Arlington. These practices, considered consistent with a immigration "Trust Act" in other communities, will be bolstered by this resolution because one of the critical virtues of this resolution is making it clear to undocumented immigrants – as witnesses, victims of crimes, concerned residents or visitors, or others in need to assistance – that the Town of Arlington and its police force and first responders are here to protect and serve this community, not engage in deportation activities. Through advertising such a message, we believe Arlington is a safer and more welcoming community because no one will avoid providing information to APD or seeking appropriate assistance from the Town out of fear of immigration repercussions. Moreover, it maintains the tone of this community, as perhaps best reflected every year at Town Meeting, that we invite engagement and we invite dialogue with this Town's government. Many real and important concerns have been articulated in opposition to this resolution and we do not dismiss them lightly, including the unlikely, but potential loss of federal funds (which under legal norms should be limited to homeland security-related activities). However, it must be stressed that this is not a matter of complying with one set of laws to ignore others we find merely inconvenient. Rather, it is an occasion where conflicting laws and foundational legal principles, including the rights and powers of state and local governments versus the federal government are brought into focus. The Selectmen believe that we have the right and duty to support our police force and other Town personnel in a just practice that benefits our community; that we should not have our arms twisted to our own detriment and the detriment of others. Therefore, we unanimously recommend this resolution to Town Meeting.

The October NEMLEC Area Detective's Meeting will be held on Wednesday October 8th at 10AM at Bear Hill Country Club in Stoneham. Last month's meeting was well-attended and very informative. All are welcome. Please park in the Maintenance Lot beyond the main parking lot. Please bring up to 30 copies of recent significant Arrest/Crime activity.

The Acton/Concord Regional Detective's Meeting will be held on Thursday October 16th at 10AM at Acton PD. All are invited to attend. Contact is Det. Chris Browne in Acton.

NEORCA : Law Enforcement has Free Access to the New England Organized Retail Crime Association website. www.neorca.org
The site posts photos, descriptions and significant activities related to shoplifting crews, credit and check frauds and related crimes throughout New

England. Law Enforcement can be a critical tool in identifying individuals involved in Organized Retail Crime who in many instances are also involved in daily police encounters, and the intelligence info may help solve ongoing investigations. Please consider joining.

Burlington PD is recruiting Entry Level Police Officers

-

The Burlington Police Department, in partnership with Police Exam Solutions (PES) <http://www.policeexamsolutions.com> has begun the recruitment process to fill current and future police officer openings. The written exam is set for **November 1, 2014**. The information and job posting is on the PES website. Any interested candidates may apply on-line through the website. The minimum qualifications are posted in the job posting. The hiring process is expected to last approximately 2-3 months.

Chiefs/ Acting Chiefs:

Pursuant to the terms of NEMLEC's mutual aid agreement with your community, please see the following passage which is taken from the MOU:

TERMS OF THE AGREEMENT:

This Interagency Mutual Aid / Assistance Agreement (hereinafter referred to as the "Agreement") shall remain in effect until terminated by all parties hereto. Should any party to this agreement wish to withdraw from the Agreement, it may do so by notifying all other parties in writing.

Should any signatory Chief of Police retire or otherwise leave office, the President of the Council will request of his successor a written statement that he accepts all the terms and conditions of this Agreement. All such statements shall become an attachment hereto.

Any law enforcement agency that is not originally a party to this Agreement may become a party by sending a written request to the President of the Council. Such request shall be executed in accordance with the By-Laws that have been promulgated the Council.

This Agreement may be amended only with the written approval of each Council Member who is then a party to it.

For reference I have attached a copy of the MOU if your appointment is permanent and or you wish to execute a new agreement. Please feel free to email me a copy of a written statement and or new agreement and I will see that the President countersigns it and I will forward you a fully executed copy.

Please let me know if you have any questions or concerns regarding this request. Thank you in advance.

Press release/statement? It is OK to defend your officers in this case.

Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, suppressing protest or suppressing free speech, nor is that my understanding of any police effort in Boston or in Arlington. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we are there for NEMLEC and for the City of Boston to answer the call for mutual aid when requested. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers are asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We will not sway from our mission, and we will not abandon our neighbors when they ask for assistance, just as they never would abandon us.

Capt, Flynn,

Two questions for publication:

-- Can you provide an estimate of the number of those gathered at

Mass. Ave. and Mystic last night between 6 and 7?

-- A poster of Facebook this morning claims that Arlington police were

at the Franklin Park demonstration last night and were somehow

involved in police "efforts to suppress protest." Were any APD at

this protest, as reported by the Globe?

<https://www.bostonglobe.com/2020/06/02/metro/thousands-boston-peacefully-denounce-killings-black-americans/>

(No mention of APD there.)

Thanks for considering these queries.

Bob Sprague

Subject: Zona OT shift 05/11/17

To whom it may concern,

On the PM shift of 5/11/17 Ofc Zona was hired to cover 4 hours OT for Ofc Kindle while he taught RAD training. During this time Ofc. Conroy was called out by NEMLEC RRT in Lowell to assist in the search for a homicide suspect. At this time Ofc. Zona was ordered to stay the full 8 hours of the shift to cover for Ofc. Conroy. Ofc. Zona originally filled a 4 hour OT sheet (1600hrs-2000hrs) which I signed and submitted. This Sgt had Ofc. Zona fill out a second 4 hour OT sheet (2000-2400hrs) which I signed and submitted as well. I apologize for any confusion this may cause.

If there are any questions please feel free to get in touch with me

Respectfully,

Sgt Greg Flavin

Good Morning,
Please let me know if you have any questions.
Thank you!

RESOLUTION/SANCTUARY TOWN VOTED: It is hereby resolved that:

WHEREAS, the Town of Arlington desires to provide safety, opportunity, access, and equality for all immigrants and people of all ethnicities and religions; and

WHEREAS, the federal government's Immigration and Customs Enforcement ("ICE") Priority Enforcement Program, uses local law enforcement data to identify suspected "criminal aliens" in local custody; and WHEREAS, ICE issues civil immigration detainer requests which allow for prolonged detention during which ICE investigates the immigration status of suspected "criminal aliens" in local custody; and

WHEREAS, fear of detainer requests and other immigration enforcement measures inhibits many community members from seeking protection from public safety officials and from providing aid to public safety officials during investigations of crimes; and 25

WHEREAS, the Arlington Police Department ("APD") has demonstrated its commitment to both the inclusionary values of the Town of Arlington and the efficacy of engendering trust throughout all facets of the Arlington community in the service of all residents without any sacrifice in its ability to protect residents from violent criminals; and

WHEREAS, Town Meeting wishes to voice its support for APD's continuation of its present practices, and make it known that all persons are safe from discriminatory law enforcement in Arlington.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing and human rights policies of refusing to investigate, arrest, or detain persons based purely on their immigration status without any other suspicion or cause.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing goal to keep all individuals, regardless of immigration status, who are violent or otherwise a threat to the public good off the streets.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in fostering trust in a diverse community by specifically declining to arrest, detain, or extend the length of custody of an individual solely on the basis of a civil immigration detainer request, unsupported by a criminal warrant signed by a judge and/or probable cause.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to respond to any ICE notification request seeking information about an individual's incarceration status, length of detention, home address, work address, personal information, hearing information, or pending release.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to join in any operation led by a federal agency for the sole purpose of identifying and/or detaining persons not accused of any crime for deportation purposes, which would erode parts of our community's trust and could hamper effective law enforcement.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD, and other Town first responders and officials, in declining to inquire about the citizenship or immigration status of the victim of a crime,

a person who is reporting a crime or a medical emergency, a person who requires aid, or witnesses, family members and/or bystanders unless required by valid federal or state law.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the citizenship or immigration status, or religious or ethnic identity of individuals, unless such information is required by law to be gathered, or is necessary to provide a public benefit to the individual.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the religious or ethnic identity of any person for the purposes of ICE detentions and deportation actions or the creation or maintenance of a registry of individuals based upon their religious affiliation, ethnicity, or national origin, unless required by valid federal or state law, or directly 26 relevant to business between that individual and the agency or department.

BE IT FURTHER RESOLVED, nothing in this resolution shall prohibit or restrain any Town official or department from sending to, or receiving from, any local, state, or federal agency, information regarding citizenship or immigration status, consistent with 8 U.S.C. section 1373. (5-0)

COMMENT: The Board of Selectmen values and respects the thorough and civil debate that has already taken place to date on this article. There are relatively few instances where national politics on an issue as broad as immigration impacts a local government's functions and a community's values so distinctly as the issue of how our local police force should operate and expend its resources relative to the enforcement federal immigration laws. The resolution recommended by this Board and the Arlington Human Rights Commission endorses and encourages the Arlington Police Department's existing, operationally sound and humane practices with respect to gathering and disseminating information on the immigration status of the residents, workers, and visitors in Arlington. These practices, considered consistent with a immigration "Trust Act" in other communities, will be bolstered by this resolution because one of the critical virtues of this resolution is making it clear to undocumented immigrants – as witnesses, victims of crimes, concerned residents or visitors, or others in need to assistance – that the Town of Arlington and its police force and first responders are here to protect and serve this community, not engage in deportation activities. Through advertising such a message, we believe Arlington is a safer and more welcoming community because no one will avoid providing information to APD or seeking appropriate assistance from the Town out of fear of immigration repercussions. Moreover, it maintains the tone of this community, as perhaps best reflected every year at Town Meeting, that we invite engagement and we invite dialogue with this Town's government. Many real and important concerns have been articulated in opposition to this resolution and we do not dismiss them lightly, including the unlikely, but potential loss of federal funds (which under legal norms should be limited to homeland security-related activities). However, it must be stressed that this is not a matter of complying with one set of laws to ignore others we find merely inconvenient. Rather, it is an occasion where conflicting laws and foundational legal principles, including the rights and powers of state and local governments versus the federal government are brought into focus. The Selectmen believe that we have the right and duty to support our police force and other Town personnel in a just practice that benefits our community; that we should not have our arms twisted to our own detriment and the detriment of others. Therefore, we unanimously recommend this resolution to Town Meeting.

FYI:

Below was posted on Facebook "Arlington-Centric) list:

I'm deeply concerned to hear the news from eyewitnesses that the Arlington Police Department was among the officers at the Boston Black Lives Matter protest last night. Like other protests around the country, this march was peaceful until the police cracked down.

We have a lot to answer for in this situation. Why is our police department aiding the efforts to suppress protest? Why are we sending officers into crowds of largely black people when we know our town PD has an unaddressed racism problem? What is happening with the case of Rick Pedrini, the racist officer who advocated violence against Black Lives Matter protestors and, due to the town's inaction, was not removed from his job?

In my experience with this issue many residents of Arlington simply do not want to believe the depths of the police problem. Meetings about "healing" the divide between police and residents generated more calls for Coffee with a Cop than actual structural change.

Our town has a problem and we have a chance to do something about it. Contact the Town Manager and Chief of Police and demand to know why our town resources are being used to suppress protests.

Good Morning,
Please let me know if you have any questions.
Thank you!

RESOLUTION/SANCTUARY TOWN VOTED: It is hereby resolved that:

WHEREAS, the Town of Arlington desires to provide safety, opportunity, access, and equality for all immigrants and people of all ethnicities and religions; and

WHEREAS, the federal government's Immigration and Customs Enforcement ("ICE") Priority Enforcement Program, uses local law enforcement data to identify suspected "criminal aliens" in local custody; and WHEREAS, ICE issues civil immigration detainer requests which allow for prolonged detention during which ICE investigates the immigration status of suspected "criminal aliens" in local custody; and

WHEREAS, fear of detainer requests and other immigration enforcement measures inhibits many community members from seeking protection from public safety officials and from providing aid to public safety officials during investigations of crimes; and 25

WHEREAS, the Arlington Police Department ("APD") has demonstrated its commitment to both the inclusionary values of the Town of Arlington and the efficacy of engendering trust throughout all facets of the Arlington

community in the service of all residents without any sacrifice in its ability to protect residents from violent criminals; and

WHEREAS, Town Meeting wishes to voice its support for APD's continuation of its present practices, and make it known that all persons are safe from discriminatory law enforcement in Arlington.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing and human rights policies of refusing to investigate, arrest, or detain persons based purely on their immigration status without any other suspicion or cause.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing goal to keep all individuals, regardless of immigration status, who are violent or otherwise a threat to the public good off the streets.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in fostering trust in a diverse community by specifically declining to arrest, detain, or extend the length of custody of an individual solely on the basis of a civil immigration detainer request, unsupported by a criminal warrant signed by a judge and/or probable cause.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to respond to any ICE notification request seeking information about an individual's incarceration status, length of detention, home address, work address, personal information, hearing information, or pending release.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to join in any operation led by a federal agency for the sole purpose of identifying and/or detaining persons not accused of any crime for deportation purposes, which would erode parts of our community's trust and could hamper effective law enforcement.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD, and other Town first responders and officials, in declining to inquire about the citizenship or immigration status of the victim of a crime, a person who is reporting a crime or a medical emergency, a person who requires aid, or witnesses, family members and/or bystanders unless required by valid federal or state law.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the citizenship or immigration status, or religious or ethnic identity of individuals, unless such information is required by law to be gathered, or is necessary to provide a public benefit to the individual.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the religious or ethnic identity of any person for the purposes of ICE detentions and deportation actions or the creation or maintenance of a registry of individuals based upon their religious affiliation, ethnicity, or national origin, unless required by valid federal or state law, or directly 26 relevant to business between that individual and the agency or department.

BE IT FURTHER RESOLVED, nothing in this resolution shall prohibit or restrain any Town official or department from sending to, or receiving from, any local, state, or federal agency, information regarding citizenship or immigration status, consistent with 8 U.S.C. section 1373. (5-0)

COMMENT: The Board of Selectmen values and respects the thorough and civil debate that has already taken place to date on this article. There are relatively few instances where national politics on an issue as broad as immigration impacts a local government's functions and a community's values so distinctly as the issue of how our local police force should operate and expend its resources relative to the enforcement federal immigration laws. The resolution recommended by this Board and the Arlington Human Rights Commission endorses and encourages the Arlington Police Department's existing, operationally sound and humane practices with respect to gathering and disseminating information on the immigration status of the residents, workers, and visitors in Arlington. These practices, considered consistent with a immigration "Trust Act" in other communities, will be bolstered by this resolution because one of the critical virtues of this resolution is making it clear to undocumented immigrants – as

witnesses, victims of crimes, concerned residents or visitors, or others in need to assistance – that the Town of Arlington and its police force and first responders are here to protect and serve this community, not engage in deportation activities. Through advertising such a message, we believe Arlington is a safer and more welcoming community because no one will avoid providing information to APD or seeking appropriate assistance from the Town out of fear of immigration repercussions. Moreover, it maintains the tone of this community, as perhaps best reflected every year at Town Meeting, that we invite engagement and we invite dialogue with this Town's government. Many real and important concerns have been articulated in opposition to this resolution and we do not dismiss them lightly, including the unlikely, but potential loss of federal funds (which under legal norms should be limited to homeland security-related activities). However, it must be stressed that this is not a matter of complying with one set of laws to ignore others we find merely inconvenient. Rather, it is an occasion where conflicting laws and foundational legal principles, including the rights and powers of state and local governments versus the federal government are brought into focus. The Selectmen believe that we have the right and duty to support our police force and other Town personnel in a just practice that benefits our community; that we should not have our arms twisted to our own detriment and the detriment of others. Therefore, we unanimously recommend this resolution to Town Meeting.

Arlington is a founding member of the North Eastern Massachusetts Law Enforcement Council (NEMLEC) which provides mutual aid support and specialized services including search and rescue, motorcycle units, school threat assessment and response (STARS) and SWAT to more than 60 cities and towns in Massachusetts. NEMLEC is an absolutely vital mutual aid system that Arlington relies on throughout the year. As a reciprocal system, it also means that our officers are deployed elsewhere when needed. This includes major events like the Boston Marathon, sporting event celebrations, parades, and protests. Our officers are absolutely not involved, in any way, in suppressing protest or suppressing free speech. To do so would violate the mission statement and policies and procedures of the Arlington Police Department, however we were there for NEMLEC and for the City of Boston to answer the call for mutual aid. As Chief of Police, I am proud of the work of our officers; I stand by them and their diligence, professionalism and restraint. I furthermore commend Commissioner William Gross, under whose command all of these mutual aid resources fall. He is one of the top law enforcement leaders in the country, and I feel secure in knowing that if my officers were asked to assist in his city, that Commissioner Gross is making responsible, measured command decisions aimed at keeping everyone safe, including protesters, police and all citizens. We have reconsidered the decision to send officers to Boston at this time.

NEMLEC Members,

Tonight I retire as chief of the Townsend Police Department.

After 43 years of being a police officer I still believe it is the best job ever.

I will continue my policing career returning to work as a consultant and a bit of part-time in New Hampshire (where they don't care that I am turning 65)!

It has been great working with all of you and I appreciate what being a member of NEMLEC means to a small community like mine. On the occasions we have called upon NMLEC the service provided was outstanding. There is no way we could not have managed some events and incidents without the service multiplier supplied by NEMLEC.

I wish you all the best in the new year.

Please feel free to reach out to me as needed via email at [rickbbailey@aol.com](#) or my cell phone 508-868-6004.

Rick

Interview

15 Minutes With CVS Health's General Counsel

The moment that CVS Health general counsel Tom Moriarty is most proud of as a lawyer was the November completion of the company's acquisition of Aetna. Here, he discusses the benefits of the possible combined organization and his role in the company's 2014 decision to end the sale of cigarettes and tobacco products.

Subject: (Archive Copy) RRT / SWAT Assistant Control Chief - Chief Nix
Date: Wednesday, November 13, 2019 2:18:14 PM

Chiefs,

Please see below from Chief Sheehan:

From: Timothy Sheehan [tsheehan@tewksbury-ma.gov]
Subject: RE: assignments SWAT

Please join me in welcoming our new NEMLEC RRT/SWAT Assistant Control Chief, Chief Scott Nix of the Sudbury Police Department. Chief Nix made me aware of his sincere interest in joining what I believe to be the most experienced and professional multi-agency Tactical/SWAT Team in existence after the position was posted to all NEMLEC Chiefs last month. Chief Nix comes to us with prior military experience serving in the Marine Corps until his honorable discharge in 1997. He will be attending SWAT training next week as well as future RRT/SWAT trainings and call-outs to begin the process of getting to know the team and learn how we operate. Chief Nix understands that the Unit's greatest assets are the team members and he will make it his mission to support this Unit as well as earn their respect.

Best Regards,

Chief Timothy B. Sheehan

Subject: (Archive Copy) RRT Deployment/Callout to Boston on 08/31/19
Date: Thursday, August 29, 2019 4:59:26 PM

From: Timothy Sheehan [tsheehan@tewksbury-ma.gov]
Sent: Thursday, August 29, 2019 2:04 PM
To: Sharyn Lubas
Cc: James Fay
Subject: RRT Deployment/Callout to Boston on 08/31/19

Chiefs:

As you are aware, the NEMLEC EBoard has voted to support a callout to Boston in support of Boston PD's security plan for Saturday's (08/31/19) Straight Pride Parade. This request was for 25 Motor Unit Officers and 50-60 RRT Officers. Because this is a non-NEMLEC agency request this callout is voluntary to the Chiefs of the NEMLEC member agencies but not voluntary to the officers on the RRT and Motor Unit. What this means in a nutshell is that the member Chiefs will decide if they will be sending their RRT/Motor Unit personnel and the decision is not in the hands of the RRT/Motor Unit members unless the member Chief decides it will be that way for his Department. We put a page out early in the day yesterday to the over 200 members of the RRT looking to staff a platoon of 50-60 RRT members and asked all the RRT Officers to respond to the page by indicating "yes" if they were planning on attending and "no" if they could not attend. We realize this was kind of a last minute request and that this is Labor Day weekend but we have only heard back from around 65-70 of the over 200 RRT Officers either way. It is imperative that all officer respond to the page even if they are unable to attend. I am hoping you can all help with making this happen. We will address this at our RRT Training session on September 4th but I am hoping you can connect with your designated supervisor who handles the NEMLEC Units and help with getting additional yes or no responses at this time. I hope you all have a great weekend and I really appreciate all your support.

v/r,

Tim

Chiefs,

Please see below email from Chief Butler:

Sharyn and NEMLEC Chiefs:

I wanted to extend my sincere appreciation for the incredible support and assistance from NEMLEC IMT, RRT/SWAT and M/C Units during the Halloween Parade this past Thursday. All were very professional and it provided for a good reception from the community. The parade moved quicker this year than in the past few, so the assistance was a huge benefit for a smooth operation.

Thank you to all your staff on these units and for the control and direction from your unit leaders.

As always, any feedback that helps improve the plans going forward is welcomed.

Saugus Police Arrest Wanted Men After Brief Hotel Standoff

NEMLEC SWAT Team Assists

The Saugus Police Department this morning responded a request from the Gloucester Police Department to be on the lookout for a wanted man who was believed to be in the Town of Saugus.

Police intelligence indicated that **BARRY TROY, age 51, of Boston** was staying at the Ferns Motel at 152 Broadway in Saugus. Saugus Police went to the hotel and found that his motor vehicle was parked in the parking lot, and the determination was made that the suspect was in one of the hotel rooms.

The suspect has a history of violence, and there were also reports that **TROY** may be in possession of a firearm. Therefore, the Saugus Police Department requested the assistance of the NEMLEC SWAT Team for entry and apprehension of the suspect.

The SWAT team assembled quickly and pulled an armored vehicle up to the suspect's room. Shortly after the SWAT team announced its presence over a loudspeaker, **TROY** and another man emerged from the room and surrendered. No injuries were reported.

"This is a fine example of police teamwork resulting in justice served," said Saugus Police Chief Domenic DiMella. "Gloucester and Saugus police shared information, leading to the location of a wanted suspect, and the resources provided by NEMLEC ensured a quick arrest without incident or injury to officers or the suspects. I am proud of the work done today by Saugus Police and our partner agencies."

The second man in the room with TROY was identified as **FRANK MOORE, age 28, of Canton**. Police determined that **MOORE** had a warrant for his arrest as well, and he was taken into custody.

TROY has been charged with violation of probation. **MOORE** was arrested on a default warrant for various motor vehicle offenses.

Today's operation was conducted jointly with the Gloucester Police Department, with Gloucester Police detectives on scene from start to finish. The Saugus Police Department also sends its sincere thanks to the North Eastern Massachusetts Law Enforcement Council (NEMLEC) SWAT Team for its swift response today, which helped ensure a speedy and safe resolution to this incident.

Gary/Nancy - you have likely heard that the U.S. Immigration and Customs Service (ICE) is implementing their Secure Communities program in Massachusetts on May 15th. As you may recall, we discussed this at a recent Human Rights Commission meeting and I hope that I cleared up any misinformation at that time.

As a reminder, this is NOT a policy decision of the Town of Arlington, the Arlington Police Department (APD), or any political subdivision thereof. For purposes of APD daily operations, nothing will change on May 15th. We will continue to fingerprint persons arrested for criminal offenses and we will continue to submit our fingerprint data to the FBI. The change will then occur at the Federal level where FBI will then share submitted fingerprint data with the Department of Homeland Security and ICE.

The APD continues its unwavering commitment to performing our duties in a fair and impartial manner. We intend to redistribute our policy statement on the prohibition of racially biased policing, seek additional training on this topic, and I will visit police roll calls to discuss the importance of our policy and the importance of performing our duties fairly and without bias.

Bottom line, we have no control over the decision to implement Secure Communities and it will in no way impact the way we police Arlington, nor our commitment to building trusting relationships with all law abiding members of our community, regardless of their immigration status.

Thank you for your work in the community and please contact me if you have any advice, concerns, or questions. For your convenience, I have pasted the email that I received from ICE below.

Fred Ryan

(c) 781-953-4652

Frederick Ryan

Chief of Police

Arlington, MA. 02474

FBI NA186

www.arlingtonma.gov <<http://www.arlingtonma.gov/>>

To All Vested Parties:

U.S. Immigration and Customs Enforcement (ICE) will deploy Secure Communities (SC) in all remaining jurisdictions in your state on May 15, 2012:

1. Barnstable
2. Berkshire
3. Bristol
4. Dukes
5. Essex
6. Franklin
7. Hampden
8. Hampshire
9. Middlesex
10. Nantucket
11. Norfolk
12. Plymouth
13. Suffolk **
14. Worcester

Once SC is deployed, the newly activated jurisdictions should continue their longstanding practice of sending fingerprints taken as a result of a criminal justice purpose to the State Identification Bureau who then will forward the submission to the Department of Justice's FBI CJIS Division pursuant to state and local policies and procedures. The activation of SC does not in any way change local jurisdiction's existing law enforcement or fingerprinting policies, procedures, or practices. The only new development that results from the activation of SC in the remaining jurisdictions is that, once the FBI CJIS Division receives the fingerprints for a search of

the Integrated Automated Fingerprint Information System (IAFIS), they will send the fingerprints to the Department of Homeland Security (DHS) for a search of the Automated Biometric Identification System (IDENT) System.

Once received by DHS, the fingerprints will be compared to biometric information in the Department's immigration databases. When there is a match, a trained ICE officer determines what, if any, immigration enforcement action may be appropriate. SC does not authorize local law enforcement agencies to enforce immigration law or task them with any additional responsibilities. In fact, following the activation of Secure Communities in the new jurisdictions, it is important that law enforcement agencies there enforce criminal law in exactly the same manner as they did before Secure Communities. It is equally important that departments of corrections in the new jurisdictions not change their operations in any way following the activation of Secure Communities.

If ICE officers determine that an individual identified through Secure Communities may be removable, a detainer may be issued for that individual. The detainer requests the state or local jail facility to hold the individual for up to 48 hours (excluding weekends and holidays) beyond the time they would normally be released from custody. This is to provide ICE officers the opportunity to interview the person and/or take them into custody prior to the person being released into the community.

ICE is committed to focusing its immigration enforcement resources in a manner that best promotes public safety, border security, and the integrity of the immigration system in all its enforcement programs, including Secure Communities. In practice, this means that ICE places a high priority on the removal of aliens convicted of crimes, recent illegal border crossers, immigration fugitives, and repeat immigration law violators. This prioritization, however, does not mean ICE will decline to remove other aliens identified through Secure Communities who are present in the United States without lawful authority.

All determinations about whether to remove aliens identified through Secure Communities are made on a case-by-case basis, considering the unique circumstances of each case. In making these determinations, ICE considers factors such as criminal record, immigration history (including whether the person was previously deported or has an outstanding removal order from an immigration judge), family ties, duration of stay in the U.S., and significant medical and mental health issues. In cases that fall outside ICE's immigration enforcement priorities, various forms of prosecutorial discretion may be considered on a case-by-case basis.

If you require any additional information about SC, please go to http://www.ice.gov/secure_communities or feel free to contact Todd Thurlow at (Todd.J.Thurlow@ice.dhs.gov), ICE Field Coordinator, Boston Field Office.

Please feel free to forward this information to any law enforcement personnel in your state whom may be affected.

Thank you,

ICE Secure Communities Deployment Unit

Good evening gentlemen,

Please find attached a draft "update" to Town Meeting regarding the decision of the Northern District of California granting a nationwide preliminary injunction enjoining the Attorney General and Secretary of Homeland Security from enforcing the Executive Order relative to Sanctuary Cities.

I've tried to avoid editorializing or self-congratulation in the interests of limiting the scope of Town Meeting debate to the substantive merits of Sanctuary Resolutions rather than the fear of funding loss. To be clear, the risk is still probably what we always thought it was – very low – the decision just officially corroborates that risk and frames why the risk is so low in Arlington's specific case (we don't get ICE funds).

I'm open to any concerns or suggestions of course.

Sincerely yours,

Douglas W. Heim

Statement of Ashland Police Chief Craig Davis Regarding Federal Immigration Enforcement Issues

ASHLAND -- Ashland Police Chief Craig Davis issues the following statement:

"Over the past week, my office has received inquiries from citizens after news reports in the media that the US Department of Homeland Security will be stepping up immigration policy enforcement and may seek to deputize municipal police officers under the federal 287(g) program that allows police officers to enforce immigration law.

"Joining this program is at the discretion of the chief of police. The Ashland Police Department does not participate in this program, and we have no intention of joining this program.

"It is my opinion that municipal police exist to protect and serve, in a respectful manner, all of those who live in, work in, or visit a community. The Town of Ashland is a welcoming place, and the Ashland Police Department is a progressive agency. We protect the public without regard

for a person's immigration status.

"Members of our immigrant community should be able to confidentially engage the Ashland Police Department, and they should be fully empowered to call the police if they need help. No one should be afraid to call the police.

"The Ashland Police Department does not conduct immigration status checks. The only instance in which an immigrant may face federal scrutiny about their status is if they are arrested for a serious felony by our police department. This is an automatic process. If an immigrant is arrested for a serious felony, Immigration and Customs Enforcement may place a detainer, or hold, on that person.

"Anyone with any questions or concerns may call my office at 508-881-1212."

To: Achapdelaine@town.arlington.ma.us
Subject: (Archive Copy) Thanks to officers/staff
Date: Monday, April 22, 2013 8:13:34 AM

Adam – this went out over the weekend.

How do I adequately thank our staff for the dedication, devotion to duty, and courage demonstrated during this recent series of unprecedented events that stretched law enforcement resources throughout metropolitan Boston to the very limit this past week? I don't know the answer to that question, but I'm going to try my very best to express my thanks and appreciation below.

But before I thank each of you, I must thank our fearless brothers who will be the recipient of a perpetual and humble salute from me (and I hope you) until the very day I die:

- Officer Collier, who served the MIT PD, was a graduate of the MBTA Transit Police Academy, and was slated to join the Somerville PD in June, made the ultimate sacrifice and honored his oath of office and our profession heroically.
- Transit PD Officer Donohue, also a courageous hero who honors his oath, continues to fight for his life.

I don't think words can adequately describe the pride and respect I have for every member of APD, and for all of the law enforcement personnel that risked their lives this past week while responding to and investigating a bombing incident and protecting the President of the United States and the First Lady, all the while trying to bring two violent terrorists to justice and executing a manhunt of epic proportions.

APD NEMLEC Officers responded to the scene immediately after the bombing and we continued to send assets and resources throughout the week. In fact, except for Worcester PD, we sent the most municipal police officers to Boston on Thursday following the request made by the Boston Police Commissioner. This reminded me of APD's amazing response to Officer Maguire's walk through in December 2010.

Our mechanics, support staff, dispatchers, and all others stepped up with a team approach to a series of very trying events.

I am honored and humbled to serve as your Chief, and as one citizen put in his email subject line to me, your "Commitment, Character, and Courage" is second to none. I sincerely thank you all (sworn and non-sworn) for a job well done!

Frederick Ryan

Team - today I am at a NEMLEC event and then the balance of the week at a Mass Chiefs Conference. Following the email server upgrade my email is not going to my phone so anything time sensitive should be sent via text. I'll check emails morning/evenings.

Capt. Flaherty - please review and sign OT slips while I'm away from the office.

Thank you,
Chief R

Subject: (Archive Copy) Threat - ongoing investigation
Date: Friday, November 2, 2012 9:17:22 AM

Adam – as discussed last night, a threat to kill the Chief of Police (i.e. me) was phoned into our 9-1-1 center last evening. Clearly the threat had low credibility however, given that the caller spoke broken English, combined with the fact that I have been involved in a lengthy civil battle with a person who speaks broken English and has access to guns, we decided to take the matter seriously. We released civilian personnel early and beefed up security around the police station as well as at my home.

The matter is actively being investigated by Arlington Police Detectives and the FBI Joint Terrorism Task Force as well as the Commonwealth Fusion Center have been notified. Again, I want to emphasize that in our opinion this is a LOW level threat however, we will pursue criminal charges if we are able to identify the perpetrator. I have posted the relevant section of the report for your review.

Given the sensitivity of this matter, nothing contained in this message is authorized for release to the media because it is an ongoing investigation. Please contact me if you have any questions. The preliminary police report and phone recording documents the threat as follows:

On Thursday November 01, 2012 at approximately 1844 hours Dispatcher Crosby received a call from an anonymous party with a Middle Eastern accent stating " I am going to attack the Chief of Police in the next 30 min. (Crosby: what is your name) I do not wish to give my name. (Crosby: Are you coming here to the station) No I am not coming there I will be attacking somewhere (inaudible) he is going to get die tonight. (Crosby: why?)". The caller hung up the telephone after that statement.

Subject: (Archive Copy) Threat Investigation Update
Date: Saturday, November 3, 2012 9:25:20 AM

Adam – this update went out to our staff this morning:

I want to thank all personnel for your assistance following the threat to take my life. It was initially a bit troubling for my family but the support from APD was very comforting. We have since learned that a similar call was made to the Cambridge PD wherein a reference to terrorism was made. The FBI Joint Terrorism Task Force (JTTF) has been working the case along with our detectives and they believe that the number from which the call was generated may have been hijacked and/or spoofed. The person associated with the phone number is a woman out of Houston and the FBI has paid that residence a visit. The case remains under investigation and I'm happy to report that the credibility of the threat is very low. Thanks again for your concern.

Are you ready for the top challenges facing HR in 2018? This 4-part email series identifies the challenges that may require updates to your employee handbook.

4: Immigration

A recent CNN article reported that acting Immigration and Customs Enforcement (ICE) Director Tom Homan seeks to quintuple worksite enforcement actions in 2018. "We've already increased the number of inspections in worksite operations, you will see that significantly increase this next fiscal year," Homan said. "Not only are we going to prosecute the employers that hire illegal workers, we're going to detain and remove the illegal alien workers." [Read the full article here.](#)

Subject: (Archive Copy) Town of Arlington, MA - Public Records Request
Date: Tuesday, May 2, 2017 1:48:40 PM

Mr. Hilliard,

Thank you for your public records request. Use the link below to view your request and download the associated responsive records, which have been consolidated into one .pdf file including a cover letter. For best results, use a browser other than Internet Explorer, such as Chrome, Firefox, or Safari.

Please do not hesitate to let me know if you have any questions.

Sincerely,
Jim Feeney

Requester Name: John Hilliard
Records Sought: Dear Mr. Feeney:

This is a request under the Massachusetts Public Records Law (M. G. L. Chapter 66, Section 10). I am requesting that I be provided a copy of the following records:

Any detainers issued by US Immigration and Customs Enforcement to Arlington police since January 2008.

Any written procedure or policy regarding detainers issued by US Immigration and Customs Enforcement.

I recognize that you may charge reasonable costs for copies, as well as for personnel time needed to comply with this request. If you expect costs to exceed \$10.00, please provide a detailed fee estimate.

I do not believe the records are exempt under MGL Chapter 66, Section 10. However, if you believe the records contain exempt material, the law requires that you redact only those portion of the records and release the rest of the documents.

The Public Records Law requires you to provide me with a written response within 10 business days. If you cannot comply with my request, you are statutorily required to provide an explanation in writing.

Sincerely,

John Hilliard

Correspondent

The Boston Globe

"ICE 101"- Creative Tools to Further Your Investigations

Thursday, January 26 - Thursday, January 26, 2012

9:00 AM - 12:00 PM

New England HIDTA Training Room
13 Branch Street, Suite 9, Methuen, MA 01844

(3 hour presentation)

The goal of this three-hour training session is to better educate federal, state and local officers on the many resources that Immigration and Customs Enforcement (ICE) has to offer. Although the majority of the presentation is geared towards Immigration related issues several other Customs disciplines will be discussed.

Topics:

An Overview of ICE-who they are, their mission and authorities

Understanding Immigration Status

Discussion of what types of crimes make an individual amenable to deportation proceedings

ICE priorities

Fraud Documents

The Law Enforcement Support Center

Benefits available to victims of crimes

Business Rent Taxes Lead Fla. Gov.'s \$618M Tax Cut Plan

Florida Gov. Rick Scott launched a statewide tour Wednesday to coincide with the unveiling of \$618 million in proposed tax cuts, the bulk of which would come from trimming the state's tax on business rent payments, but the plan could face long odds in a Legislature likely to be grappling with tight budget constraints.

NJ Agency Cited For Errors In Business Incentive Programs

The New Jersey Economic Development Authority has fallen short in its efforts to verify companies' claims about business costs and retained jobs in seeking tax credits under agency programs, the State Auditor's Office has found.

IMMIGRATION

Sen. Feinstein Introduces Bill To Nix EB-5 Investor Program

Sen. Dianne Feinstein, D-Calif., filed a bill on Tuesday that would end the EB-5 investor program and reallocate the employment-based visas allotted to it among the four remaining employment-based visa classes, amid attempted reforms of the controversial program.

Immigration Bill Roundup: Visa Reforms, Refugee Refusals

Members of the 115th Congress introduced immigration-related bills in recent days that included measures on reforming the allocation of nonimmigrant work visas and the resettlement of refugees.

TELECOMMUNICATIONS

FCC's Pai Picks Acting Bureau Chiefs, GC

The new Federal Communications Commission chairman, Republican Commissioner Ajit Pai, on Tuesday announced his picks for a slate of leadership positions at the FCC, including bureau and office chiefs and acting general counsel.

House Republicans Ask FCC's Pai To Kill Set-Top Box Debate

Congressional Republicans asked the new chairman of the Federal Communications Commission on Wednesday to seal the fate of the former chairman's proposal to unlock set-top cable boxes that failed to get a vote last year, calling on him to close the proceeding.

FCC Dem, Lawmaker Push Next Steps On Mobility Fund

Sen. Joe Manchin, D-W.Va., and Democratic Federal Communications Commissioner Mignon Clyburn together on Wednesday pushed for the Federal Communications Commission to move forward with funding for mobile voice and internet expansion, saying in an op-ed that dollars should be carefully targeted to those most left behind.

News Org Backs Challenge To FCC Ownership Rules

The News Media Alliance on Tuesday urged the Federal Communications Commission to reconsider its decision keeping media ownership restrictions, arguing that a ban against newspaper and broadcast cross-ownership is an "analog-era rule" that must be eliminated.

EXPERT ANALYSIS

Federal Whistleblower Protections May Face Greatest Test Yet

In its first days, the Trump administration has ordered media and social media blackouts at several federal agencies. This moment provides an important opportunity for federal employees, along with members of the legal profession, media and general public, to become better acquainted with federal employee whistleblower protections, say Debra Katz and Aaron Blacksberg at Katz Marshall & Banks LLP.

Analyzing The Legality Of Proposed Sanctuary City Measures

U.S. Department of
Transportation
U.S. Department of the Interior
U.S. Environmental Protection
Agency
U.S. House of Representatives
U.S. Office Of Special Counsel
U.S. Postal Service
U.S. Senate
U.S. Supreme Court
United Nations

The 115th Congress began by introducing bills aimed at defunding sanctuary cities in both the Senate and House, efforts consistent with President Donald Trump's recent executive order, which aims to cancel federal funding to sanctuary cities. However, such action is likely to lead to a showdown in Congress and in the federal courts over a variety of constitutional, federal and administrative legal issues, say attorneys at Holland & Knight LLP.

5 Things To Know About New DOJ-FTC Int'l Antitrust Guide

The update to the U.S. Department of Justice and Federal Trade Commission guidelines for international antitrust enforcement reflects the agencies' views on two critical issues that affect foreign entities — the scope of the extraterritorial application of U.S. antitrust law, and the circumstances under which comity concerns trump enforcement objectives, say Ethan Litwin and James Van Strander of Dechert LLP.

Native American Recognition In Newfoundland: Part 2

Applicants seeking membership to the Qalipu Mi'kmaq First Nation Band are evaluated by an unforgiving point system, which makes it especially difficult for those living outside Newfoundland to gain Qalipu status. Placing such a significant weight on geographic location is problematic, says Stephen Anstey of Kilpatrick Townsend & Stockton LLP.

New Jersey's TCCWNA: New Year, Same Uncertainty

Online retailers concerned about lawsuits under New Jersey's Truth-in-Consumer Contract, Warranty and Notice Act had hoped to end 2016 with some clarity about its application in recent class action complaints. But motions to dismiss those cases may remain mostly undecided until the New Jersey Supreme Court and Third Circuit issue rulings later in 2017, says Jeffrey Jacobson of Kelley Drye & Warren LLP.

BigLaw Push Into Mexico Slows Amid Uncertain Climate

While regulatory reforms in energy and telecommunications brought a new influx of BigLaw firms to Mexico over the last several years, experts say President Donald Trump's election and the uncertainty of future decisions affecting trade between the neighbors has for now pumped the brakes on BigLaw expansion into the region.

Latham Matches Cravath Bonus Scale With Room To Grow

Latham & Watkins LLP on Tuesday told its associates it was matching the bonuses doled out by elite New York firms, ranging from \$15,000 to \$100,000 at a base rate, plus higher rewards for higher performers, according to a memo confirmed by the firm Wednesday.

UK Dentons Revenue Spikes As DLA Piper Remains Steady

Revenue for Dentons' U.K., Middle East and Africa practice climbed 7 percent to more than £169 million (\$213 million) in the 2015-2016 fiscal year, while DLA Piper's International arm saw only a small amount of growth as the firm demerged two practices, financial reports filed in the U.K. show.

Akin Must Provide Financial Docs In Ex-Atty's Bias Suit

A California judge Wednesday ordered Akin Gump Strauss Hauer & Feld LLP to provide financial documents to a former attorney alleging he was discriminated against and told he resembled a "gangbanger," saying the information could refute the firm's assertion there wasn't enough work to promote the plaintiff to partner.

Bankruptcy Filings At Lowest Since 2006, Report Says

Overall U.S. bankruptcy filings in 2016 dropped to the lowest number in 10 years, according to court statistics released Wednesday.

Call For Participants: Law360's 2017 Editorial Advisory Boards

Law360 is looking for avid readers of its publications to serve as members on its 2017 editorial advisory boards.

BigLaw Alums Q&A: Feinberg Day's Marc Belloli

I work more now than I did in BigLaw, no question. I just had a practice in BigLaw and now it is basically the same practice, plus running the business. The James Brown lyric "paid the cost to be the boss" rings true. That said, the extra work is work I enjoy, says Marc Belloli, a founding partner at Feinberg Day Alberti & Thompson LLP.

TOP NEWS

Trump Picks Ex-Kirkland Partner Rosen For Deputy AG Seat

President Donald Trump unveiled plans Tuesday to nominate former Kirkland & Ellis LLP partner and current U.S. Department of Transportation Deputy Secretary Jeffrey Rosen as the new deputy attorney general, the White House said in a release. [Read full article »](#)

4 Suits Target Trump's Border Emergency Declaration

The American Civil Liberties Union, environmental groups, Texas landowners and 16 states have already filed lawsuits challenging President Donald Trump's declaration of a national emergency on the U.S.-Mexico border as an unconstitutional overreach of executive authority, and more have vowed to join their ranks. Here, Law360 examines the cases being made against the administration. [Read full article »](#)

High Court Will Mull Scope Of CWA Pollution Liability

The U.S. Supreme Court on Tuesday agreed to consider whether Clean Water Act liability extends to facilities that pollute certain U.S. waters via groundwater, an issue that has split circuit courts and could impact pipeline spills, coal ash pond leaks and agricultural runoff. Trump's SEC Likely To Shrink Back Where White's Expanded

U.S. Securities and Exchange Commission Chair Mary Jo White's signature policy of demanding admissions in cases of egregious fraud will likely remain when she steps down in January, but experts said her eventual replacement will probably pull back from her "broken windows" enforcement style and slow the agency's rulemaking flow.

Analysis

Trump's Plan To Deport 2M Immigrants Will Face Roadblocks

President-elect Donald Trump has said he plans to deport 2 million to 3 million unauthorized immigrants with criminal records, but that number is likely inflated, and experts suggest deportations could be slowed by court hearings, with some cities further complicating the process by refusing to abandon their "sanctuary" status.

DOL Persuader Rule Permanently Blocked By Texas Judge

A Texas federal judge permanently blocked the U.S. Department of Labor from enforcing a new rule expanding employers' disclosure requirements related to union-organizing campaigns, concluding Wednesday that the rule is unlawful.

Analysis

Colo. Tax Reporting Row Unlikely To Nix Physical Tie Rule

States frustrated by a U.S. Supreme Court ruling barring them from collecting transaction taxes from retailers that don't have a physical presence within their borders may be futilely relying on a petition from Colorado that the high court is unlikely to review because the case only addresses the scope and not the actual substance of the controversial ruling, experts say.

Analysis

Trump Administration Figures To Keep Sanctions Bar On Alert

President-elect Donald Trump's unpredictable approach to governance has already raised alarm on the sanctions bar as attorneys prepare for potentially drastic changes that the former real estate tycoon may pursue with regard to U.S. foreign policy toward Iran, Russia and Cuba.

FCC Cancels Business Data Services Vote After GOP Pressure

Federal Communications Commission Chairman Tom Wheeler on Wednesday heeded a call from congressional Republicans to halt action on major items during the presidential transition, dropping new rate regulations in the business data services market from consideration at Thursday's agency meeting.

Don't Pass Lame-Duck Rules, House GOP Warns Agencies

House Republican leaders on Tuesday sent a letter to government agencies requesting a moratorium on passage of any pending regulations until President-elect Donald Trump's inauguration.

Sen. Dianne Feinstein, D-Calif., ascended to the ranking position on the Senate Judiciary Committee on Wednesday promising to scrutinize President-elect Donald Trump's picks for attorney general and the courts, invoking Republicans' treatment of U.S. Supreme Court nominee Merrick Garland.

Senate Democrats Pick NY's Schumer As Leader

The Republicans in the Senate kept their leadership the same for the next Congress, and Sen. Chuck Schumer, D-N.Y., took on the minority leadership role on Wednesday in an election that also swept Sens. Joe Manchin and Bernie Sanders into leadership roles.

BANKING & SECURITIES

Higher Equity Levels Means Safer Banks, Minn. Fed Says

Federal Reserve Bank of Minneapolis President Neel Kashkari unveiled a plan Wednesday that he said would end the problem of too-big-to-fail banks by significantly boosting the equity capital levels they need to maintain.

ENERGY & ENVIRONMENTAL

Ex-Pa. DEP Head Raises Post-Election Climate Change Fears

The former head of Pennsylvania's Department of Environmental Protection lambasted the state General Assembly's Republican majorities and President-elect Donald Trump for their alignment on environmental issues in remarks Tuesday, but said litigation could serve as a counterweight.

Army Corps Looks To Exit Enviros' Barge Facility Suit

The Army Corps of Engineers on Tuesday asked a Texas federal judge to toss negligence claims brought against it by an environmental group over the approval of the construction of an industrial barge facility, arguing the Corps doesn't have the authority to offer the relief the group is seeking.

DC Circ. Halts Biofuel Challenge To EPA Aircraft GHG Rule

The D.C. Circuit on Monday held in abeyance a coalition of biofuel and agricultural industry groups' challenge to the U.S. Environmental Protection Agency's recent finding that greenhouse gas emissions from aircraft endanger human health and the environment.

US Unveils Ambitious Climate Goals At UN Forum

The White House released at a United Nations meeting Wednesday an ambitious plan to "deeply decarbonize" the U.S. economy by 2050, amid growing skepticism that President-elect Donald Trump will carry on the Obama administration's commitment to climate action.

DOE Cancels Oil And Gas Leases In Mont. Tribal Area

The U.S. Department of the Interior on Wednesday said that it has canceled 15 oil and gas leases in the Badger-Two Medicine region of Montana in collaboration with Devon Energy Corp. and the Blackfeet Nation, which considers the land sacred, nearly eliminating all such leases in the area.

DOE Approves US-Canada Renewable Power Line

Minnesota Power's 224-mile cross-border transmission line received a presidential permit from the U.S. Department of Energy on Wednesday, the final major approval it needed before construction could begin on the project, which will bring renewable energy from Canada's hydropower resources to customers in Minnesota.

Groups Seek Full Record Behind FDA's GMO Salmon Approval

The U.S. Food and Drug Administration is holding back documents related to its approval of AquaBounty Technologies Inc.'s genetically engineered salmon for human consumption, a coalition of groups challenging the agency's decision told a California federal court Tuesday.

HEALTH & LIFE SCIENCES

Senator Wants DOJ To Testify At EpiPen Rebate Hearing

The chairman of the U.S. Senate Judiciary Committee on Tuesday urged the U.S. Department of Justice to change its mind and send someone to testify at an upcoming hearing looking into a settlement the DOJ reached with Mylan NV over underpaid Medicaid rebates.

REAL ESTATE

HUD Passes New Rental Assistance Rules, Skips NYC

The U.S. Department of Housing and Urban Development said Tuesday it has changed the way it calculates rental subsidies for some Section 8 voucher holders in an effort to help tenants move to more affluent neighborhoods, but the changes will not apply to New York City after objections were raised by local politicians.

EMPLOYMENT

Injunction Ruling Expected Next Week In DOL Overtime Case

A Texas federal judge said he'll decide by Nov. 22 whether to stop the U.S. Department of Labor's new overtime rules from taking effect as scheduled on Dec. 1, as 21 states and dozens of business groups push for an end to what they say is an unlawful change.

Union, NLRB Urge DC Circ. To Uphold Joint Employer Rule

The National Labor Relations Board and Teamsters Local 350 have each filed their final briefs with the D.C. Circuit backing the board's recently revised standard for determining joint employers.

Pa. Judges Want Contested Retirement Amendment Left Alone

A group of Pennsylvania state judges on Monday backed State Secretary Pedro Cortes in his defense of a recently passed amendment that increases a local judge's mandatory retirement age from 70 to 75, arguing voters agreed to the change and there is no reason to undercut their decision.

Virgin Islands Govt. Salary Law Can't Stiff Unions: 3rd Circ.

The Virgin Islands wrongly compromised government employees' collective bargaining agreements by enacting a law that unilaterally reduced salaries, the Third Circuit said Tuesday, overturning a previous decision that said the law was necessary even though it conflicted with established union contracts.

PRIVACY & CONSUMER PROTECTION

CFPB Launches Inquiry Into Consumer Financial Data Access

The Consumer Financial Protection Bureau on Thursday launched an inquiry into the problems consumers face in getting access to and sharing their digital financial information with different financial firms.

Commerce Chief Stumps For Privacy, Trade Partnerships

The head of the U.S. Department of Commerce on Wednesday pushed the Trump administration to work with private companies to tackle growing cyberthreats and the debate over law enforcement access to encrypted data — and not to give up on the Trans-Pacific Partnership.

Conservative Group Beats Calif. AG's Bid To Get Donor List

A California federal judge on Thursday granted conservative advocacy group Thomas More Law Center's bid to prevent California's attorney general from obtaining its donor list, ruling after a bench trial that allowing the donor list handover would violate the group's free speech rights.

FCC Won't Exempt Mortgage Servicing Calls Under TCPA

Mortgage servicers are banned from robocalling homeowners without express prior consent, the Federal Communications Commission ruled Tuesday, because their needs don't override consumers'.

PRODUCT LIABILITY

Sens. Call For Action On GMO Approvals At US-China Summit

As the Obama administration prepares for its last high-level trade summit with China, a group of 37 senators, including the leaders of the Senate Agriculture Committee, demanded on Tuesday that the president pressure Beijing to expedite its approval process for genetically modified crops.

DOJ Rolls Out Baseline Requirements for 'Smart Gun' Tech

The U.S. Department of Justice on Wednesday announced that it had released voluntary, baseline specifications that outline the minimum technical requirements that law enforcement agencies can expect from "smart gun" technology, as part of the Obama administration's efforts to combat gun violence.

GOVERNMENT CONTRACTS

Pa. Should Repay \$2.4M Disaster Fund Windfall, Report Says

An audit released Wednesday recommended that the Federal Emergency Management Agency recoup \$2.4 million in profits earned by Pennsylvania after investing money earmarked for pending disaster relief projects in the mid-2000s.

INTERNATIONAL TRADE

Congress Urged To Block Certain Chinese Investments In US

In its annual address to Congress, a commission tasked with monitoring U.S.-China relations said that Chinese companies' drive to acquire U.S. assets is a "political concern," and urged the Committee on Foreign Investment in the United States to block acquisitions by Chinese state-owned enterprises.

EC Eyes 12 Trade Pacts' Potential Effects On Agriculture

The European Commission said Tuesday that once 12 expected trade agreements go into effect, by 2025, the European Union's beef and rice sectors will likely suffer while the dairy and pig sectors should see gains, although European officials acknowledged that many of the pacts are now under political attack.

BANKRUPTCY

Puerto Rico Fights Off Lift Of Stay In Bondholder Suits

A Puerto Rico federal judge on Tuesday declined to lift a stay on claims by bondholders and an insurer for the commonwealth in litigation seeking payment on hundreds of millions of dollars in obligations that were halted through executive orders, saying that allowing the claims could be detrimental to debt restructuring discussions with creditors.

IMMIGRATION

'Crime Of Violence' Clear Term, Gov't Tells Supreme Court

The federal government urged the U.S. Supreme Court Monday to overturn a Ninth Circuit ruling that the Constitution's "prohibition of vagueness in criminal statutes" applies to statutory provisions used to deport immigrants convicted of violent crimes.

Senate Urged To Exempt Tribes From NLRB Jurisdiction

A coalition of 130 Native American tribes, tribal corporations and intertribal associations urged the U.S. Senate on Tuesday to include a bill to exempt casinos and other tribal businesses from National Labor Relations Board jurisdiction in any "must-pass" legislation it considers as its current session winds down.

TELECOMMUNICATIONS

Broadcast Group Exec Calls For Ease Of Ownership Rules

The National Association of Broadcasters' chief executive, at a Tuesday luncheon sponsored by the nonprofit Media Institute, urged the Federal Communications Commission to lift media ownership restrictions.

House Panel Urged To Up Rules For The Internet Of Things

Cybersecurity experts urged a House panel Wednesday to take steps ranging from direct federal oversight to increased industry standards to help secure devices in the so-called internet of things, which has increasingly been used to facilitate cyberattacks.

FCC Mustn't Delay Post-Auction Transition, Carriers Say

Broadcasters are trying to get in the way of wireless use of spectrum after the broadcast incentive auction, the Competitive Carriers Association has told the Federal Communications Commission, saying the agency should stick to a 39-month deadline to clear the airwaves.

FCC's Rosenworcel Pressed To Act On Set-Top Box Plan

The office of FCC Commissioner Jessica Rosenworcel was hit again the day after the election with lobbying to unlock consumer set-top boxes, with lobbying group Free Press saying it is disappointed the Federal Communications Commission failed to vote on the rules in September that it also has questions about details of the proposal.

PEOPLE

Zuckerman Spaeder Nabs Obama's Ex-Top Health Atty

Zuckerman Spaeder LLP has scooped up the Obama administration's former top lawyer for health care, who predicted Wednesday that Republicans will tread lightly when overhauling the Affordable Care Act and that drugmakers will eventually get clarity regarding off-label promotion.

EXPERT ANALYSIS

OPINION: Texas Must Adhere To The 8th Amendment

When *Moore v. Texas* is argued on Nov. 29, the U.S. Supreme Court will have an important opportunity to reject an unscientific state-law standard that allows the wrongful and unconstitutional execution of persons with intellectual disability, according to Mark Earley, former attorney general of Virginia, and Mark White, the 43rd governor of Texas.

Make College Great Again: Higher Education In The Trump Era

With the election of Donald Trump, colleges and universities should prepare for a very different U.S. Department of Education. And not just for-profit schools stand to benefit. Let's look to the priorities of the GOP in Congress to see what may be in store, say Kenneth Salomon and Christopher Murray of Thompson Coburn LLP.

What Trump's Election Means For The ACA

President-elect Donald Trump campaigned on an unspecified promise to "repeal and replace the Affordable Care Act," but its future will not be dictated by the new White House team. Rather, it will be the result of a process factoring in the policy preferences and relative political power of Republicans and Democrats in Congress, the Trump administration, and health care stakeholders, says Philo Hall of Epstein Becker & Green PC.

FDA Draft Sheds Light On Software As A Medical Device

Companies that develop software for medical uses should be aware that the U.S. Food and Drug Administration has issued draft guidance classifying the endless variety of software as a medical device, and imposing risk-based criteria for evaluating the safety and effectiveness of such software. But a lack of detail on certain issues may be confusing for manufacturers, say Barry Boise, Sharon Klein and Katrina Long of Pepper Hamilton LLP.

Cybersecurity Forecast: Trump's 'Warfare Of The Future' Plans

During the campaign, President-elect Donald Trump did not extensively outline a cybersecurity strategy, but we can gain some insight into his agenda from information provided on his website and from his partnerships with both political and nonpolitical figures, says Meaghan Pedati of McGuireWoods LLP.

Will FCC Privacy Rules Create Challenges For ISPs?

The Federal Communications Commission's new rules limit internet service providers' usage of consumer data, which will impact their profits and pressure them to increase fees for users. However, the incoming Republican administration may ignore or even undo these rules, says John F. Stephens of Sedgwick LLP.

A Primer On The Presidential Appointee Vetting Process

With the election over, the process of selecting individuals to fill the next administration's key appointed positions is quickly shifting into high gear. For those who are called to serve in such positions, the process entails extensive vetting of professional credentials and a host of personal background check issues, say attorneys with Covington & Burling LLP.

LEGAL INDUSTRY

BigLaw Dilemma: Too Many Lawyers, Too Little Work

BigLaw is struggling with an overabundance of lawyers as demand for its services remains flat, a phenomenon experts say not only impacts firms' bottom lines but also hinders their efforts to recruit and retain top talent.

McCarter & English First-Year Atty Pay Jumps To \$150K

East Coast law firm McCarter & English LLP will increase the pay of first-year associates beginning in January, from \$135,000 per year to a minimum of \$150,000, to help compete with the trend of rising salaries across the country, the firm said Tuesday.

Rainmaker Q&A: Ogletree Deakins' Joseph Clees

Aspiring rainmakers must invest their own time learning their client's industry and business, including personal visits whenever possible. I've done everything from pilot a client-made helicopter (badly) to picking lettuce at a client facility — and enjoyed it all immensely, says Joseph Clees, shareholder at Ogletree Deakins Nash Smoak & Stewart PC.

Rainmaker Q&A: Stroock's Brett Lawrence

We tell our new associates one thing: Treat everyone senior to you as if they're your client. Mid-level associates, senior associates, partners — they're all your clients. Your job is to make their lives easier. If you get into the habit of doing that, then you'll do the same thing for your external clients, says Brett Lawrence, partner with Stroock & Stroock & Lavan LLP.

Subject: (Archive Copy) Trust Act
Date: Thursday, January 9, 2020 12:58:48 PM

RESOLUTION/SANCTUARY TOWN VOTED: It is hereby resolved that:

WHEREAS, the Town of Arlington desires to provide safety, opportunity, access, and equality for all immigrants and people of all ethnicities and religions; and

WHEREAS, the federal government's Immigration and Customs Enforcement ("ICE") Priority Enforcement Program, uses local law enforcement data to identify suspected "criminal aliens" in local custody; and WHEREAS, ICE issues civil immigration detainer requests which allow for prolonged detention during which ICE investigates the immigration status of suspected "criminal aliens" in local custody; and

WHEREAS, fear of detainer requests and other immigration enforcement measures inhibits many community members from seeking protection from public safety officials and from providing aid to public safety officials during investigations of crimes; and 25

WHEREAS, the Arlington Police Department ("APD") has demonstrated its commitment to both the inclusionary values of the Town of Arlington and the efficacy of engendering trust throughout all facets of the Arlington community in the service of all residents without any sacrifice in its ability to protect residents from violent criminals; and

WHEREAS, Town Meeting wishes to voice its support for APD's continuation of its present practices, and make it known that all persons are safe from discriminatory law enforcement in Arlington.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing and human rights policies of refusing to investigate, arrest, or detain persons based purely on their immigration status without any other suspicion or cause.

NOW, THEREFORE, BE IT RESOLVED, that Town Meeting joins and supports APD's sound policing goal to keep all individuals, regardless of immigration status, who are violent or otherwise a threat to the public good off the streets.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in fostering trust in a diverse community by specifically declining to arrest, detain, or extend the length of custody of an individual solely on the basis of a civil immigration detainer request, unsupported by a criminal warrant signed by a judge and/or probable cause.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to respond to any ICE notification request seeking information about an individual's incarceration status, length of detention, home address, work address, personal information, hearing information, or pending release.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD in specifically declining to join in any operation led by a federal agency for the sole purpose of identifying and/or detaining persons not accused of any crime for deportation purposes, which would erode parts of our community's trust and could hamper effective law enforcement.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages APD, and other Town first responders and officials, in declining to inquire about the citizenship or immigration status of the victim of a crime, a person who is reporting a crime or a medical emergency, a person who requires aid, or witnesses, family members and/or bystanders unless required by valid federal or state law.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the citizenship or immigration status, or religious or ethnic identity of

individuals, unless such information is required by law to be gathered, or is necessary to provide a public benefit to the individual.

BE IT FURTHER RESOLVED, that Town Meeting supports and encourages each Town department and official to refuse to gather information regarding the religious or ethnic identity of any person for the purposes of ICE detentions and deportation actions or the creation or maintenance of a registry of individuals based upon their religious affiliation, ethnicity, or national origin, unless required by valid federal or state law, or directly 26 relevant to business between that individual and the agency or department.

BE IT FURTHER RESOLVED, nothing in this resolution shall prohibit or restrain any Town official or department from sending to, or receiving from, any local, state, or federal agency, information regarding citizenship or immigration status, consistent with 8 U.S.C. section 1373. (5-0)

COMMENT: The Board of Selectmen values and respects the thorough and civil debate that has already taken place to date on this article. There are relatively few instances where national politics on an issue as broad as immigration impacts a local government's functions and a community's values so distinctly as the issue of how our local police force should operate and expend its resources relative to the enforcement federal immigration laws. The resolution recommended by this Board and the Arlington Human Rights Commission endorses and encourages the Arlington Police Department's existing, operationally sound and humane practices with respect to gathering and disseminating information on the immigration status of the residents, workers, and visitors in Arlington. These practices, considered consistent with a immigration "Trust Act" in other communities, will be bolstered by this resolution because one of the critical virtues of this resolution is making it clear to undocumented immigrants – as witnesses, victims of crimes, concerned residents or visitors, or others in need to assistance – that the Town of Arlington and its police force and first responders are here to protect and serve this community, not engage in deportation activities. Through advertising such a message, we believe Arlington is a safer and more welcoming community because no one will avoid providing information to APD or seeking appropriate assistance from the Town out of fear of immigration repercussions. Moreover, it maintains the tone of this community, as perhaps best reflected every year at Town Meeting, that we invite engagement and we invite dialogue with this Town's government. Many real and important concerns have been articulated in opposition to this resolution and we do not dismiss them lightly, including the unlikely, but potential loss of federal funds (which under legal norms should be limited to homeland security-related activities). However, it must be stressed that this is not a matter of complying with one set of laws to ignore others we find merely inconvenient. Rather, it is an occasion where conflicting laws and foundational legal principles, including the rights and powers of state and local governments versus the federal government are brought into focus. The Selectmen believe that we have the right and duty to support our police force and other Town personnel in a just practice that benefits our community; that we should not have our arms twisted to our own detriment and the detriment of others. Therefore, we unanimously recommend this resolution to Town Meeting.

Adam W. Chapdelaine

The North Shore and Essex County Detective's Meeting will be held on Tuesday, 3-10-20 at the Topsfield Fairgrounds at 10:00. This Meeting will be held in the Clubhouse. The Clubhouse is the red building and is located next to the Arena. If people enter the south entrance of the fairgrounds, where the school buses are located, they will easily see the Clubhouse. Please bring up to 25 copies of significant incident and arrest activity for a roundtable discussion. Contact for this meeting is Det. Brendan Gahagan at Topsfield PD. All are welcome to attend.

-

The NEMLEC and Metro North Area Detective's Meeting will be held on Wednesday 3-11-20 at 10:00 at the Bear Hill Country Club in Stoneham. (Just off Rt 129/95) Roundtable discussion of crime and arrest activity in the region. Please bring 25-30 copies of significant crime/arrest activity for distribution. (We ran out last month). Contact is Lt. John Roark at Chelmsford PD. All are welcome to attend.

-

Included at both meetings will be a brief update of the status of the investigation involving Residential B&Es at the homes of Asian and other Foreign Restaurant and Business Owners.

-

Attached is the Updated Area Detective's Contact List. There have been many updates since the last distribution about a month ago. It can be saved to your Desktop for quick reference. If you know of useful Bank, Retail or other Security contacts that would be beneficial to put on this list, please feel free to forward that information in addition to any necessary updates and changes. This list is maintained separately from the Macrimenet Email Distribution list.

-

Thanks, Chris Neville

Subject: (Archive Copy) Upcoming Coplink Training, Detective's Meeting and Area Wide Detective's Contact List
Date: Monday, January 4, 2016 3:39:24 PM
Attachments: [Area Wide Detectives Contact List Update 1-4-16.xls](#)

The **January NEMLEC Area Detective's Meeting** will be held on **Wednesday January 13th at 10AM** on the campus of [Northeastern University, 141 South Bedford St. in Burlington at the Kostas Research Institute for Homeland Security](#). **Proper ID is required for entry at this location.**
Please bring 25-30 copies of recent Crime/Arrest Information back to early December.

-
Topics should include recent Commercial and Residential B&E activity, Shoplifting and Counterfeiting Groups, Panera/Target Fraud Activity and a Video Forensics Presentation by Paul Melaragni of the Attorney General's office.

-
Updated Area-Wide Detective's Contact list is attached. Please advise of necessary changes.

From: Upton, Paul (POL)
Subject: **CFC: Coplink and CrimeNtel Training Opportunities**

-
The **Commonwealth Fusion Center** and the **Rutland Emergency Communications Center** is offering training in Coplink and CrimeNtel on **Wednesday, January 20th** at the Rutland Public Library.

-
The **Commonwealth Fusion Center** and the **Acton P.D.** is offering training in Coplink and CrimeNtel on **Wednesday, February 3rd** at Acton P.D.

-
Coplink is an Internet based *data base of data bases* that collects and updates information from the records management systems of more than 200 agencies including the Board of Probation and the Registry of Motor Vehicles. This data base includes department reports and booking photos from disparate local and State Police RMS networks and deposits them into a single, searchable data base. It allows you to search the entire data base for records from a single agency or a group of agencies including incident reports, booking photos or to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 5,000,000 documents and booking photos through Coplink.

-
Coplink can be accessed easily from any Internet connected device. It is especially useful locate and identify suspects or to quickly create photo arrays.

-
CrimeNtel is an intelligence data base where authorized users can upload information into a searchable data base. This information may include police reports, investigative leads, tips or even newspaper stories. CrimeNtel may include information that cannot be found in the Coplink data base and is not limited to information from the Coplink contributing agencies. CrimeNtel can only be accessed from a computer which is capable of accessing the CJIS network and is subject to the restrictions of 28 CFR part 23, which is covered during the training.

-
The training will run from 10:00 a.m. to 3:00 p.m. and is free.

-
To register for either location, please contact Training Coordinator Paul Upton by email at paul.upton@massmail.state.ma.us Please include name, rank or title, agency, email address and a contact phone number.

-

The North Shore/Essex County Detective's Meeting will be held tomorrow morning, Tuesday 2-11-20 at 10AM. The meeting will be held at Middleton PD. If possible, please bring up to 20 copies of recent crime and arrest activity for handout and discussion. All are invited to attend. Contact for this meeting is Det. Adam Maccini at Middleton PD.

-

The February NEMLEC and Metro North Area Detective's Meeting will be held on Wednesday, 2-12-20 at 10AM at Bear Hill Country Club in Stoneham. This meeting will be held downstairs in the Member's Lounge as renovations continue upstairs. Roundtable discussion of recent crime and arrest activity. Investigators involved in the Lawrence-based Residential B&E crew targeting Asian and other foreign-owned Restaurants, Jewelry Stores and Businesses will be in attendance to provide an overview of the status of that case. Area detectives are welcome to attend to determine if additional cases may be connected. Please bring up to 25-30 copies of significant incidents for roundtable discussion. Contact for the meeting is Det. Lt. John Roark at Chelmsford PD. All are welcome to attend.

-

On Thursday, 2-20-20 from 9AM to 2PM, Nashua PD is hosting a "Quarterly Crime and Intelligence Sharing Initiative". (attachment 3 above). This meeting is open to sworn and non-sworn members of Law Enforcement and should be informative to all Agencies on both sides of the MA-NH border area. RSVP is appreciated.

-

The Irish Angel "Thin Blue Line Bash" will be conducting their inaugural meeting and fundraiser in Burlington on March 27th . Dinner and Entertainment. See attachment #1 above for additional information.

-

The Annual New England Crime Analysis and Intelligence Conference (Formerly MACA Conference) will be held from 5-11 to 5-15-20 in Plymouth MA. (See attachment #2 above). Additional information will follow.

From: OConnor, Brian <BOConnor@CambridgePolice.Org>

Registration is now open for the 2020 IAFCI International Training Conference taking place in Boston August 24 – 28.

<https://www.iafci.org/ac20>

The New England Chapter of the International Association of Financial Crimes Investigators (IAFCI) will be hosting our Annual Training Conference & Exhibitor Show August 24-28 at the Sheraton Boston Hotel. Located at 39 Dalton St., Boston, MA. This year's theme is

"Revolutionary War Against Fraud".

At this five-day, educational training conference, you will learn from the best on preventative methods, investigative tools, techniques, current & new trends and understanding schemes and detection in today's financial industry of fraud.

Our conference is formatted as a self-directed learning environment offering over 30 training sessions, track sessions, general sessions and breakouts. You will have the opportunity to network with financial experts and leaders from all over the world and participate in our networking events.

Attendees will learn the latest trends, ideas, and the best practices from industry professionals all over the world. Our program highlights include a Cyber Fraud Track, Organized Retail Crime Track, Organized Crime & Current Fraud Schemes, Mortgage Fraud, Counterfeit & Skimming, Insurance Fraud, Human Trafficking, Synthetic ID and much more!

We are projecting that we will have approximately 800 attendees at our Conference, including approximately 100 international visitors, all of whom represent federal, state, local and foreign government agencies, corporations, financial institutions, retail merchants, insurance companies and more.

The NEMLEC, and Metro North Area Detective's Meeting will be held on **Wednesday March 8, 2017 at 10AM at Bear Hill Country Club in Stoneham**. Please try to bring up to 25 copies of significant arrest/incident activity in the past few weeks to share in a roundtable discussion. The Middlesex Sheriff's Warrant Apprehension Unit will be making a short presentation on their availability. Wade Stormer from UBER is scheduled to speak about how UBER can assist in your investigations and there will be a short briefing on P.K. Motorcars of Peabody to update area Detectives on the use of their vehicles to promote criminal activity in the region. All are welcome to attend. Contact is Lt. John Roark in Chelmsford jroark@townofchelmsford.us

-

The next meeting of the **NE Chapter of the IAFCI** will also be held on **Wednesday, March 8th at 10:00 am**. Our host will be Peter Mazzini from Milford National Bank located at 300 East Main St, Milford, MA. Our speaker will be Glenn Tierney from Fidelity Investments who will be presenting a "Case Study: West African based Fraud Ring". The case involves a multiple-year/multi-million fraud where the subject was tracked from the US to Canada to Australia. This promises to be an extremely interesting presentation that I think all of us would be interested in.

If you plan on attending, please reply to lswartz@westfieldbank.com at your earliest convenience so we can give our host an accurate count of those attending. Also, please bring any intelligence info on cases you would like to share and discuss. Thank you.

-

The Acton Regional Detective's Meeting will be held on Thursday 3-16-17 at 10AM at Acton PD. Please bring 20-25 copies of recent significant arrests or incidents. **This month Christopher Peach from CARFAX will be attending to explain what CARFAX can offer as an investigative tool.** Contact is Det. Chris Browne cbrowne@acton-ma.gov

-

On Sunday, March 12th, from 2PM to 5PM, McGreevey's Boston Irish Pub and Sports Bar will be hosting a Fundraiser for the Officer Sean Collier Memorial Fund. The location is 911 Boylston St. in Boston. All are welcome to attend.

-

On Saturday March 18th, Winchester Elks are sponsoring a Law Enforcement Memorial Scholarship Fundraiser/Dinner. The funds will be donated to the Off. Jack Maguire Memorial Scholarship. The Officer Ronald Tarentino Jr. Scholarship and the Massachusetts Law Enforcement Memorial Fund. Tickets are \$30.00. (See attached notice) Contact is Off. Harry MacGilvray at Medford PD hmac13@aol.com

-

Watertown Police are holding their annual **Road Race and Walk on April 30, 2017 at 10:30AM** to benefit the Watertown Police Relief Association Fundraiser and Superior Officer's Association. For additional information and sign-ups, log onto: www.Watertownstrong4@racewire.com (See attached notice)

Date: Tuesday, May 8, 2018 11:02:03 AM

The monthly NEMLEC and Metro North Area Detective's Meeting will be held tomorrow morning, **Wednesday 5-9-18 at 10AM at Bear Hill Country Club in Stoneham**. If there is sufficient room please try to park in the Maintenance Lot beyond the main parking area (Golf season is underway) to avoid angst from the paying members of the club.

The Essex County State Police Detective's Unit along with representatives of Methuen and Lawrence PD's will be providing a status update on the ongoing ATM and Safe B&E investigations that have been occurring since 2017. Late night Patrol Supervisors may find this meeting beneficial. Area Departments will also provide handouts and discussion on other regional crimes and arrests impacting the area in a roundtable forum. Agencies are asked to provide at least 30 copies of recent activity for distribution.

All Law Enforcement is invited to attend. Contact is Det. Lt. John Roark at Chelmsford PD

Due to some email distribution issues I am re-sending the notice for upcoming Detective's Meetings;

The newly re-created North Shore Detective's Meeting will be held on **Tuesday, 1-8-19 at 10AM at Middleton PD**. This meeting is planned to move from Agency to Agency during the next few months to ensure that all have an opportunity to participate. Contacts for this meeting are Det. Adam Maccini at Middleton PD or Det. Brendan Gahagan at Topsfield PD. All are encouraged to send a representative to the meeting to discuss regional activity or simply facilitate a meet and greet with other investigators in the area.

The NEMLEC and Metro North Area Detectives will hold their January Meeting on **Wednesday 1-9-19 at 10AM at the Kostas Research Institute for Homeland Security on the Campus of Northeastern University in Burlington**. (Not Bear Hill Country Club) Please bring up to 30+ copies of recent crime/arrest activity for a roundtable discussion. A valid ID is required for entrance to this facility. Contact macrimenet@state.ma.us for any questions.

The Acton/Concord Regional Detective's Meeting will be held on **Thursday 1-17-19 at 10AM at Acton PD**. Please bring 20-30 copies of recent crime/arrest activity for discussion. Contact is Det. Chris Browne at Acton PD.

Any additional bulletins will be redistributed at the next scheduled meeting above.

Chris Neville

1. The NEMLEC AREA Detective's Meeting will be held tomorrow **(Wednesday) February 10, 2016 at 10AM at Bear Hill Country Club in Stoneham**. Roundtable Discussion. Please bring 25 copies of recent significant arrests/incidents for distribution and discussion. All are welcome to attend.

-

2. The Acton/Concord Regional Detective's Meeting will be held on **Thursday February 18th at 10AM at Acton PD**. Please bring 25 copies of recent arrest/crime activity for Roundtable Discussion. Contact is Det. Chris Browne at Acton PD. All are Welcome.

-

3. The North Shore Detectives will be conducting an Area Detective's Meeting on **Friday 2-26-16 at 10AM at the Newbury Town Hall Meeting Room**. Please bring 20 copies of recent arrest/crime activity for discussion. Contact is Det. Aaron Wojtkowski at Newbury PD.

-

4. **The Commonwealth Fusion Center and the Cambridge Police Department will offer training in Coplink and CrimeNtel on Wednesday, March 9th from 10AM to 3PM** at the Robert Healey Public Safety Building, 125 Sixth Street in Cambridge. Seating for this session will be very limited, so early registration is suggested. Also, parking near Cambridge PD can be difficult and should be considered.

-

Coplink is an Internet based *data base of data bases* that collects and updates information from the records management systems of more than 200 agencies including the Board of Probation and the Registry of Motor Vehicles. This data base includes department reports and booking photos from disparate local and State Police RMS networks and deposits them into a single, searchable data base. It allows you to search the entire data base or reports from a single agency or a group of agencies for incident reports, booking photos or to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 5,000,000 documents and booking photos through Coplink.

-

To register for this class, contact paul.upton@massmail.state.ma.us **Training is FREE.**

-

Subject: (Archive Copy) Upcoming Detective's Meetings and Passing of Retired Woburn Detective Chuckie Carroll
Date: Monday, February 6, 2017 8:53:46 AM

Good Morning,

-

The GAME is over and I hope everyone is feeling great this morning. Late Notice that **the NEMLEC and Metro North Area Detectives Meeting** will be held on **Wednesday February 8th at 10AM at Bear Hill Country Club in Stoneham**. Please try to bring at least 20 copies of recent Crime/Arrest Activity for roundtable discussion. ALL are welcome to attend.

-

The **Acton Regional Detective's Meeting** will be held on **Thursday February 16th at 10AM at Acton PD**. Please bring 20 copies of recent Crime/Arrest activity for roundtable discussion. ALL are welcome to attend.

-

I regret to announce the passing of former Woburn Detective Charles "Chuckie" Carroll. The wake will be held tomorrow (Tuesday) from 3PM to 8PM and the Funeral will be held on Wednesday morning at 10AM at St. Charles Church in Woburn. Full details below.

-

- CARROLL, Charles E. Jr. "Chuckie" In Stoneham, February 2nd, at sixty-seven years of age. Retired Woburn Police Department Detective. Beloved husband of Rosemarie (Micale) Carroll. Devoted father of Kerry A. Valle, her husband Christopher of Woburn and Brian C. Carroll of Stoneham. Cherished brother of Elaine Carroll of Woburn, Janet Popoloski of Woburn, Brenda Carroll McGinnis of Melrose and the late Robert, Paul and Daniel Carroll. Dear brother-in-law of Susan Carroll. Special Grandpa to Colin Christopher Valle and Ryder Charles Valle. A Funeral Mass will be held in St. Charles Church, 280 Main Street, Woburn, Wednesday, February 8th at 10:00 a.m. Relatives and friends are invited to call, Tuesday, February 7th, from 3:00 - 8:00 p.m. at Lynch-Cantillon Funeral Home, 263 Main Street, WOBURN. Remembrances may be made in Chuckie's memory to the Friends of Woburn Veterans, 144 School Street, Woburn, MA 01801. Lynch-Cantillon Funeral Home www.lynch-cantillon.com 781-933-0400

-

From: Hjordan@nicb.org [mailto:Hjordan@nicb.org]
Subject: NEIAATI – Auto Theft Investigators Membership and Conference May 2017 in South Portland, ME

-

Here is the link to this year's annual training seminar by the Northeast Chapter of the International Association of Auto Theft Investigators.

-

<https://www.neiaati.com/index.php/seminar>

-

Attendees are typically from law enforcement and the insurance industry special investigators, state DMV employees; usually over 200 attendees. This is the first time since 2007 that it's been held in northern New England. Next year is Pittsburgh, PA.

-

The classes are always outstanding, and there is an opportunity for networking at the end of each day and evening.

The Northeast Chapter encompasses the Northeastern US (from NJ out to Ohio and North to Maine; including the Eastern Canadian provinces.)

-

Registration begins on Monday, May 15th at 1pm with Opening Ceremonies on Tuesday, May 16th at 8:30am.

The seminar ends on Thursday, May 18th at approximately noontime. NEIAATI has secured a room rate of \$99/night; king bed or 2 double beds.

-

It really is an invaluable resource. Having been their President in 2007, and the International President in 2014, the contacts I've made and information I've gained has been helpful in every type of vehicle crime and fraud; from hit and runs, stolen vehicles, vehicle ID, title fraud, cloning, insurance fraud, vehicle arson.....great opportunity meet more of our peers, network for a few days, and learn at the same time.

-

Let me know if you have any questions.

Thanks in advance,

Heidi

Subject: **Westborough PD – Open Positions for Police Officer**

-

TOWN OF WESTBOROUGH

Police Officer

The Westborough Police Department is seeking qualified applicants for the position of fulltime police officer. We are currently authorized to add four additional positions in FY20.

Applicants must have an Associate's degree (A.A.) or equivalent from a two-year college or technical school; six months to one year of related experience and / or training; or an equivalent combination of education and experience. Massachusetts Police Academy certification in accordance with MGL Ch. 41 is preferred.

All appointments are subject to a physical and psychological examination as well as an extensive background investigation.

The Town of Westborough offers a very competitive salary and benefits package to include phasing in full Quinn Bill benefits for all new officers who qualify through the current CBA.

A Full job description can be found on the town's website.

*Applicants are to submit a **cover letter, resume and job application** (available at www.westboroughpolice.org) to Deputy Chief Todd Minardi, Westborough Police Department, PO Box 1123, Westborough, MA 01581*

Application packets must be postmarked no later than May 3, 2019.

From: Upton, Paul (POL)
Subject: Coplink – CrimeNtel Training 5-17-16

I have a few remaining seats for **Coplink-CrimeNtel** training on **May 17th at Watertown P.D.** Training is scheduled from 10:00 to 3:00 and is free.

Coplink is an Internet based *database of databases* that collects and updates information from the records management systems of more than 200 agencies including the Board of Probation and the Registry of Motor Vehicles. This database includes department reports and booking photos from disparate local and State Police RMS networks and deposits them into a single, searchable database. It allows you to search the entire database or reports from a single agency or a group of agencies for incident reports, booking photos or to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 5,000,000 documents and booking photos through Coplink.

-

Coplink can be accessed easily from any Internet connected device. It is especially useful locate and identify suspects or to quickly create photo arrays.

-

CrimeNtel is an intelligence database where authorized users can push information into a searchable database. This information may include police reports, investigative leads, tips or even newspaper stories. CrimeNtel may include information that cannot be found in the Coplink data base and is not limited to the Coplink contributing agencies. CrimeNtel can only be accessed from a computer which is capable of accessing the CJIS network and is subject to the restrictions of 28 CFR part 23, which is covered during the training.

If anyone in your department wishes to attend this training, please forward their name, rank/title, department, email address and contact phone number to paul.upton@massmail.state.ma.us.

It allows you to search the entire database or reports from a single agency or a group of agencies for incident reports, booking photos or to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 5,000,000 documents and booking photos through Coplink.

-

Coplink can be accessed easily from any Internet connected device. It is especially useful locate and identify suspects or to quickly create photo arrays.

-

CrimeNtel is an intelligence database where authorized users can push information into a searchable database. This information may include police reports, investigative leads, tips or even newspaper stories. CrimeNtel may include information that cannot be found in the Coplink data base and is not limited to the Coplink contributing agencies. CrimeNtel can only be accessed from a computer which is capable of accessing the MA CJIS network and is subject to the restrictions of 28 CFR part 23, which is covered during the training.

-

The training will run from 10:00 a.m. to 3:00 p.m. and is free

To register, send an email to paul.upton@massmail.state.ma.us including the name, title/rank, department, government email address and phone contact number. Seating is limited.

Date: Monday, June 6, 2016 11:55:50 AM

The NEMLEC Area Detective's Meeting will be held this **Wednesday, June 8th at 10AM** at Bear Hill Country Club in Stoneham. Please bring up to 25 copies of recent arrest/incident information for distribution and roundtable discussion. Be sure to park in the Maintenance Lot beyond the main entrance. Contact is Lt. John Roark at Chelmsford PD. All are welcome.

-
-

The Acton Regional Detective's Meeting will be held on **Thursday June 16th at 10AM at Acton PD.** Please bring up to 25 copies of recent arrest/crime activity for distribution and discussion. Contact is Det. Chris Browne at Acton PD. All are welcome.

-
-

After a long career assisting Law Enforcement in the New England Region, **Kathy Curran at American Express will be retiring effective Thursday June 9th.** Kathy has been an incredible asset in linking cases, providing behind the scenes information, providing court testimony and researching AMEX Credit and Travelers Check frauds for many years. Please join me in wishing her well as she takes a step away from the headaches of connecting the dots. Kathleen.s.curran@aexp.com. Her boss, Bob Curran (no relation) will be taking over her responsibilities in providing assistance to Law Enforcement in the New England Region. Robert.t.curran@aexp.com. His information will be in the next Distribution of the Area Detective's Contact List.

-
-

Also; After many distinguished years of working in the World of Bank Security and Financial Crimes Investigations, **George Bugler of Citizens Bank is also calling it a career.** A Retirement Celebration in his honor will be held on Wednesday June 22nd at 4:00PM at the Lafayette Club, 465 Fletcher St. Lowell. If you would like to stop by and wish George well, please RSVP to:

Kathleen.Beshey@TD.Com or Prema.nagathan@ebtc.com

Date: Monday, September 7, 2015 8:46:08 AM

The NEMLEC Area Detective's Meeting will be held on **Wednesday September 9th at 10AM at Bear Hill Country Club in Stoneham.** **Roundtable** discussion of recent B&E's, Scams, Solicitor Arrests, Frauds etc. ALL are welcome to attend. Please try to bring up to 25 copies of recent crime/arrest activity.

-
The **Worcester County B&E Task Force will meet on September 16th at 10 am.** The meeting will be held at the Northborough Police Department. Please bring cases from mid-July through mid-September for discussion.

-
Prior to the B&E Task Force meeting there will be a brief meeting at 9am for agencies that are members of the Regional Drug Task Force. **This meeting will also be at Northborough PD.**

-
Any question feel free to reach out to Brian Griffin(Northborough PD), Paul Brown(Shrewsbury PD), or Jim Murray (Spencer PD)

From: Lennon, Gregory [glennon@cohassetpolice.com]
Subject: Identity Theft Survey

-
Cohasset Police CID is conducting an informal survey of detective units to determine their investigative responses to identity theft complaints.

-
Like all other agencies, we receive a significant number of identity theft complaints. In the majority of cases, the victim is made whole by the company through which they suffered the loss, technically making the retailer the primary victim. In most cases, these companies have no desire to cooperate with a follow up police investigation and neither does the original victim after recouping their loss. In some cases, the affected company even refuses to cooperate or makes cooperation difficult by making investigators jump through hoops to obtain the necessary records to properly investigate the incident.

We are surveying other police agencies to determine to what extent they normally conduct a follow up investigation when faced with these circumstances. Please reply via email to the undersigned at glennon@cohassetpolice.com with your formal or informal policy on the matter. We will forward the results of this survey to any agency with an interest. Thanks in advance.

Subject: (Archive Copy) Upcoming Detective's Meetings This Week
Date: Monday, May 12, 2014 12:48:53 PM

Although the Emails have become a very useful tool in helping to identify crime suspects, nothing can facilitate cooperation among Agencies and Detectives like Personal Contact and Networking.

At every meeting we attend, a simple comment on a recent crime, always results in a couple of leads, suspects or crime trends. We encourage at least one member of all area Agencies attempt to attend the local meetings, even if a bulletin cannot be prepared. ALL are welcome to attend.

-

The May NEMLEC Area Detective's Meeting will be held on Wednesday the 14th at 10AM at Bear Hill Country Club in Stoneham. Bring 30 copies of recent Arrest/Crime Incidents for Distribution if possible. As the weather has finally turned, please park in the Maintenance Lot beyond the Main Entrance. All are welcome!

-

The Acton/Concord Regional Detectives Meeting will be held on Thursday the 15th. The meeting will be held at Acton PD. The Previous Day's (NEMLEC) Crime Bulletins will be available. Please bring 30 copies of recent activity for distribution.

Date: Tuesday, March 6, 2018 11:30:58 AM

The March NEMLEC and Metro-North Area Detective's Meeting will be held on Wednesday 3-14-18 at 10AM at Bear Hill Country Club in Stoneham. ALL are invited (and encouraged) to attend. Please bring up to **30 copies** of recent crime/arrest information for roundtable discussion. In addition to some updates on the recent ATM/Safe job spree, the US Secret Service in Boston will be discussing and demonstrating their Mobile Wireless Tracking Platform capabilities.

-

USSS equipment is available for assistance with any local LE case to assist in tracking suspects, and it is free for use. The equipment has the same capabilities of the US Marshals and FBI. The biggest difference is that USSS equipment is available for any type of case and involves much less paperwork since USSS falls under DHS instead of DOJ. The only requirement is a search warrant for the device. Templates and assistance with writing affidavits are available. Contact is Lt. John Roark at Chelmsford PD.

-

The Acton/Concord Regional Detective's Meeting will be held on Thursday 3-15-18 at 10AM at Acton PD. (The day after the Stoneham meeting) All are invited to attend. Please bring up to 25 copies of recent crime/arrest activity for distribution and discussion. Contact is Det. Chris Browne at Acton PD.

-

The Commonwealth Fusion Center and the **New England State Police Information Network (NESPIN)**, will be offering training in **Coplink and CrimeNtel** databases on Wednesday, April 4th, from 10:00 a.m. to 3:00 p.m. at NESPIN Headquarters, 124 Grove Street, Suite 105 in Franklin.

Coplink is an Internet based *database of databases* that collects and updates information from the records management systems of more than 275 agencies including the Board of Probation and the Registry of Motor Vehicles. This database includes department reports and booking photos from disparate local and State Police RMS networks and deposits them into a single, searchable database. It allows the user to search the entire database for reports from a single agency or a group of agencies. In addition to incident reports, you can also find booking photos to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 20,000,000 documents and booking photos through Coplink. Coplink can be accessed easily from any Internet connected device. It is especially useful to locate and identify suspects or to quickly create photo arrays.

The training will run from 10:00 a.m. to 3:00 p.m. and is free.

Seating is limited and pre-registration is required. To attend, please send an email to Training Coordinator Paul Upton, paul.upton@MassMail.state.ma.us, including your name, rank/title, agency, email address and contact phone number. MSP Troopers please include your MSP identification number.

The monthly **NEMLEC Detective Meeting will be held this coming Wednesday 4/13/16 at 1000 at the Bear Hill CC in Stoneham.** The meeting is a roundtable discussion of incidents and trends of regional significance.

All law enforcement agencies, Bank and Retail Security are encouraged to attend. Please bring 20-25 copies of handouts if you plan on distributing anything. Handouts are not required. Coffee and light refreshments will be served. The meeting will last about an hour.

Lt John A Roark

Chelmsford PD

978-256-2521 x102

jroark@townofchelmsford.us

-

The Acton Regional Detective's Meeting will be held on Thursday 4-21-16 at 10AM at Acton PD. Roundtable discussion of recent crime and arrest activity . All are welcome to attend. Contact is Det. Chris Browne at Acton PD. cbrowne@acton-ma.gov

-

The personnel of every police department's detective bureaus is constantly changing, the best way to network and establish contacts in other PD's is to attend these meetings.

-

The **Commonwealth Fusion Center** and the **Watertown Police Department** are offering a training opportunity for using Coplink and CrimeNtel databases. Training will be held at the Watertown Police Department, 552 Main Street, Watertown, MA on Tuesday, May 17th from 10:00 a.m. to 3:00 p.m. Seating is limited and advance registration is required.

Coplink is an Internet based *database of databases* that collects and updates information from the records management systems of more than 200 agencies including the Board of Probation and the Registry of Motor Vehicles. This data base includes department reports and booking photos from disparate local and State Police RMS networks and deposits them into a single, searchable database. It allows you to search the entire database or reports from a single agency or a group of agencies for incident reports, booking photos or to create mug books or photo arrays. It also allows the user to determine associations between persons, locations, vehicles and phone numbers. Personnel from more than 300 agencies across the state have access to more than 5,000,000 documents and booking photos through Coplink.

-

Coplink can be accessed easily from any Internet connected device. It is especially useful locate and identify suspects or to quickly create photo arrays.

-

CrimeNtel is an intelligence database where authorized users can push information into a searchable database. This information may include police reports, investigative leads, tips or even newspaper stories. CrimeNtel may include information that cannot be found in the Coplink

data base and is not limited to the Coplink contributing agencies. CrimeNtel can only be accessed from a computer which is capable of accessing the CJIS network and is subject to the restrictions of 28 CFR part 23, which is covered during the training.

-

The training will run from 10:00 a.m. to 3:00 p.m. and is free

To register, send an email request to Training Coordinator Paul Upton at paul.upton@massmail.state.ma.us Include your name, title or rank, department, email address and phone contact.

Nashua PD is hosting the Remington Model 870 and Model 700 Armorer's School from 5-2 to 5-4-16. For additional information contact Adam Anderson at Nashua PD. andersona@nashuapd.com There is a cost.

-

The Recently Updated Detective's Contact List is attached. Please advise me of necessary changes and updates.

Chris Neville

-

I am looking for any agencies interested in participating in the attached MC run as a police escort. The run is a charity to benefit Building Dreams for Marines and it has grown in popularity. In years past we have received assistance from NH State Police and Salem, NH Police MC Units with the escort. This year I am looking to have a larger police presence for the escort. There are no colors allowed in the run and we have had no issues with this in the past. If you or someone in your agency is interested in participating as a police motorcycle escort, please let me know.

Thanks

The NEMLEC (Metro North) Area Detective's Meeting will be held on **Wednesday December 13th at 10AM at Bear Hill Country Club in Stoneham.** All are welcome to attend. Roundtable discussion of significant crime and arrest activity during the past month. Please bring 25 copies for distribution and roundtable discussion. Contact is Lt. John Roark in Chelmsford.

The Acton Regional Detective's meeting will be held at the Maynard Elks 34 Powdermill Rd (Rt. 62) Maynard, Ma. on **Thursday December 15, 2016 at 1PM - NOTE TIME CHANGE.** This meeting will be business and pleasure. We have a private function room with a cash bar. There will be cold cuts, sandwiches, pizza and assorted finger foods. Please take some time to socialize and wish everyone a Merry Christmas and Safe New Year. We have the room for several hours and in the past it has been very enjoyable socializing and relaxing after/during the meeting. I hope everyone can take some time. I need an approximate number of attendees for our food count could you please RSVP as soon as possible with an approximate number of attendees from your Dept. the more people attending the cheaper the cost- an early order is cheaper. I hope to give order in a week. Over the past couple years we have had regular attendees retire or move to new positions- please advise them of this meeting and that they are invited. Please invite any past members or bring other members of your division/department- All are welcome. Cost will be approximately \$20.00 per person. **Need directions or information- contact person is Det. Chris Browne Acton Police** cbrowne@acton-ma.gov

From Belmont PD: WAZE Application Contact Inquiry

I am seeking assistance if anyone has dealt with a Law Enforcement contact for the *Waze* app. I am investigating a hit and run personal injury case where a girl was struck and we have no witnesses or video available. The victim described the offending vehicle as a small gray car. Simultaneously we received an operator complaint in that immediate area for a small gray vehicle driving recklessly speeding, blowing stop signs and passing cars on the wrong side of the road. The reporting party provided the plate number. The vehicle comes back to a party locally. A small gray car.

I interviewed the operator of the vehicle in question and he admitted to driving in that area at that time. I have probable cause to believe he is the suspect in the hit and run case and I am filing charges. The suspect stated that he was using the Waze app during the time frame that he was driving in that area. With his gps location activated on his phone I am hopefully that Waze would have the exact route that was traveled saved. I know it is a long a shot but it would make the case. He lied originally about his route that he took then changed his route and if I could have this exact route taken from GPS it would be a great help.

Thank you, Officer Matthew Benoit mbenoit@belmontpd.org 617-993-2535 or 978-264-9640

SIX MILE, SC (FOX Carolina) -

The mother of a boy suffering from OsteoGensis Imperfecta, a genetic disorder that causes bones to break easily, is asking for help making her son's Christmas wish come true.

Kristi Walden said her 8-year-old son, Kyler, has had several surgeries and has about 15 broken bones. She said he loves getting mail and has a PO box in Liberty. His Christmas wish this year is to receive lots of Christmas cards.

People who would like to send Kyler a card should deliver it to the following address:

From: Matt Keenlside <mkeenlside@pelhampolice.com>

Subject: Scott Landis Family Fundraiser

-

Chief Warrant Officer Scott Landis was killed in a plane crash in Hanson, MA on Friday evening. Scott was an experienced Army Blackhawk instructor pilot from my old unit. He was on emergency leave from the unit's deployment to Kosovo because his father just passed away. *Scott was flying a small airplane with his brother to spread his father's ashes when they crashed.* Scott was an outstanding pilot whom I flew many, many hours with both overseas and at home. I have no doubt that mechanical failure caused this crash.

In addition to Scott being an actively serving Army Officer with multiple deployments, he was also a part-time police officer in Rumford, ME. More importantly, he was just a good guy. He leaves his wife Staci and their one-year-old baby Jack behind. A Go Fund Me page has been set up in support of his family.

[Go Fund Me page](#) (Completely legitimate. Tony Celia set it up and is also a warrant officer & instructor pilot at the unit).

-
As information, **I will be retiring from Citibank within the next few weeks.** After that date, there will be no Boston based Citibank Credit Card Investigator. If you need assistance with a credit card related investigation please call 1-800-817-0266. During the day, you will reach one of our Desk Investigators located in Queens, NY. In the evening and on the weekends, you will be routed to a Duty Investigator, who has access to the credit card data bases.

If you have any issues obtaining credit card information via the 800 number, you can call Supervisor Dan D'Alessandro. He is a retired NYPD detective and can be reached at 718-248-3900.

It has been a pleasure working with each of you and I wish you all well.

Best Regards.
John J. Fuccillo

From: Scotti, Thomas [tscotti@hudsonnh.gov]
Subject: **Building Dreams for Marines Fundraiser (June 2015)**

-
This June 27, 2015, Bay State Welding in Hudson, New Hampshire is **hosting a motorcycle run to benefit Building Dreams for Marines**. We assisted the run last year by providing an escort with two marked motorcycles as well as one marked cruiser. This year, I have more time to plan and **would like to ask other agencies for assistance with the escort**. **The route the run takes is fairly simple, with the exception of several intersections**. That being said, any agency interested or willing to provide a marked motorcycle/s to assist us should contact MPO Thomas Scotti at 603-886-6011. The more help the better, and it's a nice ride.

-
I attached the poster for the event as well, in case anyone was interested in participating in the event as well. They also feed us after the event.

Master Patrol Officer Thomas Scotti
Hudson Police Department

5. NESPIN has free upcoming training; **Mental Health First Aid for Public Safety. February 1st or March 1st**. If the link below does not work, contact Training Coordinator Rick Flood at rflood@nespin.riss.net to register.

Mental Health First Aid for Public Safety

February 1, 2018 or March 1, 2018 - NESPIN - 124 Grove St., Suite 105, Franklin, MA

Dates: Thursday, February 1, 2018 or
Thursday, March 1, 2018

Time: 0800-1700hrs

Cost: Free

Course Description:

Mental Health First Aid for Public Safety is an 8-hour course that teaches a five-step action plan to help connect an individual in crisis with appropriate professional, peer and self-help care. Trainees learn how to spot the risk factors and warning signs of mental health and substance use challenges, the importance of early intervention, and, most importantly, what to say and do to support someone who may need help.

Mental Health First Aid for Public Safety provides officers with more response options to help them de-escalate incidents and increase understanding so they can respond to behavioral health-related calls appropriately without compromising safety. Approximately 85,000 public safety professionals have taken the course to-date.

Mental Health First Aid for Public Safety devotes significant content on taking care of us, recognizing how frequent officers are exposure to situations that can negatively impact their mental health.

Instructor: Captain Joe Coffey (Ret. Warwick, RI PD)

The NEMLEC Area Detective's Meeting will be held on Wednesday 9-10-14 at 10AM at Bear Hill Country Club in Stoneham. It has been a busy summer. Please try to attend to share information on ongoing criminal activity and arrests. All are welcome.

The Acton/Concord Regional Detective's Meeting will be held on Thursday 9-18-14 at 10AM at Acton PD. All are welcome to attend. Same format as above.

From: Jennifer Caranfa [jcaranfa@police.somerville.ma.us]
Subject: Somerville PD: 2nd Annual Collier Kickball Extravaganza 9-27-14

The Somerville Police Department will be holding the 2nd Annual Collier Kickball Extravaganza on Saturday, September 27, 2014 at Trum Field, Somerville, MA. Officer Sean Collier was an active member of a local kickball league and his favorite charity was the Jimmy Fund. This tournament will be held in his honor and all proceeds will be donated in his name to the Jimmy Fund. Last year's tournament raised nearly \$5,000. The tournament will be a one day single elimination tournament featuring speed round kickball. Rules will be distributed the morning of the event to all teams. You must register as a team (10 players, only adults will be allowed to play) and the registration fee is \$250. All teams will be provided with 10 t-shirts for their players. Team colors will be distributed on a first come, first serve basis. There will be raffles, a 50/50 and a prize for the best accessorized and coordinated team. The registration fee is due by September 10th and checks should be made out to Jennifer Caranfa.

If you cannot play, raffle donations and sponsorships would be greatly appreciated. All donations and fees should be mailed to: Somerville Police Department, 220 Washington Street, Somerville, MA 02143 Attn: Jen Caranfa and Beth Roche. For any questions regarding this event, please contact either Jen Caranfa at 617-625-1600 x7266 or by email at jcaranfa@police.somerville.ma.us or Beth Roche at 617-625-1600 x7267 or by email at eroche@police.somerville.ma.us.

Red Sox Opportunity

Forwarded by Chief Bob Ferullo at Woburn PD:

From: Pursley, Evan [<mailto:epursley@redsox.com>]

Subject: Red Sox First Responders Night

We're excited to have **First Responders Night at Fenway on Thursday September 25th.** We have specially priced tickets for all first responders and hope you and your department can attend. We have seats available in the **Bleachers (\$15), Outfield Grandstand (\$20/seat) and Infield Grandstand (\$35/seat).** We have a group minimum of 20 tickets, but there's no maximum, so feel free to bring along family and friends.

Please let me know if you have any questions.

All the best,
Evan

The **Acton Concord Regional Detective's Meeting will be held on Thursday 1-15-15 at 10AM at Acton PD.** Roundtable Discussion of recent crime activity, arrests and trends. [All are welcome to attend.](#)

-
From: Exeter NH PD: Arrest of Alexis Rodriguez - Lawrence-Based Commercial B&E Suspect

-
He was interviewed at Rockingham Superior Court. [He admitted to Exeter's Nadeau's Sub Shop, being at New England Pizza and the Stratham Shell Station. He would not admit to three other Burglaries the same night as Stratham.](#) He also admitted to running from Exeter on two occasions. He further admitted to running from NH State Police over the summer (Warrants were done then for him). [We talked with him about Plaistow, Atkinson, Somersworth and N. Hampton but would not admit to them either.](#)

-
He states the night they were chased from E. Kingston, he was not driving but in the car. [He stated a subject named Medina was driving](#) (From Lawrence, no other info).

-
[He states that he will talk with other Detectives.](#) He was told that Exeter and Stratham had warrants for him so I'm not sure if that has anything to do with him confessing to those cases. He should still be at Rockingham County Jail.

-
I attached a few photos from the search warrant on the vehicle. I have many others as well as the audio taped interview. I will leave copies at Exeter PD for whoever wants a copy. We secured a crow bar, cash box, two cash register drawers, a white/clear mask, sneakers, clothing, some black nylon pouches, etc.

[We tried to interview Amy Meattay of 10 Douglass Way, Exeter. As of last week she was at MCI Framingham. She admits to being with / living with Rodriguez from place to place. She did not give up anything regarding the Burglaries and wanted a lawyer.](#)

-
Let me know if anyone needs anything further.

From: Melissa Trzepacz [mailto:melissa.trzepacz@cityofeverett.org]
From: Everett PD and the Conner Family, ***Jared's Run Sunday 10-1-17***

-

The Connor family invites you to join them at the starting line for the eighth annual running of Jared's Run to raise money for their son, Jared and his fight against Sanfilippo Syndrome. Sanfilippo Syndrome is a terminal genetic disorder affecting children. These children are born healthy but over time lose their ability to walk, talk and even eat. Money raised from this event will help the Connor family give their son access to the best vitamin and dietary supports as well as participation in experimental treatments that are not covered by insurance. Additional funds will be donated to Team Sanfilippo to support research into Sanfilippo treatments and eventually a cure.

-

Team Sanfilippo Foundation is a non profit organization focused on finding a treatment for Sanfilippo Syndrome. It's mission is to find potential therapies that can be tested clinically in the

near future. They are working hard to advance research, education and improve the quality of life for the children affected by this disorder. They are dedicated to bringing a treatment to these suffering children within their lifetime. Thank you.

The Worcester County Detective's Group will be holding a Virtual Meeting on Wednesday 6-10-20 at 10AM. The meeting will be hosted by NESPIN on the Microsoft Teams platform.

To participate, email jhurley@nespin.riss.net by 9PM on June 8th and you will be sent a link to click on just prior to the meeting.

Bulletins can be submitted by email and presented on a scroll during the meeting. Bulletins must be submitted to intelunit@nespin.riss.net by Tuesday at Noon.

Participants must download the Microsoft Teams App on your computer or smartphone prior to the meeting.

-

A reminder, that having a second microphone in the same location open during a conversation will present audio feedback and garble to others.

Most computers now have a sliding door or open camera function at the top of your computer screen. All are welcome to participate and present information.

The Metro-North, North Shore and NEMLEC Area combined Virtual Meeting will be held on Tuesday 6-16-20 at 10AM. The meeting will be hosted by NESPIN on the Microsoft Teams platform.

To participate, email moliveira@nespin.riss.net by Friday June 11th and you will be sent a link to click on just prior to the meeting.

Chiefs/ Acting Chiefs:

Pursuant to the terms of NEMLEC's mutual aid agreement with your community, please see the following passage which is taken from the MOU:

TERMS OF THE AGREEMENT:

This Interagency Mutual Aid / Assistance Agreement (hereinafter referred to as the "Agreement") shall remain in effect until terminated by all parties hereto. Should any party to this agreement wish to withdraw from the Agreement, it may do so by notifying all other parties in writing.

Should any signatory Chief of Police retire or otherwise leave office, the President of the Council will request of his successor a written statement that he accepts all the terms and conditions of this Agreement. All such statements shall become an attachment hereto.

Any law enforcement agency that is not originally a party to this Agreement may become a party by sending a written request to the President of the Council. Such request shall be executed in accordance with the By-Laws that have been promulgated the Council.

This Agreement may be amended only with the written approval of each Council Member who is then a party to it.

For reference I have attached a copy of the MOU if your appointment is permanent and or you wish to execute a new agreement. Please feel free to email me a copy of a written statement and or new agreement and I will see that the President countersigns it and I will forward you a fully executed copy.

Please let me know if you have any questions or concerns regarding this request. Thank you in advance.

US Tax Code Likely To Get First Major Facelift In 30 Years

Republican control of the White House and both chambers of Congress in January will put the GOP in a tenable position to pass significant tax reforms it has been pushing for years, such as lower corporate rates and a simpler tax code, experts say.

Analysis

How Immigration Attys Can Prep Clients For Trump Policies

An era of heavy immigration enforcement is likely on its way under President Donald Trump, but attorneys can still help clients without legal status explore relief options like asylum and prepare them for the possible cancellation of the popular deferred deportation program. Here, experts share some strategies to prepare for the incoming Trump administration changes.

Analysis

DOL's Tip Pool Rule Poses Tough Decision For Restaurants

The U.S. Department of Labor's tip pooling rule, which bars restaurants from requiring their wait staff to share tips with employees in the back of the house, may be facing legal challenges and a potential revisit from the Trump administration, but experts say that in the meantime restaurants are facing tough compliance choices.

NATO Chief Urges Trump Not To Abandon Alliance

The head of the North Atlantic Treaty Organization on Sunday tacitly urged President-elect Donald Trump to reconsider his stated antipathy to the NATO alliance, describing the partnership as "indispensable" to both Europe and the U.S. amid a deteriorating security environment.

Analysis

LinkedIn Boot Shows Russian Data Law Can't Be Brushed Off

A Russian court's recent decision to ban LinkedIn from the country for allegedly violating strict data localization rules signals the law will be aggressively enforced even against businesses that only interact with Russians over the internet, leaving both multinationals and the new Trump administration to face difficult decisions about how to respond.

SEC Chair White To Step Down When Obama Leaves Office

U.S. Securities and Exchange Commission Chair Mary Jo White said Monday that she will leave the agency at the end of the Obama administration, concluding a tenure that saw the SEC extend its regulatory framework and demand greater accountability from wrongdoers.

Analysis

Campaign Cash Warning To Pa. Judges May Boost Recusals

As the cost of campaigning for a seat on one of Pennsylvania's three statewide courts has exploded over the last decade, experts say new guidance urging judges to be more sensitive to perceptions of bias in cases involving campaign donors could prompt a rash of recusals.

BANKING & SECURITIES

Muni Watchdog Detects 4 Market Risks For Retail Investors

Retail investors in municipal bonds are potentially facing risks in disclosure practices, price fairness and transparency, types of ownership, and senior investor protection, the municipal bond market's regulatory body recently told the U.S. Securities and Exchange Commission.

Hong Kong Delays Rollout Of Derivatives Volatility Controls

The owner of the Hong Kong Stock Exchange delayed a rollout scheduled Monday for a volatility control mechanism designed to restrain its derivatives markets from wild price swings, citing technical problems that require further testing.

Analysis

Big SEC Whistleblower Bounties Won't Change With Trump

The U.S. Securities and Exchange Commission's whistleblower program is likely to continue its record-breaking streak, bolstered by a \$20 million award announced Monday, experts said, despite the newly elected Trump administration's threats to repeal the Dodd-Frank Act that created the program in 2011.

House, SEC Drop Health Care Subpoena Fight At 2nd Circ.

The U.S. House Ways and Means Committee has dropped its Second Circuit appeal seeking to stop the U.S. Securities and Exchange Commission from subpoenaing a former staffer in a health care insider trading probe, putting to rest more than two years of litigation.

SEC OKs FINRA Rule Making It Easier To Toss Arbitrations

The U.S. Securities and Exchange Commission signed off last week on a rule change to Financial Industry Regulatory Authority arbitrations that will make it easier for arbitrators to dismiss claims that have previously been adjudicated.

ENERGY & ENVIRONMENTAL

NJ Lawmakers Oppose Hazardous Waste Facility In Pa.

New Jersey lawmakers on Monday advanced a resolution opposing a hazardous waste incinerator proposed for a Pennsylvania property across the Delaware River from several Garden State towns, citing the high probability of pollution and its potential impact on air and water quality.

Analysis

Texas Agency's Likely Renewal Will Sharpen Energy Oversight

State lawmakers are expected to renew the Texas Railroad Commission following a 2017 review and pave the way for a slate of modest changes to improve monitoring and enforcement of its oil and gas production rules and enhance oversight of state pipelines, leaving behind years of contentious policy fights, experts say.

IP & TECHNOLOGY

DOJ Appeals Loss On BMI Music Rights Accord To 2nd Circ.

The U.S. on Friday appealed to the Second Circuit a September decision in favor of Broadcast Music Inc. in its challenge to the U.S. Department of Justice's interpretation of 75-year-old antitrust settlements regarding the licensing of music performance rights.

TRANSPORTATION & INFRASTRUCTURE

NHTSA Puts Long Delayed 'Quiet Car' Sound Rule Into Effect

The National Highway Traffic Safety Administration on Monday announced that an audible sound requirement will be put on all new electric and hybrid light-duty vehicles, referred to as "quiet cars" because pedestrians often don't hear the vehicles approaching, in an effort to reduce injuries affecting those that rely more heavily on sound to detect oncoming cars.

INSURANCE

Class Action Over Hep C Coverage Falls Flat, Colo. Says

The state of Colorado on Thursday said a Medicaid beneficiary doesn't have the right to bring a potential class action challenging the state's since-updated policies for denying coverage of hepatitis C medication, including AbbVie Inc.'s Technivie.

EMPLOYMENT

Scrapping OT Regs Would Spike Employer Profits, CBO Says

Employers should expect to see a spike in profits totaling billions of dollars over the next six years if the U.S. Department of Labor's overtime expansion is halted before its forthcoming Dec. 1 implementation date, the Congressional Budget Office said Monday, while cautioning that workers would likely see a drop in pay.

Christie Wants To Nix Benefits For Striking Workers

New Jersey Gov. Chris Christie has conditionally vetoed legislation that would give unemployment benefits to employees involved in labor disputes, recommending Monday that lawmakers remove striking workers from eligibility under the proposed law.

COMPETITION

FTC Eyes Changes To Contact Lens Competition Rule

The Federal Trade Commission is seeking comments on two proposed changes to a rule that specifies what eye care sellers and prescribers must do to be in compliance with regulations relating to consumers and contact lenses.

PRIVACY & CONSUMER PROTECTION

Trans Student Tells 6th Circ. To Deny Stay In Bathroom Row

The Sixth Circuit shouldn't stay an order requiring Ohio's Highland School District to let a transgender student use the bathroom that matches her gender identity while the school district appeals, because the girl's life and wellbeing are at risk without the court's protection, she told the appeals court Friday.

GOVERNMENT CONTRACTS

Feds Clarify Sole-Source Contracting Justifications

The Federal Acquisition Regulatory Council on Monday proposed a new rule meant to clarify exactly when and how contracting officials are to explain themselves when awarding a "sole-source" contract, meaning one given without full solicitation and open competition, for disadvantaged business awards exceeding \$22 million in value.

Department of the Treasury that is intended to prevent federal agencies from making improper payments fails to provide complete access to necessary databases, according to a U.S. Government Accountability Office report released Monday.

White House Wants Additional \$11.6B To Fight Islamic State

The White House has asked Congress to approve an additional \$11.6 billion in federal funding for the campaign against the Islamic State group and to support the Afghan government, saying that the additional money is needed to help effectively defeat the militant organization.

INTERNATIONAL TRADE

US Trade Policy 'A Guess' Under Trump, Ex-Trade Reps Say

A pair of former U.S. Trade Representatives said Monday that the country's foreign trade policy would be up in the air in the administration of President-elect Donald Trump, speculating that a protectionist United States could empower China to write international trade rules.

TAX

Colo. Can't Appeal Case It Already Won, Retail Group Says

Colorado's victory in a dispute over tax-related reporting requirements for out-of-state retailers bars it from appealing to the U.S. Supreme Court to revisit a controversial 1992 ruling requiring retailers to have a physical presence in a state for the purpose of collecting sales and use taxes, according to a New York-based retail trade group.

IRS Defends Cost-Sharing Rule In Altera Row At 9th Circ.

The IRS once again attacked a U.S. Tax Court decision scrapping its rule regarding stock-based compensation in cost-sharing agreements, telling the Ninth Circuit Thursday in a dispute with chipmaker Altera Corp. that the rule was the "product of reasoned decisionmaking."

IRS Says Tea Party Suit Need Go No Further

The IRS urged a D.C. federal court to dismiss outstanding claims from several conservative advocacy groups accusing the agency of discrimination and political bias, saying Friday that the agency has taken permanent actions to correct its conduct and render those claims moot.

BANKRUPTCY

Former NJ AG Appointed To Steer Atlantic City's Finances

Chiesa Shahinian & Giantomasi PC member Jeffrey S. Chiesa, New Jersey's onetime attorney general and former chief counsel to Gov. Chris Christie, has been appointed to oversee Atlantic City's fiscal recovery in the wake of the state's rejection of a financial plan the struggling resort town hoped would save its autonomy.

Essar Steel Fights Minn. Permit Yank In \$2B Ch. 11 Battle

A Minnesota attorney told a Delaware bankruptcy judge Monday that the North Star State never intended to tie up indefinitely the publicly owned iron ore rights on thousands of acres with an unfinished \$2 billion mine and mill venture now claiming a Chapter 11 shield against default claims.

IMMIGRATION

Mayor: Chicago To Stay Sanctuary City Amid Trump Plans

Chicago Mayor Rahm Emanuel said Monday the city will remain a sanctuary for immigrants, despite President-elect Donald Trump's plans to deport or jail 2 million to 3 million people who are in the country illegally.

USCIS Releases Revamped Work Authorization Form

U.S. Citizenship and Immigration Services on Monday issued a new version of the Form I-9, a work authorization form used by employers that now has informational prompts and room for providing extra information.

NATIVE AMERICAN

Navajo Group Says County Exec Can't Trim Voting Rights Row

The Navajo Nation Human Rights Commission urged a Utah federal court Friday not to let a San Juan County commissioner escape part of a lawsuit challenging the county's predominantly mail-in voting system as detrimental to Navajo citizens.

TELECOMMUNICATIONS

House Passes Anti-Spoofing, Rural Calling Bills

The U.S. House of Representatives passed a pair of telecommunications quality and consumer protection bills Monday, its first day back since the election, providing more protections against caller ID spoofing in text messages and for rural call quality.

Directors Guild Presses FCC To Release Set-Top Plan

A Directors Guild of America representative on Thursday urged the Federal Communications Commission to release to the public a proposal to unlock the consumer television set-top box market, saying that a fact sheet on the plan does not address concerns from programming copyright holders.

Level 3 Says FCC Empowered To Limit Nat'l Security Reviews

Level 3 Communications has told the Federal Communications Commission it has the authority to set time limits on national security reviews of broadcast transactions involving foreign ownership, saying it can consider concerns but has the freedom to set deadlines, according to a filing posted publicly Monday.

Frontier Lobbies FCC Chief Over Harm From Rate Regs

The CEO of Frontier Communications Corp. has pushed Federal Communications Commission Chairman Tom Wheeler to ensure new regulations proposed for the business data services market do not harm mid-size, older carriers, warning that jobs and connectivity could otherwise be endangered.

NY Wants Quick FCC Approval Of Rural Broadband Funds

Representatives from New York state urged the Federal Communications Commission last week to expedite approval of a petition to deploy \$170.4 million in federal funding to build out rural broadband infrastructure in the state.

EXPERT ANALYSIS

What To Expect From The New Senate

A word of caution to our fellow Republicans — one lesson learned from President Obama's first two years in office is that pushing through partisan legislation could come back to haunt a party and a presidency, say former Sen. Kay Bailey Hutchison, R-Texas, and Curt Beaulieu of Bracewell LLP.

Opening Up Libel Laws Would Test 1st Amendment

In an era when terms like "libel" and "slander" are increasingly used, and the broad and nebulous term "media" is becoming a convenient scapegoat for all of society's social ills, the possibility that someone may seriously consider a subsidy to bring defamation suits against the media — as

President-elect Trump suggested while on the campaign trail — “dampens the vigor and limits the variety of public debate,” say Ehren Fournier and Adam Losey of Foley & Lardner LLP.

Immigration Predictions Under A Trump Presidency

Among other campaign promises, President-elect Donald Trump boasted that he would deport those living in the U.S. illegally and build a wall along the U.S.-Mexico border. As president, will Trump stick to these promises, and even if he has a will to do so, does he have a way? Becki Young, co-founder of Hammond Young Immigration Law LLC, discusses what to expect from Trump's immigration policies over the next four years.

Considerations When Hiring Legislative Branch Employees

With the 114th Congress drawing to a close, private and nonprofit sectors can soon recruit seasoned professionals with recent congressional experience. However, without appropriate controls this process can create legal and reputational risks for prospective employers and employees alike, say attorneys at WilmerHale.

How US Federal Elections Will Impact US-China Relations

Taking President-elect Trump at his word, the global trading system in general, and U.S.-China relations in particular, is about to hit a rocky four-year stretch, say Bruce Heiman and Stacy Ettinger of K&L Gates LLP.

OPINION: Goodness First, Then Greatness

For many, the United States missed an opportunity after 9/11 to emphasize similarities rather than differences, to seek healing rather than punishment, to build understanding between cultures. Is Trump's election another such opportunity? asks Kevin Curnin, president-elect of the Association of Pro Bono Counsel.

LEGAL INDUSTRY

Chadbourne Says Attys In Bias Suit Not Employees

A pair of lawyers with a \$100 million proposed class action accusing Chadbourne & Parke LLP of discriminating against them and other female partners are or were Chadbourne shareholders and have no right to sue their own business under employment discrimination laws, the firm said on Monday.

Carlton Fields Attorney Dies In Scuba Diving Accident

A Carlton Fields attorney who worked in the firm's Tampa, Florida, office died Sunday from injuries believed to be related to a scuba diving incident over the weekend in the Gulf of Mexico, according to the Pinellas County Sheriff's Office.

4 Ways Firms Can Be More Tech-Forward

Law firms looking to take advantage of the most advanced technology for ease of workflow and productivity may not have to look very far, given the proliferation of new products and software on the market, but industry experts say firms need to foster an environment that allows for innovation.

How To Know When It's Time To Go In-House

If you've ever toyed with the idea of taking a law department gig, you've probably also wondered whether it will serve your career better to flee BigLaw the first chance you get or wait it out. Here are some milestones that can tell you when the time is right to make the in-house jump.

Rainmaker Q&A: Latham & Watkins' Mark Gerstein

One skill most important for becoming a rainmaker is the confidence that allows you to go into any pitch with the expectation that you will win it, and treating those you lose not as a personal loss, but simply part of the business, says Mark Gerstein, a global chairman of Latham & Watkins' mergers and acquisitions practice.

Rainmaker Q&A: Nossaman's Yuliya Oryol

While practicing law in South Korea I continued to work full-time while pregnant with both of my daughters. It was challenging to pitch work as a non-Korean speaking, Russian-American woman, working in a mostly male Asian business culture. In fact, I was regularly the only woman in the room, says Yuliya Oryol, co-chairwoman of the public pensions and investments practice group at Nossaman LLP.

From: Michael O'Connell [off.oconnell@wakefieldpd.org]
Subject: Wakefield PD: Retirement Message - Det. Mike O'Connell

Greetings Friends,

-

Believing that change in life is inevitable and that every day presents us with great new opportunities, I will be retiring from the Wakefield Police, effective Friday July 10, 2015.

-

After a fantastic 21 ½ year career that included patrol, school officer (including a year of teaching middle school), assistant prosecutor and detective, I'm looking forward to taking my police experience back into the private sector where I hope to fit in one more profession before I'm done. I've been fortunate to have my dream job in a great police department with great people for my entire career so making the decision to leave hasn't been easy. In the final assessment it came down to accepting that for new adventures to begin, some of the old ones had to end.

-

Thanks too all for the friendship, camaraderie and respect present every day throughout the detective community and beyond. It has truly been a pleasure and privilege serving with you all. Without a doubt, partnering with all the great investigators and detectives I've had the opportunity to work with over the years has been one of the most rewarding aspects of my career.

-

Please note my personal cell phone number in your records and feel free to contact me anytime I may be of service.

-

Thanks and stay safe,
Mike O'Connell

Wakefield Police Department Searching for Missing 63-Year-Old Woman

WAKEFIELD -- Police Chief Rick Smith reports that the Wakefield Police Department is seeking the public's help in locating a 63-year-old woman who went missing Thursday night.

The woman was last seen at 8:30 p.m. in the area of North Avenue by Lake Quannapowitt when she left the house to get a newspaper and did not return.

Wakefield Police were notified at approximately 10 p.m. and immediately began an intensive search.

Wakefield officers, along with numerous officers and K9 units from NEMLEC Member Police Departments and the Massachusetts State Police conducted a thorough search all evening, but have not located her yet. Additional officers are joining the search party as the day begins.

The missing woman is 5'2" tall, weighing 140 lbs. She has dirty blonde hair and hazel eyes. She was last seen wearing a long brown winter jacket, blue jeans, a black silk shirt, and gray sneakers with orange laces.

Suffers from medical conditions requiring medication and may be disoriented.

If anyone has seen her, or may have information on her whereabouts, please contact the Wakefield Police Department at 781-245-1212

Julie, I'm using 3 hours vacation time this afternoon. Only question I have is NEMLEC is going to need Off. Foley for the incident command van on July 26th, 27th, and 28th. He is working those days so if it is alright with you, I would like to reassign him. Any overtime he makes should be refundable through Lowell PD. I will get more info in regards to the process from Elena and NEMLEC. I will be in tomorrow. Thanks Jim

Welcome to this week's JGPR Police Newsletter!

This week, JGPR welcomes Saugus and Boxborough Police to our client roster!

If you were checking your email regularly at the end of the week, you know that Friday was a busy day for JGPR, and that's saying something, because it was a good work week all-around.

But Friday was the day for breaking news. It started with a warrant arrest in Saugus that brought out the NEMLEC SWAT Team. Thankfully, when the suspects saw the Bearcat pull up and announce the presence of a SWAT Team, they [surrendered quickly](#) and without violence.

Late Friday evening, a major drug bust was announced in North Reading, and we were ready with a statement from NRPD. If you want a real example of our effectiveness under deadline pressure, read the [Globe's story about the bust](#).

There's a lot more to read below, and on the [JGPR News Blog](#), including Chief Ryan arresting a woman for her seventh OUI and firefighter/police brothers from Bedford delivering a baby on a bathroom floor last Monday!

One more worth checking out, Wakefield Police offer a great program called [Youth Mental Health First Aid](#).

Finalize your Membership!

If you haven't formalized, finalized, and begun your JGPR membership yet, now is the time! We can also customize memberships for each community, bundling Police and Fire, or Police/Fire/Town Government into one package. Call 781-752-9877 or email John at john@jgpr.net for more information!

What else happened last week?

Welcome to the 'NEMLEC Members' SharePoint group. Roy Frost (Billerica) (LEC\rfrost) has added you to the 'NEMLEC Members' group for this SharePoint site.
Group description: NEMELC Members

As a member of this SharePoint group, you can:

- * Participate in the SharePoint site at: <https://mapolice.us>
- * View the group home page at: https://mapolice.us/_layouts/people.aspx?MembershipGroupId=10

What is a SharePoint site?

A SharePoint site is a Web site that provides a central storage and collaboration space for documents, information, and ideas. A SharePoint site is a tool for collaboration, just like a telephone is a tool for communication, or a meeting is a tool for decision making. A SharePoint site helps groups of people (whether work teams or social groups) share information and work together. For example, a SharePoint site can help you:

- * Coordinate projects, calendars, and schedules.
- * Discuss ideas and review documents or proposals.
- * Share information and keep in touch with other people.

SharePoint sites are dynamic and interactive -- members of the site can contribute their own ideas and content as well as comment on or contribute to other people's.

Winchester Police Department Investigating Email Threat Against Winchester High School

Classes and Activities Cancelled on Monday

WINCHESTER -- The Winchester Police Department is investigating a threat made against Winchester High School early this morning.

A school administrator received an email shortly after 5:15 a.m. Monday, which made a non-specific bomb threat to the high school. After consulting with Winchester Police, the decision was made, out of an abundance of caution, to cancel classes and after-school activities on Monday.

The Winchester Police Department activated the the Northeast Massachusetts Law Enforcement

Council (NEMLEC) School Threat Assessment and Response System (STARS) protocol, which brought in specially-trained law enforcement officials and school administrators from several other communities to assist Winchester.

The Department was also assisted by K-9 units from: The Bureau of Alcohol, Tobacco, Firearms and Explosives (2 dogs), The Massachusetts State police (2 dogs), NEMLEC, and the Quincy Police department.

After an investigation, it was determined that the threat was not credible.

Winchester Police are actively working with state and federal authorities to determine the source of the threat.

Subject: (Archive Copy) Zona OT shift 05/11/17
Date: Thursday, May 11, 2017 10:40:22 PM

To whom it may concern,

On the PM shift of 5/11/17 Ofc Zona was hired to cover 4 hours OT for Ofc Kindle while he taught RAD training. During this time Ofc. Conroy was called out by NEMLEC RRT in Lowell to assist in the search for a homicide suspect. At this time Ofc. Zona was ordered to stay the full 8 hours of the shift to cover for Ofc. Conroy. Ofc. Zona originally filled a 4 hour OT sheet (1600hrs-2000hrs) which I signed and submitted. This Sgt had Ofc. Zona fill out a second 4 hour OT sheet (2000-2400hrs) which I signed and submitted as well. I apologize for any confusion this may cause.

If there are any questions please feel free to get in touch with me

Respectfully,

Sgt Greg Flavin

Chief,

I would like to take this opportunity to thank Chief Fisher, Chief Nix, Chief Conley and the outstanding members of the NEMLEC Swat Team for their response to the Woburn Police Department for assistance with a high risk Search Warrant that was executed on Thursday, May 21, 2020. The target in question is a suspect in a shooting of five individuals which occurred in Lynn on May 12, 2020. The suspect had numerous drug and firearms related charges including an Assault w/Intent to Murder as a juvenile and a Manslaughter conviction as an adult, which he received a 9-11 year sentence. The Woburn Police Department truly appreciates the continued dedication and support we receive from NEMLEC, and the professionalism that is always exhibited by SWAT and associated Units. Thank you,

Robert F. Rufo, Jr.
Chief of Police
City of Woburn Police Department
25 Harrison Avenue

Chiefs,

Last Thursday, the City of Woburn was to experience a protest organized by a very bright and energetic High School Senior. A considerable amount of intelligence was being gathered regarding the protest and an initial requirement that the Woburn City Council issue a parade permit to the organizer. As the development grew, we received continued intelligence necessitating Woburn to seek additional assets for the protest. NEMLEC was notified and assets were appropriated for Woburn, ever with the continued unrest in Boston and other member municipalities. Early, pre-event surveillance from bicycle units located secreted milk cases with bricks, and empty cases of beer bottles along the parade route as well as, empty LP Gas tanks. The FBI Boston and NEHIDTA both reported to Woburn PD that both ANTIFA and BLM intended upon being involved in the protest. Early surveillance located numerous individuals from the Brockton area and another from Gardner actively videoing the Woburn PD assembly and NEMLEC, State Police and Middlesex Sheriff's assets assembling at the Woburn Police Department. A call from the JTTF at 1200 hours, reported that ANTIFA intended upon shooting Police who failed to take a knee and their intelligence on the ground reported seeing and identifying known ANTIFA antagonists in the crowd. All of this information was continually updated with our Law Enforcement partners, including the Massachusetts State Police, particularly Major Matt Gravini and Trooper response, the Middlesex Sheriff's Department, Sheriff Koutoujian, Special Sheriff Shawn Jenkins and Sheriff Office assets and our member agencies belonging to NEMLEC, including Chief Kent, Chief Fisher and Lt. Fay. The response by our NEMLEC SWAT, RRT and associated Units was extraordinary, and undoubtedly contributed to the lack of agitator aggression and formation as well as a peaceful protest. Again..... the Woburn Police Department wishes to thank our NEMLEC group for their continued assistance and unwavering dedication, commitment and professionalism.

Subject: [StaffAlert] Barricaded Subject
Date: Friday, December 23, 2016 6:35:08 AM

All:

APD, AFD, and NEMLEC Units are currently at a barricaded subject situation at 64 Silk St. The subject has a history of mental health calls w/ APD. He is a 26 y/o Asian male. The area around the home is secured and the four other residents of the home have been safely evacuated. APD officers were called to the home for a man screaming in the back yard. He immediately became assaultive and was armed w/ a large knife. APD officers deployed less-lethal force to no avail. The situation then evolved into a barricaded subject scenario with the involved male running from the front door to the back threatening to "slit" the officers throats. The situation is on-going. At this time, SWAT has made entry and has been able to contain him in one area of the home.

Respectfully,
Lt. Pedrini
